## THE BELLS OF A HAMPSHIRE VILLAGE

**T**HE Parish Church of St. Michael and All Angels, Cheriton, Hants, stands on a little hill in the churchyard. The elevation is unusual as the surrounding ground is rather flat, but from this position the church stands above the neighbouring houses and overlooks the village green.

There has been a church here since the 12th century, and parts of that building are still to be seen in the present church, which was rebuilt after the fire of 1744. The present chancel remains from the old church and the nave and tower were rebuilt after the fire. The tower is a square, brick-built structure not much higher than the nave roof. At present it houses a ring of six bells and a clock.

The bells were recast in 1888 by John Warner and Son, of Cripplegate, from an old ring of five bells, to commemorate the Golden Jubilee of Queen Victoria. The tenor bell has an inscription on it which was reproduced from the old tenor bell. The inscription reads: 'To the church I will call and to the grave will summonce all. I. S. B. F. 1746.'

This inscription tells us that the old five bells dated from the rebuilding of the tower, or at least that particular bell did. The inscription is to be found on many tenors; there are other inscriptions which, whilst not exactly worded the same, convey the same thought. The initials I.S. are the initials of the bellfounder John Stares, who followed the Cors of Albourne, Wilts, from 1744 to 1746, and he was followed by Edward Read, and later the famous Wells family, who sent many bells to Hampshire. The initials B.F. are probably those of the donor of the bell.

When the bells were recast the old oak bell frame was retained, and in order to accommodate the extra bell the pit in which the tenor bell hung was divided in two and the two treble bells hung therein. The other bells were each moved round one place and thus they hang to-day.

On the rafters at the top of the tower is nailed a small board with the following details written on it:—

'Ringing Grandsire on the Church Bells, 1888.

Robt. Crockford, sen. Treble	Robt. Crockford, jun. 4th
John McKenny 2nd	William Harfield 5th
Ernest Shearman 3rd	James Harfield Tenor

Bells opened February.'

The above details are written in pencil and have become very faint after nearly seventy years.

These old ringers were very keen, and to-day you can see the rules of the 'Cheriton Bellringers Association' in the vestry. Details are given as to the number of services each ringer must ring for each month, times of practice, winter and summer, fines for various offences such as being absent without giving notice, the fee for ringing at weddings (£1 1s.), etc. All moneys to be held by the captain and shared out at Christmas!

The old ringers were very particular about their striking and many of the older residents in the parish will tell you that the ringing was like clockwork. Within living memory a 'Bonfire Night Carnival' was held in Cheriton and the church bells were rung on that occasion as well as on all the Church Festivals. Early morning ringing was the order of the day for Christmas Day and Easter Day, ringing commencing at 6 a.m. New Year's Eve had its share of ringing, and the royal birthdays were observed by 'firing' the bells 21 times. This latter custom has died out at Cheriton, although to hear the bells 'fired,' that is all the bells striking at the same time, certainly attracts the attention of the listening public.

Although the bells were rung regularly for Sunday services and local and national occasions there has only been one full-length peal of 5,040 changes rung on the bells. On July 27th, 1938, a band of ringers, mostly from New Alresford, rang a peal of Grandsire Doubles, 5,040 changes, in 2 hours and 48 minutes, the ringers being:

Harold H. Shaw	Treble	Alan Tremeer	4th
Harry Newnham	2nd	Rev. G. A. Ellison	5th
Leslie A. Tremeer	3rd	W. Wearing	Tenor

(conductor)

This peal nearly came to grief as towards the end the rope of the treble bell came into contact with something as it passed through its guides and started disintegrating. Luckily the treble man managed to carry on and finished the peal with only one strand of rope remaining. The Rev. G. A. Ellison was at that time chaplain to the Bishop of Winchester and is now the Bishop of Chester.

During the last 16 years the bells have been silent three times. The first time was during the war when all bells were silent. The second time was about five years ago when the fabric of the tower was being repaired, and now as the bells are being overhauled. The bell frame has to

be strengthened, the wheels trued up, the clappers and clock hammers repaired, and the plain bearings replaced with ball-bearing fittings.

The work is to cost approximately £300. Of this amount about £50 has been collected so far. If these notes about the bells and ringers have interested you, would you please help us to get our bells ringing and our clock striking again? The Rector, the Rev. A. P. Skene, will be pleased to receive and acknowledge any gifts, however large or small.

**GUILDFORD DIOCESAN GUILD**

Over 50 ringers attended a meeting of the Chertsey District at Horsell on November 17th to pay tribute at the service to the late District Ringing Master, Mr. F. J. Dodson. The service was conducted by the Vicar (the Rev. F. A. Woodard), who based his address on the word 'Ringers,' which he said could stand for Reverence, Inspiration, Neighbourliness, Grace, Endurance, Righteousness of Life and Saints, with whom they were in communion.

Following tea, the Vicar, who is a vice-president of the Guild, presided at the meeting. Before the usual business the secretary (Mr. R. Collins) informed the meeting of the death during the previous week of two more members of the District—Mr. Percy Underwood, a loyal member of the Ottershaw band, and Mr. H. J. Collis, for 50 years a ringer at Chobham. The meeting stood in silent tribute.

Nomination for District officers for 1957 were: Ringing Master, Mr. R. Collins and Mr. J. King; hon. secretary, Mr. R. Collins and Miss H. Hancock; auditor, Mr. W. Shepherd; executive committee, Mr. G. Talbot and Mr. T. Luxford. The election takes place at the annual meeting at Hersham on February 2nd, 1957.

A tribute to the late Ringing Master was made by Mr. W. Shepherd who said that Mr. Dodson was an example to all, a sentiment shared by those present.

Good wishes were extended to the Rev. F. A. Woodard who is leaving Horsell for Cherriton Fitzpaine, Devon, on January 1st, and thanks for his great help and encouragement. Mr. Woodard, in acknowledgment, said he had always been happy to meet ringers both in and out of the belfry, and his family had insisted that if he ever left Horsell his new church must have a ring of bells.

**LINCOLN DIOCESAN GUILD****Elloe Deanery at Bicker**

The Elloe Deaneries Branch visited Bicker on November 17th for the last meeting of the year. A smaller attendance than usual arrived for a service at 4.15 p.m., conducted by the Vicar, Rev. S. S. Horsley, who also acted as organist.

Tea was served in the Village Hall, about 30 members and friends being present. A short business meeting followed, with the Vicar as chairman. He was also elected an honorary member of the Guild, and one ringing member, Miss Brenda Dawson, was elected. Tea was rather expensive and it was agreed to pay part of the expense from Branch funds. A collection for the Bell Restoration Fund amounted to £1 0s. 6d. A comprehensive vote of thanks was expressed to all by Mr. J. G. Ames. The bells were kept going to a variety of methods during the afternoon and evening.

**GUILD of DEVONSHIRE RINGERS**

Clawton is 2½ miles from Holsworthy and has a tuneful six (tenor 9 cwt.). Here the N.W. Branch of the Guild held their annual meeting on November 10th. About 40 members and friends were present. Preb. E. V. Cox, president of the Guild, came from Axminster, and we were pleased also to welcome Mr. R. H. Moon. Ringers from Plymouth, Combe-Martin and Stratton, in addition to the members of the Branch, were also in attendance. The service was conducted by the Vicar, Rev. N. McGee, who gave a special welcome to all.

A sumptuous tea was provided in the Church Hall by the wives of the local band, led by Mrs. Pennington and Mrs. McGee. At the following business meeting the company stood in silence to the memory of Mr. E. J. Taylor, the late general secretary of the Guild. An apology for non-attendance was received from Messrs. Myers, and we all were sorry that Mrs. G. H. Myers had broken her arm.

The secretary, Mr. J. W. Sangwin, in his report stated that a number of quarter peals had been rung by members. The balance in hand was £6 16s. 4d., with some subscriptions outstanding. Mr. W. H. Slee was nominated as a life member of the Guild. Two non-resident and five new members from Stratton were elected. It was decided that the summer meeting should be held at Holsworthy on August 10th.

All the officers were re-elected, viz.: Chairman, Mr. F. C. Smale; secretary and treasurer, Mr. J. W. Sangwin; Ringing Master, Mr. C. Sangwin; representatives to the general committee, Messrs. R. G. Collacott, R. E. Pearce and W. H. R. Smale. Preb. Cox presented eight Guild certificates to young members of the Branch. Appropriate votes of thanks were passed to all who had contributed to such a successful meeting.

One of our oldest readers is Mr. George Headington, of Fairfield, Buxton, whose 90th birthday was marked by a peal on November 10th. He is still a keen spectator of the local band and usually arrives first for evening ringing.

Members of the Ashford District of the K.C.A. heard with regret at their meeting on November 17th that Mr. Mark Lancefield, peal secretary of the association, was in bed with pleurisy. The latest report is that he is feeling better.

A Gloucestershire correspondent enquires of an infallible method for keeping awake when (mis)calling the final 720 of Cambridge in an attempt for seven Surprise Minor methods.

Mr. D. T. H. Robertson informs us that the peal of Grandsire Doubles rung at Marston Bigott on May 29th and printed as being for the Bath and Wells Association was in actual fact a non-Association peal.

Some 14 pupils of the initial course of the College of Campanology, after an average each of about 3½ hours' bell handling, made their ringing debut before Evensong at Portsmouth Cathedral on Remembrance Sunday. Next week tests are being held locally of candidates for the grades of Ringer I and Tutor I, trained in accordance with Part I of the Manual.

Illness has prevented two peal attempts at Thame, Oxon, recently. It was intended to honour the 75th anniversary of the foundation of the Oxford Diocesan Guild and on November 10th to ring for the enthronement of the Rt. Rev. Kenneth Riches, a frequent visitor to Thame, as Bishop of Lincoln. The Ringing Master of the South Oxon Branch, Mr. F. Absalom, met with an accident the previous week, and Mr. H. Badger, the Branch secretary, has had an attack of lumbar pneumonia.

## BELFRY GOSSIP

A sign of popularity and appreciation of services was the re-election of Miss M. Andrews, of Bexley, as District Ringing Master of the Lewisham District, K.C.A. This is the first time since the office was instituted in 1945 that the holder of the office has been re-elected.

The band who rang the peal of London at Hinckley on October 22nd were afterwards entertained to supper by Mr. and Mrs. Toone, to whom they extend their thanks. The Leicestershire members trust this will explain why R: G. E. was rather late getting home.

Helmdon lads enjoyed a day's rest from work on November 16th and indulged in two peal attempts. They were successful in a peal of Doubles in seven methods at Croughton, Northants, but failed in seven Surprise Minor methods after five 720's at Lois Weedon.

Mr. R. J. Stannard, of Barking, has unfortunately had to give up his ringing activities owing to rather indifferent health. He is to enter Moorfields Hospital, London, for an eye operation. His many friends in the Essex, Suffolk and London areas join in wishing him a speedy recovery.

Another Essex veteran in Mr. H. J. Macdougall, of Hornchurch, has made an excellent recovery from a severe abdominal operation, and is once again ringing for Sunday service. Well done, Mac!

Mr. Alfred Cusick, of Chester, who is chief electrician on the M.V. 'Surrey,' has been visiting Sydney towers. Writes 'Ringing Towers': 'His ability as a conductor was most welcome in most towers where there is a shortage of good conductors. He introduced us to some fancy spliced doubles ringing, and it was a pleasure to ring with him.'

## THE BISHOP OF LICHFIELD WITH HIS RINGERS

### Archdeaconry of Stafford's Successful Dinner

THE fifth annual dinner of the Society for the Archdeaconry of Stafford took place at the Stork Hotel, Walsall, on November 10th, when there was a record attendance of 108. This figure could have been exceeded had accommodation been available as numerous late applicants for tickets had to be refused.

The Archdeacon of Stafford (Ven. W. A. Parker) occupied the chair. The guest of the evening was the Bishop of Lichfield (Rt. Rev. A. S. Reeve) who was accompanied by Mrs. Reeve. Other guests were Rt. Rev. N. Tubbs (former Bishop of Rangoon) and Mrs. Tubbs, Mrs. Parker, Rev. V. F. Nicholls (Vicar of Walsall) and Mrs. Nicholls, and Councillor E. R. Magness (Willenhall Urban District Council) and Mrs. Magness. Visitors present included Rev. W. W. Price (Vicar of St. Paul's, Burton-on-Trent), Dr. A. B. Lavelle (Vicar of Wednesbury) and Mrs. Lavelle, Rev. T. O. Boulton (Vicar of Penn) and Mrs. Boulton, Rev. G. Rainbow (Vicar of Claverley) and Mrs. Rainbow, Miss E. Fletcher (Birmingham), Mr. D. Matkin (Bournemouth), Mr. H. Henshaw, Miss F. Seaman, together with ringers and their wives from Worcestershire and Shropshire.

After a very nice meal, the chairman proposed the loyal toast. When this had been duly honoured, the Ven. W. A. Parker proceeded to welcome the Bishop of Lichfield and Mrs. Reeve, and said that their presence was a red-letter occasion for the members of the Society.

Proposing the toast of 'The Society,' the Bishop of Lichfield first paid tribute to the 40 years of loyal service rendered to the Society by the clerical secretary, Rev. C. H. Barker. After expressing his great appreciation of the work of ringers throughout the Diocese, Dr. Reeve appealed to those members who were lax in their duties to make every effort to fulfil their obligations in the belfry. Nothing was more likely to kill enthusiasm amongst a band of ringers than the apathy of one or more of its members.

Replying to the toast, Mr. Bert Horton said it was indeed an honour to have the Bishop and Mrs. Reeve present that evening. It was also very gratifying to see Bishop Tubbs and the other clerical visitors. Mr. Horton recalled the aims and hopes expressed for the welfare of the Society at a dinner he had attended in Wolverhampton 23 years previously, and said that he was of opinion that such hopes had been fully realised with a result that today the Society was in a very strong position.

Councillor E. R. Magness proposed the toast of 'Church and State' in a witty speech. He said that Mr. Chris. Wallater had endeavoured to make him a ringer but after a few lessons he (Councillor Magness) decided it was much easier to become a councillor. It was a matter of satisfaction to him that during the recent crisis in the affairs of this country in the Middle East, leaders of the Church had not been afraid to express their views fearlessly.

In reply, the Rev. W. Willis Price said that it was just as important for the spiritual welfare of the community to be catered for by the Church as the material welfare as administered by the State. People today were inclined to overlook the need of spiritual matters.

Proposing the toast of 'The Visitors,' Mr. Clive Smith said that the good fellowship which existed amongst ringers was something to be proud of, and be it a social function like this dinner, a ringing meeting or a visit to a strange tower, the visitor was always made welcome.

Mr. Harold Henshaw, a non-ringer, in reply said that he had been impressed with the friendliness which existed amongst ringers. He wished all ringers present that evening good hunting in the future. At the conclusion of the speeches the Rev. C. Holroyd Barker thanked the Archdeacon of Stafford for so ably taking the chair.

Entertainment was provided by Rev. G. H. Rainbow, Mr. J. Courtman and Mr. N. Holden, who were thanked by Mr. F. Bennett. Courses of Grandsire Triples were rung on handbells by Messrs. H. Howell, E. E. Speake, B. G. Key D. Matkin, J. Eastwood, A. Collins, A. Richards and K. W. Knowles.

During the afternoon the bells of Walsall Parish Church were available for those attending the annual dinner.

### STAFFORD HONOURS MR. WARRILOW

The spacious ringing room of St. Mary's, Stafford, was well filled on the evening of November 7th, when a testimonial taking the form of treasury notes was presented to Mr. John Warrilow. It was early in 1911 that Mr. Warrilow joined St. Mary's band, later becoming head ringer, a position he held for a number of years. The esteem in which he is held was marked by the generous contributions made to his testimonial. These were from the Rector, the churchwardens, the Parochial Church Council and past and present ringers.

The Rector, the Rev. D. A. Hodges, in making the presentation remarked that he spoke on behalf of the Church, and thanked Mr. Warrilow for all he had done during his years of service in not only ringing but in keeping the bells and ropes in good order, and the many other things he had done in connection with the bells and belfry.

The hon. secretary, A. E. Garbett, on behalf of all who had been associated with Mr. Warrilow in the belfry, expressed thanks and appreciation for his help, kindness and tolerance. There were times, said Mr. Garbett, that Mr. Warrilow could have been forgiven had he 'gone off the deep end,' but never had they heard him speak unkindly to a ringer; his placid temperament had done much to cement the very friendly feeling and the unity that had existed in that belfry for so many years. He also thanked Mr. Warrilow for the wonderful example he had given them to follow, for despite the fact that to fulfil his service he had to cycle nearly four miles from his home, often in inclement weather, yet he was invariably first at the belfry.

Concluding his remarks, Mr. Garbett said that age had now conquered the spirit. Yet he (Mr. Warrilow) would have much satisfaction in knowing that his service had been well and faithfully rendered, that the Warrilow tradition was being ably carried on by his son Richard, head ringer, who is well known in Midland circles, and by his grandson Robert, who recently joined the peal-ringing fraternity. 'We trust,' said Mr. Garbett, 'that as you check the "part ends" in your long peal of life, you will have very happy recollections of the times spent in ringing and of the friends you have made in St. Mary's belfry.'

Mr. R. M. Webb, churchwarden, also paid tribute to the work Mr. Warrilow had done. In conclusion, Mr. Warrilow shook hands with all present.

## THE COLLEGE YOUTHS' MASTERSHIP

### Mr. J. S. Mason for a Second Year

November 17th was election day, and in accordance with the usual custom the Master, Mr. J. S. Mason, vacated the chair after routine business had been transacted. Past Master J. Chilcott was then voted to the chair to conduct the election of officers.

Owing to the senior steward, Mr. S. H. Dear-den, having been transferred to the north in connection with his business duties, he was unable to stand for election as Master. It is hoped that when he returns to London he will be able to take his place as Master.

The meeting decided to re-elect Mr. J. S. Mason for a further year, and opportunity was taken to express deep appreciation of his services to the Society. The past year has been a most successful one under his wise and able leadership, and an equally successful and enjoyable year is looked forward to under him.

Mr. A. B. Peck was re-elected as secretary with much enthusiasm, and the hope was expressed by his proposer, Mr. E. G. Fenn, that he would be spared for many more years to carry out his important duties.

Mr. A. A. Hughes, who has been treasurer since 1919, intimated that owing to pressure of business he felt unable to continue in this office, and he proposed that Mr. Cyril Watts should be appointed. Mr. Watts was duly elected, and he paid a high tribute to Mr. Hughes for his long and faithful service to the Society, a tribute which was endorsed by all present.

Mr. P. A. F. Chalk was elevated from the junior stewardship to be senior steward. There were two nominations for the office of junior steward—Mr. B. K. Lunn and Mr. Wilfrid Williams, and on a ballot Mr. Williams was elected.

The two trustees, Mr. E. G. Fenn and Mr. J. F. Smallwood, were re-elected.

The large attendance at this meeting was evidence of the virility of this ancient Society, and it was most gratifying to see a large number of the younger members present taking their part in the activities of the Society. With such enthusiastic young members the future looks bright and promising.

## SURREY ASSOCIATION

### Northern District at Wandsworth

The sound of the bells from Holy Trinity (West Hill), Wandsworth, heralded the start of the Northern District nomination meeting on November 10th, under the guidance of the Ringing Master, Mr. F. E. Collins. A short service followed the ringing, where some of the ringers robed and formed a choir. An address was given by the Vicar.

In the Church Hall the ladies provided the tea, which 34 members and eight visitors enjoyed. At the business meeting all stood in silence in remembrance of Mr. James Dodson, of Hersham.

The following were nominated: Master, G. P. T. Peters; hon. secretary, W. Parrott; hon. treasurer, H. N. Pittow. M.B.E.; hon. auditor, R. T. Layton; committee—N. Bagworth, A. S. Harris, J. Hill and H. V. Young. Further nominations can be sent to the District secretary up to December 29th.

A collection for the Bow Bells Appeal amounted to 26s. Owing to repairs at Mitcham, the annual District meeting will now be at Wimbledon on January 26th.

The ringing of All Saints' bells concluded the meeting.

# THE SOCIETY OF ROVING RINGERS' TOUR, 1956

**YORKSHIRE** was the hunting ground of the Roving Ringers on their 1956 tour, and Selby Abbey the meeting place on July 28th. This beautiful Norman building with its fine ten (25½ cwt.) made an excellent start. On into York and the Youth Hostel, not reached without a soaking, which became a regular feature of the tour.

Sunday morning dawned and we arrived at the Minster (12, 59½ cwt.) to be greeted by Mr. Harold Walker and the local band. The Bedfordshire Young Ringers were finishing their week here and we joined forces in a touch of Stedman Cinques. Grandsire and more Stedman followed, but we did not do justice to this. Outside, we were greeted by a reporter, and numerous photographs were taken.

On to Wetherby (8, 12 cwt.), where an attempt at Spliced Surprise came to grief, and then to Birstwith (8, 11 cwt.), reached by some on a very muddy track. Here we enjoyed one of the handiest eights in the district. Dacre Banks, at the foot of Nidderdale, was the Hostel this time.

Most of us had time for a brisk walk round Fountains Abbey before going on to Ripon Cathedral. This fine ten (23 cwt.) went well to Yorkshire Royal, Stedman and Grandsire Caters. We had lunch in Ripon and then a mile, all down hill, to Sharrow (8, 12 cwt.). The Spliced was more successful here. We then pushed on to Wath (6, 7½ cwt.) amid showers and rang London and Cambridge on these bells. Thirsk brought back many happy (?) memories for at least one ex-Catterick member, and here we rang on the eight (14 cwt.) of the Parish Church. Spliced Plain and Little Bob and various Surprise methods were rendered.

The programme said 'Ampleforth—no meals provided (bread and milk ordered),' so many of the pessimistic stayed for a large meal before cycling on. However, our secretaries, with helpers, had done an excellent job by the time we arrived, and what was voted the best meal of the tour was greatly enjoyed. Birthdays were much in evidence during the week and this evening celebrations were well up to standard.

Tuesday's programme included Helmsley (8, 12 cwt.), Kirkby Moorside, a fine six of 8½ cwt., and Pickering, where the wall paintings had to be seen to be believed! Here the ground floor eight of 14 cwt. were rung to various methods up to Rutland and Spliced before an interested audience. On to Malton (8, 12½ cwt.), where we had the first setback of the tour owing to illness near the church. However, borrowed handbells were rung in the vestry to Grandsire and Stedman Caters. We enjoyed the hospitality of the Youth Hostel with its first-rate staff. Piano playing by Uncle Mac and others ended an excellent day.

## A DAMP JOURNEY

Wednesday began fine, but after ringing at Norton (8, 14½ cwt.), a steady drizzle commenced and frightened some on to British Railways. Others had their enthusiasm considerably dampened on the way to Scarborough (8, 20 cwt.), where we were greeted by Mr. Sutton who joined us in the ringing. It was now raining very heavily and only the strong willed did not succumb to the railway to Bridlington. We began to realise just how the colour was washed out of the Yorkshire rose!

At Bridlington Priory we enjoyed a rather heavy going eight (26½ cwt.), but the work was well worth while. Down at the hostel in the town some male members were interested in the warden's greeting of 'full up with females tonight.' Hopes died when it was discovered that most were still at school!

Thursday's first tower was Great Driffield (6, 12 cwt.). We were early for once and our officials went off to the Police Station to get the key, and we began to wonder if disaster had occurred, when they returned with Sgt. Huddleston. Spliced Stedman Doubles and Kent Treble Bob Minor was another trick out of our Master's hat.

## BEVERLEY'S APPEAL

It seems rather unfair that one town should have two such fine pieces of architecture with such fine bells as Beverley. The painted chancel ceiling of St. Mary's depicts on panels many of our mediaeval English kings. The ceiling was restored in post-war years and the portrait of the late King George VI was added. In the belfry Yorkshire and Cambridge Royal, and Stedman Caters were rung. We then moved across the town to the Minster and rang on this wonderful ten (41½ cwt.).

We had been warned by the secretaries that the Sutton band were expecting good ringing, and we hope we obliged. Certainly if our ringing was as good as the tea they provided we have never done better! After a vote of thanks to them for what must have been a considerable amount of work, we divided to our various bed and breakfast appointments in Hull. A while later we met at Holy Trinity (10, 25½ cwt.), where Mr. Reed allowed us the pleasure of ringing.

Friday began with a long, long ride: half the band was tired out before we had any ringing at all! This was unfortunate as Howden's were thought by most to be the finest eight (22½ cwt.) this year. An unusual feature here is that from the churchyard one can see the bells swinging behind glass windows, and the sound rises at least 30ft. before leaving the tower. Those who remained here for lunch were rewarded by a thunderstorm; those who went on to Goole missed it! We had a not too successful ring on the eight (15½ cwt.) and then proceeded to Thorne (8, 14 cwt.). The ring here was greatly appreciated, Rutland and Spliced being successfully brought home. Bawtry Youth Hostel was paddled into, and after supper we joined the local band at their practice night (6, 14 cwt.).

We commenced Saturday at East Retford and the much-threatened London Royal was at last attempted. Three leads were enough to prove that most of us did not really know enough about the method. Mr. John Segar entertained with his tapping on handbells. He apologised for being out of practice, but it sounded pretty good to us. The next tower had originally been East Markham but the tenor was giving trouble so we went to Tuxford. Unfortunately the spire had been condemned that morning so we called in at East Drayton where permission was readily given to ring. This six (12 cwt.) was a good one, and we were glad to add it to our list. We could almost see Lincoln Minster now,

and after a quick halt at Saxilby (6, 12½ cwt.) we chased down the Lincolnshire Handicap course to jump from our saddles outside our hotels, the Great Northern and Oxford, the headquarters for the remainder of the tour. Most of the week-enders had now joined us.

## AT LINCOLN

At the Minster we were met by one of our honorary members, Mr. John A. Freeman, and the Minster band. We had been here in 1950, but it is always a pleasure to revisit this 12. Stedman Cinques and Cambridge Maximus were the methods. That evening the Society celebrated its tenth birthday with dinner and a cake which had travelled from Somerset. Had it been kept since February? We were glad to have Mr. Freeman and his wife with us and to be able to congratulate young John on the recent addition to his family. The highlight of the proceedings after dinner was a course of London Major on handbells.

Sunday's programme said 'St. Giles', 8.40 a.m. (if energetic). How many were, the writer does not know. Others rang at the Cathedral, St. Peter de Groot. In the afternoon we went to Washington, and many of the tired cyclists were glad to take advantage of one of the car-borne member's spare seats. St. Giles' bells (8, 18 cwt.) were rung for evening service, including Spliced and an excellent course of London.

On Monday it was raining again. We rang at Harmston (8, 10 cwt.) where, of course, Spliced had to be rung, but we could not quite manage 22! On to Grantham (10, 32½ cwt.), a fitting end to a most enjoyable tour.

We must record our thanks to our secretaries for organisation, to the incumbents and tower keepers for allowing us to visit their various towers, and to our Master for keeping us in order. We decided at the meeting to visit London for the reunion, and we look forward to this. R. H./J. H.

## JOINT MEETING AT SHEFFIELD

A joint meeting of the Yorkshire District of the Ladies' Guild and the Sheffield District Society was held in Sheffield on November 3rd. The fact that it was Sheffield University Rag Day accounted for some strange sights in the city.

Two towers were open during the afternoon: St. Marie's R.C. Church, with its widely famed ring of eight, and the Cathedral, with a 40 cwt. ring of 12. Although the numbers were divided, methods up to Surprise Major were rung in both towers.

It was pleasant to see so many young ringers present; their ability varied from rounds and plain hunt to London Surprise Major and Stedman Caters.

At some time during the afternoon and evening there were 17 ladies present, representing eight towers.

At the ladies' business meeting a letter was read from the new president, Mrs. K. Lock, who sent her greetings to all members of the District. Three new members were proposed, and votes of thanks were given to all who had helped to make the meeting a success, not forgetting the ladies who prepared the tea.

## THE DEVIL'S PEAL

Dear Sir,—I once read a novel called 'Devil's Peal,' interesting because it was a murder yarn very obviously staged at Rochester before the bells were augmented to ten. The scenery closely resembles that of 'Edwin Drood,' and actually in the same places.

But what interested me was the author's assertion that before change-ringing was invented mediæval ringers were in the habit of ringing various compositions, expressing all sorts of ideas, until the authorities banned them.

The actual 'Devil's Peal' consisted of a representation of the slaughter of the Innocents, the heavy bells representing Herod's soldiers, and the light ones the cries of the babes.

Needless to say, in the novel, every time this was rung there was a murder, though the author did not explain how such a composition could be rung on modern tower bells.

I would like to know just how much truth there is in this queer story, or if it was merely the author's imagination running riot.—Faithfully, yours,  
F. A. CLUETT.

Gravesend.

## INVALID BUT A HELPFUL CRITIC

Dear Sir,—We read so much about the annoyance of church bells that it must be a tonic to us to learn that we have given pleasure to some.

Mr. Jesse H. Newman, of Bures, who has just passed to higher service, was wounded in 1916 and for 40 years was a semi-invalid. An accomplished musician, his house contained a large number of musical instruments, and he mastered them all. Included was an octave of heel irons and one of files and rasps, but his pride and joy was a set of ten tubes made from old curtain rods, the strikers being leather-bound wood. The writer has spent many evenings helping him tap changes on these.

When the Bures company started from scratch in 1949 he became our most helpful listening critic. His candid criticism made the whole company practise and strive to get perfect striking. He preferred Triples to Major because to use his own words, 'The music is nice when it does come, but keep the tenor last and it comes more often.' For half-muffled ringing he liked Bob Triples or any Triples method which had four blows in 7th place, as you got the little bells dancing on the handstroke whilst the others produced a kind of double note and echoes.

Following complaints, the louvres were blocked up, and he was very annoyed to think that anybody existed who required the sound to be decadened. In 1950, when the decision to complete the octave was made, he was one of the first to give a donation and was also an honorary member when the St. Mary's Society was formed.

As the cortege left his house the tenor was tolled by the Master of the Society, and it was very pleasant to think that I had been one of those who had helped to provide an ill man with some pleasure.—Yours, etc.,  
L. D. MILLS.

## HAWKLEY DISCLAIMER

Dear Sir,—I have no knowledge of, still less participation in, Mr. T. E. C. Swinton's queerly-described ringing attempts at Hawkley, Hants, with which he seeks to couple my name, or those connected with the Manual of Ringing Training.

Our views and deportment regarding striking and over-fast ringing are too well known in the belfry to admit of any such possibility.—Yours very truly,  
A. YORK-BRAMBLE.

Southsea.

## ST. MAURICE'S, WINCHESTER

Dear Sir,—I should like to assure Mr. Shepherd that the six bells which until recently hung in the above church have not been confined to the scrap heap, but are to form part of, I believe, a ring of eight at Bitterne Park, Southampton. I have been told that the tenor bell is to be recast but that the other five will remain as they were.

St. Maurice's Church has been closed down now for about two years and, although there are still one or two legal formalities to go through, I think it probable that the church will be demolished, leaving only the tower remaining. We have continued to ring the bells, however, over the last two years, using the tower mainly for teaching recruits bell handling and the simpler methods.—Yours sincerely,  
Winchester.

J. A. C. KING.

## WEST COUNTRY RINGING

Dear Sir,—I regret that a chance remark of mine at the Guildford dinner should have annoyed Mr. Carveth (page 731). Unfortunately, this sentence taken from its context seems to have implied criticism of West Country ringers, which was just the opposite to what I had just said (not reported). I had just reminded those present that a very high standard of striking is demanded in Devon and Cornwall, and jokingly asked if this was the reason one meets so few ladies in call-change towers. (Trouble from the ladies now!)

I am delighted to hear that 90 per cent. of the towers in Cornwall ring regularly for services (a higher proportion than Surrey), though it is my experience that they do not ring for 90 per cent. of the services, unless I have visited too many of the other 10 per cent.

I can assure Mr. Carveth that we in Surrey would have very many silent towers but for our lady ringers.—Yours faithfully,  
Chobham.

R. COLLINS.

P.S.—Thanks for the compliment on our Hawkley peal, Mr. Swinton (page 731). I agree, 2 hours 50 minutes is right for these bells.

R. C.

## GUILDS AND 'THE RINGING WORLD'

Dear Sir,—After the article 'Overhead or Overboard' I was hoping to see some correspondence on the subject, for it seems that the ringing associations will have to help 'The Ringing World' sooner or later, whilst they in their turn complain about the cost of printing annual reports.

I have wondered if they could not co-operate and follow the example of the Central Council by publishing their reports in the 'R.W.', the main points of which are usually printed free in the meeting reports and peal columns (and the lists of towers are contained in Dove's book). The Guilds would pay for the extra space taken, and for the extra copies of the journal containing their own report for distribution to the usual recipients of reports, who were not regular readers of 'The Ringing World.'

If these reports could be spread over the year, say one large or two smaller ones per week, more revenue and a larger circulation would result, which is wanted. I know a few would complain about not receiving a nicely-bound report to put on the bookshelf, but I think they would be a very small minority.—Yours, etc.,  
A. H. SMITH.

ST. MARY CRAY, KENT.—On Oct. 25th, 1,260 Plain Bob Minor: R. Beard 1, F. Gorringe (conducted 540) 2, F. G. Wheeler 3, S. Zobel 4, B. Aldridge 5, G. Braund (conducted 720) 6. In memoriam the Rev. R. S. Galer, Vicar 1935-1950, and Cecil Mayatt, member of the choir for 66 years.

## WEEK-END PEAL TOUR AROUND SWINDON

After previous successful peal ringing 'Week-ends Wheatsheaf'—after the hostelry that provides homely accommodation for the party in Swindon—arranged by Brian Bladon in his home county of the wide-open spaces, it was felt that something out of the ordinary in the way of Minor ringing should be attempted. Previously counsels of caution had been heeded: 'You have come a long way: you want to get the peals, so play safe—stick to the "Steady Seven," to "Pitstow's Doxology" and Middleton's Cambridge.' This time, caution was thrown to the winds and some of the most intricate work in the 'Minor Collection' was chosen, namely, that based upon the method named after the Scottish abbey at Kelso.

Kelso Surprise was selected for the first attempt of the weekend, and an easy ring of bells was obtained in order that attention could be concentrated on the method ringing. This was at the Cotswold stone village of Kemble, at the source of the Thames, the ring there having been recently rehung and augmented by Messrs. Mears.

A false start of nearly an extent, followed by an almost undetectable shift-course, taught a healthy respect for the method, but the ringing that followed was almost immaculate, and a first-rate 'first in method' was scored.

A well-known Morris Cowley tourer was the transport for the weekend, but as usual, it showed little sign of a quarter of a century of active life, when it carried all six on the 30-mile stage to the next tower, St. Mary's, Marlborough, including the climb to nearly 900 feet over Hackpen Hill. The afternoon peal on this fine heavy six, rehung by Gillett's, was a comparative rest except for the tenor man, as it included the 'long sleep,' 16 dodges behind in one section! This method, Bamborough Surprise, also includes 'Kelso' work, and another good 'first in the method' was scored, against the clock.

The following Sunday morning service ringing was at Purton, a grand six (20 cwt. in C sharp!), scene of a success by the party earlier this year. Cambridge, London, and Caernarvon Delight, the new method for the afternoon, were rung, but Stedman found out some weak spots!

The fine central tower of Kempford Church, near Fairford, was the venue for the afternoon peal of Caernarvon Delight, a very musical method for some fine-toned heavy bells; but what a handful to ring! When the tenor was pulled—and it needed some pulling!—there was no knowing what the front bells would do next. But the hard work of well over three hours was rewarded by the satisfaction of not only another 'first in method' and a 100 per cent. record for the tour, but also the first peal of Minor on the bells and first on them for 34 years, and a good peal at that, in view of the difficulties. It is hoped the peal improved the bells, thanks to the efforts of our bell-hanger from Croydon, who made the fifth ringable before the attempt.

In conclusion, it is fitting to remark upon the great hospitality and co-operation beyond the average experienced in dealing with the incumbents in the Swindon district. This was supremely exemplified by the Rev. Mr. Lang, of Kempford, who was prepared to arrange his services to accommodate the ringing, and has since written: 'We were overjoyed at your success. We shall be pleased to see you at any time at Kempford tower.'

HUSBORNE CRAWLEY, BEDS.—On Oct. 7th, 1,260 Plain Bob Minor: Angela Grainger 1. And Spavins (first 'inside') 2. Anne Amor (first 'inside') 3. I. N. Pett 4. K. G. Spavins 5. P. Newing (cond.) 6. R. Churchill 7. D. C. Hall (first quarter) 8. With 7 and 8 covering. Rung for the birthdays of the ringers of 2 and 3.

## A LEICESTERSHIRE SQUIRE WHO LOVED BELLS

Peals at King's Norton, Leicestershire, are few and far between, and every one has to be 'earned.' The recent ringing of the first peal of Surprise on these bells recalls the long and serene history of them.

Nichols, the historian of Leicestershire, tells us that Wm. Fortrey gave a ring of ten bells to his church when he rebuilt it but, finding the weight dangerous, he reduced it to eight—tradition has it that the two extra bells went to St. Margaret's, Leicester! Anyhow, Squire Fortrey gave the trebles there to make them ten.

This Mr. Fortrey was an enthusiastic admirer of church bells and did much to encourage improvements in the rings of different churches in Leicestershire. He rebuilt the church of Galby and placed therein, in 1741, a ring of six bells. He did the same at King's Norton, hanging a ring of ten (as above stated). In 1738 he gave the two to St. Margaret's, Leicester, and in 1771 a treble to Houghton-on-the-Hill, and his name is mentioned in connection with other bells.

In 1753, when John Holt published his 'broadsheet' of peals—which included the treble leads of his six- and ten-part peals of Grand-sire Triples, his six-part of Union Triples and his three-part of Plain Bob Triples without a single—Mr. Wm. Fortrey, of Galby, Leics, is there shown as a subscriber for four copies. The first peal on King's Norton bells was by The Society of Sherwood Youths on May 28th, 1776, when they rang Holt's peal of Grand-sire Triples in 3 hours 32 minutes, conducted by W. Doubleday Crofts. It is recorded the band came from Nottingham to Leicester by stage-coach and walked to King's Norton, and so likewise back again!

After a lapse of 40 years we read in the 'Leicester Journal' of June 8th, 1816: 'Tuesday last, being His Majesty's birthday, the Leicester Scholars met at Norton in this county by particular desire of the Norton and Gaulby Scholars to strike off the musical peal of eight bells of that place. They rang a true and complete peal of 5,040 Grand-sire Triples, which was brought round in a masterly style in 3 hours 20 minutes by the following persons, viz.: Jonathan Haywood treble, John Clarke 2, Thomas Clarke 3, James Gill 4, George Harris 5, Lawrence Staines 6, William Reeves 7, William Wood tenor. The peal was call'd by Wm. Reeves. After it had been rung, the Leicester, Norton and Gaulby Scholars partook of an excellent dinner.'

The bells are still in their original two-storey frame—the three trebles hang about ten feet above the other five—but about 1920 Mr. F. G. Rimington, of Manchester, spent a lot of time and money on them, adding stays and sliders and a new beam under the floor, etc. On the present writer's first visit here the bells were without stays and sliders and so we had to ring them up, have a short touch and fall them. Then the next team did likewise! We went to Norton on that occasion (in 1907) by pantechnicon!—or furniture van. In February and in March, 1921, attempts were made by teams from Leicester and Manchester to get a peal, but after one and two hours respectively had to be abandoned owing to the heavy 'go' of the bells. Then to commemorate the 150th anniversary of the first peal on the bells a band of Sherwood Youths (of which the writer was one) rang an excellent peal of Stedman Triples on December 4th, 1926, conducted by the late Albert Coppock.

In 1929 and in 1931 the writer called peals of Grand-sire Triples, and in 1939 W. P. Whitehead called peals of Plain Bob and Kent T.B. Major. Apart from a local peal of Grand-sire Doubles these are the only peals on these bells until the one of Braunstone Surprise Major now recorded. E. M.

54. Hunting range extended. (6 and 8.) (Open) ..	135

147. Note.—In these final exercises in the Course in Part I of the Manual of Training, the student is taken as far as the ability to perform the three elements of method-ringing and to handle his bell in all phases of bell action and thus to strike it with precision. He has *not* yet been taught any specific method as such for experience has shown that it pays to teach the 'scales' before the 'tunes.' He is now in a position to try Plain Bob Minimus and Stedman Doubles; but this work is begun in Part III of the Course—'Practical Method Ringing—Simple to Advanced.' Progress is now normally limited only to the time devoted.

## SECTION XIV. APPENDIX II.

## 148.—List of Learners' Faults in Exercises of Part I.

Error in	Due to	Resultant Faults	Remedy	Article
1. Taking position.	Neglect.	Rope-sawing (hole).	Take position from freely-hanging rope.	54
2. Orientation.	Neglect.	Faulty ropesight.	Face centre of rope circle.	55
3. Head attitude.	Head-swinging and 2 above.	Impaired ropesight.	As 2 and swing the eyes.	55
4. Line of view.	Peering 'round' sally.	Head sideways and bad view.	Look 'through' rope. (Ignore it.)	55
5. Proximity.	Neglect.	Loss of control. (Too far from rope.)	Face 2 hand-breadths from rope.	56
6. Stance.	Feet too close.	Too small a balance base and muscle fatigue.	Slightly apart sideways and fore-and-aft.	58
7. Carriage.	5 and 6 above and 24 below.	Body bending and swaying.	5 and 6 above, upright but relaxed.	56 58
8. Rope-end 'clutch.'	Neglect to grip rope in lower hand clutch.	Loss of control and even, at start, of rope-end.	Tight 'clutch' grip and encircling.	60
9. Claspings.	Fingers and thumbs NOT encircling.	Loss of power and control.	All fingers and both thumbs round.	61 62
10. Rope-end grip position.	Failure to check at back-set or/and take-up.	Loss of power and control, and risk of stay-loss.	Shift lower hand up after first backstroke, or set and take up.	69
11. Grips contact.	'Spaced' hands.	Loss of power and control, and as in 1 above.	Little finger of upper hand on first finger of lower.	63
12. Length of stroke.	Wrong position of grip, etc.	Loss of power and control.	The 'Reach-up' at initial hand and back.	68
13. Upper hand transfer.	Delay from sally to rope-end.	Loss of control on rise-stroke.	Do not separate wrists while ringing.	64
14. Sally-catch timing. (Late.)	Right position but too late in upstroke.	Short rise-stroke and loss of control.	Catch before sally has risen too high.	67
15. Sally-catch position.	Too high— Too low—	Bell does not rise at hand. Bell rises too high, stay bump. (Loss of control.)	Catch lower on sally. Catch higher on sally.	84
16. Sally-dip. (Too low a grip.)	Failure to appreciate less dip with light bells.	Hands finish too low down for full control.	Light bells have higher start to sally rise so grip higher than normal low.	67
17. Sally-rise grip.	Slip or 'sally slide.'	Loss of control and risk of stay loss.	As in 12 above and tight grip till elbows straighten.	84
18. Rope-tension.	Anxiety—beginner lifts hands.	Loose rope and loss of control.	Keep tight rope.	80
19. Pull-off warning.	Treble ringer not looking to see <i>all</i> ready, and too quick.	Bad striking first few pulls.	Check <i>every</i> rope ready before 'She's gone!'	92
20. Pull-off timing.	Not getting the reach-up and grip and on to balance on 'Treble's going!'	Bad striking for first few pulls at least.	Be alert to pull off from moment of taking position.	94
21. Pull direction.	1 and 5 above, etc.	Loss of power on pullstroke.	Bring hands down vertically close to belt.	57
22. Rope-fall.	Straight elbows at mid-pull, etc.	'Rope-throw' and 'Leaning.'	Bend elbows as pull starts, and 'lead down' with them to 'straight.'	77
23. Pull-length.	Elbows not straightening at end of pullstroke.	Pull length too short with loss of power.	Sally pull to full dip, and rope-end pull to straight elbows.	67 77
24. Body position.	Backing away from rope, or leaning back.	Body bending and swaying with loss of power and control.	As in 7 above.	77
25. Use of body weight.	Body bending forward.	Reduced control and muscle fatigue.	Drop at knees if necessary, but pull correctly before.	58
26. Use of ear.	Faults in training.	Bad striking.	Use ear from first 'open' ringing.	107
27. Beat variation.	Neglect to differentiate the three 'beat' rates.	Appalling striking!	Apply— Normal for rounds, etc. Quick for hunting down. Slow for hunting up.	112
28. Bell-rise.	Short 'pull' or short 'rise.' (Lazy ringing.)	Impaired control. Stay bounce, etc.	Grip, pull and gauge as taught.	84 86
29. Bell-setting.	Failure to check on to balance, first.	Harsh set, rebound, damage.	Proper control and stop on balance before easing on to stay.	95
30. Rope-handling.	Laziness.	Rope dropped on floor after setting or lowering or while chiming.	Hold rope-end in chiming (unless tied up) and tie up when stopped.	47
31. Rope-view.	Too lazy or conceited to look at ropes.	Loss of mutual contact in method ringing.	Keep eyes on the ropes just above head level.	55

(The list is not exhaustive.)

## FIFTY YEARS AGO

Fifty years ago, on November 24th, 1906, a peal of 5,021 Grandsire Caters was rung with the bells half-muffled at All Saints' Church, Loughborough, as a last tribute of respect to Mr. John Taylor, bell founder. It was rung immediately after the funeral.

The ringers were: Walter C. Hunt treble, Frank G. Burligh 2, Thomas H. Colburn 3, William C. Wakley 4, Josiah Morris 5, James L. Wells 6, John Hickman 7, Horace W. Abbot 8, William Willson (composer and conductor) 9, Horace F. Stubbs tenor.

This information was sent to us by Mr. W. C. Wakley, of Rosemary Cottage, Exbourne, Oakhampton.

Note.—As with Appendix I, the numbers on the right refer to the Articles in which the fault and/or remedy are described. The numbers on the left are serial reference numbers to the errors and do NOT relate to the numbers of the relevant exercises, which may be traced through the Article numbers.

## OBITUARY

### MR. PERCY UNDERWOOD

The Chertsey District of the Guildford Guild has suffered another untimely loss by the death of Mr. P. Underwood, aged 50, of Ottershaw. A loyal member of the local band for many years, Percy could always be relied on for service ringing and the odd quarter peal. He only rang one peal, as he always jokingly called it a mug's game. Nevertheless, he was usually around to hear any attempt made at Ottershaw, with a pithy comment on the striking. His tall, lean figure and dry humour will be sadly missed.

### MR. H. J. COLLIS

Mr. H. J. Collis, for 50 years a regular ringer at Chobham, died on November 16th, aged 76. Though not a method ringer, he was always willing to assist the Guild in a difficult tower, and even rang the treble to one quarter peal. He retired from ringing a year ago on the formation of the new band, in whom he took a keen interest.

### MR. FREDERICK S. PRICE AN APPRECIATION

I trust I may be allowed to add a few personal words about my dear friend Frederick Price. I have known him intimately for more than 50 years, and in the years 1923 to 1926, when I lived at Beeston, I was privileged to ring regularly with the notable Beeston band.

Fred was a great walker, and he knew every byway and footpath for many miles around and on both sides of the Trent. Together we have walked what must have amounted to hundreds of miles, and we studied our method ringing as we walked. In those days there was no easy path to the Surprise methods, and we had no

leader of outstanding ability to keep us right. Trial, error, disappointment, and a renewed determination, these were our weekly lot; and what good training it was! And what good fun!

Memories of those strenuous days now crowd in upon me. Together we visited pleasant villages like Cotgrave, drank our ale at The Flying Horse at Kegworth, The Cuckoo Bush at Gotham, and the old Admiral Rodney at Wollaton. We have stood together in the churchyard at Stanton-by-Dale on dark nights gazing downwards into the Gehenna of the Stanton blast furnaces, and we have walked at midnight to ring the New Year in at Lenton, returning across Lenton flats at 2 o'clock in the morning filed with Teddy Blagdon's bread and cheese and pickles, with a drop of something warming on the top. These were the days of simple joys.

Fred Price never knew any material prosperity, but his wealth of spiritual prosperity and unselfish happiness exceeded all earthly riches; and he has left us a wonderful legacy in the model his life offers to all who know him. He passed from us happily and in tranquillity, almost as if he had on his lips the very words of Mr. Valiant-for-Truth: 'I am going to my Father's; and though with great difficulty I have got me hither, yet now I do not repent me of all the troubles I have been at to arrive where I am. My sword I give to him that shall succeed me in my pilgrimage. . . . My marks and scars I carry with me, to be a witness for me that I have fought His battles who will now be my rewarder.'

And no doubt, as with Mr. Valiant-for-Truth, the trumpets sounded for him on the other side.

EDGAR C. SHEPHERD.

### JOINT MEETING AT DEPTFORD

The eleventh of the annual series between the Lewisham District, K.C.A., and the Surrey Association (Northern District) attracted an attendance of 48 ringers to St. John's, Deptford, where ringing during the afternoon and evening was supervised by Miss M. Andrews (Lewisham District Ringing Master).

The Rev. W. Lee (Vicar) conducted the service and gave an interesting address. Miss M. Andrews and her Bexley colleagues were responsible for the tasty and satisfying tea, and they were thanked by Mr. J. Dafters, who also extended a warm welcome to the visitors from Surrey. Mr. F. E. Collins, on behalf of the Surrey Association, seconded the vote of thanks and hoped for an equally happy meeting in Surrey next year.
