OXFORD GUILD 'PASSIVE RESISTERS.'

It is strange to read of the action, reported last week, of certain members of the Oxford Guild in taking up a line of passive resistance by withholding subscriptions because the annual festival is always held at Oxford. This is the first time in ringing affairs that we have heard of the adoption of such an attitude in an endeavour to achieve the desire of a section of the members, and, in our opinion, the policy is a dangerous one. It is likely to lead to the disintegration of any society, and, in any event, the logical result must be that the dissatisfied ringers, if they continue to refuse to pay their subscriptions, will eventually allow their membership to lapse—and the place of the annual festival will cease to be their concern at all.

Questions such at that which seems to be disturbing the Oxford Guild must of necessity be settled by the majority of the members who attend the annual meeting, at which every member has the right to be present and vote. We know the argument that is likely to be raised against this; that when the meeting is always held in one centre, those who reside in the distant places are already handicapped in getting such an arrangement altered, because the smaller numbers who can attend from these areas are outvoted by those who have the meeting in their midst. It has to be admitted that there is a very real disadvantage here. But the Oxford Guild has some very live and admirably managed branches, and if there is a really general desire for a 'movable' festival, strongly backed resolutions from these districts would, we have no doubt, carry weight-certainly they would have far greater influence than any policy of passive resistance.

Many Associations adhere to the plan of holding their annual meetings in different places, and usually the scheme works very well, the great points in favour of this scheme being that it brings the principal meeting of the year to the very door, almost, of all the members in turn, and in this way does something to stir up interest and enthusiasm in districts where there may otherwise be little to stimulate them. The Oxford Diocese seems one peculiarly fitted for the application of this arrangement, and formerly adopted it, for there are portions of the diocese, particularly North Bucks, from which Oxford is almost inaccessible for such a gathering as the Guild festival. While the City is, indeed, the centre of diocesan church life, it must be remembered that the men who make up the ringing Guild are not for the most part men of means or leisure, and a journey from the outlying portions of the diocese to the Cathedral is a

BELLS! BELLS! BELLS!

Let the Music of the Bells celebrate Peace.

Messrs. CHARLES CARR, Ltd.

The OLD-ESTABLISHED firm of Bellfounders,

are now prepared to execute orders for all kinds of Bells, singly or in rings. Their foundry is equipped with every modern appliance for the manufacture of Bells of any size, weight or note, all their Bells being moulded and cast on scientific principles; while their knowledge of the 'Chemistry of Metals' enables them to produce that fine quality of Tone so much desired by all lovers of Bell Music.

In their finishing and fitting shops they have installed the most 'up-to-date' Tools and Machinery for the making of Bell Frames and Fittings, so that they are in a position to carry out the complete installation of Peals of Bells for Churches, or Sets of Chimes for Public Clocks, etc.

SPECIAL ATTENTION GIVEN TO THE RECASTING AND REHANGING OF EXISTING PEALS.

Orders may be placed now for delivery at a future date to suit the convenience of clients.

drain upon the resources of time and money which only few are able to stand. It seems, therefore, only equiable that the venue of the festival should be moved to the various districts in turn. All the same, the action which has been taken of withholding subscriptions is not, in our view, either right or best calculated to achieve the object which it is hoped to attain. Constitutional methods are wisest in the long run, and in this case 'passive resistance,' if persisted in, must eventually put the protestors out of court.

CLEVELAND AND NORTH YORKSHIRE ASSOCIATION.

EASTER MEETING AT CATTERICK.

The Easter Monday meeting was held at Catterick Bridge, ringers attending from Richmond, Middlesbrough, Marske, Saltburn, Ripon, Tadcaster, West Hartlepool, Darlington St. John, Darlington Holy Trinity, and Shildon. The peal of eight bells was kept going from 10 a.m. until about 7 p.m. to the tune of Grandsire Doubles, Bob Minor, Kent Minor, Grandsire and Stedman Triples, Bob Major, Kent Treble Bob Double Norwich and Superlative Surprise Major. Dinner was provided at the Oak Tree Inn. 40 ringers doing ample justice to the good old English fare, which included roast beef and Yorkshire pudding.

No business is transacted at this meeting, except the acceptance of new members, as it is considered a day of enjoyment for the

ance of new members, as it is considered a day of enjoyment for the meeting of old friends, of whom there was a good number who talked over what had been done in years gone by, and the pro-

spects of the future.

During the afternoon several ringers visited the beautiful little village of Bolton-on-Swale, where there is a peal of six bells, which were set going to Grandsire and Stedman Doubles, Bob Minor, Kent and Oxford Treble Bob Minor. Everyone had a most enjoyable day so far as ringing was concerned, but the weather seemed to have laid itself out to make it as uncomfortable as it could possibly be, for rain fell almost the whole day. Ringers, however, can generally make themselves happy, even if the weather is not 'up to the mark,' and this occasion was no exception to the rule.

DURHAM AND NEWCASTLE ASSOCIATION.

IMPRESSIVE CEREMONY AT NEWCASTLE CATHEDRAL.

To the Glory of God and in honoured memory of the members whom we bless for their unselfish Sacrifice in giving their lives in the Great War, this tablet was erected by the Durham and Newcastle Diocesan Association of Change Ringers.

Thus runs the superscription upon the tablet, containing the names of 41 members of the Durham and Newcastle Diocesan Association, unveiled at an impressive service in Newcastle Cathedral on April

Tth.

The service commenced with the hymn, 'God of the living, in whose eyes,' followed by an address by the Vicar of Newcastle (Canon G. Newsom, M.A.), who said many of those present that day were thinking with molancholy pride of their dead comrades, who, though hating war, stood forward to offer themselves when the call came. That was a great deed; and without them, and others like them, the world might have become a hopeless place.

After a few prayers, said by the Vicar, a special hymn for ringers, composed by Mrs. W. Pennington-Bickford. 'Father! King Immortal!' was sung kneeling. During the next hymn. 'O valiant hearts, who to your glory came,' the choir clergy, relatives of the fallen, and congregation, proceeded to the memorial, which is placed on the west side of the south-east pier of the tower facing the belfry door.

door.
Canon E Williams (Vicar of Bamburgh), in unveiling the memorial (which is surmounted by the arms of the two dioceses, enamelled in colours, and has a decorative scroll as a border ornamented with bells), said he deemed it a great honour and high privilege to be permitted to do so. He owed the honour not only to the fact that he took a keen interest in change ringing, but also to the fact that he represented the belfry which had been the hardest hit in the two counties. They had lost six ringers out of the eight who had joined up, and one of the six was in Holy Orders. They were all men of promise whom they could ill spare, the two counties. They had lost six ringers out of the eight who had joined up, and one of the six was in Holy Orders. They were all men of promise whom they could ill spare.

Tho dedication prayer by the Vicar of Newcastle followed, and a wreath in the shape of a bell was then placed at the foot of the memorial by Mr. W. Story, president of the Durham and Newcastle Association, followed by other wreaths from relations and friends of the fallen. A course of Stedman Caters on handbells was then rung as a tribute to the fallen by five members from St. Paul's Parish Church Whitley Bay.

of the fallen. A course of Stedman Caters on handbells was then rung as a tribute to the fallen by five members from St. Paul's Parish Church. Whitley Bay.

During the hymn, 'Let saints on earth in concert sing,' the choir, clergy and congregation returned to their places. The Blessing, pronounced by the Vicar, brought the service to a close.

The clergy in robes included Canon G. Newsom, M.A., Vicar of Newcastle: Canon E. Williams, M.A., Vicar of Bamburgh; Canon A. Boot, M.A. Vicar of St. George's. Jesmond; Canon H. S. Stephenson, M.A., Rector of Gateshead. The association is very much indebted to all friends at the Cathedral for doing everything possible to make the service of unveiling a success; the Vicar for his help in drawing up the form of service and advice in many other matters, and for conducting the service; Mr. Ellis, the Cathedral organist, and the choir for so ungrudgingly giviting up the Saturday afternoon. The services of the organist and choir added greatly to the service. Thanks are also due to Canon E. Williams for unveiling the association, and Mr. R. Thompson, the senior verger for his painstaking help in many ways.

The Cathedral bells were rung half-muffled until 2.50, when the whole pull and stand was rung until 2.57. Then the tenor was tolled until three o'clock, the hour of the service. There was more ringing after the service at the Cathedral and at St. Mary's, Gateshoad.

If any relative of the fallen who was not able to be at the service would like a copy of the form of service (which has a prim of the memorial on the front page) they can have one by sending a large stamped envelope to the hon, secretary.

There were about 200 relations, ringers and friends at the service which will not readily be forgotten by those who were present.

NEWMARKET'S NEW TENOR.

COMPLETION OF A TWENTY YEARS OLD SCHEME.

About twenty years ago the five bells at St. Mary's Church, Newmarket, having become unsafe for ringing were rehung in a new iron frame on steel supporting girders, and the 3rd bell recast, Messrs. Taylor and Co. doing the work.

It was hoped at that time that sufficient funds would be forthcoming to carry out the suggestion of Mr. F. C. Turner (hon, treasurer of the Ely Diocesan Association, and of the Bell Restoration Committee) that a new tenor bell should be added to make the ring of five, which were in the minor key into a major six. This unfortunately did not materialise, but the committee agreed to have the frame constructed to carry six bells, and a new tenor added when funds would permit. when funds would permit.
Subsequently other work in the church intervened, and the matter

dropped for the time being, but the idea was not allowed to b lost sight of. Since the end of the great war, when prices of metal were coming down, the matter was again taken up, and last November a meeting of the Parochial Church Council was held to consider estimates from various firms, when it was decided to accept the tender of Messrs. Taylor, of the famous Loughborough foundry, and the order was duly given.

The new bell arrived recently, and is a magnificent specimen of the bellfounder's art. Its weight is 21 cwt. 14 lb., and note E flat, and it transfers the dispersion of the property of the residual control of the second of the property of the residual control of the property of the prop

The hanging, which is on ball bearings, was completed in four days by Messrs. Taylor's bellhanger, and the bell was rung up and tested by Mr. Turner, who expressed complete satisfaction both with the ease of ringing, and also to the grand, full and mellow tone it gave out. On the occasion of the dedication, the old five bells were rung before the service. The clergy, consisting of the Ven. W. T. Farmiloe (Archdeacon of Sudbury), the Rev. J. Prankerd (Rector), and the Rev. E. A. Gray, proceeded to the ringing chamber, which is on the ground floor, and open to the church. Here the Archdeacon repeated the dedication prayers, and a few rounds ber, which is on the ground floor, and open to the church. Here the Archdeacon repeated the dedication prayers, and a few rounds were rung on the six bells as the clergy returned to the chancel. Psalm 150 was then sung, and the hymn, "We love the place, O God." The Archdeacon preached from the text Numbers x. 2. "Make thee two trumpets of silver," and in the course of his remarks, said he felt it was not only a pleasure, but a privilege to be permitted to take part in that service, because he knew it meant the crowning of many years of work given, he was sure, in a spirit of love and faith for the greater glory of God.

The hymn, ' Hark, hark, my soul,' was then sung, and the ser-

The hymn, 'Hark, hark, my soul,' was then sung, and the service concluded by the Archdeacon pronouncing the Blessing.

After the service, several touches of Grandsire Doubles and Bob Minor were rung by the local ringers, many of the congregation staying to watch whilst ofhers went outside to hear the effect of the new bell and the vast improvement it has made to the peal, the general opinion, which was freely expressed, being one of praise for the grand tone of the new bell. RETUNING OF BELLS.

A number of replies have been received to the letter of 'Seeker after Facts,' who made inquiries with regard to the retuning of bells; they have been forwarded to our correspondent, as they are too numerous to publish,

The consensus of opinion expressed in these letters is that any really had bells should be recast, but that if the bells are of fairly good tone the old method of tuning properly applied would give

Up to the present, we understand, no notices of motion have been received by the hon, secretary of the Central Council for the Salisbury meeting. The last date for sending these in is April 21st, so

bury meeting. The last date for sending these in is April 21st so there is not much time to lose.

We understand that Mr. and Mrs. A. D. Barker have resigned their positions as hon, secretary and assistant hon, secretary, respectively, of the London County Association.

An ebony walking stick, suitably inscribed, has been presented to Mr. J. W. Foster, of St. Cuthhert's, Benfield, in recognition of his having completed fifty years as a ringer at that church.

Two records, both of which still stand, were made on April 22nd. In 1889, the Gloucester and Bristol Association rang the 15,227 Grandsire Caters at Cheltenham, and in 1922 the Oxford Guild and College Youths rang the 21,363 Stedman Caters at Appleton.

At Otley, in Suffolk, on April 22nd, 1895, what was believed to be the first 'family' peal on handbells was rung, viz., seven 720's of Minor by Miss Constance Meadows (aged 14), Frederick Meadows (aged 15), conductor, and Sidney Meadows (aged 18).

On April 24th, 1896, a 10,400 Kent Treble Bob Major was rung at Shipley.

Ringers will join in congratulating Mr. William Rock Small, the Tipton veteran, upon his 84th birthday, which he will celebrate on Sunday. He was born on April 29th, 1839, at Wednesbury,
Poorly attended bell-ringing practices at Linslade (Bucks) were (according to a London newspaper) attributed at a Parochial Church Council meeting to some of the ringers having to remain at home to mind the children while their wives went to the Women's Institute!

An appeal is to be made to the whole diocese of Oxford for help in raising a fund of £1,000 for the restoration of the tower of High Wycombe Parish Church, known as the 'Cathedral of Bucks.' The tower contains the only peal of twelve bells in the county.

LONG PEAL ATTEMPT.

An attempt for 12.8% Cambridge Surprise Major will be made at Stoney Stanton, Leicestershire, on Saturday, April 28th. Ringing to commence at 1.30 p.m. prompt.

'PRINCESS MARY' SURPRISE ROYAL.

The first peal of Mr. Arthur Craven's method, 'Princess Mary' Surprise Royal, was rung on Saturday at Leicester. The figures of the method appeared in 'The Ringing World' on March 3rd, 1922. It should be noted that the lead end is 1573920486, and not as published.

After the peal had been rung it was decided to publish it under the name given it by the author, althought the ringers think a more suitable name might have been found for it.

LINCOLN DIOCESAN GUILD.

The quarterly meeting of the Eastern Branch was held at Swineshead on Saturday. Ringing commenced about 3 p.m., and was continued to 4.30, when a short service, conducted by the Vicar (the Rev. A. O. Hayes), was held, Immediately afterwards the members and friends sat down to a splendid 'knife and fork tea,' generously provided by the Vicar, churchwardens and Church Council.

The usual business meeting presided over by the Vicar, in the absence of the president, followed. Mr. W. Lakin, junr., of Benington, was elected to the office of Ringing Master of the branch, in succession to Mr. A. H. Falmer, whose resignation was accepted with regret.

After the meeting the tower was again visited, and the methods rung included Grandsire and Stedman Triples, Plain Bob and Kent Treble Bob Major. During the evening a band which had been to Ewerby but had been unsuccessful in an attempt to ring a peal of Cambridge Surprise Royal, joined the party. Among the band were the Rev. H. Law James (Ringing Master of the Guild), the Rev. E. Bankes James and Mr. W. H. J. Hooton Cambridge University Guild. After their arrival touches of Cambridge Surprise Major and Double Norwich Major were brought round.

THE ROYAL VISIT TO CIRENCESTER.

On the occasion of the visit of their Majesties the King and Quees to open the Royal Agricultural College at Cirencester. Glos., on Thursday, April 12th, the following touches were rung at the Parish Church: On their arrival: 504 Grandsire Caters: E. Edwards I, A. Parsons 2, F. W. Bond 3, W. G. Cook 4, J. C. Eden 5, W. 'TWO IN A DAY.'

Sir,-While heartily congratulating Miss Rose A. Bell on her feat Sir,—While heartily congratulating Miss Rose A. Bell on her feat of ringing two peals in one day—and this is more remarkable as one of them was her first peal—your remarks in 'Belfry Gossip' auent the Leicester lady who did similarly, but one was false, does scant justice. My daughter Hilda, at the age of 14, rang four peals in three days, concluding with two in one day of Stedman Caters and Double Norwich. Both peals were accomplished within 7½ hours, and I have yet to read of youth of either sex equalling this performance. Months afterwards, the composition of the Stedman Caters proved to be false, but that does not invalidate the practical part of the ringing. You cannot put back time and say what has been has never been, and there is no reflection on the practical part of the ringing. You cannot put back time and say what has been has never been, and there is no reflection on the ringers in a peal because of the fault of the composer. The fact remains, whatever technical error there may be in the composition. Because the winner of a race discovers that the prize is a dud, it does not disqualify him or rob him of the fact that he accomplished what he set out to perform. Of course, I am naturally interested in this, and have no intention of forgetting it. What a Gilbertian situation would be caused if a band rang a long length of Minor What a Gilbertian

situation would be caused if a band rang a long length of Minor and claimed the record! You could not deny it, yet of every 5,000 of Minor over 4,000 are false! I may add, apart from the above, that on August 3rd, 1914. I rang two peals of Superlative and Double Norwich for the Central Northants Association, in which Miss Evelyn Steel, of Bedford, took part.—Yours truly, W. WILLSON.

Dear Sir,—While heartily congratulating Miss Rose A. Bell on her performance on Easter Monday, she is not the first lady fo ring two peals in one day. Miss Phyllis Hare and Miss Elsie Brandon, of Peterborough, both rang in two peals: A peal of Minor at Burton-upon-Stather, and Bob Major at Barton-on-Humber, Lincs, on Nov. 12th, 1921.—Miss K. A. Jutson of Peterborough, rang in two (one not tower and one on handbells) on July 31st, 1920.—Yours sincerely,

RUPERT RICHARDSON. RUPERT RICHARDSON. cerely,

Dear Sir,—On Monday, August 3rd, 1914, Miss E. Steele, of Bedford, rang two peals: Double Norwich at Finedon, and Superlative at Irthlingborough. She was the first lady to ring two peals in one day.—Yours truly, W. PERKINS.

NEW PEAL OF SIX AT EASTRINGTON.
THANKSGIVING MEMORIAL DEDICATED.
The new ring of six bells at the Parish Church, Eastrington, Yorks, was dedicated on Easter Monday, by the Bishop of Hull. The bells form a unique memorial, inasmuch as they have been provided as a thanksgiving for the safe return of men from the parish who served

in the late war,
The new bells have been recast from three ancient bells which The new bells have been recast from three ancient bells which formerly existed, and dated back to the 15th and 16th centuries. The work has been carried out by the famous firm of Messrs. Gillett and Johnston, of Croydon. An entirely new steel and iron frame has also been provided, and the bells are hung on ball bearings in the latest and most scientific method. They are tuned on the five-tone Simpson principle, in the key of C.

A large number of visitors attended from Howden, and the surrounding villages, and extra seating accommodation had to be provided. The service throughout was of a most impressive character. Following the Rishop's sermon the choir and clergy proceeded to

vided. The service throughout was of a most impressive character. Following the Bishop's sermon, the choir and clergy proceeded to the west end of the church to the singing of 'Angel voices ever ringing.' The congregation turned towards the tower, and the Bishop, after being called upon by the Vicar, offered suitable prayers and solemnly dedicated the bells 'to the glory of God and for the benefit of His church and as a thanksgiving for the return of them them the range who are required in the way.

of men from this parish who served in the war.'

After a brief silence the bells rang out a short peal.

Further prayers by the Bishop followed, and the procession reformed, and returned to the chancel during the singing of the hymn.

'Fling ye bells, your songs to heaven.' The Te Deum was sumimmediately before the Blessing, which was pronounced by the

In the course of his sermon the Bishop said the parishioners of Eastrington had carried out a memorial in a most appropriate manner, and one which he feared was often forgotten. At the eastend of the church they had erected over the altar a memorial to those who had fallen in the war, and now at the west end of the church they had a memorial for all time for the men who returned safely from the war. Nothing could be more appropriate, Thanksgiving was a thing they should always remember. No one could say it was chance or luck when one man was taken and his brother left, and if God had spared a man's life it meant that He had some work for that man to do on His behalf. When they heard

the bells ring as a call to the church services they should remember it was a call to each one of them, and not merely for someone else.

The bells were again rung after the service by the following Howden ringers: R. Smith, J. A. Sherburn, C. R. Smith, J. P. Powis, E. Philpot and J. Thompson.

Other ringers taking part were Messrs. J. W. Walker (Howden), W. A. Hudson, A. Hatfield, G. O. Terry (Hemingbrough), C. F. Johnston and A. J. Trappitt (of Messrs. Gillett and Johnston), G. H. Robinson (Derby), and W. Robbins (North Cave).

DOUBLE GRANDSIRE.

To the Editor.

Sir,-Mr. Hims is quite right in pointing out that the six-score of Double Grandsire Doubles in the C.C. Collection of Doubles, Minor and Triples is false, and I must apologise to the Exercise for the mistake. The fact is that Grandsire, Reverse Grandsire and Double Grandsire, Doubles and Caters all break the q set rule in their construction, so that you cannot arrange all the rows in plain courses. Triples is, however, different, and the three false rows which Mr. Hims gives, together with the handstroke lead of the treble, are all out of course; therefore, they cannot appear at the treble's back-stroke lead if you use Holt's singles, or reverse the rows after an ordinary single; that is, let the bell in the hunt go in front of the

In Doubles you can reverse the rows without singles, and in Double Grandsire the q set rule compels you to do so to get the extent which

YORKSHIRE ASSOCIATION.

A VISIT TO BRIDLINGTON.

A general meeting of the Yorkshire Association was held on Easter Monday at Bridlington, when some sixty members, drawn from a wide area, assembled. The magnificent peal of eight bells from a wide area, assembled. trom a wide area, assembled. The magnificent peal of eight holls (tenor 264 cwt.) were set going from 11 a.m. onward to a variety of methods, and the famous Loughborough Foundry had their reputation still further enhanced by the admiration of the visitors. The interior of the venerable Priory Church proved a source of great attraction, while the more Spartan enjoyment of sen bathing on a hiting cold day attracted the activities of some of the younger and more vigorous members.

The general meeting was held in the Priory Church Institute, the president (the Rev. C. C. Marshall) being supported by the principal officers of the association.

A hearty invitation was received to hold the next general meet-

A hearty invitation was received to hold the next general meeting at Otley in September, and this was gratefully accepted on the motion of Mr. G. B. Bolland, seconded by Mr. F. Cryer.

A vote of thanks to the Rector of Bridlington (the Rev. Canon Topham) for kindly granting the use of the bells, and to the local company for their kind efforts, was responded to by the reverend gentleman, who expressed his great gratification at hearing changes rung on the bells, and hoped that his own ringers would take up change ringing as a result of the meeting

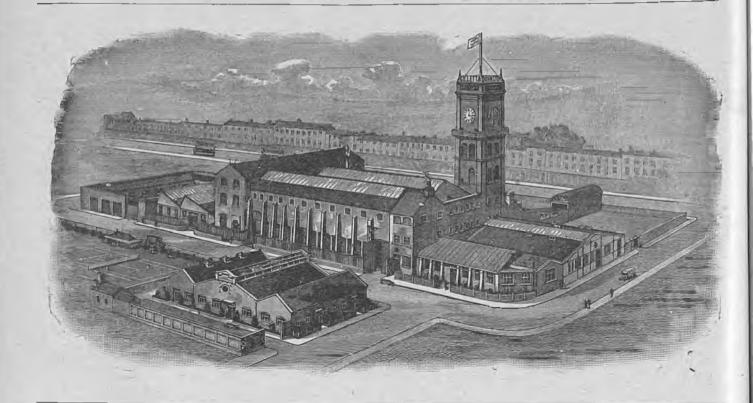

On the motion of the Chairman, seconded by Mr. P. J. Johnson,

Canon Topham was elected an hon, member of the association, as also was Mr. E. Lambert, a churchwarden, of Bridlington.

Tea followed at Marshall's Cafe, and who can describe the efforts of hungry ringers being defeated by a bountiful eaterer, in their attempts to create a famine in the town as a result of their visit? So ended a most pleasant meeting, the only regret being that the violent weather of the preceding two days, probably deterred many intending visitors from being present at the meeting.

MIDDLESEX COUNTY ASSOCIATION.

ANNUAL MEETING AT ST. GILES'-IN-THE-FIELDS.

One of the most successful annual general meetings in the history of the Middlesex County Association and London Diocesan Guild was held at St. Giles'-in-the-Fields, on Saturday, April 7th, when about 90 members attended, and enjoyed good ringing and excellent company. Divine service was held at 4.30 p.m., conducted by the Rector (the Rev. W. H. Davies). A stirring sermon was preached by the President of the Association (the Rev. F. R. Bonsey), who took for his text, St. John xiii. 13-17. Referring to the presentday neglect of public worship, which was a considerable worry to all church workers, he asked his hearers to consider the causes, all church workers, he asked his hearers to consider the causes, when, having found them, they would perhaps be able to find the remedy. If people were asked if they were Christians simply as a means of saving their souls they would probably say 'Yes,' but that was not true Christianity. Real Christianity moant a life of service to others. Christ never appealed to men to save themselves, but always to serve others. To so many Christianity was not the dominant factor in life, but only an afterthought, a thing for Sunday, and isolated from everyday life. The real purpose of Churchgoing and Communion did not end in ourselves but was a means going and Communion did not end in ourselves, but was a means to greater end by service to man, a furtherance of the Kingdom of God. This was true of all church work. It was necessary to eliminate self. The reason of a falling off in ringers was due to men taking up the work in a selfish way, without consecration. It was a sad thing that so many professing Christians never interpreted religion in such terms. Church to many is a formality, one of life's decent conventions; but it should be a means of curing the social vice. 'We should ask ourselves,' added the preacher. is our work real service for God? He is asking if you are helping to win the world for Him. Let us do our best to do it.'

Morid for film. Let us do our best to do it.³

After the service, an excellent tea was partaken of in the Church House, which was immediately followed by the business meeting. The Rev. F. R. Bonsey (president) was in the chair, supported by Messrs. F. A. Milne, J.P., and T. Beadle (vice-presidents), Wm. Pye (Master), C. T. Coles and W. H. Hollier (hon, secs.), G. B. Lucas and R. Holloway (District Masters), the Rev. W. H. Davies, and nearly 90 members.

nearly 90 members.

The President thanked the members for the great honour they had done him in electing him President of the Association. It was with a great deal of diffidence that he accepted the office, as he felt which a great dear of diffidence that he accepted the onice, as he felt himself to be unworthy. However, although he felt very small amongst such giants of the Exercise as they had present that day, he could ring a little, and always did ring with his own ringers ou Sundays. He felt it a great privilege to follow their late president. Mr. King, who was the best man the association ever had (applause). He started the association, and carried it on another the he was a man that it would be impossible to replace. He him, He started the association, and carried it on almost to to-day, and He

added that he would do his best to follow Mr. King's example.

Arising out of the minutes of the last annual meeting, it was Was re ported that plans for the erection of a memorial to the late president were nearing completion. The funds in hand amounted to £31 6s. 6d., the inscription for the tablet had been decided upon, and it was hoped that the work would be put in hand at an early date. At the request of the members present, a slight alteration was made in the inscription, and the plans generally were approved

BEST PEAL RINGING YEAR SINCE THE WAR.

The report and balance sheet were adopted the former being taken as read. After dealing with the life and work of the late President of the Association, especially in connection with his efforts on behalf of ringers generally, the report states that the peal record for 1922 was the best since the war. Sixty-seven peals were rung, 146 members taking part in them, an increase of eight peals and 13 ringers over the previous year. Seven members rang their first peals, and 53 their first peals in a new method, or on a different number of bells including 21 in Surprise methods. Amongst ent number of bells, including 21 in Surprise methods. Amoust the more noteworthy of these peals were three of Cambridge Surprise Maximus, one of which was rung at St. Mary-le-Bow, Cheap-side, a remarkable heavy-bell achievement in a difficult method. The first peal of Middlesex Surprise Royal ever rung was accomplished during the year, and the first peal of Grandsire Cinques rung by the association was performed on handbells, conducted by Mr. H. Pulling. The conductors of peals numbered 22. A largo number of quarter-peals were rung, no less than 161 being recorded, and it was mentioned that Ealing (St. Mary's), Isleworth and Actor led the way in this very satisfactory feature of Sunday Service ringing with 27, 24 and 23 quarter-peaks respectively. During the year 5. new members were elected, including the St. Mary's, Twickenham band, and the total membership is now 684

The balance sheet showed a credit to the Central Fund of £16 17s. Ild., as against £17 8s. 5d. at the end of last year, but with a prospective considerable saving in the costs of the annual report, the the future was looked forward to with confidence.

The whole of the officers of the association were re-elected.

LIFE RINGING MEMBERS' SUBSCRIPTION REDUCED.

A recommendation made by the Central Committee that the subscription of life ringing members be reduced to 5s. was carried.—In proposing this, the Hon. Secretary (Mr. C. T. Coles) stated that the recommendation was not made because the higher subscription had been a failure; that not being the case. During the three years the higher subscription had been in operation the number of life members elected was quite up to the usual average, but it was thought that out-county ringers joining the association with the object of ringing a peal or two should have the benefit of the first step in reducing subscriptions. The committee only regretted that they could not yet recommend the reduction of all subscriptions.

Mr. Wm. Hewett, who stated that he was one of those who had objected to the raising of this particular subscription, seconded, and, as stated above the recommendation was carried.

District Rules I and 5 were altered, making it in order for the

members to elect district officers at the respective district annual meetings, instead of this being done by the district committees.

The action of the hon, secretary, in writing a letter of sympathy to Mrs. Shurtleff, daughter of the late Dr. Nichols, of Boston, U.S.A., on the sudden death of her father, was endorsed by the members standing in silence for a few moments.

1t was decided that the next annual general meeting should be

held at Fulham.

Hearty votes of thanks were accorded the Rev. W. H. Davies for his hospitality to the members of the association that day, and also his hospitality to the members of the association that day, and to Mrs. Davies and friends, who had so ably assisted at the tea tables. The former very suitably replied, stating that they felt honoured at the presence of so many members of the association. Thanks were also given to Canon Carnegie (St. Margaret's, Westmington) the Rev. W. Pennington Bickford (St. Clement Danes).

minster), the Rev. W. Pennington Bickford (St. Clement Danes), and the Rev. W. P. G. Sandwith (St. Bartholomew-the-Great) for placing their bells at the disposal of the members. It was to be greatly regretted that the Rector of St. Clement Danes had to withdraw his permission at the very last moment, owing to a serious

case of illness near the church,

case of illness near the church.

The ringing done during the day was of a very varied nature. Quite a large number of ringers visited St. Bartholomew's, and rang several 120's of Grandsire and Stedman Doubles on the Pre-Reformation peal of five and made an inspection of the very ancient church, with one exception the oldest in London. Other members took part in touches in several methods, including Cambridge and Bristol, at St. Giles' in the-Fields, whilst after the members took part in the several methods, including Cambridge and Bristol, at St. Giles' in the-Fields, whilst after the members are company visited St. Margaret's, Westminster, where Mr. W. Hewett had all in readiness, and rang touches of Grandsire and Stedman Caters, Treble Ten and Cambridge Surprise Royal.

A very pleasant meeting ended all too quickly.

LADIES' GUILD.

A quarterly meeting of the Southern District was held at Bramley, Surrey, on Saturday. Ringing started punctually at 3 o'clock and many touches, including Grandsire, Stedman, Plain Bob, Oxford Single Bob, Oxford, Kent and Woodbine, were brought home. The service was conducted by the Vicar (the Rev. Green), who gave the Guild a warm welcome.

Tea was thoroughly enjoyed at the Jolly Farmer, and then the business meeting was held. Miss D. E. Orlebar, of Tunbridge Wells, was elected a member, and Cranleigh decided on for the next meeting on July 14th, if possible,

Ringing was resumed and continued till 8 o'clock.

thoroughly appreciated the good ' go ' of the bells.

A SUNDERLAND CELEBRATION.

With reference to the peal rung at St. Ignatius, Sunderland, to commemorate the 25th anniversary of the opening of the first five bells it is a remarkable and interesting fact that three of the ringers (J. W. Parker, R. L. Patterson and G. S. Taylor) were members of the original band, and one (M. F. Harrison) has been a member since 1899.

After the peal the ringers and a few friends met at the residence of the captain (Mr. J. W. Parker) and presented him with a very fine rosewood clock as a mark of the esteem in which he is hold. The presentation was made by Mr. R. L. Patterson, and Mr. Parker feelingly thanked his fellow-ringers and friends for their kindness.

'TIRED' BELLS.

To the Editor.

Dear Editor, - Goode Mistress Peppery did exclaim with great gusto, when she handed me my weekly solace, the 'R.W.' 'There, Peppery, that will make you shout "I.P., I. Pooray." 'And it did, for ye letter from friend Irenæus Pistor hit at least a few of the for ye letter from friend fremous ristor hit at least a few of the nails plumb on their putes. I agree with him in toto. Abe Rudball, sure, was the clear candy where self-advertisement was concerned. Funny I never noticed it before, but I have taken Irenous Pistor's very excellent advice ' Ecce audi,' and just looked matters up a bit, and, according to the pages of the 'R.W.,' I find that the modern purveyors of the 'best ever ' are not above a bit of 'slopping.' Now, I know that ' beauty is in the eye of the beholder,' so Rudball for me, and just put a recurring shot after the evestriker, please Mr. me, and just put a recurring spot after the eyestriker, please Mr. Editor. I really must tender my apologies to friend Ireneus Pistor for being so remiss as not to have noticed that the Rudhalls are as extinct as the Dodo, and that we can't have any more of their fabrications, but I still have just enough ineffaceable cohesive attrac-Table and repulsion in my whelkish ruminating box to realise that if Iremens Pistor and others have their way we are not even to be allowed to have any like unto ye fabrications of 'ABE,' slopped over though they may have been. Verb. sap.

Pistor, my friend, an ye keep booming Simpson's best. I fear me they will get as tired as Rudhalls. I was at the opening of a much lauded Simpson peal some time ago, and while basking in the sun on a hillside listening to some really fine Stedman, I remarked to a cleric who sat near. 'By yon bonnie banks and by yon bonnie braes,' He snapped, 'Yes—the 'brays' are there, sure enough.'

Irenews, ye bell has become tired when hys clapper no more re-

Irenesus, ye bell has become tired when hys clapper no more re-bounds as of yore, and ye sound produced is as ye sound produced by a stone on an anchor (unchors, by the way, are things whelks nest among), and ye chief factor to cause ye feeling of lassitude in ye bell is hys own shape as a casting. Any easting which is cylindrical is always in a state of tension, and through the course of time the multitude of small cells of which the metal, as a casting, is composed become worn out through sustaining the aforesaid tension. My friend Irenzeus must excuse me for pointing out that there is no restora-tive for tired metal, 'it must be born again.' I have always been of the opinion that the Loughborough ten are a really fine ten, but why don't all founders put up some better ones and then try to do better don't all founders put up some better ones and then try to do still? And not try to make use believe that the various rings they put on to our backs are the Alpha and Omega, when we know they are not even as good as the Loughborough ten.—Yours resiliently, ONCE A BEGINNER.
