

'The Ringing World' was founded in the year 1911 by John Sparkes Goldsmith, who remained its proprietor and editor until his death in 1942.

No. 2632 Vol. LVII

FRIDAY, SEPTEMBER 29, 1961

Registered at the G.P.O. for galactransmission as a newspaper.

CONCESSION TO SUBSCRIBERS

POSTAGE rates for dispatch of printed paper and newspapers are increased as from October 1st next.

'The Ringing World' Committee have decided that for the next six months there will be *no change* in the subscription rates for postal subscribers.

The rates are:

12 months £1 15s.

6 months 18s.

3 months 9s. 6d.

A new quarter starts with the next issue. We hope that our readers will respond to this concession, which represents approximately £200 in a full year, by renewing their subscriptions at once and in introducing the paper to new readers. Remit to Mr. J. E. Jeater, Greystones, Cusgarne, Truro, Cornwall.

BELLS THAT HAVE MADE HISTORY

By ERNEST MORRIS

LIBERTY BELL

Liberty Bell'—not because of its size, but for its being one of the best loved bells in the country. The Independence Bell was cast in London by Thomas Lester and reached Philadelphia in August, 1752. Within a month it was cracked, and then recast by Pass and Stow, of Philadelphia. This was not entirely satisfactory, so it was again recast. In 1753 it was placed in the belfry from which it was to ring in and ring out the shifting scenes in the mighty drama of a nation's freedom.

Since its first hanging in the State House in 1753, the bell has been removed four times. In 1777, to avoid capture by the British Army, it was taken via Trenton and Bethlehem to Allentown, then Pennsylvania, and kept there till Philadelphia was evacuated, whereupon it was brought home. In 1885 it was taken to New Orleans Exposition. In 1893 to the World's Fair at Chicago. In 1895 to the Exposition at Atlanta. On all these journeys the old bell was everywhere recognised as the embodiment of the spirit of the nation. The bell is 12 feet in circumference round the lip, 3 feet from lip to crown, 3 inches thick at the

soundbow and weighs 2,080 lb. It is still suspended from its old yoke or headstock, and its inscription 'Proclaim Liberty throughout all the land, unto all the inhabitants thereof. Lev. xxv, 10.' It was under this bell that the representatives of 13 colonies first 'proclaimed liberty,' and this bell, with its iron tongue, started the tidings throughout the world. It was subsequently cracked when sounding a fire alarm. Later it was suspended, under the direction of Mr. Clinton H. Meneely, by a chain of 13 links, from the ceiling of the hall of the State House in Philadelphia. It is now housed in the main corridor of the Independence Hall.

In the centennial year, 1876, a bell weighing 13,000 pounds, to represent the original 13 states, was made by the Meneely Bell Co. and set up in the tower of the State House above Independence Hall, just where the old bell was suspended. It bears the same inscription as the old bell, and is now in constant use sounding the hours of the day. The Meneely Bell Co. also cast another copy of the 'Liberty Bell,' weighing 2,000 pounds, for Mr. Henry Ford. This was placed in the tower of the Institute of Technology at Dearborn, Michigan.

The celebrated New England patriot, Paul Revere, made excellent bells and sent his son to England to learn the art of bell casting. Of the 200 or more bells he cast, many are still in use. But perhaps the most famous bell connected with him is the large town crier's bell from Bedford, Mass., with its wooden handle and very penetrating tone. Some years ago the bell connoisseur who previously owned this bell had the following inscription traced on its surface:

'This bell was rung on the morning of the 19th day of April 1775, to arouse the people and farmers and tell them that Paul Revere had brought news that the British army was coming to destroy stores of ammunition at Concord, Mass. and to attack them at Lexington, and there they met the foe. Here commenced the Revolutionary War in the early morning hours.'

The late Dr. Arthur H. Nichols, writing on some American bells and their founders, says: 'Now it is certain that Revere was a practical ringer, having been a member of the Guild which had charge of the eight sweet-toned bells of Christ Church (Boston) cast in 1744 by Rudhall. Paul Revere was born in January, 1735, and died in 1818.

(To be continued.)

THE SECOND LICHFIELD **DIOCESAN RINGING** FESTIVAL

WOLVERHAMPTON and district was the venue for this year's festival, held on September 9th, the Stafford Archdeaconry Society acting as host. Members of the two visiting Associations, the North Staffs Association and the Shropshire Association were fortunate in having a glorious morning to travel into the area by their various convey-

ances.

The first tower of the day was Walsall, in its pleasant park-like surroundings above the town. Several of the younger generation sampled their first twelve bell ringing on this handy Taylor ring (26 cwt. 0 qr. 18 lb. in D). Kent Treble Bob Maximus went well, but Stedman Cinques seemed reluctant to come round. Then a hectic drive through the town past innumerable traffic lights (some showing red) to Penn with its country village atmosphere. Ringing here was interspersed with weddings, but the light eight were rung to a variety of methods during the morning. Sedgley was the last tower before lunch—a mixed ring, some being products of Carr's (Smethwick) foundry. Although these bells have not been rehung since 1902, they went well to Double Norwich and Stedman Triples.

The main Birmingham-Wolverhampton road

The main Birmingham-Wolverhampton road The main Birmingham-Wolverhampton road had to be crossed to reach Coseley, first to a local hostelry, where some had lunch and satisfied thirsts after a hard morning's ringing, and then to Christ Church, with its Taylor eight (11 2 5). The crowded belfry here was evidence that the festival was gaining momentum. Bradley's musical Taylor octave was put to good use before the journey back across Wolverhampton to Tettenhall. Many admired this fine modern church (rebuilt after a disastrous fire in 1950), particularly the wonderful feeling of spaciousness it larly the wonderful feeling of spaciousness it gave. The 15 cwt. eight did justice to the rest of the building, judged by some, in fact to be the best of the day.

AT ST. PETER'S

The tower at the Collegiate Church of St. Peter. Wolverhampton. was the last open before tea. Ringers were now in great profusion. on the steps outside admiring the scenery, on the stairs hoping to get in, not to mention those in the ringing chamber. The ringing, however, did not do justice to this majestic twelve (33 0 21 in C), except perhaps the Stedman Cinques shortly before the service.

the Stedman Cinques shortly before the service.

The short service for ringers was conducted by the Rev. G. A. C. Brown, who deputised for the Rector (Canon J. Brierly). After the service the company of over ninety sat down to tea in St. Peter's Church Hall. Mr. D. J. Tranter, the hard working organiser and secretary of the Staffordshire Association, welcomed the visitors to the festival. Mr. G. W. Biddulph (North Staffordshire chairman) proposed a vote of thanks to our hosts, which was seconded by Mr. H. Poyner, who also invited us to Shrewsbury next year. He told us that similar weather as the last two years would be ordered and that a welcome awaited us in Shropshire.

The formalities over in record time—four

The formalities over in record time—four minutes flat—a return was made to the more serious business of ringing.

Willennall was first, with its Gillett and Johnston ten, where Erin Caters and Cambridge Royal were among the methods brought round. It was good to meet veteran Mr. Chris Wallater once again, this time on his home ground. The only six of the day were provided at Bushbury and a very pleasant ring they proved to be. Stedman Doubles completed the cycle from Cinques down.

The day's ringing was concluded at Codsall—unfortunately too dark by now to be able to see the exterior of this restored church. Seven spliced went well on this musical eight—the only ground floor ring of the day.

All thanks are due to Mr. Tranter and the Staffordshire Association for their efforts in organising the excellent day's ringing, which we thoroughly enjoyed. We look forward with anticipation to completing the round with next year's visit to Shropshire.

J. G. B.

PERSONALITIES OF THE EXERCISE—39

Mr. FRANCIS C. MOGFORD, Gloucester and Bristol Diocesan Association.

In the city of Bristol, which has more rings of bells in its area than anywhere else in the country, the most popular ringer, a man

the country, the most popular ringer, a man liked by everyone with whom he comes in contact, is Mr. Francis Cecil Mogford. Nothing is too much trouble for him, and he is delighted to do anything to further the cause of ringing. For a number of years now, he has been steeple-keeper at St. Stephen's. Bristol, steeple-keeper and tower captain at Publow. North Somerset, and tower captain at Compton Dando, the next village. Cecil, as he is so well known to all his many friends in the West Country, was born on July 19th, 1911, in the pretty Somerset village of Winscombe. His parents moved about a little during his early years, chiefly in the Bristol and Chew area, until finally settling down at Belluton, near Pensford, Somerset. After his schooldays, he spent some months on a farm, but was later apprenticed to cabinet making, with a well known Bristol firm, and remained there until joining H.M. Forces in 1940. His service with the Pioneer Corps took him to North Africa, and later to the European Zone, particularly in the Brussels area!

later to the European Zone, particularly in the Brussels area!

It was in 1928, when Cecil was taught to ring by the tower captain. Ted Watts, on the heavy ring of six at Publow. His first peal was Grandsire Doubles in July, 1931, and his first as conductor was also Grandsire Doubles in 1934. Both were rung at Publow. Up to date Cecil has rung 205 peals, and has conducted about 25-30 of them. They have been rung mainly in the humbler methods, but include Kent from Minor to Maximus, Cambridge Minor, and Minor in up to 10 methods. Like many West Country ringers, his favourite method is Stedman, and he has also rung Erin Triples and Cinques, and is looking forward to scoring Caters. Over 50 of his peals have been rung at St. Stephen's. Bristol, of which about 25 have been on the tenor. However, he was very pleased to 'complete the circle' on the 10 bells at this tower by ringing the 9th last November. He has also rung the 50 cwt. tenor at St. Mary Redcliffe, Bristol, to several peals of Caters and Cinques. Though not making a regular practice of it, Cecil can and sometimes does ring two bells. He can hunt one and two to Grandsire Doubles, which proves very useful if they meet short on a Sunday.

There are many stories about some of Cecil's excandes, in and out of the belfry. On one

There are many stories about some of Cecil's escapades, in and out of the belfry. On one occasion when he was oiling the clapper of the tenor at Publow, with the bells us, he overbalanced, and fell head first inside the bell! Fortunately he was on the right side, and the bell stayed set, enabling Cecil to scramble to safety. He often tells the tale of how he might have saved the fine 10 bells at St.

Nicholas'. Bristol. from destruction during the war. He was a fire warden on duty there on the night it was blitzed. But one of the best of Cecil's stories is the incident when he was mistaken for a missing bridegroom, and nearly landed into the matrimonial home! Practically everywhere Cecil is seen, his faithful servant—his motor-bike—is with him. It has taken him many miles through the West Country, riding for peaks, quarters, outings and services. Cecil is, of course, very proud of being a member of the Ancient Society of College Youths, and enjoys fixing the occasional peal for them, and attending the dinner.

In August. 1939, Cecil married Nellie Drake, who is Welsh, and they have two daughters, Margery, aged 21 and Susan, now 14. He is a keen member of the British Legion, and they are fortunate to have him on their Welfare Committee. If anyone needs help, he will never give in until something is done.

never give in until something is done.

Cecil has no real hobby outside his love for church bellringing, and it would be true to say that no one in the Bristol and North Somerset area, can surpass him in his activities. His enthusiasm and desire to serve others ask him for his help. This willingness to serve others, coupled with his genial personality and unfailing cheerfulness, has made him a delightful West Country character.

APACE.

BRITISH COLUMBIA RINGER VISITS BUCKFAST ABBEY

Westminster Abbey in Mission City, British Columbia, is the only other Benedictine Abbey in the world which has a ring of bells, apart from Buckfast Abbey in Devon, the ring being one of ten by Mears, with a tenor of about 23 cwt. One of three ringers who have been instructing the monks there is Mr. F. J. Westlake, formerly of Kingsbury, Somerset, who is at present home on leave

On Wednesday, September 13th, accompanied by his brother, Mr. H. G. Westlake, ne paid his first visit to Buckfast Abbey, and both fully appreciated the opportunity of being shown around, and afterwards taking part in the practice ringing with the Community ringers. The ringing ended with a well struck 504 of Plain Bob Triples, in which Mr. Westlake and his brother took part, the others being Mr. A. L. Bennett, Revs. A. O. Mowan, D. P. Angold, H. Macwilliams, A. de Guingand and W. P. Dowling, who acted as conductor. as conductor.

50 Years Ago

'R.W.' September 22nd. 1911.-

'R.W.' September 22nd. 1911.—
Woking. known to most ringers as the place where 'The Ringing World' is produced, and to others as the town where the first crematorium in England was established, has not a great campanological repute, but although it lacks attractions as a spot where much tower-bell ringing can be obtained, the first peal of Stedman Caters has been rung in the parish. This was accomplished on handbells on Sunday. The attempt was first made beneath the apple trees in a beautiful old orchard, of which Mr. F. E. Dawe is the fortunate possessor, but the vagaries of the sound in the open air, together with the fact that the light of September days would not have held out, resulted in the peal eventually being rung indoors.

30 Years Ago

'R.W.' September 25th, 1931.-

Mr. Robert H. Brundle, who reached the age of 80 years on Friday, celebrated the event by ringing a peal of Cambridge Surprise Maximus on Saturday. Mr. Brundle is the oldest ringer to ring a peal of Surprise

Inverar: y tower and bells nearing completion,

PIPE'S PILGRIMS' TOUR

THE 1961 tour began in now familiar style, with a small party leaving Grundisburgh by coach at 6 a.m. on Sunday, August 6th. With further additions to the party at Ipswich and Colchester we had a good trip up to London, where we were very pleased to welcome Mr. Brian Cox. from Adelaide.

Thanks to Mr. and Mrs. Barker, who joined us at Uxbridge, we were able to make an unscheduled stop at Beaconsfield, and ring on the eight for morning service, before continuing on our way to Oxford. Several others met us here, including Mr. and Mrs. Harold Schofield and their daughter, Gillian, from Bradford.

Bradford

After lunch we had a busy afternoon, with ringing at six towers. First on the list were the two tens at Magdalen College and New College, where we rang half-courses of Cambridge Royal and touches of Grandsire Caters. Ringing on the heavy eight (28 cwt. in E flat)

a high standard again, despite the very long draught.

a high standard again, despite the very long draught.

In the afternoon came the highlight of tour, the lovely, easy going ten at Christ Church. Swindon. A course of Yorkshire Royal came to grief here: though Cambridge Royal and a touch of Grandsire Caters were more successful. We rang our first touch of spliced at Lambourn, the next tower, and did justice to a magnificent tea at the nearby inn afterwards. The two eights at Faringdon and Bampton completed the ringing for the day.

On Tuesday we were joined by some young ringers from Birmingham, and by Peter and Ruth Border, with baby Helen, for the day.

The first eight at Deddington were much enjoyed, and these were followed by the 24 cwt. eight at Great Tew. Next were the very fine eight (20 cwt. in E) at Hook Norton, the best of the day.

Photograph take outside Marlow Parish Church on August 12th of the band of four married couples who had just rung a touch of Spliced Major to celebrate the 39th wedding anniversary of Mr. and Mrs. A. D. Barker. From left to right: Mr. and Mrs. Harry Windsor, Mr. and Mrs. C. W. Pipe, Mr. and Mrs. A. D. Barker, Mr. and Mrs. H. Schofield.

at Merton College did not come up to the usual standard, probably because ringing round the gallery here was a unique and even an unnerving experience for some.

The two light cights at All Saints' and St. Ebbe's were in marked contrast to Merton, and touches of Double Norwich, Kent, Little Bob, Cambridge and Stedman were all successful. Mr. Philip Walker, who had kindly arranged the ringing and shown us round Oxford all afternoon, welcomed us at his home tower. St. Giles', where he keeps the buffry in excellent condition. A short trip brought us to Woodstock, our headquarters for the week.

BURFORD BEST OF TOUR Monday morning dawned bright and fair, and we were soon on the road to Burford. The beautiful eight (17½ owt. in E) were considered by many to be the best of the tour, and we certainly took full advantage of them, a feature of the ringing being a well struck course of London. We had quite an audience at Fairford, where the ropes hang in the centre of the church, but ringing was of A feature of our visit to Kingham was a ladies' touch, which even a mere male must admit was quite good! Others, in disgust, however, preferred to watch the nearby cricket match! A delightful ride through lovely countryside brought us to Bourton-on-the-Water. As on Monday, we rang a touch of spliced on the eight here, followed by a marvellous teafterwards. After yet another good ring, at Watermoor, the day finished with a visit to the lovely village of Bibury, where the enthusiasts just couldn't resist getting permission to ring on the six here!

Ringing on Wednesday commenced at 8.45 a.m., owing to a 10 o'clock service at Adderbury. The fine toned eight (24 cwt. in D) were rather difficult to handle, due to the short draught. An hour's ride through some pleasant scenery brought us to Daventry, where we were greeted by Pat Chapman. The anticlockwise eight provided some amusing misunderstandings in the first touch, but they were soon mastered, and good touches of London, Superlative and Stedman resulted. We were

unable to ring at Southam, so Harry Windsor kindly invited us to ring on the bright little six at Harbury.

HAPPY BIRTHDAY

At Warwick. we were honoured by a visit from Mr. Frank Perrens and Mr. J. L. Garner-Hayward, where an hour's ring on the excellent eight of St. Nicholas' was very much appreciated. At tea a special birthday cake was brought in for Mrs. Barker, and all the company joined in wishing her a happy birthday. Ringing on the ten at St. Many's after tea was curtailed, but two half-courses of Cambridge Royal, touches of Grandsire Caters and rounds for beginners were completed in the allotted time.

Another long ride brought us to the unusual church at Banbury (a pleasant easy going ten). The last ging of the day was the majestic eight (27 owt. in D) at Bloxham, where the bells went surprisingly well for their weight. Yet another early start enabled us to commence ringing at 8.45 a.m. on the eight at Wantage, followed by the pleasant ten at Wantage followed by the pleasant ten at Wantage, followed as the permission to ring on the six at Speen, after funch. At Blewbury we were met by Mr. Wilfrid Wilson, who came on with us 40 Wallingford afterwards. Even a single in spliced failed to produce an explosion at Harwell, though we were caught by a heavy fall-out of rain when we came out.

THE WHITES ENTERTAIN

The famous tower at Appleton, with which the name of 'White' is traditionally associated, was found with some difficulty and a variety of methods was rung on the light ten. A very enjoyable hour was spent in the 'local' afterwards, where the White family entertained us with a first class display of tune ringing and change ringing by 'lapping' on handbells.

A short run on Friday brought us to Kirtlington, a very good eight of 15 owt. Ambrosden came next, and then Buckingham, with its spacious belfry and rather old-fashioned ring of eight (27 cwt. in D).

In the afternoon a course of Rutland was rung at Wicken, with the eight at Winslaw following. The last tower was officially Haddenham, where the bells are in need of attention, but we had a short ring at Woodstock on our return, by kind invitation of the

stock on our return, by kind invitation of the local ringers.

Back to the hotel a social evening had been arranged, and there was a presentation of a garden chair and a ringer's car badge to Jim and Sylvia Pipe in appreciation for all the work and organisation which had gone into the tour. By general consent it was an unqualified success. The evening was rounded off with handbell ringing, and a film show of past tours, presented by Harry Windsor.

MARRIED COUPLES' SPLICED' Several goodbyes were said on Saturday morning as we made treks for home, ringing at Wallington, Henley and Sonning on the

at Wallington. Henley and Sonning on the way.

As it was Mr. and Mrs. Barker's wedding anniversary, it was fitting that they should ring a married couples' touch of spliced, which Arthur himself called at Marlow after lunch. The 26 cwt. eight at Bray were the last bells of the tour, and very majestic sounding too. After tea a small group went to Stoke Poges, where they rang a quarter peal of Stedman Triples for Mr. and Mrs. Barker, while the rest of the party were homeward bound, arriving in Grundisburgh at 10 p.m.

One's chief recollections are a very pleasant company, good bells, good food and a warm welcome everywhere. To all who met us and who helped make the tour a success, we should like to extend a very big 'thank you.' Next year we hope to tour Devon.

LETTERS TO THE EDITOR

BODELWYDDAN BELLS

Dear Sir,—Contrary to the report of the University of London Society's tour 'abroad,' the bells of the 'Marble Church' had not been condemned as unsafe before the Society rang there, although they have been as a result of their visit.

Replying to my application to ring there later in the same week as the U.L.S., the Vicar wrote as follows:

'We have just recently carried out some repairs to the spire and the architect will not give the "all-clear." until he carries out a further inspection. I am afraid that this will not be before August 17th, as the architect lives in Cheltenham. So please accept my reason for not allowing any bellringing at the present time.'

How the Society obtained permission to ring is not clear, neither are the grounds for their theory that if the spire is unsafe it will do no harm to ring for half an hour.

Hoping to persuade the Vicar to give permission to ring, as apparently the Society had succeeded in doing, I called but found that an alarming report had been given by the secretary of the Society for the Preservation of Ancient Buildings and that the bells must on no account be rung for fear of damage to the

It now transpires that the secretary of the S.P.A.B. was a member of the University party, which means that by way of thanking the Vicar for the privilege of ringing his bells, Ranald Clouston alarmed him as to their safety and effectively closed the tower to both visitors and 'locals' wlike.

A report of this nature, in my opinion, casts a reflection upon the bell founders, who installed the bells in 1872 and who in more recent times rehung them on ball bearings.

About four years ago I encountered a similar case at Bradbourne, Derbyshire, where a certain London architect—I believe he also had some connection with the S.P.A.B.—had warned the Vicar that one day he would find his tower split from top to bottom as though it had been struck by a bomb.

though it had been struck by a bomb.

His grounds for this lurid forecast were simply that the bells were hung direct on iron girders instead of the bearings resting on castings in accordance with modern practice, yet they must have been so hung for at least seventy years.

Fortunately the late Vicar did not seriously believe this and I had little difficulty in convincing him of the stupidity of it, and I have been pleased to read that this pleasant ring of six has been rung regularly since our visi

All too often, however, the opinion of self-appointed and self-opiniated 'experts' results in rings being silenced or ringing curtailed. I can think of a number where worn bearings have been the pretext upon which ringing has been stopped altogether and far from resulting in the bells getting rehung it has meant that the ringers have drifted away, interest has been lost and the bells may lie idle indefinitely.

idle indefinitely.

Recently I came across a case in Shropshire, whre a party of visiting ringers 'thought there was too much vibration' and the upshot is that only curtailed Sunday ringing is now

I suggest that visiting ringers are not qualified to judge how much vibration there should or should not be.

At the same time it would be interesting to know what makes bells safe to ring on a Sunday, but unsafe on week days. Similarly why was it safe to ring Bodelwyddan bells for half an hour only? What would have happened if the U.L.S. had rung for thirty-one minutes?—Yours, etc.,

R. H. DOVE.

TIME FADES MEMORY

Dear Sir,—In reference to your account of the S.F.E. Whitsun tour, the reference to the ingenious bellhanging at Feniton should have read Buckerell.

This work was carried out by Mears and Stainbank in 1949. The bells at Feniton, 2 miles away, are all on one level. I had the pleasure of meeting the S.F.E. at Buckerell and rang a touch with them, and also took some of the party up to the bell chamber.

—Yours faithfully.

F. H. PARR.

Buckerell.

WINCHESTER CATHEDRAL

Dear Sir,—Quite a number of visitors to Winchester Cathedral, who arrive after the commencement of ringing, have had a disappointing wait at the outer door, which we have to keep fastened. Sometimes they have been unlucky enough not to be able to get in until we come down at the end of the ring.

We would like to make it quite clear that it is not ringers, but the general public, whom we are obliged to keep at bay. Those who do not already know how to gain access should either be at the door at 7 on practice night, or 9.45 or 2.25 on Sunday, or let us know that they are coming so that we can arrange for somebody to let them it. In case of urgency a 'phone call to the undersigned would be appropriate up to about 15 minutes before the above times.—Yours sincerely,

W. O. HAYTHORNE.

W. O. HAYTHORNE. Winchester Cabhedral Ringers. Honorary Secretary,

TWO RINGS OF BELLS AT SALTASH

TWO RINGS OF BELLS AT SALTASH
Dear Sir.—How pleasing to read Points
from Peals by Rev. K. W. H. Felstead after
such a long break. I was particularly interested in one part of the article concerning
the occasional slip up, and he writes: 'Thus
I have recorded a previous peal at Saltash,
Cornwall. on December 12th, 1927.

That peal was one of Plain Bob Minor, conducted by the late C. R. Lilley, and I was one
of the band. It was rung at the Church of
SS. Nicholas and Faith.

The peal on June 21st, 1961, was rung on
the bells of St. Stephen-by-Saltash, and those
who took part were assured that it was the
first on the bells, and this we believe to be
correct.

Incidentally both peals are recorded for 'The Guild of Devonshire Ringers.' Apparently Saltash has two rings of bells.—Yours truly, T. G. MYERS.

Plymouth.

COLCHESTER MEETS NOISE DIFFICULTY

Dear Sir.—I was very interested to read the letters in recent 'Ringing Worlds' from Messrs. F. Hicks and F. Hansford, on the problem of excessive noise outside from church towers as we have had recent experience of this modern problem here at St. Peter's, Colchester. Ever since the war we have suffered restrictions on practice night and peal ringing, due to the close proximity to the church of a Repertory Theatre where there are penformances every evening except Sunday. Until recently our practice has had to cease at 8 p.m., and any ringing on a Saturday by 5 p.m.; this has made it difficult to keep our company up to strength. company up to strength.

company up to strength.

After it was pointed out to the church authorities that service ringing at the tower was likely to decline, they agreed to have the louvre windows sound insulated, and this has been recenly completed. The material used was insulation board (Tentest), with a cavity left between filled with vermiculite; a portion in the middle of the louvres (about 7ft. 6ins.×4ft.) is hinged at the top and capable of being opened when required to hear the full effect of the bells on Sundays and other occasions. We are very pleased that this has made a considerable improvement outside the tower, so much so that our Vicar has had the approval of the theatre of the work done and a donation from them of £10 towards the cost. of £10 towards the cost.

Any visiting ringers are very welcome to join us on our practice nights, which, from now onwards, will be Thursdays, 7.30 to 9 p.m.

—Yours sincerely,

Colchester, Essex.

HARRY J. MILLATT.

65s AT BACKSTROKE

Dear Sir,—I have, for some time, heard that 65s at backstroke are bad or are unmusical and again I read it in W.G.W.'s article on Treble Bob and again I cannot see

A listener outside the tower is not to know whether a row is back or hand and I'm sure many ringers, musical or otherwise. would

not mind.

Can Mr. Wilson or anyone else tell me why 65s are frowned upon?—Yours faithfully.

GRAHAM C. GRANT.

Frome.

THE LATE MRS. A. KING

THE LATE MRS. A. KING

Dear Sir.—May I, through your columns, express the sorrow felt, not only by members of the Bedfordshire Association, but by the very much wider circle to whom she was known and loved, at the recent death of Mrs. A. King, of Luton.

Our sympathy with Mr. King is mingled with pride at the fortitude with which he has borne his great loss, after 68 years of happy married life.

Aged 90, she had not enjoyed good health over the last year or so, but bore her troubles with great spirit, as befits one who, in all those years, had been an inspiration to all who knew her—charming, friendly and sincere, an excellent example of British womanhood. She was laid to rest on September 4th. May she rest in peace.—Yours, etc.,

ALFRED E. RUSHTON.

The Ancients' Peal Tour of Northamptonshire

Two hundred and twenty-five years ago, Benjamin Annable, with a band of College Youths, went to St. Peter's, Northampton, and rang the first peal on the bells, and this year members of the Ancient Society from various parts of the country joined with members from Northamptonshire in a week's peal tour, com-mencing on Saturday, August 26th. Unfortu-nately St. Peter's, Northampton, bells were not available, but none of the party doubted Ben-jamin Annable's wisdom in choosing this de-lightful part of England for an excursion from the capital.

We were welcomed to the first tower, Tichmarsh (8, 17½ cwt.), by Canon Luckock, who takes a keen interest in ringing, and we rang a peal of Yorkshire Surprise Major on these pleasant bells. After a visit to the local hostelry, we made our way to the Royal Hotel, Kettering, which was to be our headquarters for the week, and cautiously sampled the local brew, by name Phipps, not knowing either its strength or quality. However, we need have had no fears, for it proved to be both pleasant to drink and not unduly potent, and on the following morn-ing, with no after effects to dispel our first impression of it, we pronounced it a fine brew.

At 9.30 a.m. we joined the service ringing at the Parish Church (10, 23 cwt.) and were given a warm welcome by Mr. Bob Turner. Grandsire Caters, a course of Superlative and more Grandsire Caters sounded out well on the morn-Grandsire Caters sounded out well on the morning air, and the bright sun which shone for us most of the week really imparted a holiday atmosphere everywhere. At 10.30 we went to a village just outside Kettering, by name Warkton (5, 8 cwt.), and again joined the local ringers in ringing for service, on this lovely ring of bells, Grandsire and Stedman Doubles.

LULLED BY THE MUSIC

An early lunch, and we were on our way to Daventry, where we were met by Mr. Patrick I. Chapman, Master of the Peterborough Diocesan Guild, who had made all the arrangements with regard to obtaining permission to ring throughout the week, and to whom we are extremely grateful. Cambridge Major was proceeding very smoothly on this 19 cwt. ring, and with half-an-hour to ring the music had lulled us into a pleasant sleepiness. The treble man perhaps dreamt most of all, for turning round in 2/3 he caught us all universes and within a

2/3 he caught us all unawares, and within a change or two we had stopped.

We rang for Evensong, and before returning to Kettering were entertained to a splendid tea by Mrs. Chapman and met young Dominic. The residents' lounge echoed that night to Stedman Caters on handbells, kindly lent to us by Pat Chapman, and we heard tape-recordings of St. Paul's Cathedral and were kept highly amused by anecdotes from Mr. J. Frank Smallwood until a late hour.

wood until a late hour.

Monday morning found us at Irchester, where we were met by the Rev. A. M. Watson, and London Surprise Major seemed to be going all the way until a missed call dashed our hopes and prevented us enjoying any more of this good ring, whose tenor is 21 cwt.

Yorkshire Surprise Major at Oundle in the afternoon was rung, however, and this is be-

atternoon was rung, nowever, and this is be-lieved to be only the second peal of Surprise on the bells, which are difficult to ring well. Later in the evening some Stedman Cinques were rung on the handbells and a course of Cambridge Surprise Major also, but by mid-night we were moving towards our rooms in view of the earlier start to be made the follow-

ing day.

'9 a.m.' was the scheduled time of start at
Kettering, and it was not much later that we
began the peal of Stedman Caters, which probegan the peal of Stedman Caters, which proceeded uneventfully under the watchful eye of Mr. Frank Darby. In the afternoon, however, the warm weather was beginning to have its effect, and Bristol Major on the fine ring at Raunds (22 cwt.) became of poor quality, causing us to stand the bells before completing the

Wednesday morning took us to Finedon (8, 21 cwt.), and we had received a warning that this might be one of the hardest towers in which to ring a peal as the bearings sometimes run London Surprise Major was rung for over an hour, when two bells changed course; but a further touch of Stedman Triples practically removed our doubts that we might have been able to complete the peal, for by the end of the touch the tenor man was having diffi-culty, and we felt sure that two more hours of London would have been impossible. We met the Rector after the attempt and received a warm welcome from him.

PEAL BOARDS TELL A STORY

Irthlingborough (8, 10 cwt.) was the afternoon tower, and we were met by Mrs. Bigley. The peal boards here speak for themselves of the famous band which at the turn of the century was ringing peals of London Surprise Major, by no means common in those days, and we rang a peal of Rutland Major on these beautiful bells. Afterwards Mr. Arthur Bigley entertained us to tea, and we rang some Grandsire Caters on his lovely set of Shaw handbells with him, and we also heard a record of some tune ringing which he had made. He had celebrated his 60th birthday only two days earlier, having been a ringer at Irthlingborough for 40 years, and we should like to wish him many happy returns of the day.

Haselbech has a beautiful church in a lovely setting, and it was perhaps the greatest disap-pointment of the week that the peal attempt here on Thursday morning, for Spliced Surprise Major in six methods, came to grief when two bells changed course after two-thirds of the peal had been rung. Lunch in Market Harborough brightened our spirits however, and in the after-noon Mr. Frank C. Price called his first peal of Surprise Major as conductor, London being the method, at Welford (12 cwt.).

It was after the peal here that we were in for our greatest shock of the week. Stopping on our way back to Kettering in Husbands Bosworth at an inn, the landlord announced that he had no beer, no draught beer that is, and we had no alternative but to visit the next house of refreshment which we came to, in the same village. One of our number, after ordering his drink, asked the landlord what food he had and was told that there was no food in the house. He exclaimed: 'What a place!' and the landlord nearly gave him a black eye. It was only after hasty explanation of our previous

experience that he calmed down.

On Friday morning we rang a peal of Pudsey Major at Higham Ferrers (8, 23 cwt.), where we were kindly met by Mr. Deighton. The bells here are very good and the peal was followed by lunch in the Green Dragon.

The afternoon attempt was at Burton Latimer, and a miscall brought to an end the Lincoln-shire on this ring of eight (10 cwt.), which sound heavier, and an early start was made on

the final evening's celebrations.

TUNING THE GLASSES

Just before closing time we were ushered into a small bar apparently reserved for residents bent on drinking through the night, and shortly before 12 somebody rashly suggested that changes on beer glasses was the proper thing to do. After a few rounds to try our handles for length and some subtle drinking to tune our glasses, we settled down to a sparkling course glasses, we settled down to a sparking course of Plain Bob Minor, the band sitting as follows: Wilfrid F. Moreton treble (a ½-pint glass), Alan J. Frost 2 (another ½-pint), Gordon Benfield 3 (an 8 in. diameter lampshade), Michael P. Moreton 4 (a ½-pint partly filled with water), Chapter E. Vimber S. (a pint parally empty) P. Moreton 4 (a x-pint party inter white watch), Stewart F. Kimber 5 (a pint nearly empty), Frank E. Darby tenor (a pint half full). On completing the ringing, everybody inadvertently took a drink, and thus at one draught destroyed the tuning of this interesting six. However, Gordon Benfield, balanced precariously on a chair to reach the third, continued to toll the lampshade which had a beautiful tone; and none of us will forget the look of startled amazement on the night porter's face when he walked in to take our orders for the next round. Saturday morning, and almost sadly we bade

farewell to the hotel and to Kettering, and made our way to Desborough (8, 10½ cwt.), where the Vicar came up to welcome us. Spliced four was rung, and perhaps would have been completed but for a late call which sent one bell in the wrong direction, and 'Stand' was

In the afternoon, however, a good peal of Cambridge Major was rung at Rothwell, and these fine bells very aptly concluded a week in which all the bells were of a high quality; and we left Northamptonshire with a deep impression of the warm welcome which we received, of the beautiful churches, many of which have fine spires, of many well-cared-for belfries, and of pleasant English countryside of pleasant English countryside.

PERSHORE RINGERS NEEDED SPANNERS AND OIL CANS

On September 5th a party of young ringers from the Pershore Deanery set out in search of some of Worcestershire's less well-known towers. The first port of call was All Saints' Church, Spetchley. Here hangs a pre-Reformation four (tenor 5½ cwt. in B). These rarely-rung bells go quite well and when we had put ropes on they were rung to rounds, Kent and Oxford Minimus, Stedman and, of course. Spetchley Court Bob. Ringing here is made more interesting as it is always accompanied by a steady trickle of dust and twigs from the ceiling.

Recent correspondence in 'The Ringing

from the ceiling.

Recent correspondence in 'The Ringing World' has included the subject of placenames but no mention has been made of the next tower visited. White Ladies, Aston, a small village with a pleasant old church. The tower is weatherboarded and contains a ring of three in a 15th century frame, rehung last century by Barwell. The tenor is inscribed: '† Sancte Jacope Ora Pro Nobis,' with crowned heads as stops. She was cast in the 15th century and weighs about 7½ cwt. The notes of the bells are: Treble, G; 2nd. D sharp; tenor, C sharp. The ropes fall in a line among the pews at the west end! Much line among the pews at the west end! Much work was done in the tower before the bells could be raised, but rounds were scored with reasonable eas?!

reasonable easə!

The last tower visited was St. Bartholomew's.
Naunton Beauchamp. The three here have a
tenor of 1! cwt. in G sharp. Much tightening
of bolts and greasing of bearings was undertaken but unfortunately the frame was not
stable enough for the bells to be raised, as an
alarming amount of movement was noticed
before the treble was half-way up. P. C.

CRAWFORD CUP CONTEST

Warsop again won the final of the Crawford Cup contest decided at Gamston on September 9th. Their faults totalled 28. Other finalists were Holme Pierrepont 69. Ordsall 85. Whatton-in-the-Vale 95. A most pleasing feature was having Mrs. C. M. Crawford, widow of the donor, to present the cup to Mr. H. T. Rooke, who, in thanking Mrs. Crawford, said that everybody had tried hard. The judges were Messrs. H. Chant and D. Smfth, and the test piece 360 changes any method.

The presentation took place after a nice

The presentation took place after a nice tea in the school, served to a company of nearly 60, with the Rev. W. D. Willatt (Rector)

in the chair.

A minute's silence was observed before the meeting as a token of respect to three members who had died in the past two months—Mr. O. Street, Mr. S. Mason and Mr. D. McNeil and his wife, who were killed in a road accident. road accident.

The Rector was elected a vice-president, and Miss Thelma Staples, of Kirkby-in-Ashfield, a ringing member. The collection for the Bell Fund was £2 2s. 8d., and Clayworth was selected for the meeting on October 14th. Before ringing was resumed, the Rector, the judges and the ladges (for the nice tea) were all sincerely thanked.

BEDFORDSHIRE ASSOCIATION

There was not a large attendance at the Biggleswade District meeting at Northill on September 9th, but the ringing, directed by Mr. L. Bywaters. ranged from Bob Minor to London and Wells Surprise. A service was conducted by the Rev. T. A. Frost, with Mr. M. Lockey at the organ. Tea followed in the Church Hall, prepared by a local ringer's wife,

ALVASTON, DERBYS.—On Sept. 17th, 1.260 Plain Bob Doubles: Elizabeth A. Buckley (first of Plain Bob) 1. E. D. Thomas 2. R. 1. Gosling 3. S. K. Huson (first in method as cond.) 4. B. R. Manning 5. E. GUILD of DEVONSHIRE RINGERS Exeter Branch

On September 9th the quarterly meeting of the Exeter Branch of the Guild of Devonshire Ringers was held at Tedburn St. Mary. About 25 members and visitors attended, and the six bells were rung to Grandsire and Stedman Doubles, Plain Bob, St. Clement's, Cambridge and London Surprise Minor

During the service the Vicar paid tribute to the work of the late president, Preb. E. V. Cox. Tea and the business meeting followed at the Vicarage, after which a course of Grandsire Caters on handbells was rung. Whitestone was later visited by some members for a short ring

SALISBURY DIOCESAN GUILD North Dorset Branch

The quarterly meeting was held at Bradford Abbas on September 9th. Twenty ringers were present from seven towers of the Branch, including visitors from other towers. In spite of a tendency to 'jump' on the part of some of the ropes, methods were rung up to London Surprise, not excluding rounds for beginners. The bells go very nicely and sounded well over this lovely corner of Dorset.

At the service the Branch was welcomed by the Rector, the Rev. L. J. Chesterman. At the business meeting after tea mention was made of the Blandford ringing festival on October 28th and the annual meeting of the Branch at Mere on December 2nd.

R. N. L.

on December 2nd.

An attempt for 13,216 Yorkshire Surprise Major at Allendale, Northumberland, Allendale, Northumberland, on September 16th was brought round at 9,088 changes, when the bearings of the 6th and tenor started to rung dry. However, this beats the existing long length record for the Durham and Nowcastle Association, set up by the same band on the same bells in April this year, by 352 changes.

352 changes. H.R.H. Prince Philip is to open Bow Bells on December 20th.

The ring of six at Hever, near Edenbridge, was reopened last Saturday. There was a barbecue afterwards.

The time taken in the peal of Bob Doubles, rung at Horton on August 5th (see page 617), was 2 hours 40 minutes. The conductor sends his apologies.

St. George Cathedral, Cape Town, is to have a ring of ten bells with a tenor of 25 cwt., similar to the ring supplied to Salisbury Cathedral, Rhodesia. The contract has been placed with Messrs. Mears and Stainbank.

Hereford Cathedral band are losing Mr.
Arthur W. Davis, for many years a member of
the company and a prominent officer of the
Diocesan Guild. His impending departure
formed the basis for an informative article in
The Hereford Evening News' about ringing
at the Cathedral and members of the band.

Miss Margaret A. Ladd. our esteemed correspondent for the Tonbridge District, regrets that an error occurred in her report The name of the ringer for whom a quarter peal was fixed and rung at Brenchley was Mr. F. Acott and not Mr. A. Wenban. Apologies to all concerned.

Staines. Middlesex. has now five members of the Skipsey family in its band—Edgar, Jean, John, Linda and Freddy. The band rejoice in the birth of a daughter to secretary Jean, and look forward to the day when there will be a 'Skipsey Minor band.' Because of the birth. Edgar was unable to conduct the quarter on September 17th.

BELFRY GOSSIP

In sending his apologies to those members of Cambridge University Guild who went to Evesham for a peal on September 9th for his failure to arrive, Mr. W. T. Cook adds: 'Unfortunately I missed the train at Paddington through underestimating the capacity of London Transport for keeping its passengers waiting.'

The clock face of Buckland-in-the-Moor, near

The clock face of Buckland-in-the-Moor, near Ashburton. Devon, has, instead of numerals, the words 'My dear mother.'

The peal of Yorkshire Surprise Major rung at Soberton on September 16th enabled E. Winifred Keys and W. T. Beeson to ring their 50th peal together.

The good wishes of not only those who rang in the quarter peal at Harpenden but also from their many ringing friends will be extended to Mr. and Mrs. J. Desmond Painter, who are going to Nigeria.

The Chaddocks, of Rotherham, and the Schofields, of Bradford, rang a peal of Yorkshire Surprise Major at Conisborough. Each provided a father, mother, son and

The 200th anniversary of the casting and hanging of Upham, Hants, bells was marked by a special service on September 17th. In place of a sermon the Rector (the Rev. A. place of a sermon the Rector (the Rev. A. Catley) obtained permission from the Bishop for an address to be given by the District chairman (Mr. L. W. Stead) on bells and bellringing. Mr. Stead's address was much appreciated, as well as the ringing, by visitors from Southampton, Bitterne Park, Eling and North Stoneham.

North Stoneham.

Readers will have noted that peals have been relegated to the second half of the journal. This is an idea of 'The Ringing World' Committee in their search for something new. Whether it will be permanent depends on readers' reactions. One member doubted if ordinary articles were of sufficient merit to oust peals from their customary position. Influencing the committee were the favourable comments of the rearrangement of contents in the Jubilee issue.

OBITUARY

MR. H. BARLOW

The Lancashire Association has lost one of their oldest members by the death of Mr. Herbert Barlow, of Oldham, which occurred September 15th whilst on holiday at More-

September 15th whilst on holiday at Morecambe.

He was in his 84th year and an active ringer until quite recently, when an accident and difficulty in climbing steps prevented him taking part in the ringing, but his interest remained to the last. A keen striker who would let anyone know who wasn't, he had rung 85 peals for the Association, including 10.000 Kent Treble Bob Major at Moorside, 1922, where he started to ring about 1897. In 1923 he joined the St. Mark's, Glodwick, band, having moved to the district in his business.

On his retirement he became the captain

band. having moved to the district in his business.

On his retirement he became the captain at Oldham Parish for some time until he had to give up. He was also a honorary life member of the Lancashire Association. Herbert was also a keen and reliable tune ringer and for many years a member of Moorside handbell team. He was the G.O.M. of the Rochdale Branch and was loved and respected by a large circle of friends who will sadly miss his cheerful presence at their meetings, social events and coach trips on annual outings, etc.

He is survived by two sons, this wife having predeceased him by many years.

The interment was at St. Thomas' Church, Moorside. Oldham, on September 21st and among the many ringers present was Mr. S. L. Parry, representing the Lancashire Association. A course of Grandsire Triples was rung over the open grave by his fellow ringers—I. Kay, Vernon Sykes, Edward Jenkins and John Walmsley. Floral tributes included those from Moorside ringers, Moorside handbell ringers and Oldham ringers, and the Lancashire Association. In the evening a quarter peal of Stedman Triples was rung a quarter peal of Stedman Triples was rungled in the bells he loved at Moorside, a fitting tribute to a grand ringer and a gentleman. May he rest in peace.

MR. MARK WHITMORE

MR. MARK WHITMORE

A keen worker, both in church and parish, Mr. Mark Whitmore, of Griston, Norfolk, died on September 2nd, aged 77 years. Nearly 40 years ago he came to Gniston from near Bromsgrove. Wores, and for practically all that time was churchwarden.

He was almost unknown in the world of ringing, but in his own parish he had done a great deal to keep our art alive in that he laught a considerable number of ringers, especially in his earlier years, and almost to the time of his death he cared for the bells of the church he loved and served. Ringing owes a great deal to him and people like him who, almost unnoticed, keep things going in remote country villages.

The funeral, attended by local ringers, took place at Griston on September 10th the Vicar, Canon H. E. King, took his text from the parable of the talents: 'Well done, thou good and faithful servant.' He said that Mark Whitmore was indeed a superb example of a faithful and reliable servant; he had never let anyone down and he could always be relied upon in church and parish. His advice was sought by many.

Prior to the memorial service a well struck quarter peal was rung to his memory.

Gratefully Acknowledged

Gratefully Acknowledged

The Editorial Committee acknowledges with gratitude the following donations towards the cost of producing 'The Ringing World':—
Personal.—P.C.C. of Bray 8s., West Dorset Branch (S.D.G.) 10s.

THE LADIES' GUILD

Eastern District

About 30 members and friends were present at the Eastern District meeting held at Cavendish on September 16th. Methods rung included Plain Bob, Double Court, Treble Bob and Cambridge.

At the business meeting it was decided to take a collection at all future services for the bell or rope fund of the church visited for the meeting. There was a demand for badges among members, who were also in favour of a District theatre visit after Christmas.

The next meeting will be at Long Stratton and Dickleburgh on December 9th. (Norfolk ladies, book this date—the Eastern District includes you!) Votes of thanks were extended to Canon Barnard, for the use of the bells and for conducting the service and to Mr. E. Hotine for playing the organ. A. E. J. L.

GUILDFORD DIOCESAN GUILD

The Chertsey District met at Egham on September 9th, but probably owing to the very short period for ringing before the service, only 23 turned up to the tea and meeting. The service was conducted by the Vicar, the Rev. S. C. Strong.

At the business meeting Mr. J. King re-ported that the coach booked for the summer festival had been fiilled, and a number of ringers would also be travelling separately.

Several requests to run another District dinner had been received, but it was felt that the high cost prevented a number of people coming. After some discussion it was agreed to try to run a social evening, with a buffet supper.

Two new members from Egham were elected and six junior members from Chobham. Further ringing after tea, which attracted about 40 ringers, was notable for the fact that not one touch of Grandsire was rung!

MARRIAGE

MR. A. STREETER-MISS F. HANKEY

Two very popular local ringers, Mr. Alan Streeter, District Master and local tower captain, and Miss Freda Hankey, were married at St. John the Evangelist, Redhill, on September 23rd, the Vicar (the Rev. S. G. Dyer) officiating.

officiating.

The local band rang the bride in with touches of Bob Minor and Grandsire Triples. After the service the Association officers, under the direction of the Master (Mr. F. Darby), rang the newly-weds out with some delightful Stedman Triples.

At the time for Freda and Alan to leave for their honeymoon, members again gathered at St. John's and rang a quarter peal of Bob Major in their honour. Unfortunately there was insufficient time to attempt a peal.

The Surrey Association members and particularly the local band wish them both a long and happy married life.

LADIES' GUILD Kent District's Joint Meeting

Ringing at Chilham on September 9th was enjoyed not only by the Ladies' Guild and the Canterbury District but also by many tourists, who had attempted the climb to the belfry, although visibly fatigued by the first

The service was taken by the Rev. Peter Robbins. Vicar of Lower Halstow and a ringer, who gave an excellent sermon. This was followed by a large tea provided by local

was followed by a large tea provided by local people.

The Canterbury District had a short meeting and then the men left the ladies to theirs, which was attended by 20. Mrs. W. H. Dobbie was congratulated on her first handbell peal, and the meeting elected two new members. Mrs. Mitchell reported briefly on the annual general meeting at Bedford in July, then all returned to the belfry, where eight members of the Guild rang a course of Cambridge.

Next meeting Rochester October 21st

Next meeting Rochester, October 21st.
J. F. B.

SOUTHWELL DIOCESAN GUILD Newark District

Whatton-in-the-Vale was chosen as the place for the September meeting, and approximately 40 ringers took part in the ringing on this pleasant six at some time during the afternoon and evening. A variety of Surprise and Treble Bob methods was rung, with plenty of rounds and simpler methods for the less experienced. Tea was served in the Griffin Arms, followed by a very short business meeting, presided over by Mr. J. W. Raithby, in the absence of the District chairman. The next meeting, to be held in November, is to be a joint one at Newark, with the Central Branch of the Lincoln Diocesan Guild.

B. N. R. Whatton-in-the-Vale was chosen as the place B. N. R.
