## NORTH STAFFORDSHIRE'S APPEAL

Then I went down to the Potter's house, and behold, he wrougint a work on the wheels.' (Jer, xviii, 3.)

NORTH STAFFORDSHIRE is the rematest part of a littie-known county. The traveller by road is carried thnough its western or southern borders, and train window-gazers catch only fleeting glimpses of it as they are carried northwestwards along the main line from Stafford to Crewe. The countryside is generally unexplored, except by North Staffordshire people ar their nearest neighbours. The products of the Pottenies are known all over the world, but who could tell you the situation of Stoke-on-Trent without a surreptitious glance at the nearest map?

These circumstances have tended to preserve the individuality of the distriot and its people, and have at the same time been the source of misconception. The self-sufficiency, too, of the complementary staple industries, ceramics and coal-mining, has not fostered great movement to or from its city.
This northern countryside of the Saxon hundreds of Pirehill and Totmanslow is quite different from central or southern Staffordshire. Its dialeot is related, if it has any affinities, to Derbyshire and Cheshire. It is a hilly district formed of the south-west fringes of the Pennines, fanning out from Axe Edge ( 1,700 feet). In this wild, lonely watershed rise the Trent, Blythe, Hamps, Churnet, Manifold and Dove (a Staffordshire river and dale as far as Uttometer), whose wooded valleys run away to the lowland. In the nonth-west the hills cease abruptly in a rampart overlooking the Cheshire Plain, daminated by Mow Cop, from which an a clear day you can distinguish Liverpool Cathedral more than forty miles away.

The high mporlands are bleak and inhospitable, bare windswept Mornidge and Lady Edge, the gaunt cliffs of the Roches, the lonely Mermaid Inn above Thorncliff, a landscape of dry-stone walls, smallwindowed low stone cottages, and churches defonsive against the harsh clements of nature. The pleasantly wooded country to the south and west has a richer farmland and quict mellow villages. From the last of these lower hills by Broughton, you can look beyond Shropshire to the mountains of Wales in the distance.
Apart from their products, the Polteries-the city of Stoke-onTrent federated in 1910 from the six towns of Langton, Fenton, Stoke-upon-Trent. Hanley, Burslem and Tunstall-have been immortalised through the writoings of Arnold Benmett and the nostalgic piatures of smoke-shrouded townscapes which are the delight of geographers and the B.B.C. This impression of the city, valid perbaps until the 1930's, is no longer a true one. The coal-fired 'bottle' ovens, which were a characteristic of the skyline, have all but vanished as a result of the most important development the pottery industry has undergone-the installation of tunnel kilns continuously fired by gas, electricity or oil. Stoke has long ceased to have more than a minor reference in the Ministry's lists for atmospheric pollution.
The city extends some ten miles from its southern suburbs, through the six towns, to Goldenhill in the north, each town still possessing its own civic buildings although the present administration is concentrated in Stoke and Hanley, the latter now the main shopping centre. The face of the city is rapidly changing as the Development Plan bears fruit, while Burslem holds a special interest as a town centre, modernised and decorated as a unit under the auspices of the Civic Trust.

If it is an anachronism that the geographical centre of Stoke-onTrent is a farm, it is neventheless one of the attractions of the city for those who live and work here that it is nowhere more than three miles across, so that access to the countryside in any direotion entails little of the time and effort normally expected in industrial areas. The city lives with the country rather than escapes to it.

Although some parts of the city have a history dating back to pre-Conquest days, the major growth of the townships followed the rapid expansion of the pottery industry in the late eighteenth and early nineteenth centuries, and much domestic and eoclesiastical architecture reflected this development. Burslem has the oldest of the churches, with a tower dating from the 15 th century, and a classical nave and chancel. Its six bells by William Dobson (1828) are, alas. now rarely rung. St. John the Bapilst, Lane End (Longton), is a brick church of the eighteenth century (its ring of eight installed in 1815), as is Hanley Parish Church, for which Edward Arnold cast eight of its ten bells in 1790. The Parish Church of St. Peter-adVincula, Stoke, with a good ring of eight, was rebuilt in the 19 th century. two arches of the ancient church being preserved in the churchyard. Fenton has a brick tower of partioularly fine proportions, with a modern octave. Tunstall, tho most mortherly of the pottery towns, has a 19 th century chunch, typical of the period, and it was here that J. W. Washbrook and bis sons rang from 1910 to the early 1920 's.

The churches of many of the villages close to the Potteries and other towns in North Staffordshire bear witness to those times of change and growth-old rings were renewed or augmented, new rings installed. In the rural areas, less affected by the repercussions of industrial progress, is to be found much interesiting church architecture and craftsmanship-Broughton, a complete and untouched example of native Gothic (1630); Eccleshall, where formerly were the palaces of the bishops of Lichfield; Betley, with its wooden arcading; Draycott, Marchington, Cheddleton, and many more. In these churohes are to be found the oldest surviving bells both individually and as rings. Draycott-le-Moors has in faot the oldest ring, having possessed five bells as early as 1678 . Newest is the eight (an old five recast witil added metal and reopened in 1959) at Alton, beautifully situated above the valley of the Churnet.
The North Staffordshire Association, founded in 1882, was the first to be established in the Diocese of Lichfreld. Its carly records domonstrate the strong individuality of the district, and particularly the special tradition of Minor ringing, with its characteristic closed hand-stroke lead, practised in the moorland towars. The majority of the peals were rung in seven Minor methods, mainly Treble Bob or Surpnise, and including many mothods no longer recognised by the Council!. While the strength of these traditions has diminished, they still survive, preserved to an extent by the necessity to be independent and self-sufficient. It is a paradox that in this present age of highly develoned transport, communication is still a problem, and towers formerly members of the North Staffordshire Assoaiation, such as Ellastone and Mayfield, have now beoome virtually inaccessible except by private tramsport.

North Staffordshire covers some 450 square miles and its ringers are a scattered community of some 32 aotive ninging towers, all but one of the accessible method ringing towers being affiliated to the Association. To ring at many of these towers will mean exploration either by car or on the coach outings; we hope those attending the Central Coumcil meeting will enjoy our countryside and our bells-we are all looking forward to welcoming them here.
E. H. E.

## TWELVE BELL PEALS

LONDON.
THE ANCIENT SOCIETY OF COLLEGE YOUTHS.
On Sat., April 29, 1961, in 3 Hours and 51 Minutes, At the Church of St. Michael, Cornhill, A PEAL OF 5100 STEDMAN CINQUES Tenor 42 cwt . in B.

## BELFRY

Edge informs us that the maximum party for the visit to the establishment of Messrs. Josiah Wedgwood and Sons. Ltd., was oversubscribed very early and the full number of places on a supplementary visit to Mr. Edge's firm's factory have also been taken up.
The peal of Stedman Tniples at Wareham on April 15th was Mr. L. F. Cobb's 50th peal and not 15 th, as printed in 'The Ringing Warld.'
Although a quarter peal was not possible, the bells of St. Ann's, Stamford Hill, were rung half-muffled on Sunday, May 7th, in affeotionate memory of Mr. Alfred B. Peck.

Seven of the new Gresley, Derbys, band (all under 16 ) have rung a quarter peal since the belhs were installed two years ago. Barbara Mensures, the latest, is the first lady member 10 do so.
The peal of Cambridge Surprise Major at Inthingbarough on April 15ith was arranged for the visit of two Norfolk ringers-Mr. T. E. Spight (Wymondham) and Mr. P. M. Adcock (Mulbarton).

In sending us a peal of Kent T.B. Minimus, a correspondent anticipates events at Stake-on-Trant. He writes: 'Probably the last four bell peals in view of the Central Council's motion.'

The peat of Lincolnshire at Stoke-byNayland an April 22nd was rung as a welcome to Diana and George Pipe, who are on holiday from Australia for three months. It was also Mr. C. J. Sedgley's first peal of Surpnise Major on the treble, in over 50 years of ringing!
Because of ' undesirable characters' finding the ringers" entrance to the Church of St. John the Divine, Leicester, a new one is necessary. Visiting ringers should note that access to the church is now gained by entering through the Vicarage gate immediately adjoining the passage door of the choir vestry, thence into the passage by another side door leading from the forecourt of the Vicarage.

GOSSIP editor of 'The Sunday Pictonial' regarding the pictures from St. Cuthihert's, Great Salkeld, Cumberland. which he regards as being in the worst possible taste He concludes: ' 1 wonder if the incumbent (if there is one?) has given permission for this unseemly report.'
Ringing at Bolsover, Derbyshire. is temporarily suspended during the building of a new ringing room as part of the restoration of the ehunch following the fire which destroyed the nave and chancel early in 1960.
Mr. John H. Gartside, a faithful service ringer at St. Laurence's, Chorley, and a stalwant of the Preston Branch for the past 50 years, is another ringer who has taken The Ringing World, regularly since the first issue in 1911
Mr. J. T. Dyke, of Chilcompton, Bath, informs us that for the first time he is able to agree with Mr. Amos. 'We, too, in Somerset have suffered from tower grabbers who (1) rang without permission; (2) used eleotnic shavers in the belfry; (3) failed to appoar at towers where they had made arrangements to ring.'

For the first time since the war the bells of St Giles', Ashtead, are silent. On April 10th they were removed to the Loughborough Bell Foundry to be overhauled and guarter turned. A new metal frame is to be provided and also new fittings. Three quarter peals were rung prior to removal, one being specially arranged for three of the younger members to score their first quarter.
At the end-of-term service of St. Helema's School the front bells of Chestenfield Parish Church were rung by lady members of the tawer-the Misses Dorothy Atrill, Gill Atrill. Kay Marsden, Jane Lowe, Christine Sherwood. Mrs. Elsie Silcock and Mrs. Peter Watson. The five Misses are pupils at St. Helena's School. The ringing was favourably commented upon.

## THE WHITECHAPEL BELL FOUNDRY

## THE CENTRAL COUNCIL Arrangements for Whitsun

Headquarters will be the Grand Hotel Trinity Street, Hanley, and all members and friends will be welcome there during the weekend.

## WHIT TUESDAY

Holy Communion at the Parish Church, Stoke-on-Trent, at 8 a.m. Breakfast for ticket holders in the Town Hall, opposite the Church, afterwards.
Council meeting in the Council Chamber of the Town Hall at 10 a.m. Will members be in their seats by $9.45 \mathrm{a} . \mathrm{m}$.
Civic reception by the Lord Mayor of Stoke-on-Trent and tea in the Jubilee Hall, Town Hall, at 5.30 p.m.
Social evening at headquarters.

## RINGING ARRANGEMENTS

WHIT SATURDAY- $2-4 \mathrm{pm}$ : : Kidsgrove (6), Tunstall (8) and Wolstanton (8); 3-5: Brown Edge (6) and Norton (8); 4-6: Newcastle (10); 7-9: Hanley (10) and Stake (8). SUNDAY SERVICE RINGING,-Morning commencing 10 am . Evening commencing 5.30 $\mathrm{p} . \mathrm{m}$. Newcastle (10), Wolstanton (8), Tunstall (8). Hanley (10), Longton (8). Stoake (8). Bucknaill (6), Brown Edge (6), Biddulph (6), Leek (10), Kidsgrove (6), Cheddleton (6), Kingsley (6), Cheadle R.C. (8), Silverdale (8), Keele (6), Madeley (6), Audley (8). Swynnerion (6), Alton (8), Bethey (6) and Fenton (8) (9.30-10 a.m., 11.30 a.m.-1 p.m.) Evening commenoing 5.30 p.m. Draycott-leMenors (8) $4.30-6.30 \mathrm{p} . \mathrm{m}$.
WHIT MONDAY. - 10 a m. 12 noon: Broughton (8) and Stone (8); 11 a .m.-1 p.m.: Eccleshall (8) and Swynnerton (6); 2-4: Leek (10), Horton (6) and Cheddleton (6); 2.30-4.30: Marchingtan (6) ; 3-5: Kingsley (6), Rochester (8) and Uttoxeter (8): 4-5: Hanley (10); $6-8$ p.m.: Audley (8) and Betley (6).

> (8) and Betley (6). E A. BARNETT, Honorary Secretary.

## 40 Years Ago

May 17 ih was the 40 th anniversary of the First peal of Cambridge Surprise Maximus, rung by St. Martin's Guild and on the bells of St. Martin's Church, Birmingham. The peal was rung on the old 12 bells. which were on plain hearings and took 4 hours 11 minutes to complete.
The band consisled of Thamas Reeves 1, Thomas Russam 2, George F. Swan 3, Albert Walker (cond.) 4, Albert E. Norman 5, Morris J. Morris 6. Ernest T. Allaway 7, J. Frank Smallwood 8. Percy O. Laflin 9. A. Paddon Smith 10, John Neal 11, James E. Groves 12. The only survivars of the band are the conductor, J. F. Smallwood and A. Paddon Smith.

## 50 Years Ago

'R.W.' May 194h, 1911.-
A good deal of concerm is again being manifested for ahe safety of some of Landon's historic builaings. panticularly such churches at Sr. Clement Danes', on account of the timber structures which are being erected sound them to accommodate speotators of the Coromation procession. There is, of course. a risk of fire, but the desire for a golden harvest, whether for private gain or church purposes. dwarfs such considenations which an oppontunity oocurs such as is offered by a Coronation
Burslem bells. in Staffordshire, were hung in the year 1818. It was left to a band in the year of grace 1911 to ring the first peal upon them. There can be few towers in England in which the bells have had to wait nearly a century for the first five thousand to be recorded upon them.
The first half of a restoration and building scheme. estimated to cost $£ 25.000$ in 10 years, has been completed at West Wickham Church, Kent. On April 296 th the extension was blessed by the Bishop of Croydon and a commemorative stone unveiled by Lord Dunhoyn, Commissary-General of the Diocese of Cantorbury; the ringers played their part in the traditional manner by ringing a peal in seven Minor methods.

## MR. JOSEPH RIDYARD,

## Lancashire Association

The Lancashire Assooiation. which is one of the largest in the country, has always been able to nely on a large mumber of enthusiastic ringers to enhance its reputation. Since the last war, most resident members would agree that the most successful and competent conductor, who is also a native of the county, has been Mr. Joseph Ridyard. of Southport. His range of methods has been a wide one, and he has the necessary ability to help people through their first peals in any method they wish to ring. Yet, unlike most well-known conductors, his main successes have come to him in later life, when he was over 50 , and mainly due to the boyal peal ringing band he has kept together to practise Surprise methods.

Joseph was born into a keen ringing family at Worsley, near Manchester, on April 20th, 1896. He was the younger son of the late Richand Ridyard, who, with his brothers, were among the leaders of ringing in Lancashire at the end of the last century and at the beginning of this one. He was educated at St. Mark's School, Wonsley, and started work, as a boy, in the gardens of the Earl of Ellesmere, at Worsley Hall, and has been a gardener ever since. His father taught him to sing in 1910. but he left home in 1912. and didn't do much ringing until after the First World War. In 1914, and early 1915, he was employed on
the Earl Manvers Estate, at Perlethorpe, North Notts, and they had a band from the estate who rang on the six bells at the private church there. (These bells were, unfortunately, sold after the tast war.)

In 1919, after returning to Worsley, he took up serious ringing again, and rang the tenor behind to his first peal on January 14th, 1920. A momh later he soored his first inside.' Both peals were Grandsire Triples at Worsley and both were conducted by his cousin, Joseph H. Ridyand. In January, 1925, be came to live at Southport, and has since been a regular service ringer at Christ Church, and captain for a good number of years.

His present total of peals is about 400, of which he has conducted 250, and most of these have been rung for the Lancashire Association. He has called peals in about 25 different Surprise methods, with a good measure of London and Bristol. These have included Cambridge, from Minor to Maximus, and Langley, from Major to Maximus. He has also called Kent Treble Bob and Oxford Treble Bob on abl numbers, the latter being somewhat unusual. His first peal on twelve was Stedman Cinques, rung ai Walsall, condhicted by the late Thomas J. Elon, about 1930. One performance which he remembers with pride, during his early years of peal ringing, was a strictly 'silent' peal of Stedman Triples, rung at Wailkden on June 20th, 1931, at the third attempt. Amongst other well known Lancashire ringers in this performance were Messrs. P. Crook, C. Gudgeon and A. Tomlinso.?. He has had the pleasure of conducting a peal with his son and daughter together, and the has rung over 100 peals with his daughter, Margaret, including London and Bristol.

During the war years, from 1939-1945, he was a vice-president of the Lancashire Association, and he has represented them on the Central Councsl since 1951. Fior the last two years he has been the Ringing Master at Liverpool Cathedral, and hopes, if it is at all possible, to call a peat there. At present there are a few disadvantages with regard to tume, services and residents, but he hopes they will be overcome in due course
He remembers, with gratitude, the great help and encouragement he received from the lato Walter Wokstenctoft and Arthur Tomlinson during the early 1920 's, and also from the late Benjamin A. Knights and Edward Jenkins, the 'Wizand of the Nonth,' in later years.
Joseph is of a friendly and modest disposiion, but he can be quite sure that the skill which he uses to maintain and increase the standard of ringing in West Lancashire is much appreciated. More power to his elbow!

APACE.

## Silent And Non-Conducted Peal Attempt

On Whit Monday, eight members of the Central Council are to attempt to ring, silent and mon-conducted. Mr. A. J. Pitman's 5,280 Spliced Surprise Major composition in five methods. The attempt is to be made at Silverdale. Hanley, Staffordshire, commencing at 10.30 am .
The composition contains 1,120 London, 1.088 Superlative and 1,024 each of Bristol. Cambridge and Pudsey, with 107 changes of method, and all the work of each method for every bell.

## THE SUFFOLK GUILD

Double Norwich. Cambridge Surprise Bob Major and some call changes were rung at the North-East District meeting, held at Leiston on April 29 th , and attended by 30 members. The Rev. Mr. Borland conduoted the service, and at the business meeting (with Mr. P. Bedford in the chair) three ringing and two honorary members were elected. Mr. J. W. Blythe was thanked for arranging the tea and Mr , Bailey for arranging bells, service and organist.
Next quarterly meeting, Tunstall and Blaxball, July 23nd.

## 32 Towers In a Day

The record number of towers rung at in day was raised from 24 to 32 by a band which toured Buckinghamshire on May 6th.

Twelve ringers took part, all of whom rang changes at every tower, in methods ranging from Bob Doubles to Cambridge Minor. The day was not without incident, since bells slipped wheel on two occasions, and a broken rope had to be spliced, all necessitating visits to the bell chambers. Not the least among the hazards of one of these visits was an accumulation of twigs and birds' nests, which completely blocked the narrow spiral staircase at one tower.
The band would like to thank all those who met them at the towers and other porsons who contributed to the success of the day, in however sma!l a measure.
R. K. R.

## BEDFORDSHIRE ASSOCIATION

Twelve new members were elected at the monahly meeting of the Bedfond District, held at Felmersham on May 6th, when the service was conduoted by the Rev. G. Sidebottom. Ringing continued until 9 pm .

Next meeting, Harrold, June 3rd.

## RAILWAYMEN'S GUILD AT DARLINGTON

TYHE fifth A.G.M. of the British Railways Staft Association Guild of Church Bell Ringers was held at Darlington on April 29th. To visit Darlington was very fioting on this ocoasion as St. John's Church is reputed to have foundations of the old type stone sleepers, given to -them by Mr. Pearse, who was one iime the chairman of the old North Eastern Railway.

It was with regret that the local clengy were unable to come along to see us all at tea time, as they were altending a Diocesan Conference.
Mr. T. Cooke, presudent of the Durham and Newcastle Association, logether with his wife and two daughters, and Mr. T. Cox, president of the Cleveland and North Yorkshire Association, who rings at Ommesby, where the peal attempt was made on Friday evening, were among the visitors. The Ladies' Guild was also represented by Miss Killingley, of Richmond, who is vice-president for the area.

Those who arrived on the eve of the A.G.M. enjoyed a full evening's programme, and although the peal auttempt of Cambridge Major came to grief after $1 \frac{1}{2}$ hours ringing, compenChurch, Stockton, and a ring on the 10 ( $27 \frac{1}{2}$ cwt.). The ninging arrangements during Saturday were as follows: St. John's (8), where ringing commenced at $10.45 \mathrm{a} . \mathrm{m}$. ; Holy Trinity (6) and St. Cuthbert's (8). All ringing under the guidance of the Master, Mr. Bertram Kynaston, was of a high standard.

## TEA AND BUSINESS

Tea was held in the Church Hall, where approximately 40 members, including the past Master. Mr. Harold Walker, and the late hanorary secretary, Mr. Frank Stenson, were present. All regions (in spite of the long distances) were well represented.

The Master, who presided, opened the meeting with a warm welcome to the visitors. Over 30 members gave notice of their inability to attend the meeting with apologies. All stood in silence to the memory of Mr. R. I angford and others who had passed on since the Jast A.G.M.
After the accounts had been adopted the chairman suggested that there should be a change in the financial year and that it should start on January 1st. Mr. W. J. Thomas moved and Mr. H. Walker seconded that the honorary secrotary close the accounts on December 31st each year and this was agreed $t 0$.
Mr. B. Kynaston was again re-elected to the office of Master of the Guild. The regional officers re-elected were as follows: Western, Mr. B. Kynaston : Southern, Mr. C. A. Rassett; Landon Midland, Mr. S. Foskett; North-Eastern. Mr. H. Walker. Mr. R. Meadows suoceeds Mr. M. N. Bland as Ringing Master of the Eastern Region. Mr. Harold Walker moved the re-election of Mr. J. A. Hoare as honorary secretary, the seconder being Mr. W. J. Thomas. The re-election of Mr. Brough. as the auditor, was proposed by Mr . Foskett, and also Mr. F. Morgan to fill the vacancy of assistant auditor, seconded by Mr. Frank Sienson.
Mr. Foskett moved that the A.G.M. be held at Derby in April, 1962. and this was carried. Taunton was selected for the autumn meeting.
The honorary secretary raised the subject of affiliation to the Central Council. Mr. F. Stenson moved that the honorary secretary take the neoessary steps to make application for affiliation. This was seconded by Mr. Bassett. Mr. Meadows opposed the motion, as ine thought it was not really necessary, and further the Guild was not in a position to
pay expenses. The motion was then put to the vote and was lost.
The programme for the autumn meeting. already prepared by Mr. Tomlin, was read, giving particulars of travel, also members were asked to advise the honorary secretary of their wish to stand in a peal attempt on Friday evening prior to the meating. Free passes for wives of members attending was again discussed, and Mr. W. J. Thomas moved that the honorary secretary write to the joint secretary of the British Railways Staff Association regarding this matter.
Three new members were elected, viz., Mr. R. White, Mr. R. Leighton and Mr. W. Norrott.
The Master, in closing the meeting, expressed in no small way sincere thanks to Mr. Fred Hodgson for the arrangements made, also those who helped at the Church Hall during tea time, and to the honorary secretary.
J. A. H.

## A SUCCESSFUL YEAR BY THE SUFFOLK GUILD

1 SUCCESSFUL year was reviewed by the Suffolk Guild at the annual general necting held at Ipswich on April 8th and attended by aver 60 members. Ringing was available to suit all tastes, the following towers being open: St. Maryale-Tower, St. Margaret's, St. Matthew's and St. Clement's and St. Andrew's. Rushmere. The Guild service was held in St. Margaret's Church and was conducted by the Vicar (the Rev. A. H. Marks).

Mr. C. W. Pipc, vice-chairman, presided at the meeting. The Ringing Master (Mr. Leslie G. Brett), in his report, said it was a much improved year. with 110 peals rung against 79 in 1959. With onty one peal of Maximus recorded there were 11 of Royal. including two of London. Also Grundisburgh Surprise, by C. J. Sedgley, was rung for the first time as was the Major. The 29. peals of Major were made up by a variety of Surprise methods and Double Nonwich was not entirely forgotten.

It was. undoubtedly, an interesting year for Minor, with 62 peals. Of these, 18 were in seven methods. Lwo of seven Surprise, 11 in more tham seven methods.

Whilst congratulating the conductors, and all who took part in these peals, special mention should be made of the 11 Surprise at Blythburgh, only surpassed by 14 Surprise at Barkjng. Likewise the 12,240 in 17 methods at Ang. Likewise the 12,240
The peals were rung in 42 towers; there were 30 conductors. headed by Rodney Pipe, with 24.

## INCREASE IN MEMBERSHIP

Mr. John W. Blythe. general secretary and treasurer. reported a membership of 514-an increase of 21. We must do all we can to attract young people to take up the art and there are signs of improvement from various parts of the Diocese. which we hope will lead to more hells heing rung regularly for Sunday service.
The report expressed sympathy with the relatives of the following losses by death: Rev. Paul Greaves. Rev. F. S. W. Simpson, James Rumsay, Gearge Pryke and Wiltiam Weedon.
Mr. R. W. M. Clouston, the technical adviser, reported that during 1960 he had submitted a further 21 seports on the contents of Suffolk church towers. bringing the total inspection to date to 208 . Nine of these reports related to rings of bells at Stowmarket.

KENT COUNTY ASSOCIATION
When the Rochester District met at Rainham on April 15th, a fine eight cast by Robert Mot in 1582. it was the local captain, Mr. F. J. Cheal, who did the honours in the belfry and saw to the needs of younger members. He had his reward in being able to weloome several old friends.

The Vicar, the Rev. J. Clifford, not only conduoted the service, but presided at the meeting, when four now members were elected Mr. T. Barton, the District secretary, proposed the vote of thanks and this included the organist and all members and lady friends at Rainham, who had helped with the tea, which was enjoyed by between 80 and 90 ringers.

Main business at the meeting was the need for the Kent County Association to increase its present subscription of 3 s . per annum. This was stressed by Mr. B. May, the Association's treasurer. After hearing the views of Messrs. B. Dunk. E. Barton and S. Rayfield, besides some visitors from Canterbury, a motion in favour of the increase was passed.

St. Mary's, Ipswich, St. Gearge's, Bradfield. Barnardiston. Elmsweh, Burgate, Glemsford. Wissott and Stradishall. Of these St. George's, Bradfield. Barnardiston and Elmswell were quite George, Barnardiston and Elmswell were quite unringatile and the others, though ringable, were in need of attention from the bellhanger. Burgate has. unfortunately, a badly cracked tower.

A faculty had been granted to Aldeburgh to recast all except the present second bell of 1622 , and to rehang the six bells in a new timber eight-bell frame. At Wickham Market it was proposed to put in a new first floor to The tower, some 10 feet above the ground, to make a new ringing chamber. This will allow the ground floor of the tower to be used as pant of the church and will make the bells casier to handle.

Eye bells were still at the foundry. The bell framo and suppont beams needed to be ropained. If more money was not forthcoming then the ahternative was putting the bells back in the existing frame and support struoture, which would not make a satisfactory job.

The meeting approved the revised rules, which had been redrafted to meet present day requirements.

## DURHAM UNIVERSITY GOES WEST

Durham University Society visited Canlishe on March 4th, ringing en route at Hexham and Allondale. where on the light ring of eight Double Norwich and Cambridge Surprise were successfully brought round.

Ringing at Carlisle Cathedral was preceded by a hazardous ascent through the gallery overlooking the sanctuary and the rewand was not disappointing. Everyone enjoyed the bells and some useful ringing was accomplished. We were fortunate to ring at St. Stephen's, Carlisle, as the church is shortly to be demolished. After an excellent tea. Brampton was visited. Here we managed to struggle through a course of Landon and Plain Bob Minor was almost denied us: Stedman. Cambridge and Kent were successfully rung, nat forgetting sounds of quite high class.

Our thanks are due to incumbents and captains of towers visited. John Thorley (honorary secretary) deserves to be congratulated on this very successful ton
$\dot{N}$. D. J. W.

## LETTERS TO THE EDITOR

## WASHING OF BELLS

Dear Sir.-In answer to the good ringing friends of St. Mary's Basilica. Sydney Austradia, we also. at St. Andrew's. Wiveliscombe. Washed down every bell after being rehung at lew years ago. Two other ringers also washed down the ringing chamber-Yours faithfully.

## W. J. NURCOMBE.

Wiveliscomhe. Samersel.

## COMMENT INVITED

Dear Sir,-I imagine most ringers were a ittle dismayed at the picture in The Sunday Pictorial ' of April 30th, purporting to show ringing insituction at Great Salkeld.
Whils: making allowance for the jourtal in question, pernaps someone at the receiving end of the camena might like to comment on the publication of the results.
The piotures. as usual, do no credit to the Exercive, and it seems surprising that the opportunty a take them should have arisen. - Yours sincencly.

> JOHN BRAIN.

Backwell, Somerset.

## XINGU SURPRISE MINOR

Dear Sir.-I have followed with interest the racent correspondence regarding the apparent falseness of the above named method.

I have in my possession the figures for Cranford Surprise, which is almost identical to Xingu, in that the fourth bell makes five sets of 3rds places in the first lead of the plain course, and 1 am . consequently, wondering if this method also does not comply with the ruling of the Central Council.
1 append the notatuon for Cranford below. $-36 .-14 .-12-1236-34-3$.
6 place. L.E. 156342 .

Yours faithfully.
DONALD LAWSON.
Preston.

## - SO NARROW-MINDED '

Dear, Sir--Reading F. Hopgood's letter (' R.W.' page 287), I was dismayed to find him so narrow-minded. If we are nat allowed to ring half-muffled in Holy Week for our Lord's death, then may I suggest we do not ring for anyane else's. Surely if anyone deserves theis token of respect. He. who died for our salvation. does.

To say that 10 ring on Good Friday is a lot of hooey is an unchristian atitude and has nothing 10 do with the fact that a ringer canno keep his hands off a rope. Surely it is our duty to ring the bells half-mufled for the death of our Lord.-Yours faithfully.

MICHAEL R. MEADOWS.
Wentworth. Yonks

## COUNTING YOUR PLACE

Dear Sir.-I am still learning ringing, and as there appear to be two ideas as to how I should count the place my bell is striking in. I wondered if anyone could give me advice on the correct procedure, if any.
If I am ringing six hells do I count 123456 at every change, and put accent on the place I am in, or do I just count the place I am in and ignore the other five.
As an example: suppose I am ringing the third to Plain Bob Minor. do 1 count 123456. 123456. 123456. 123456. 123456. 123456. and so on or do I just iay 3-4-5-6.6.5, etc. - Yours faithfully.

F AITCH.
Co. Durıam.

## OBITUARY

## MR. E. E. BARBER

## AN APPRECIATION

By the passing of Mr. Ernest Edgar Barber at the age of 87, on April 9th, the Western Branch of the Worcestershire Association of Change Ringers lost one of its outstanding members of this century. He was perhaps the last survivor of the original Malvein Link band, formed in 1900.

The writer, together with many others, came under his influence in the early years of the contury, and it was due largely to his tuition that we made good progress in Stedman Triples (his favourite method). It was not, however, only his knowledge of campanology that endeared him to everyone who came in contact with him, but his old world courtesy and the wily he had of making the veriest novice feel at home in his company.

It was noihing to him to walk the eight miles from Malvern to Woroester to ring at All Saints' or St. Helen's, when there was no ningging at Malvern, and no bus service like the present time. He would laughingly say it was anly about six miles as the crow flies, but he couldn't come that way.

He was a great example to all ringers in his service to the church, ohorister, server, sidesman, ringer and, for 17 years. churchwarden. I know of no ane to whom that end af the road' eulogy could be more deservedly applied than to Ernest Barber.
-Well done. thou good and faithful servant.
W. H. L.

## MR. WILLIAM OLIVER

Mr. William ('BiHy ') Oliver, of the Holy Trinity. Darlington, band, passed away in hospital on May 4th, at the age of 86 years. He was employed at the railway wagon shops in Darlington until his retirement, 21 years ago, prior to which he worked at a similar establishment in Shildon. He went to Darlington to reside in 1923, but before this he had lived in the village of Heighington practically all his life. He always loved the country and had an unending fund of anecdotes about country life and people generally

He learned to ring on the six at Heighington, and for many years was a member of the band which regularly rang Bob Minimus on the middle four, with the treble leading and tenor covering. On moving to Darlington his interest in ringing led him to Holy Trinity and although not a young man he persevered until he was proficient in ringing into teans of Surprise Minor methods as well as Plain and Treble Boh methods.

He rang about 50 peals. mootly of Surprise Minor, and although he rang a few of Triples and Major he was never really happy on more than six bells. He was stricken with deafness a few years ago, which got progressively worse and this, coupled with the complaint to which he succumbed, interfared with his ringing. However, he used to visit the tower whenever he felt inclined, 10 have a pull and to regale us with his usual stories. He was an amusing and cheerful colleague and we shall miss him.
The funeral service look place on May 6ith. followed by cremation
R.P.

## SOME SPRING OUTINGS

## CATTISTOCK, DORSET

Ever since the arrival of the new incumbent a! Cattistock, just two years ago, the local ringers have been slightly sceptical of the menits of what they considered must be "thase sheep bells, at Preston Candover (6), tenor 3 cwt. 3 qr. 27 lb .!

At long last they know, because they have 'had a go.' Tom Lippitt, the former captain at Cattistock, mastered the treble (less than 2 cwt.) first go, and after a bit of tuition by the P.C. captain (Michael Slater), the bells were going fairly well in rounds and call changes. (Of course, we had to break a stay, which had hastily to be renewed for the two handed peal so successfully rung later in the day.)

Among those who welcomed us was Mr Lewis Cockey, late of St. Stephen's, Ealing. who gave much time, one Whitsun holiday long ago, in training the post-war band at P.C. to handle a bell. Lunch was provided by local friends. Mr. and Mrs. Fred Dicker, Margaret and Susan (Margaret had the doubtful honour of breaking the only other stay since the recasting and rehanging in 1955) and a call at the 'local' made the visit perfect.
Tea at Bitterne Park. Southampton. was provided by the local band, and the party was welcomed by the Rev. R. O. Stephenson, the Vicar. Rounds and call changes on their light eight shawed the added opportunities for ringing in Southampton since the end of the war.
The rest of the tour included Coombe Bissett. where sleepy honey bees dropped languidly through the sally holes; Old and New Alresford, the latter where the writer learned his first change ringing under the bate Mr. Newnham and Leslie Tremeer; Fordingbridge and Cranborne. We thank all the incumbents who gave us permission to ring and those lower captains who welcomed us to their towers.
Cattistock is a 'country tower,' typical of perhaps any diocese or county. There's not much chance of learning method ringing and the older mombers are committed to 'call changes, but Cattistock has ten ringers under their captain, George Gorninge. who sees to it that there is Sunday ringing for morning or evening service on six or eight bells. The 'method' of ringing is by calling the letters of the alphabet by which each ringer knows which bells he must follow from a card in front of him.
C. E.C.B.

## MERROW, SURREY

The annual outing of Merrow ringers and friends from ather nearby towers took place on April 291h. when seven Sussex churches were visited. The first tower was Henfield (8). where a course of Cambridge Major was brought round. A touch of Kent Major was one of the methods rung at Shoreham (8).

The last ring of the morning was on the ten bells of St. Peter's, Brighton, where Kent Royal and Grandsire and Stedman Caters were good practice for those who do most of their ringing on six or eight bells.
The first tower after lunch was Seaford (8). where Double Norwich was rung for the only time during the day. At Alfriston (6) ringing takes place in the middle of the church, in full view of the congregation, and several visitors to the church sat down and watched the ringing. After tea ringing was at Hurstpierpoint (8) and West Grinstead (6), where Cambridge and London Surpise Minor were rung, although the long draught caused a certain amount of difficulty.
Grateful thanks to the ringers who made us welcome and to incumbents for giving us permrission to ring.
R.I. V.

## MARCH ST. WENDREDA

Bellningers of St. Wendreda's Church, March, held their outing on May 6th, visiting chunches in Bedfordshire, Buckinghamshire and Northants
Si. Mary's Church. Eaton Socon. rebuitt in the 1930 's, has a very fine oalave of medium weight, and having rung these the courists headed for Blunham-a ring of six, tenor 19 owt. The tretale in the sturdy tower makes an all-out attempt to outspeak its neighbours!
At Bedford, the ringers partook of Junch, and then visited the Church of St. Mary and St. Helena, Elstow. Poor John Bunyan! The immortal tinker was a ringer in this pleasan: village, and he would be familiar with one of the six bells. Yet he regarded bells and the ringing of them as sinful! As a buoyant youth he was imaginative and fearful. This great man. who pulled a rope before taking up a pen, was a Puritan. The bells 'go' well, the tenor turning the scales ait 8 cwt.

Newport PagneN has a musical ning of eight bells (tenor 21 owt.) and it was a joy 10 ring them. At Wollaston, the ringers were confronted with a restored church, set attractively amid a well-ared-for garden. A fine sleeple howses a heavy and noble ring of six and these are rung from the ground floor, the ropes being arranged in a circle around the altar. The bells demand much strength to ring them and the rope draught is tricky (25 feet), but their tonal qualities can andy be described as superb.
Having partaken of tea at Wellingborough. the tourists entered AH Hallows' Church and rang the eight bells (tenor 28 cwt.). How does one describe the quallities of this ring? The stentorian voices of the bells are ethereal and these. with the splendour of a magnificent. medixval church. bathed in evening sunlight, provided a fiting end to an enjoyable day.
Many thanks to clergy and towerkeepers. who met the visitors.
T. A.B

## REDEDICATION

## HARROW-ON-THE-HILL

As reported in this issue, the bells of St . Mary's, Hanrow-on-the-Hill, rang out their first quanter peal of 1,260 Grandsire Triples after a silence of more than four years, on April 16ih.

The tower is an old ane, having a Norman foundation and, early in 1957, it was found that the main struatural timbers in the upper portion of the tower and in the spire were being subjected to the ravages of the death watch beetle. On further investigation, the main timbers supporting the bell frume were found to be in a poor state and it was considered that it would be unsafe to ring the bells until some major repairs had been carried out.
During the following years, much consultation took place between the ringers and the Parochial Church Council and eventually it was decided to have the bells (tenor 21 cwt. approximately) recast and hung in a new castiron frame. Before the work was put in hand by Taylors, of Loughborough, it was noted that the existing 3 rd and 6th were both of 17 th century origin, having been cast in 1654 and 1683 respectively and it was suggested that, if it were possible, these two might be retuned only.

In August, 1960. Taylor's began the work of removing the bells from the old wooden frame and, by January of this year, news was beard that a new ring of eight bells (tenor $19 \frac{1}{6}$ owt. in E) wats ready at the foundry, the kwo 17th century bells having been successfully retuned to form the 4th and 7th of the new ring. The original jnscriptions were reproduced on the realst beils, together with the names of the present Vicar, the Rev. H. C. Blackburne, and churchwardens, Messrs. K. W. Hollier and V. A. A. Elgood. Moreover, at this time, the frame (to take ten bells) was almost complete on the foundry floor and only sundry fittings were required for completion of the job

At long last. on March 25th (Lady Day, appropriately enough) the bells were rededicated by th: Rev. G. C. Taylor, president of the Middlesex County Association and London Diocesian Guild, at an impressive service, conducted by the Vicar. The Rev. Taylor gave the address, which was in 'The Ringing World' of April 14th. The service was attended by Mr. Paul L. Taylor, principal of the Loughborough Foundry and a large number of parishioners and visiting ringers from the county: afterwards. about 120 were entertained to tea in the Church Hall by the local ringers.
During the remainder of the evening. good use was made of the new bells, the ringing ranging from rounds to Surprise methods. To conclude an enjoyable occasion, the local band provided an excellent supper, with suitable liquid refreshment, which was much appreciated by about sixty ringers and friends.
C. E. S.

## RINGERS' SUNDAY AT CARBIS BAY

Sunday. April 30th. the day after the local Branch festival, was set aside at Carbis Bay as Ringers' Sunday. This was the frot time such an observance has been kept, and it appears to have been very much appreciated.
The ten bells were rung before the 8 am . celebration of Holy Communion. which the ringers attended and at which a special intention was made. At the morning service the lessons were read by Evangeline Roberts and Peter Fincher, and at Evensang by Anme Olds and Margaret Gollop.

The Vjear (Rev. A. S. Roharts) devoled his morning and evening sermons to matters concerning bells and tingers, and in the evering made special reference to the subject of new churches. so many of which were not planned even for the addition of a tower for bells, and by way of interest read from . The Ringing World the resolution to be brought before the Central Council at its next meeting in connection with this matter. which he said he hoped would be brought to the notice of all concerned.
It is loped 10 make such a Sunday an drmuid occision.

# PULLING MEMORIAL BELL 

THE ALFRED H. PULLING MEMORIAL BELL arriving at Guildford Cathedral on May 12 th from Messrs. Mears and Stainbank. Contributions are still required to meet the cost of its installation, and these should be sent to Mr. C. W. Denyer, 15, Crondall Lane, Farnham.
[Picture by permission of 'Guildford and Godalming Times.

## TRURO DIOCESAN GUILD

The spring festival of the Penzance Branch held at Gwinear on April 29th was as well attended as ever when nearly 100 turned up from the majority of the towers in the Branch, as well as some Truro Branch members, including Mr. W. H. Southeard (vice-president). The Diocesan Ringing Master (Mr. Dougtas Burnett) sent an apology owing to his Branch, the Mid-Cornwall, holding its meeting the same afternoon at St. Dennis.

The service was conducted thy the Vicar of Gwinear. Rev. J. A. Croft, who also gave an address and welcomed the members. Miss Margaret Fauh, a local ringer, was at the argan. A collection for the Branch Fund amounted to $£ 3$ 7s. 6d. and a splendjd tea was provided

Mins Efken Symons, Branch chairman. presided at the husiness meeding, and Paul was proposed for the autumn festival.

The chairman asked those present 10 stand in memory of Mr. Bob Woolridge, who had recertly died, and who was one of the old and faithful Madron ringers. She also referred to the loss St. Mary's. Penzance, would sustain by the departure of the Rev. G. W. Ruming, who. since coming as curate, had done much to help the local ringers' progress. He was going to Calstock as Rector, and would there have a ring of six.

The Rev. A. S. Robents, Branch secretary, thanked the Vicar for his welcome. and Mr. C. Stapleton. locat captain. for making such excellent arrungements, as well as Mr. W. Shepherd. Phillack, and Mr. Harry Moles, Lekant, for arranging, respectively, for the cight and six to be avadilable also. Cartris Bay tower was also open. With two sixes, an eight and ten available, everyone got plenty of ringing.

WRAXALL, SOMERSET.-On May 4th, 1.260 Grandsire Triples: F. R. Hussey 1, B. Huddleston 2, P. E. Parry 3, A. W. T. Cleaver (cond.) 4, C. Abbott 5. S. G. Riches 6, J. A. Bennett 7, C. Rugman $\mathcal{F}$. In memoriam D. M. L., laid to rest this day.

## SOUTHWELL DIOCESAN GULLD

## Newark District

The Newark District of the Southwell Diocesan Guild decided to hold the District elimination contest for the Crawford Cup on the normal May meeting day, at Orston on May 6th.

Since the contest was not due to commence until 6 p.m.. Staunton-in-the-Vale betls were available in the afternoon, and approximately 18 ringers gathered there, and a variety of Doubles and Minimus methods were rung.

Tea was kindly arranged at Orston by Mr. Foster and his lady helpers and after the plates were emptied a short business meeting was held. presided over by the chairman, Mr. F. W. Midwinter. Sutton-an-Tremt was confirmed as the place for the July meeting, to be held on the first Suturday.

Four teams entered for the contest and the winners were Whatton-in-the-Vak, with 80 faults. The other bands scored as follows: Balderton 112 faults, Sutton-on-Trent 117, and Newark 133. The standard of striking was good and the contest created a great deal of interest. The judges were Mr. and Mrs. F. Bradley, of Holme Pierrepant.

Whatton band now goes on to the final to compete with the winning team from the other three Districis of the Guild.
B. M. R.

## Society Of Sherwood Youths, 1672

The first joint mevting between the Sherwood Youths and the Derbyshire Association, at Sawley on April 291h, was a great success and about 60 members sat down to a really exceldent tea kindly arranged by the Sawley Ringing Master. Mr. D. Marshall, and prepared by the ladies of the church.

Methods rung included Yorkshire. Bristol, London and a very fine touch of Stedman Bolh Socioties exprensed a desire for a joint meseting alluasily.

## ARCHDEACONRY OF HALIFAX

Considering the weather, the F.A. cup tie and the rather out of the way position of Cross Stone Church, Todmorden, the meeting on May 6th was really well attended. Methods rung included London, Yorkshine, Pudsey, Cambridge and Superlative, and it is believed that this was the first time five Surprise methods had hean rung at an Archidecaconry Guild meeting. A pleasant service was held in the church
and tea was at the Bay Horse Inn. After the busimess meoting some perfeothy struck handbell ringing was given by members of the All Souls' Sunday service band.
D. S .

## PORTBURY (SOMERSET) RINGERS' SUNDAY

To mark the completion of redecoration work in the tinging chamber. Portbury ringers held their first Ringers' Sunday on April 23rd. Members of the congregation visited the belfry at the conclusion of both morning and evening service, and in the evening wisiting ringers were welcomed fram Portishead, Wrington, Winford, Lang Ashton, Weston-in-Gordano and Nailsea. Evensang was conducted by the Vicar, the Rev. Jack Ramsay, and the lessons were read by Audrey Frost and Gerald Skelly. The hymns and prayers were taken from the Buth and Wells service sheet, and ringing conlinued for about an hour at the conclusion of the service.

## LEICESTER RINGERS' WEDDING

In the presence of many Leicester ringers the wedding took place on Aprid 15th at St. Andrew's Churoh, Aylestone. Leicester, of Miss Patricia A. Wardle and Mr. R. S. Morris, Ringing Masticr of the Aylestone belliningers.
The bride, who is secretary to the Aylestone hand. is the younger daughter of Mr. and Mrs. A. G. Wardle.

In the evening a peal of Yorkshire Surprise Major was rung at Aylestone in their honour.
NEW MASTER OF LINCOLN GUILD Mr. Jack Bray, of Burton-on-Stather, is the new Master of the Lincoln Diocesan Guild He has becn suoceeded in the post of Guild socretary, that he has held for the past 13 years. by Mr. Joln Freeman

## 13,440 SPLICED SURPRISE MAJOR

Dear Sir. - I thank you for having the comnositions published in 'The Ringing World, so quickly, and I am very pleased and surprised that two bands have already decided to Attempt the peals. which are excoptionally difficult. and I wish them suocess
I shall be grateful if you can point out in 'The Ringing World ' that the bob Middle, shown in No. 2 after the course end 64523 . this in my copy in espror. Thanking you in anticipativin.-Yours faithtully,
Lillington, Leamington Spa .

## A POT-POURRI FROM

CHURCH BELLS'
(Continued from page 257)
The Tocsin.-The expression Tocsin is derived from two old French words, tocque-sing, from toquer, to strike, and sing, little beil. This name is sometimes given in belfries to a certain bell struck only in case of alarm, such as fire, the arrival or approach of an enemy, the outbreak of revolution and, in former times, as the signal for religious massacre. The manner of ringing the Tocsin is hurried and more hurried (yet regular and with but occasional intermittence) zacording to the urgency of the occasion.
New Ring of Bells at Nuneaton, Warwick-shire.-This ring has been augmented and spliced-two new trebles added to the old six, three of which have been recast-work by Messis. Warner, of London. and hung by Boswell. On Sat., April 10th, 1873 , seven members of the St. Martin Society of Changeringers of Birmingham, assisted by Mr. Boswell, rang 5,040 Stedman Triples in 3 hrs. 9 mins.
Mr. Elijah Roberts, the change-ringer.-Mr. Elijah Roberts' exploits with hand-bells fixed in a box and struck with a pellet are the most extraordinary of all. He was the most accomplished change-ringer upon hand-bells the world has yet produced. He commenced the study and composition of changes when about 12 years of age. In 1824 (when in his 17th year) he rang his first peal which consisted of courses of various methods commencing with changes on 7 bells, viz.: Grandsire Triples, Plain Bob Triples, Stedman Triples. Treble Bob Triples.
'Changes on 8 bells-Grandsire Major. Plain Bob Major, Treble Bob Major; on 9 bellsGrandsire Caters, Plain Bob Caters, Stedman's Caters, Treble Bob Caters ; on 10 -Grandsire Royal, Plain Bob Royal, Treble Bob Royal; on 11-Grandsire Cinques, Plain Bob Cinques, Stedman's Cinques, Treble Bob Cinques ; on 12-Grandsire Maximus, Plain Bob Maximus, Treble Bob Maximus; and finishing with a course of Double Treble Bob Major on 16 bells, the whole containing 5,186 changes in 3 hrs. 27 mins. rung at Birmingham.'
Also, on Oct. 14th, 1827, 5,040 Treble Bob Maximus with the Kent variation, 3 hrs. 22 mins., at Birmingham. Also, on April 9th, 1830 , 7,536 Kent Treble Bob Maximus, 4 hrs . 51 mins., at Birmingham.

Then, June 30th. 1833, ' a very intricate peal of that much-admired and musical method, Stedman's Cinques, with the bells in the tittums and every musical position,' 5,016 changes, 3 hrs. 24 mins.. at Birmingham.
On March 23 rd. 1837, 19,440 Kent Treble Bob Maximus, being the full extent of changes with the large bells at home,' 13 hrs. 43 mins.
'Thus Mr. Roberts has, solely and unassisted. surpassed by many thousands of changes the longest peals that have been rung on 12 bells by any 12 men in the world. Besides, he has composed, conducted and rung upwards of 100 peals on 8,10 and 12 bells in various churches of the United Kingdom. He died in 1865 .
St. Peter's, Sandwich. Kent.-Quex Institution, Isle of Thanet, J. Powell Powell, Esq.,
Patron and Founder. On Sat., Dec. 27th, 1823, Patron and Founder. On Sat., Dec. 27th, 1823,
5.040 Grandsire Triples, 3 hrs. 1 min. The first (or maiden) Peal on these bells and conducted by W. Shipway.'
St. Nicholas', Ash, next Sandwich. Kent.Quex Institution, On Sat., Feb. 18th. 1826. 5.040 'Holt's True and Complete Peal of Grandsire Triples. This was the first true
peal ever rung in this Steeple though the bells peal ever rung in this Steeple though the bells have been hung 36 years.

Christ Church, Bath.-Messrs. Mears and Stainbank have lately [i.e., to May 10th, 1873 ]
added two trebles to the former ring of six added two trebles to the former ring of six; They are the gift of the Miss Hallidays.
New Ring of Bells at Gorleston. Suffolk. (Gorleston, for administrative purposes, is now included in the borough of Great Yarmouth. Norfolk.-C. R.) Special Service, Easter Day. 1873, to open the new ring of six bells presented by Miss M. Chevallier Roberts, of Wykeham Lodge, Hersham, Esher. Founders, Mears and Stainbank. Tenor 10 cwt . in G.

The steeple was dressed with flags and all turned out to hear the joyous sound which had been silent for more than 50 years.' Dr. Raven, of Yarmouth, preached the sermon.

Variance between the Bishop and Prior of Worcester for not Ringing at the Bishop's Coming. - Of the like matter also, we read in the said Register falling between the Bishop of Worcester and the Priory of the said town for not ringing at the Bishop's coming into the church, whereupon much suit and contention was between them till at length the Archbishop of Canterbury took up the matter. The like stir for bell-ringing and for processions had almost happened between the Archbishop of Canterbury successor to this Thomas Arundel, named Henry Chichester on the one part and the Abbey of St. Albans on the other part...
Holy Trinity Church, Hull.-Easter Monday, 1873: 5,040 Holt's Ten-part Grandsire Triples, 3 hrs.
first or maiden first or maiden peal on these bells.'

The First True Peals of Triples.- ${ }^{\text {T }}$ The first true peal of Grandsire Triples containing 148 bobs and two doubles was rung at St. Margaret's, Westminster, July 7th, 1751. This peal was composed and called by Mr. John Holt, who was seated in the belfry with the manuscript in his hand. The first true peal of Stedman's Triples containing 732 bobs and 22 singles was rung on Wed., May 22nd, 1799, at St. Giles-in-the-Fields, London, composed and called by Mr. John Noonan, who was seated in the belfry with the manuscript.

Ne Plus Ultra" Peal at Braughing, Herts. -Sat., May 10th, 1873 (being the anniversary of the Braughing Ringing Society), the Bening ton Company and ringers from London and neighbouring towns and villages "enjoyed the very best day's ringing that was ever known on this fine ring of eight bells "-tenor 20 cwt . in F-Double Norwich, Cambridge, Superlative London, Kent, Stedman and Double London Court Bob Major, all adding up to 3,948 changes.
New Clock and Chimes at Winchester Town Hall.-Clock by Gillett and Bland, Croydon. - The bells are very superior and clean castings by Warner and Sons of London. Fifth bell 16 cwt . in F. the others 7 cwt . 2 qrs., 5 cwt . 2 qrs., 5 cwt., and 4 cwt. 2 qrs.
'Messrs. Gillett and Bland are now manufacturing a new clock for Bradford Town Hall to play 14 tunes on 13 bells and weighing nearly 17 tons, which will cost about $£ 4,500$.
Leatherhead, Surrey.-July 30th, 1792: four true and complete peals of Treble Bob. "The above is the last ever rang on the six old Bells. May 17th. 1808: 10,080 Oxford Treble Bob Major, 6 hrs. 4 mins.

Prostitution of Church Bells.-Mr. Skipworth, who was imprisoned at Holloway for contempt of Court in the Tichborne Case, returned to his residence, Moorton House, near Caister last week. [i.e., about May, 1873.] The church bells were rung, bands of music played in the streets and triumphal arches were erected along the route from the railway station to his residence.'
New Ring of Eight Bells at St. Mary's, Dur-dee.-By Mears and Stainbank. Tenor 20 cwt . in E. On Wed., May 21st, 1873, they were handed over to the Town Council on behalf of the community. Same day opened by the College Youths- 5,040 Holt's Grandsire Triples, 3 hrs. 7 mins

We hope the Youths of Dundee will vie with those of Aberdeen and learn to strike Grandsire Triples, as they did, soon after the ring of 8 was set up in that city.'

Toledo.-Of all the bells in Spain, that belonging to the Cathedral of Toledo is most celebrated for its size and the stories connected with it . . fifteen shoemakers, they say, could sit under it and draw out their cobblers' thread without touching. Weight said to be 17 tons..
St. George-the-Martyr, Southwark.-The Society of Southwark Youths on Sat., June 29th. 1861, Rang a Funeral Peal in memory of the late Mr. James Braidwood, late Supt. of the London Fire Brigade, who lost his life at the Great fire in Tooley Street. London Bridge, June 22nd
St. Martin's-in-thie-Fields, Middlesex.-College Youths, Oct. 6th, 1788: 6.204 Cinques on Stedman's Principle. 4 hrs 47 mins. great performance heing the first in this method on twelve bells is an instance of that unrivalled merit to be equalled by a similar assiduity and perseverance
