GILLETT & JOHNSTON

CROYDON, Surrey. BELLS, CLOCKS, CARILLONS.

St. Peter's Collegiate Church, Wolverhampton. Tenor (33 cwt.) of the New Ring of 12.

WULFRUN CHAMBERS, WOLVERHAMPTON, MESSRS, GILLETT and JOHNSTON, CROYDON, 4th March, 1912. Gentlemen,

The re-casting of the peal of ten bells with the addition of two new ones in the tower of St. Peter's Collegiate Church, Wolverhampton, recently carried out by you has proved most successful, and given general satisfaction.

I am authorised by the Rector and Wardens to say how pleased they are with the result. In the opinion of those well qualified to Judge, we have now, undoubtedly, one of the best peals in the Kingdom.

Yours faithfully, F. T. BECK,

Architect, Diocessa Surveyer,

MODERN

THE AUTHORSHIP OF PEALS.

The disputed authorship of peals of New Cambridge Surprise Royal and the so-called London Surprise Royal does not seem any nearer solution. We publish a letter to-day from Mr. H. Dains in reply to Mr. Lindoff's, which appeared in our last issue, and, judging from the tone of both of them, neither side seems inclined to give way. Briefly the position is this. Ten years ago, when New Cambridge Royal first came to be practised, certain compositions to which Mr. Lindoff's name was attached, were rung. Now, after all this lapse of time, three well-known composers come forward and claim the peals, because the compositions were merely peals of Superlative, which they had previously obtained, reduced as to the number of courses by the addition of a bob. Mr. Lindoff refuses to admit the claim; Mr. Dains, on behalf of his confreres, persists, and there, it seems, the matter arrives at a deadlock.

When experts disagree, who is to decide? Here we have men at the very top of the tree, so far as composition is concerned, who are, apparently, determined each to maintain his claim. In commercial life, we suppose, the position has been reached when the rivals would have recourse to the law. In the Exercise we have no final court of appeal to decide matters of this kind when there is a disagreement. The Central Council have laid down certain general rules governing compositions, but it has always been left to rival authors to settle their disputes between themselves, and so, we presume, it must be in this case. But what is to happen when, as in this case, there is no agreement, and the Central Council, as they doubtless will some day, issue all the peals of Surprise Royal worth having as part of their collection of composi-Somebody then will have to settle the knotty tions? point.

In the meantime the Exercise are asking questions. One that has yet to be answered is why has there been ten years' delay on the part of Messrs. Pitstow, Hattersley, and Dains in making the claims? If they have only recently discovered the similarity of the peals is it not also allowable that Mr. Lindoff, when he put together the peals of Royal, was not aware of the existence of the peals of We are not defending Mr. Lindoff, but Superlative? those who are interested in these matters are really anxious to know how long it is since those who are now claiming the peals have been aware of the basis of the claim. Whether the peals are actually the same, or colourable imitations we will not attempt to say, but the Exercise is entitled, we think, when so much time has been allowed to pass without any claim being made, to know why it was made at this date.

OPINION OF OUR MODERN WORK.

Broomfield Vicarage, Caelmsford, February 19th, 1912.

Dear Sirs.

I have great pleasure in stating that we are perfectly satisfied with the manner in which you have carried out the work entrusted to you of re-arranging and re-hanging the Broomfield Church Bells.

We consider that the work reflects great credit upon your firm, and believe that your system of hanging the bells reduces the vibration of the steel frame supplied by you to a minimum.

The CHURCHWARDENS unite with ME in this expression of opinion. The BELLRINGERS are also unanimous in their praise of the alterations effected by you.

Yours truly, CHAS. EDMUNDS, Vicar of Broomfield.

Messrs. C. CARR, LTD. Smethwick.

Kindly ask us to Inspect, Report and Tender before deciding your Contract,—we may be able to assist you

ALDERSHOT PEAL BOARD UNVEILED

The first 5040 ever rung in the Parish Church of Aldershot is recorded in the tower on a peal board which was unveiled on Saturday week by Mrs. Robertson. In performing the ceremony, Mrs. Robertson expressed the great pleasure it gave her to come amongst the ringers. She said she considered it an honour in being asked to unveil the board, and she complimented the band upon the performance, remarking upon the pleasure most people got from hearing the bells ringing.—Mr. C. Edwards proposed a very hearty vote of thanks to Mrs. Robertson for her kindness, remarking that it was always an encouragement to ringers to have ladies visit the belfry.—Mr. W. Fisher seconded the motion, which was heartily carried.—In the unavoidable absence of the Vicar, the Rev. Kettlowell conducted the ceremony.—The board is oblong, with sections for four peals, and all the work in connection with it has been done gratis. Mr. Croucher procured the wood and painted the board, Mr. Levett put the board together, and Mr. Warner kindly did the writing, which is in gold leaf.—Afterwards, a peal of Minor in four methods was rung, four members of the local band taking part. of the local band taking part,

BLIND RINGER.

MR. RICHARD PHILLIPS, OF DEVIZES,

The above picture is from a photograph of the band that rang a peal of Grandsire Triples at St. John's Church, Devizes, on Sept. 14th last, and the chief interest in it lies in the fact that the tenor man, Mr. Richard Phillips, who is holding the bell rope, is totally blind. Such a performance is a wonderful achievement, and as Mr. Phillips' ringing career has not been without interest, we give some particulars of it.

of it.

Mr. Phillips was born on the 25th March, 1850, at Potterne, a small village closely adjoining Devizes. When about eight years old his parents removed to Devizes, and the remainder of his life has been spent in that town. For some years he worked for the Devizes Corporation, and he married and brought up a family. His ringing career commenced in May, 1872, at St. Mary's, Devizes, where he first learnt the noble art, and for many years he was attached to that tower. At a comparatively early age his sight became defective, and although he visited a London hospital, nothing could be done for him although he visited a London hospital, nothing could be done for him, and his vision gradually became totally eclipsed. Despite this infirmity, he kept up his activity in ringing. In August, 1886, he was appointed steeplekeeper at St. John's, the Parish Church, a post which

appointed steeplekeeper at St. John's, the Parish Church, a post which he has held ever since.

In the year 1876, a society was formed at St. John's, entitled "The Devizes Amateur Bell Rangers Society," which carried on the ringing at that church for many years. Little or nothing, however, was ever attempted in the way of change ringing until the year 1893, seven years after Philips' appointment as steeplekeeper. In that year, several younger men, who took an interest in ringing, came to St. John's, and two years later the old amateur society was re-formed under the title of "The St. John's Change Ringers' Association." From that time to the present date, change ringing has flourished at St. John's and Grandsire Doubles. Minor, and Triples, Stedman Doubles, Bob Doubles, Bob Minor, etc., have from time to time been taught and rung in the tower. Two of the ringers who assisted in the

reformation of the old society, took part in the peal at St. John's on the 14th September, namely. S. Hillier and C. D. Heginbotham. Mr. Phillips, by this time entirely unable ever to see the ropes, still continued to act as "tenor man" under the new regime, and gradually, by ear, and learning the rules, constantly taught to beginners in the belfry, could take an inside bell in Grandsire Doubles, and even in a plain course of Triples. He can conduct Doubles, and can ring Triples double-handed on handbells. He has rung in many of the local towers, and even as far afield as Salisbury, Reading and Bath. Steady as a rock on the tenor, he keeps splendid time in a peal. He has travelled widely throughout the district with various companies of Christmas handbell ringers and both in tunes and changes is thorof Christmas handbell ringers, and both in tunes and changes is thoroughly reliable.

oughly reliable.

His agility among the bells in muffling or tying clappers, etc., whether the bells are "up" or "down," is little short of marvellous, considering his lack of sight. When the new iron frame was put in at St. John's some years ago, he felt his way over it, and became in a short time as much at home with it as on the old wooden one he had known so long. He has had come wonderful escapes in the tower. On one occasion, when leaning over a large bell that was "up," to feel what was many with the descriptions of the someone will be someone will feel what was wrong with the clapper attachment, someone pulled the bell off, and he fell into it and came down into the pit without being seriously damaged.

The members of the band, who appear in the photograph are Messrs O. D. Heginbotham, C. Raison, G. H. Harding (conductor), S. Hillier, A. K. Harrison, S. J. Hector, T. F. King, and R. Phillips.

CONGRATULATIONS.

To the Editor.

Sir.—Kindly allow me to congratulate Miss Edith K. Parker on her most extraordinary skill in ringing and conducting Surprise methods, and also Miss Elsie L. Bennett on her handbell ringing. There are many experienced ringers who would be proud to have such a record to their name.—Yours truly,

ODD CHANGES.

Collected from all Quarters.

One needs to be wary in adding footnotes to peals. Mr. W. Bibby, of Frodsham, writes that the recent peal at Reddish was not the first by the Chester Guild in which a lady has taken part. Miss Gillingham, of Portishead, rang the second in a peal of Grandsire Triples at Frodsham on September 13th, 1912. And again, Mr. J. H. B. Hesse informs us that the claim to the peal at Taunton as the first of Royal by the Bath and Wells Association cannot stand. On December 30th, 1911, a peal of Forward Royal was rung by the Association at Wrington.

The Warwickshire Guild has just completed five years' existence. It is certainly a thriving institution, and has at its head some enthusiastic officers. With men like Mr. James George as Master and the Rev. C. Carew Cox as honorary secretary at the helm its future is assured. No fewer than four peals were rung on Saturday to celebrate the birthday, while two others were lost.

Messrs. Mears and Stainbank have just completed the rehanging of the eight bells at Barnet Parish Church (tenor 24 cwt.). The bells were cast at the Whitechapel Foundry in 1892, and the work just finished included rehanging with new gudgeons and bearings, and strengthening the supporting beams. The work has given every The re-opening took place on Sunday morning, when Canon Papillon preached. A quarter-peal of Grandsire Triples was rung by W. D. Smith 1, W. Baldwin 2, A. A. Hughes (conductor) 3, J. Thomas 4, W. Soer 5, A. F. Milne 6, A. Hughes 7, R. Roffe 8.

The peal at Crewe last Saturday was rung to commemorate the first peal rung on the old peal of eight by local men. Three of the band who took part in that peal 21 years ago were in the Grandsire Caters on Saturday, viz., Messrs. Harding, Holding, senr., and Langford.

Mr. Justice Cherry still takes part in the ringing at St. Patrick's, Dublin, whenever his duties permit, and on a recent Monday, for practice, rang the 9th in a 1033 Stedman Caters.

The naming of the methods in the Collection of Legitimate Minor Methods is gradually being completed. Christ Church, Bacup, they have just rung No. 19 of the Surprise methods, and if no one has previously named it, the band wish to call it Bacup Surprise. In reply to Mr. Lomas, we are not aware that 10, 12, 13, 20 and 21 of the Surprise methods have been named, but the Sandiacre men have designated No. 11 Sandiacre Surprise, and No. 18 has been named Lancashire.

THE FIRST "NAME" PEAL OF CINQUES.

THE FIRST "NAME" PEAL OF CINQUES.

HOW THE JOHNS SUCCEEDED AT CRIPPLEGATE.

Some months ago, when two Johns met, the conversation turned upon tho John peals, rung some few years ago, and one reminded the other that while the Williams and the Thomascs had rung peals of Caters, this was a performance to which the Johns had not turned their hand. "Hadn't we better see about it?" asked the one. "I don't know," replied the other, "I think we had better go the whole bog and make it Cinques while we are about it." And that is how the peal rung last Saturday came to be attempted.

Now, John is a fairly common Christian name, but it is not so easy as one might think to get together on an appointed day twelve of them capable of ringing Stedman Cinques. But a dozen were found ready to turn up at Cripplegate before two o'clock last Saturday afternoon, and the Rector (Prebendary Barff) having kindly given permission for the use of his bells, these twelve men assembled determined to outdo anything before attempted in the nature of a "name" peal. They came from many quarters, and it was an extremely happy circumstance that one of the greatest investigators in the Stedman method—John Carter, of Birmingham—was able to be in the band. The others were: Johns Truss (Marlow). Goldsmith (Woking), Cheesman (Greenhithe), Hesse (Teddington), Neal (Birmingham), and Matthews, Thomas, Armstrong, Sharman, Oxberrow, Golding, of London. The company represented many societies, and there was first a question as to whom the peal, if rung, should be credited. When hands were held up it was found that the Waterloo Society could claim more than either of the others, and so the Waterloo Society for whom the Johns had rung their two previous peals, had it. There were only two members to be elected, and after that had been done there came the "feeler," and a jolly good "feeler" is was, too.

Those well-struck rounds completed the confidence of the band—if any had been lacking—in their ability to strike the bells well, and then off they went into the

then off they went into the method as if to the manner born. One might have imagined that that band had rung together on Cripplegate bells for years, instead of being a scratch party, who had never together pulled off a peal of twelve bells before. And so the courses rolled up, until, after 3 hrs. 40 mins., the bells ran into rounds. The Johns were pleased with themselves. They thought they had done pretty well, and they were more than satisfied when the listeners outside were equally emphatic as to the quality of the ringing. "One of the best peals of Stedman Cinques I ever heard," was the comment of one well-known London ringer. of one well-known London ringer.

Thus have the Johns set up another record. They were the first to ring a "name" peal in a Surprise method, by scoring Loudon at St. Stephen's, Westminster, on January 2nd, 1904, and they followed it up with Superlative, at St. John's, Waterloo Road, on March 18th, 1905.

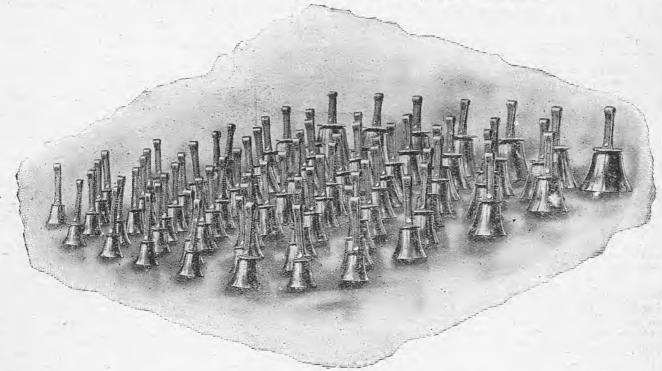

it up with Superlative, at St. John's, Waterloo Road, on March 18th, 1905. The Cinques last Saturday was their third peal, and it is worthy of note that each has been rung at the first attempt.

The ringers desire to express their thanks to Prebendary Barff for placing the bells at their disposal; Mr. C. H. Ward, the obliging steeplekeeper, for his attention, and also Messrs. Warner and Sons (who are shortly going to rehang the tenor in a new iron headstock) for having overhauled the bells in readiness for the peal.

THE LEEDS SOCIETY.

The monthly meeting of the Leeds and District Society was held at Holbeck on Saturday, and was attended by ringers from Bramley, Calverley, Hunslet, Headingley, Mirfield, Pudsey, Shipley, Wakefield, and the local company. An attempt was made for a peal of Stedman, but was unsuccessful, and touches of Treb'e and Bob Major were afterwards rung.—The business meeting was held in the Parish Room.—Mr. J. Broadley occupied the chair, in the absence of the president.—The next meeting was arranged for Bramley, on December 14th, but it has unavoidably been postponed to December 21st. The peal arrangements for this day have been left to the sceretary.—A vote of thanks to the Vicar and churchwardens of Holbeck for the use of the bells, and to the local ringers, was proposed by Mr. J. Broadley, seconded by Mr. A. Sharman, and carried. The tower was then again visited, and further ringing done. ringing done.

THE WINCHESTER GUILD.

WHAT THE GUILDFORD DISTRICT HAS DONE.

One of the best organised branches in the Winchester Guild, the Guildford District, can claim in affiliation all the towers with six bells and upwards within its area except two, and at the annual district meeting, held at Guildford, on Wednesday week, the members showed their interest in the organisation by turning up to the number of about 100. There was ringing in the afternoon at S. Nicholas' Church, and subsequently the Guild's Service was held at St. Mary's, conducted by the Rev. E. C. Kirwan, assisted by the Rev. C. E. Nuttall. The preacher was the Rev. C. E. Matthews (Master of the Guild), who took for his text the words, "A three-fold cord is not quickly broken." He found an illustration in the three strands of a bell rope, and drew a parallel between that and the three Christian virtues, faith, hope and charity. These virtues, he pointed out, ought to be found in the life of every ringer.

After tea, which was partaken of at the Star Hotel, the business meeting was held.—Col. Hughes, who presided, gave an interesting account of bells he had seen in different parts of the world, and he reminded the members of the Guild that the bells at Holy Trinity Church, which are being rehung by Messrs. Taylor and Co., will be rededicated on December 29th by the Bishop of Winchester.

The Master congratulated the ringers of Holy Trinity upon the success of their Restoration Fund collections.

The Hon. Secretary (Mr. J. J. Jones), in his annual report, referred to the meetings and practices that had been held during the year. The Godalming band, he added, had been reorganised during the year, and would doubtless soon begin to swell the peal records. Cranleigh had kept up their standard, but undoubtedly the Farnham neighbour Cranleigh

had kept up their standard, but undoubtedly the Farnham neighbourhood, and especially the Aldershot band, had made most progress. The strength of the district was 41 hon. members (a loss of two), 222 ordinary members (a loss of 38, mainly due to subscribers more than two years in arrear being struck off the list), and 28 towers (a gain of two—Ash and Aldershot). At the end of the year there would probably be a balance of £9 or £10 on the right side.

The Ringing Master (Mr. A. H. Pulling) followed with his report—also satisfactory. During the year, it said, 15 peals on tower bells had been rung, and 53 on handbells. Visiting bands had rung two peals of London Surprise at Godalming, and 35 handbell peals. Mrs. Whittington had rung her first two peals, Mr. Edwards, for the first time in his career, had conducted Stedman, and Mr. Mills, of Frensham, at the age of 60, had rung his first peal—all very successfully (applause). Mr. Pulling eulogised the work of Mr. Edwards, who, he said, had ably worked up the Farnham district.

THE OFFICERS.

The election of officers resulted as follows: Chairman, Mr. C. Wilshire; ringing master, Mr. A. H. Pulling; auditor, Mr. W. H. Tunnell (Merrow); chaplain, Rev. W. W. S. Fleet; secretary, Mr. J. J. Jones (Guildford)

Mr. J. Hunt, having left the district, there were three names submitted for the two places on the Central Committee. Mr. R. Whittington (Cranleigh) was re-elected, and Mr. C. Edwards (Farnham) was appointed to fill the vacancy.

Cranleigh was decided upon as the venue for the February meeting,

Binsted for April, Puttenham for May, Godalming for August, Guildford for the annual meeting in November, and Merrow for the first

combined practice.

Mr. Sanders (Shere) raised the question of the amount at which the annual subscription should be fixed. He averred that 2s, a year was too much. Plenty of men could not afford that sum, and there were several guilds which only charged ls. He did not consider they got much for their 2s. Besides the Guild had balances amounting to nearly

Mr. Jones pointed out that the members got one tea free, four at half-price, and 2s. 6d. each train fare for the annual meeting at Winchester. One side of the balances they could not touch except for restoration and similar work. The other was reserved for grants and helping members with their expenses. If they reduced the subscription by half they would be bankrupt next year (laughter and applause).
The feeling of the meeting was obviously antagonistic to Mr. Sanders,

who allowed the matter to drop.

Mr. Pullen brought forward the matter of sending representatives to the next meeting of the Central Council, which is to be held at Newcastle. He suggested that a recommendation should go to the committee that no representative should be sent,

Mr. George Williams (general secretary of the Guild) pointed out that such a recommendation would be ultra vires, as the representatives were elected for three years, and it was for them to decide whether they would attend.

Mr. C. Willshire (one of the representatives) said the matter had been spoken about among the representatives, and he thought that not

more than one, if any, would go.

Mr. Williams gave an interesting account of the early peals of the Guild, which was formed in 1879. The first peal was rung at Guildford in December, 1881, but the second was not rung until January, 1884 at Separton. The gave details of the Guild. "Greek " are presented in peace of the country of the coun 1884, at Soberton. He gave details of the Guild's "firsts" in various methods, and introduced some touches of humour in describing the peal ringing experiences of those early days. With many of the incidents he was personally connected, and the members followed his narrative with interest.—At the close, he was accorded a hearty vote of thanks, on the motion of Mr. J. J. Jones.

A resolution was also carried to place on the minutes, the appreciation and admiration of the members at the successful performance of

Subsequently a convivial evening was enjoyed, some good songs and recitations being given by the Rev. G. Harding, Messrs. F. E. Dawe, T. Mack, W. Day, G. Elstone, T. White, E. Etheridge, S. Marshall, A. Bennett, etc.

BASINGSTOKE DISTRICT.

The annual meeting of the Basingstoke district, on Saturday, was very successful. In spite of threatening clouds, a goodly number assembled in the belfry, about 4 o'clock, when the belfs were at once set going in Triples, with a few six-scores thrown in for the benefit of the less advanced. At 5.30, a bright service was held in the church, and afterwards no less than 52 good ringers and true sat down to the excellent knife and fork tea, served so well by Mr. Philpott. Men came from Basingstoke, Andover, Oakley, Rotherwick, Overton, Dumer, Sherfield, Heckfield (who turned up in full force). Bramley and came from Basingstoke, Andover, Oakley, Rotherwick, Overton, Dummer, Sherfield, Heckfield (who turned up in full force), Bramley and Whitchurch, whilst several visitors honoured the feast. The Vicar, Dr. Boustead, presided, and said grace, after which the call was, "Go! Basingstoke Delight Caterers." This meal has the bread and butter and cake, the extent cach way after the ham, in the handstroke "eat'ems" position; and is now performed for the sixth year in succession at Basingstoke. As soon as "That is all "came up, the secretary proposed a very hearty voto of congratulation, supported by the President to Miss Alice White and Miss Eva Belcher upon the honour President, to Miss Alice White and Miss Eva Belcher, upon the honourable place they fitly hold as officers of the Ladies Guild. Both the

ladies were present, and their names were received with acclamation.

The business meeting was held in the Chapter Room of the Church Cottage, both that and the hall for the tea being put at the disposal Cottage, both that and the hall for the tea being put at the disposal of the Guild, through the courtesy of the Vicar.—Letters were read from the Master (the Rev. C. E. Matthews), and the general secretary (Mr. G. Williams) regretting that they could not be present.—The accounts showed a good estimated credit balance, but will not be completely made up until December 31st.—The Rev. Dr. Boustead was unanimously re-elected president; and the Rev. F. G. Hume, Miss Alice White, and Mr. H. White, were, by general consent, asked to carry on the offices of secretary, Central Committee representative and auditor respectively for the district.—A subscription list opened by Miss White the offices of secretary, Central Committee representative and auditor respectively for the district.—A subscription list, opened by Miss White for the ladies' peal board, received warm support.—After a few wise and cheering words from the President, and a vote of thanks to him for all he did for ringers, proposed by Mr. F. F. Dawe, an adjournment was made to the belfry, where some pretty touches of Grandsire and Stedman Triples and Doubles, and a plain course of Bob Major, filled up a pleasant and profitable evening until it was time to disperse, well satisfied and purposed to carry out in the various bands and belfries the hints on management, and the insight into ringing-method, gathered from the brotherly meeting and the combined practice.

THE C.E.M.S. PEAL AT DUDLEY.

To the Editor.

Dear Sir,—I was extremely pleased to see a letter from Mr. Herbert Sheppard, a brother member of the C.E.M.S., and I heartily congratulate him on having a band of C.E.M.S. ringers connected with his late him on having a band of C.E.M.S. ringers connected with his belfry. He will certainly be pleased to know, that in the belfry of St. George's, Wembdon, we have nine C.E.M.S. members who are ringers; in fact, nearly all the offices in the church are filled by members of the C.E.M.S. I should be glad to hear, through your journal, of other towers that are filled by members of the C.E.M.S. I know in many country parishes there are no branches of the C.E.M.S. I should, therefore, strongly advise those wishing to join, to communicate with the nearest branch and become members. In that way they will scope age a branch stayted in their own parish they will soon get a branch started in their own parish.

It may be of interest to some of your readers to know that the It may be of interest to some of your readers to know that the C.E.M.S. is over a quarter million strong. At the conference, held at Leeds, in October, where delegates met from all parts of the world, 1.130 presented themselves at the eight o'clock service at the Parish Church to receive the Sacrament, which was administered by the President of the C.E.M.S., the Archbishop of York, assisted by two Bishops and about twenty clergy.

What an inspiring sight it must have been to the men in the street, the state that the street of the men in the street, and the street of the

to see that our dear old church has members pledged to do some definite work for the church, and that they are not ashamed to confess Christ Crucified. The little badge that every member wears, no matter where he goes, brings him into touch with brothers. A short time ago, one of our brother members and a ringer thought he would like to seek his fortune in Canada. Immediately he got on board ship, the captain came up to him and shook him heartily by the hand. He said, "I see you are a member of the C.E.M.S.. you are my brother." He at once took an interest in him, placed him in the choir of his ship, and when he reached the other side, gave him all the information he required, and set him off with a hearty handshake, and doubtless prayed for him that night. I would implore all those who are in touch with a branch to join.

CLAIMS TO AUTHORSHIP.

MR. DAINS RETURNS TO THE CHARGE.

To the Editor.

Dear Sir,—On behalf of my two colleagues, Messrs. Pitstow and Hattersley, I will reply to the letter by Mr. G. Lindoff, published in your issue of the 22nd instant. At the outset of this, Mr. Lindoff omphatically denies that we have the slightest claim to any of his peals of Cambridge or London Royal. Our reply is that we still press our claim to the peals set out in our letter published in "The Ringing World," of the 9th instant, as being derived two of them from our World " of the 9th instant, as being derived, two of them, from our peals of Superlative, and which have been erroneously given over his

name as the author.

Mr. Lindoff next writes that he "obtained these peals in the ordinary way, etc., etc." But by a reference to our letter just mentioned, it will be seen we point a way of obtaining these peals by a much easier process.

Your correspondent then goes into some speculation which is not

much easier process.

Your correspondent then goes into some speculation which is not worth repeating or wasting paper on, but his next advice is so charming that I give it in full, viz.: "That two portions of their up to the present useless peals can be spliced together, by the addition of a bob makes not the slightest difference to me. It is nothing fresh for one bob to dominate a peal."

The reply to this elaboration is that this one bob makes all the difference to him, for herein lies the gist of the whole question, as by this statement he gives his own case away entirely, and while there is no time limit for correcting what, in Snowdon's time, was known as "peal snatching," we consider the present very suitable. The following is a case in point of this splicing. Many years ago, the late Mr. Henry Johnson, of Birmingham, discovered that a bob "before 'veould splice together two portions of Middleton's peal of Cambridge Surprise Major, and reduce the peal to that convenient ringable number 5056. Whose peal is this recognised as? Why, Mr. Gabriel Lindoff, you ought to know as well as any man, that by the unanimous accord of the whole Exercise this peal is always rung and given over the name of C. Middleton, the author of the original composition. In the face of such evidence as this, which is advertised almost weekly nowadays, if Mr. Lindoff continues to hang on to his fabulous claim, we ask can plagiarism go further? In reference to our peals being useless, let me say most of them will reduce to 5056, containing the 6th full extent R, by the use of a bob "before," and that mine has thus been rung.

Mr. Lindoff concludes by telling us he has some half-dozen of such thus been rung.

thus been rung.

Mr. Lindoff concludes by telling us he has some half-dozen of such peals, hands off, etc. This is very interesting, and here I may say, on page 117 of the Central Council "Appendix," there are two peals of 6048 of Superlative, which will reduce to 14 courses, and thus give a first-class peal of New Cambridge Surprise Royal, with the 6th full extent R. Now, very curiously, these, together with the four given in our joint letter, also make up half-a-dozen, and the inference to be drawn here is rather ominous.—Yours truly,

THE CENTRAL NORTHANTS ASSOCIATION.

A quarterly meeting of the Kettering district was held at Desborough, on Saturday week, about 40 members being present from Kettering, Rothwell, Geddington, Isham, Cransley, Thorpe Malson, and Wellingborough, together with the local ringers.—Tea was provided in the Schoolroom, and was followed by the business meeting.

—The Rev. E. Copeman, vice-president, presided, supported by the Rev. J. A. Morley, of Rothwell; the Rev. J. Facott, Vicar of Desborough; the Rev. E. V. Cox, of Walsall, who with a friend had motored over; the general secretary (Mr. F. Wilford), and the district secretary (Mr. J. Stratford).

It was resolved to hold the next meeting at Isham.—The Vicar of Desborough, and his six ringers, were elected members, and a hearty vote of thanks was accorded the Vicar for the use of the bells, and to the ladies who had provided the tea.—Touches of Treble Bob and Plain Bob Minor, Stedman, Grandsire and Plain Bob Doubles, were

THRAPSTON DISTRICT.

A quarterly meeting of the Thrapston district was held at Great Addington, on Saturday last.—Touches of Treble Bob, Double Oxford, Double Court, and Plain Bob Minor, Stedman and Grandsire Doubles were rung during the afternoon and evening on this fine peal of six bells, and subsequently an admirably served tea at the village im was thoroughly enjoyed, over 40 members being present from Raunds, Thrapston, Islip, Twywell, Woodford, Cranford, Burton Latimer, Irthlingborough, Denford, Cransley, and the local tower. — A short business meeting was presided over by the Rector (the Rev. F. Watson), supported by the general secretary and the district secretary (Mr. F. Stubbs).—It was decided to hold the next meeting at Lowick.—The Rev. F. Watson was elected an hon. member, and a hearty vote of thanks was accorded to the Rector for the use of the bells, also to those who had made the necessary arrangements.—The Rector suitably responded. responded.

THE BEDFORDSHIRE ASSOCIATION.

THE BEDFORDSHIRE ASSOCIATION.

The monthly practice meeting of the Biggleswade and district members of the Beds. Association was held at the tower of Arlesey Parish Church, and some twelve ringers assembled, from Hitchin, Great Wymondley, Clifton, Biggleswade, and St. Neots. Change ringing in various methods was indulged in, including 720 of Cambridge Surprise Minor, by: C. A. Pratt (Clifton), this being his first 720 in that method, G. Hare. G. Woolfe, and John Hare (Hitchin), G. Croft (Great Wymondley), and F. Blood (Biggleswade, conductor). This is believed to be the first in the method rung on Arlesey bells. Other touches included Westminster Surprise, Merchant's Return, and several 120's of Stedman Doubles. The ringers wish to take this opportunity of thanking the Vicar of Arlesey (the Rev. G. J. Mayhew) for kindly granting them the use of the Parish Church bells. The visit caused considerable interest in the village, as change ringing is only heard there at rare intervals. The tower contains six good bells, and the hope is expressed that a number of the younger ringers will join the Beds. Change Ringers' Association, and take up this fascinating development of their art.

PROGRESS AT BIGGLESWADE.

PROGRESS AT BIGGLESWADE.

Excellent progress by the new band at Biggleswade was reported at the annual meeting by Mr. F. Blood, the hon. secretary. The bells were opened on Whit-Sunday, and since that time Mr. Blood, with the assistance of Mr. C. A. Pratt, of Clifton, has got together a new band, who are now able to ring the bells when required, and have already commenced to master the art of change ringing. Although the old band gave in their names, none of them came forward to ring the bells, and Mr. Blood was compelled to go forward with the material he had at hand. The society was formed with twelve full members, and seven probationers at the time the old peal of five were recast and three trebles added. and three trebles added.

and three trebles added,

The following officers were elected at the annual meeting: President,
Rev. R. S. Bagshaw; captain, Mr. F. Blood; vice-captain, Mr. E.
Hussey; hon. secretary, Mr. H. Rowlett, while Messrs. F. Thompson
and E. Stratton were elected to act with the foregoing officers on the
committee.—A vote of thanks were accorded to Mr. Blood and Mr. C.
Pratt for their services.

The new peal of bells which came from the Croydon foundry has been much admired by all who have heard them, and visiting ringers will be heartily welcome on Sundays at 10.15 and 5.30, and Thursdays at 7.30 p.m.

DEATH OF MR. TAYLOR, LEISTON.

It is with deep regret we announce the death of William Taylor, of Leiston, the sad event taking place on Sunday, November 17th. The deceased was in his 79th year, and had been suffering for some considerable time from Bright's disease, so that his death was not un-

expected.

He was buried on Thursday, the 21st inst., members of the Leiston company acting as bearers. In the evening a muffled peal of Kent Major was rung on St. Margaret's bells, the particulars of which will be found in our peal columns. The deceased some years ago had asked that a muffled peal in this method should be rung at his death, and it was fitting that this should be done on the bells at Leiston—a town in which he had spent the greater part of his life, and in and it was fitting that this should be done on the bells at Leiston—a town in which he had spent the greater part of his life, and in which his ringing interests had been so bound up. His last peal—one of Kent Major—was rung on October 13th, 1906, at Southwold where he was then living, and marked the 50th anniversary of his marriage. It was a peal by his friend, Gabriel Lindoff, and the same composition was rung for the muffled peal on Thursday last. In the Norwich Report for 1906, the following note was added to this "Golden Wedding" peal—"A performance such as this is so rare, if it is not actually unique, that hearty congratulations are due to Mr. Taylor, not only for being able to record fifty years of married life, but also that his health and strength allowed him to stand in a 5000 on such an auspicious anniversary."

an auspicious anniversary."

William Taylor was a quiet, unassuming man—a staunch friend, and without an enemy. He had known the old Minor five at Leiston, and in 1885 saw the present eight put in by Messrs. Taylor. Ever since that time he had taken a keen interest in the progress of the since that time he had taken a keen interest in the progress of the since that time he had taken a keen interest in the progress of the since that time he had taken a keen interest in the progress of the since that time he had taken a keen interest in the progress of the since members of the Leiston company, and was intensely proud of their successes of recent years. He was a District Secretary of the Norwich Association, from 1889 to 1894, and a member of the committee from 1904. In addition he was a member of the Kent, Ely and North 1904. In addition he was a member of the Rent, ray and North Lincolnshire Associations, and of the Royal Cumberland and Waterloo-Societies. His 41 peals were made up thus: Bob Triples 1, Grandsire Triples 3, Bob Major 8, Oxford Major 4, Kent Major 23, Double Norwich 1, Bob Royal 1. One of these was a "William" peal—the

Norwich I, Bob Royal I. One of these was a "Wilham" peal—the first of Treble Bob rung by a band all of the same Christian name. We can ill-spare men of the stamp of William Taylor—men who by example and precept do untold good in their day and generation, and that, too, away from the glare of the lime-light and the blare of trumpets. May his mantle fall on worthy shoulders!—C.E.B.

OXFORD DIOCESAN GUILD TOUR.

(Continued from page 358). [By W. H. F.]

So far, so good; we were faring indeed very well, taking everything into consideration, and on arrival at Faringdon, a busy agricultural town of antiquarian interest, we dismissed our jobmaster Midwinter, his presence being at variance with our requirements and the season of the year we were now enjoying. The Salutation Hotel received us at short notice, but, thanks to Mr and Mrs. J. Cole, we found a hot supper, a warm bed, and an early breakfast, in order to get away by the first train in the morning. Mr. Churchwarden Charles Luker met us at the Parish Church, and showed us matters of great interest in and about the building, details of which he appears to have stored away in his mind, like Holt's Original, including a beautiful Norman door on the north side, and a large cannon ball set up the ramp of one of the buttresses. "Near this place lies the remains of Mr. John Beckley, formerly surgeon in H.M. Navy, who, in an engagement off the West Coast of Portugal, on the 17th August, 1739, had his right leg shot So far, so good; we were faring indeed very well, taking everything

STRUCTURAL DIFFICULTIES.

Last, but not least, he also kindly showed us the way up to the ringing room, the first stage consisting of a vertical climb of about 13ft. up the face of the S.W. pier of the tower, by means of an iron ladder. The church is cruciform in plan, and has a low, square central tower with lofty arches on the ground floor, opening in each of the four cardinal directions. The ladder is secured to the wall similar to the fire escapes to be seen at the rear of many tall buildings in London, and at the top is an iron bar for holding on to, while you step through a small stone doorway and landing that again leads to a short circular stairs to the belfry. If anything, this access was more inconvenient than similar ladders to be found at East Meon, Rotherham, or All Saints', Sheffield.

Having at last reached the belfry (one of our number absolutely refused to try), we shaped ourselves, peal fashion, actually attempting a peal of Bob Major, our conductor carefully tucking in a piece of soft material among the strands at the rope end of the tenor, as is usual with him, but on the present occasion, with a more determined look

material among the strands at the rope end of the tenor, as is usual with him, but on the present occasion, with a more determined look upon his face. Half-an-hours ringing convinced us that a holiday band in particular ought not to undertake a peal under such a combination of adverse circumstances, as was found here. Points of interest, and a description of the interior will appear later, with a drawing of this belfry taken on the spot. After a touch or two, we soon lowered the bells and thanked the Sexton, our party spending a final salubrious evening together at the Salutation, during which the following facts were gleaned. The first peal on the bells was rung after their restoration in 1874, Grandsire Triples, by members of the Appleton Society, G. Holifield, senr., and H. Woodward, taking part in it. One of the band who took part in this opening had a deformed foot, which prevented his walking freely. He, however, managed to get up into the belfry, but after the peal he couldn't get down, the rest of the team lowering him to the floor of the church by means of one of the bell ropes. The second peal, again Grandsire, was conducted by Mr. Holifield, senr., and the last peal, Stedman Triples, by the late Rev. F. E. Robinson.
