THE 18½ TON RINGING BELL,
the Bourdon of the Carillon of 64 Bells, about to be installed at
RIVERSIDE CHURCH, New York, U.S.A.

PEALS OF MINOR.

We are very glad to see a member of the Methods Committee publicly discouraging peals of Plain Minor rung on the lines of a recent one at Isham, which was arranged with two singles only. In this form it may be a novelty, but it cannot be claimed as advancing the standard of peal ringing; indeed, it is just the reverse, and, in our opinion, a retrograde step. It is exactly one of the developments which, during the controversy on the Methods Committee's report last year, we pointed out would be led up to by admitting into a peal of Minor anything but true and complete 720's, or anything but true and complete 120's in a peal of Doubles. In fact, we quoted an exactly parallel case of Doubles in which, if repetitions are to be admitted before the completion of any extent, 5040 Grandsire Doubles with only two singles would have to be recognised as a peal.

It is the logical outcome of what we called 'tampering with truth,' and once you break the rule which requires each 720 (or 120) to be complete, however desirable may be the immediate end in view, you cannot decline to recognise any absurdity which a conductor may think fit to call a peal, so long as each row occurs not more than seven times in a 5040 of Minor or more than 42 times in a 5040 of Doubles. Mr. Trollope may object to the form of the Isham peal for reasons totally different to our own—he does not tell us on what grounds he thinks it is undesirable and therefore to be discouraged—but it is a good thing to find a member of the Methods Committee taking the first opportunity strongly to discourage 'freak' arrangements of this kind.

Nothing in the recognised standards of peal ringing is binding upon anybody, but the tendency in these days ought to be to raise them and not to open the door to the lowering of them. There may be some who would argue that the Isham peal is not retrogressive; but if such arrangements became accepted in general practice, why should not 5040 of Bob Minor be rung with only two singles, and if the one is to be recognised, why should not the other be? The Exercise has spent more than two and a half centuries in trying to build up a standard; ringing in these days has reached a stage when peals on the higher levels are 'cheap,' and anything which may tend to lower the qualification for any performance to be given the dignity of a 'peal' should be sternly rejected. There will probably always be people with strange notions of their own as to what they would call a 'peal,' but that does not make it necessary that the Exercise should recognise them, and, if the Exercise refuses recognition, such things will quickly cease to be practised.

PROGRESS AT NETTLEBED.

On a recent Wednesday evening a visit was paid to the village of Nettlebed, Oxon, by the Master of the Guild (Rev. C. W. O. Jenkyn) and Mr. R. T. Hibbert. Great progress has been made in this tower since Mr. J. Smith went there to reside. Grandsire Doubles were rung by several resident ringers, and a 720 Bob Minor by R. T. Hibbert 1, H. Hope 2, T. Cobb 3, Rev. C. W. O. Jenkyn 4, S. Smith 5, J. Smith (conductor) 6. First attempt for 720 by ringers of 2, 3 and 5. Mr. J. Smith has reason to be proud of his youngsters.

LINCOLN DIOCESAN GUILD.**SUCCESSFUL MEETING OF THE NORTHERN BRANCH.**

In delightful weather, apart from being cold, the half-yearly meeting of the Northern Branch at Barton-on-Humber, on Saturday, October 25th, was one of the most enjoyable meetings in the annals of the district. Among the towers represented were Bigby, Burton-on-Stather, Elsham, Gainsborough, Goxhill, Grimsby (St. Andrew's), Lincoln (Cathedral), Scotter, Scunthorpe, Thornton Curtis, Ulceby, Upton and Willingham, in addition to the local company. There were also present Mr. and Mrs. R. Richardson (Surfleet) and Mr. Howell (Holy Trinity Church), Hull.

The ancient tower of the church, dedicated to St. Peter, contains a sweet-toned ring of eight bells, which were kept going in the standard methods and Double Norwich during the afternoon and evening.

At the request of the Vicar, the Rev. J. H. Park (Thornton Curtis) conducted the service and gave a most eloquent address to the large number present. Subsequently fifty members and friends partook of an excellent tea at the Assembly Rooms, after which the Vicar (Rev. W. E. Varah) extended a hearty welcome to all, and in his interesting speech referred to Harrison's Bell Foundry, which was at Barton some years ago.

Mr. F. P. Linley (Northern Branch president) took the chair at the business meeting, and was supported by the Vicar, Rev. J. H. Park and Rev. H. T. Parry, Bigby (Grimsby District president), and members of the committee.

Apologies for absence were announced from Canon Hicks, Messingham, Mr. J. A. Freeman, Lincoln (Northern Branch Ringing Master) and Rev. H. Law James, Surfleet (Guild Ringing Master).

Gainsborough was agreed upon as the place for the next half-yearly meeting, the arrangements being left in the hands of the general secretary and local members of the committee.

Speeches of interest were made by Mr. Linley, Rev. H. T. Parry and Rev. J. H. Park.

A comprehensive vote of thanks was passed to the Vicar for the use of the bells, the Rev. J. H. Park for his very helpful address, the organist, the caterers and waitresses, and, last but not least, to Mr. A. W. Hoodless for the excellent arrangements he had made, and all others who had helped towards making the proceedings such a success. This having been duly responded to by the Vicar and Mr. Hoodless, the business meeting concluded, after which further ringing on handbells and tower bells helped to bring to a finish 'a perfect day.'

BATH AND WELLS DIOCESAN ASSOCIATION.**GLASTONBURY DEANERY BRANCH.**

The quarterly meeting of the Glastonbury Deanery Branch was held at Dinder on Saturday, when the towers represented were Glastonbury, Wells, Meare, Crocombe, Dinder, West Pennard, Douling, Shepton Mallet, and Leigh-on-Mendip. Ringing commenced at 3 p.m., and, later, service was conducted by the Rector (the Rev. M. Y. McLean). Tea was served in the Village Hut, and was generously given by Mr. A. F. Somerville.

At the business meeting, which followed, the Master of the association, the Rev. E. S. C. Lock (West Pennard) was voted to the chair, and was supported by the branch secretary, Mr. F. D. Rickards (Wells) and the Ringing Master of the branch, Mr. H. J. Trim (Glastonbury).

It was decided to hold the annual meeting of the branch at Glastonbury in January.

Hearty votes of thanks were accorded to Mr. Somerville and the ladies who prepared the tea; to the Rev. and Mrs. McLean; to the organist and blower; and to the local ringers. Further ringing was then indulged in, touches of Grandsire and Stedman Doubles and Bob Minor being rung on the bells, a very enjoyable meeting terminating about 7.30 p.m.

LAVENHAM RINGER'S WEDDING.

On Saturday, October 18th, the marriage took place at St. Lawrence's Church, Little Walsingham, of Mr. F. A. Poulson (Lavenham) and Miss M. H. Martin (Little Walsingham). The ceremony and reception were of a quiet nature by request, hence no 'wedding bells.'

The bride was given away by her sister, and the bridegroom's brother, Mr. L. Poulson, another ringer, acted as best man. The bride's brother is also a ringer.

The happy pair afterwards travelled to Cambridge, where the honeymoon was spent, and have now taken up residence at Newton, Suffolk.

The Lavenham 'bachelors band' regret losing their deputy conductor, but they can still 'muster' enough for the octave, whereas the 'Benedicts' have to rely upon their three non-resident members.

Mr. F. A. Poulson is one of the trio of well-known ringing brothers of Lavenham, Suffolk, all of whom have left the 'single' ranks during the last eighteen months.

PHOTOGRAPHS WANTED.

PICTURES OF CHURCH TOWERS FOR
PUBLICATION IN 'THE RINGING WORLD.'

The Editor of 'The Ringing World' will be glad to receive photographs of churches, with a view to their future publication when suitable occasion arises.

The photographs should be accompanied by brief particulars of the bells, with their inscriptions and dates if possible, and any other interesting information about them.

Pictures should, for preference, be photographic post-cards, and, where there is any choice, the tower should be a feature.

Obviously, of course, all the pictures cannot be published at once, the object of getting a collection being that the photographs may be ready at hand for use when fitting opportunity occurs.

Will each tower secretary be good enough to send a photograph of his own tower? It should be forwarded in an envelope for protection, and addressed to The Editor, 'The Ringing World,' Woking, Surrey, and the sender should enclose his name and address.

BELFRY GOSSIP.

The first peal on the bells at Buckfast Abbey, Devon, was rung on Saturday, when a peal of Stedman Cinques was scored by a band of visitors from London and elsewhere, with Mr. William Pyc as conductor.

Owing to the tower being unsafe, ringing at Shopton Mallet, Somerset, has been suspended until further notice.

The first peal of Grandsire Triples by the local hand on the fine ring at Congressbury was rung last Saturday, the only outside help being from Mr. L. G. Tanner, of Weston-super-Mare. It is 21 years since the local men rang a peal of Doubles, at the time the bells were a heavy ring of six. The advent of Mr. C. R. Lilley and his son to Congressbury has stirred things up in this Somerset village.

For some years the bells at Tibenham, Norfolk, have been pronounced by visiting ringers as unringable, but last Thursday a peal was rung on them. They are said to be the finest ring of six in the county. We hope this peal will not delay any necessary overhaul of the bells. The whole village appeared to take an interest in the peal, and the Vicar, who was particularly pleased at the performance, showed his appreciation in 'liquid fashion' at its conclusion.

A correspondent inquires what a friend of his has been training on at Duffield to ring the treble and tenor to a quarter-peal of Grandsire Triples?

The bells of St. Paul's Cathedral were opened on November 1st, 1878.

To-morrow is the 150th anniversary of the opening of a ring of eight bells at Waldron, Sussex. A peal of five bells was put in the tower by Richard Phelps in 1732. A treble was added in 1773 by Thomas Janaway, and the octave completed by Wm. Mears in 1780.

The first 'name' peal was rung on November 3rd, 1796, when eleven Williams, members of the Royal Cumberland Youths, rang a peal of Grandsire Caters at St. Martin's-in-the-Fields.

The first peal of Superlative Surprise Major was rung at Huddersfield on November 5th, 1821.

WINCHESTER AND PORTSMOUTH DIOCESAN GUILD.

LACK OF INSTRUCTORS.

The quarterly meeting of the Alton District, held at Ropley on October 25th, was well attended, representatives being present from Bishop's Sutton, Blackmoor, Farnborough, North Stoneham, Overton, Petersfield and Winchester, and some useful work was done on the bells.

At the meeting following the tea, at which the party numbered 31, an interesting feature was the decision of the Ropley band to rejoin the Guild.

Mr. Wilfrid Andrews spoke of the difficulty of finding instructors in country districts, and urged the younger members to work hard to make themselves efficient in order to meet this difficulty. He very kindly consented to instruct the Ropley band himself.

The Master referred to the hon. auditor's hereafterment in the death of Mrs. Griffin, and a vote of condolence was passed.

A vote of thanks, proposed by Mr. Read, was also passed to Mr. Alan Pink for his services to the district, especially in the Petersfield neighbourhood.

ST. PETER MANCROFT, NORWICH.**500TH ANNIVERSARY CELEBRATED.**

A thanksgiving festival has been held at St. Peter Mancroft, Norwich, on the occasion of the celebration of the anniversary of the church. The Bishop of Norwich preached the sermon at the morning service and also dedicated a beautifully figured and gilded reredos, a cross, the gift of Mrs. Barnard, and a pair of candlesticks, the gift of Mr. and Mrs. Beattie, members of the congregation, in memory of relatives who were former worshippers at the church. The Lord Mayor and Corporation attended in state, being received by the Vicar, the Rev. Hugh McMullan, and the choir at the great west door, and the procession entered while the hymn, 'We love the place, O Lord,' was being sung. At the rear of the procession was the Bishop of Norwich, preceded by the churchwardens and the Rev. F. W. Baggallay (son of a former Vicar of the parish).

In his sermon, preached upon a text from the Psalms, 'O come, let us worship,' the Bishop offered hearty congratulations and encouragement to those who were working in and for the Church of St. Peter Mancroft. 'We have long learnt,' he continued, 'to identify

As early as the fifteenth century St. Peter Mancroft had a ring of five bells, and they were made into six by the addition of a treble in 1602. The augmentation to eight took place in 1672, and in 1736 this ring was made a peal of ten by an addition of two bells subscribed for by Gentlemen in ye Parish.' In the following year, there was rung a peal of Grandsire Caters, 'which for excellency of its ringing, Harmonious changes and ye number of them, was certainly superior to anything of its kind ever done in the world; and to remove all doubt of the truth of the performance several ingenious Ringers were abroad the whole time with proper rules to prove the certainty of ye same. Thus was this great peal perfectly complicated to the entire satisfaction, surprise, and amazement of thousands of hearers in the space of 8 hours 15 minutes. The number of changes were 12,600 rung by 9 men belonging to the steeple, the tenor singly by a young ringer for 8,000, then a second rang her to the end of the peal. The persons' names and the bells they rung were as follows: Tho. Melchior treble, Wm. Pettingall 2, John Gardiner 3, Tho. Barrett 4, Robert Crane 5, Wm. Porter 6, Tho. Blofield 7, Edwd. Crane 8, Christ. Booty 9, James Jerom and Robt. Liddamon tenor.'

THE CHURCH OF ST. PETER MANCROFT, NORWICH.

it with generous thought and gifts. Taught by its late incumbent (Canon Meyrick), who made a fine appeal in Norwich, through the many years of his ministry and by his predecessors here, this parish and congregation have taken broad views of the call of the Church. Now I rejoice to find that the good work is still going forward, and that your new incumbent is making his own contributions towards the fuller development of Church life and Church influence in the parish.'

At evensong, the service was also very impressive, the organ and choir being augmented by a number of string and brass instruments, and the sermon was preached by the Rev. F. W. Baggallay. Before evensong a quarter-peal of Stedman Caters (1,287 changes) was rung in 55 minutes by the following members of the St. Peter Mancroft Guild: Miss M. Robertson 1, Miss A. Cushing 2, Miss H. Bill 3, H. J. Borrett 4, B. J. Honchin 5, W. E. Bason (conductor) 6, F. H. Knights 7, G. Mayers 8, G. Bailey 9, F. W. Curtis 10.

St. Peter Mancroft has been famous in ringing history. Here the first peal on record was rung (Bob Triples) in the year 1715. The first peal of Grandsire followed in 1718, and the first peal of Stedman Triples in 1731. For these three performances alone St. Peter Mancroft holds an important place in ringing, but many other famous peals have been rung there.

In 1775 it was decided to replace the old peal with a new ring of twelve, with a tenor of 41 cwt., and these were cast by Pack and Chapman, of Whitechapel. 'The new peal of twelve bells was opened on Wednesday, June 21st, 1775. On that day a Te Deum and Jubilate was performed in the Church with a chorus from the Messiah. The Coronation Anthem was also performed by a band of about thirty gentlemen to a genteel and numerous audience. After this the bells were opened by the ringers, much to the admiration of the listeners and admirers of music and ringing. It was at first apprehended that the note of the tenor was not deep enough to cover the peal with dignity; but her majestic and complacent giving sound soon proclaimed her superiority, and the execution of the whole has reflected honour on the founders, and on the gentlemen who tuned these harmonious bells.'

The old tenor, inscribed, 'To the King, Queen and ten children this harmonious peal of twelve bells is dedicated,' was cracked in 1814, and was recast at a weight of about 41 cwt., and, typical of the spirit referred to by the Bishop in his sermon, in 1909 a flat sixth bell was added to make a middle eight, and this bears a Latin inscription which may be literally translated: 'I am called Gabriel. The Guild of Ringers of this Church with the good will and gifts of many have me made, 1909.'

BOB MAJOR COURSING ORDER.

AN ARTICLE FOR YOUNG CONDUCTORS.

BY J. SEGAR, JUN.

No conductor likes to say after three hours' ringing, 'This should be all.' He will always try to find a few places in the composition where he can check the progress of the ringing and call 'Stand,' if something is wrong. Jasper Snowden dealt very fully with the importance of this in 'Ropesight' and in his 'Treatise on Treble Bob,' where he states that the ablest class of conductors comprises those who know the positions of the bells throughout the peal.

So far as Plain Bob is concerned, it is quite easy to know the coursing order throughout the touch or peal, and to work out mentally the effect of a bob before calling it. I am assuming that the tenors are not parted, and that the conductor is ringing an observation bell. In the plain course the bells come to lead in this order, 8.7.5.3.2.4.6. It is sufficient to remember the working bells, 53246. A bob alters the work of three bells, which will be met consecutively. A bob will rearrange but not separate the bells whose work is altered by the call. A bob at the first lead (i.e., W) causes (532)46 to become (325)46. The first of the three has become the last of the three figures in brackets. 336 changes of Bob Major with calls at W could be written:—

532 46

325 46

253 46

532 46

If you take the first opportunity of calling this touch you will find the coursing orders given are correct. There are two more ways of putting three figures in brackets—5(324)6, 53(246)—and there are two more places in a course where a bob can be called. It would be very convenient to find a bob at Middle had rearranged the middle three (324), and a bob at last lead had rearranged the last three (246). Unfortunately, this is not so. Another visit to the tower will show:—

3 bobs at M.	3 bobs at H.
53 246	5 324 6
53 462	5 243 6
53 624	5 432 6
53 246	5 324 6

It will be noticed in all three cases, W.M.H., a bob causes the same rearrangement. I previously mentioned that the first (of the three bells affected) becomes the last, and this applies at M. and H., just as it did at W. Those who would like a little practice on paper before attempting the mental transposition in the belfry will not be wasting their time. This system can be applied to composition, and a false touch can easily be detected.

23456 W. M. H.

45236 — —
62534 — —
52436 —

The coursing orders of the above figures are:—

W.	M.	H.
(000)00	00(000)	0(000)0
32546	32546	35426
35426	35264	32654
32654	32546	32546

and the falseness at M. is exposed. When ringing Major only, there is one other place where a call is sometimes made, i.e., 'Before.' This has a simple, but rather different, effect: 53246 becomes 65324.

Anyone using this system of proving compositions should be careful of bobs 'Before.' Other calls produce a new order instead of the old. Bobs Before produce a new order in addition to the old.

Some may find bobs at M. the easiest, so I conclude with a quarter-peal in skeleton form with simple calling and easy coursing orders:—

LITTLEHAM, EXMOUTH.—On Wednesday, September 10th, a quarter-peal of Grandire Triples (1,260 changes): Rev. E. S. Powell 1, John Arbury 2, Rev. C. C. Cox (conductor) 3, William Howe 4, John Flint 5, Oliver Gatter (first quarter-peal) 6, J. Armiger Trollope 7, Mrs. E. S. Powell 8.

DURHAM AND NEWCASTLE DIOCESAN ASSOCIATION.

'MISSIONARY' EXPEDITION TO BARNARD CASTLE.

Efforts to create an interest in change ringing are being made at Barnard Castle, Co. Durham. A meeting of the Southern District of the Durham and Newcastle Diocesan Association was held there on October 18th, when the members met the local ringers at tea, kindly provided by Mrs. Bircham. After ringing on the Parish Church bells, the company, numbering 24, met in the Mission Room under the chairmanship of the Vicar (Rev. H. W. H. Bircham). The visitors included Messrs. T. Titt (secretary), G. Park, Roland Park, Norman Park (vice-president), Lawes, Porter and W. Oliver, of Holy Trinity, Darlington; Messrs. Venus and Clarke, St. Cuthbert's, Darlington; Messrs. J. W. Shipp and H. Shipp, Staindrop; Mr. Hall, Heighington; and Mr. Burnett, Kirkby Stephen. Local ringers present included Messrs. Tom Chatt (captain), Robert Blenkinsopp, W. Cheesebrough, A. Stoddart, E. W. Willis, and T. W. Harwood, of the Parish Church belfry. The Rev. G. K. Spiller (curate), and Mr. F. R. Battersby (lay reader) were also among the guests.

After the repast, the Vicar, in offering a hearty welcome to the guests, referred to the importance of the bellringers as part of the Church organisation, but regretted that in many cases ringers appeared to be outside the general band of churchworkers, although their work came within the same category as Sunday School teachers, district visitors, churchwardens, sidesmen, and so on. He wanted the ringers to regard themselves as part of the Church organisation and feel that their services were valued. Since an enthusiastic band of change ringers had come to the town he had taken the opportunity of offering them welcome. They were proud of the peal of bells at Barnard Castle Church, and they were proud to have people from a distance to ring them. The local clergy desired to recognise the ringers more than they had done in the past. There were ringers who, although they called people to church, did not go in themselves. He submitted affectionately that they who rang the invitations to other people to gather for worship should go into God's House themselves. His friends from a distance had shown him a little book on change ringing, and if the local ringers would accept copies from him he would be pleased to provide them. If local bellringers cared to go in for change ringing members of the association would be pleased to come over some Saturday afternoons to give them instruction. There were no handbells in use at Barnard Castle at present, but if there was a possibility of them being used they would be provided. There was need for progress in everything, and he would like to see progress made in bellringing.

Mr. Norman Park promised that the association would do all it could to assist local ringers in change ringing. If handbells were provided, they would be pleased to come over some Saturday afternoon.

Four ringers from Holy Trinity, Darlington, rang touches of Stedman Triples on the handbells, and then Mr. Norman Park expressed the thanks of the company to the Vicar and Mrs. Bircham for their hospitality and kindly welcome.

Mrs. Bircham, acknowledging the vote of thanks, said how pleased the Vicar and she had been to have the ringers with them. She was sorry there were no change ringers or handbells in Barnard Castle. She hoped that soon there would be change ringing in the town.

DEVON 'CALL CHANGE' RINGERS KEEN.

On Thursday of last week 170 ringers of the Tavistock Deanery assembled for a festival at Bere Ferrers. They came from 16 parishes, including Lewtrenchard, Buckland, Walkhampton, Tamer-ton, Milton Abbot, Tavistock, and Bere Ferrers.

The ringers visited the towers in the various parishes they passed through, and ringing began at Bere Ferrers at 2 p.m. and continued until eight o'clock.

A service was held, when the Rector and Rural Dean welcomed the visitors. He was assisted by Rev. W. Moore (Kelly), who is the indefatigable hon. secretary of the Deanery Guild, as well as being president of the South Devon Branch of the Devon Guild. The Vicar of Eggbuckland (Rev. J. C. L. Johnstone) was the preacher.

Tea was provided, the catering being carried out by the wives of the Bere Ferrers ringers, under the supervision of Mrs. Collom.

Most, if not all, of those present were round and call change ringers, and it says something for the keenness of these Devon men when they will assemble in such numbers for a mid-week festival.

HERTFORD COUNTY ASSOCIATION.

A meeting of the Western Division of the Hertford County Association was held at Apsley on Saturday, and was fairly well attended. Ringers came from King's Langley, Berkhamsted, Leighton Buzzard, Tring, Ealing, Hemel Hempstead, Watford, and, last but not the least, Mr. J. H. Shepherd, from Swindon. The methods rung ranged from Grandire Doubles to Cambridge Surprise Minor. A short service was held, conducted by the Vicar (the Rev. C. B. Goodwin), who also kindly entertained the ringers to tea in St. Mary's Hall, and presided at the business meeting.

The bells have recently been overhauled by Messrs. Taylor and Co., and a great improvement has been effected in the 'go' of them.

At the close of the meeting, Mr. W. Ayre proposed a hearty vote of thanks to the Vicar for all he had done in regard to the bells, and for his kindness and hospitality.

CORNISH RESTORATIONS.**ST. MABE BELLS REHUNG AND AUGMENTED.**

The bells at St. Mabe, near Penryn, Cornwall, restored and augmented to six, have been dedicated by the Archdeacon of Cornwall (Canon G. W. Hockley). The bells, originally a ring of five, hung anti-clockwise, were cast in 1877 by Messrs. Warner and Sons. The old treble has been recast, the remaining four retuned, and a new treble has been added (this being the gift of Mr. J. M. Stuart in memory of his mother). They have been rehung in a new iron frame on ball bearings with the latest fittings. The fifth and tenor, which were terribly out of tune, would not be recognised as the same bells. This goes to show what can be done by retuning. The whole of the work has been admirably carried out by Messrs. J. Taylor and Co., and the bells are now a most pleasant ring, the tenor being 9½ cwt.

After the dedication service, the Vicar, the Rev. C. Daly Atkinson, extended a pressing invitation to the district secretary of the Truro Branch of the Truro Diocesan Guild, to arrange a meeting for October 25th, exactly a year after the last meeting, when those present made a collection to start a bell fund for the restoration, and at the Vicar's request the Rev. W. H. R. Trewbella, Messrs. W. H. Southard and A. S. Roberts inspected the old frame and made a report for him to set before his Church Council. Now, through the efforts of the Church Council, enthusiastically led by the Vicar, things have been set in order, and the bells were at the disposal of the sixty or more ringers who were present on Saturday last, the towers of Illogan, Budock, Gwennap, St. Agnes, St. Gluvias, Perranwell, Kenwyn, Gulval and Truro Cathedral being well represented. Dr. J. Symons (Diocesan Ringing Master) and Major C. F. Jerram, C.M.G., D.S.O. (vice-master), were also present.

The service was conducted by the Vicar, and an address given by the Rev. W. H. R. Trewbella (diocesan secretary), who emphasised the great call of the bells to worship and prayer. He also urged those bands who at present were content with rounds and call changes to aspire to something greater—change ringing—now the winter was setting in. A special word was addressed to the captains of bands on leadership and encouragement.

The bells were kept going from 2 p.m. until late in the evening, and it was only during service time that they were silent, as whilst some were at tea others were ringing. The method ringing included Grandsire Doubles and Bob Minor.

Everyone congratulated the Vicar and local ringers on such a result in less than a year, and this is a splendid example of what enthusiasm will do.

ANOTHER TRURO DISTRICT RING PUT IN ORDER.

During September, Messrs. Gillett and Johnston rehung the six bells in the detached campanile at Illogan, putting them on ball bearings, and overhauling the fittings and frame generally. The 'go' of these bells is now splendid.

KENT COUNTY ASSOCIATION.**SUGGESTED PROFICIENCY BADGES FOR YOUNG RINGERS.**

A very enjoyable and successful meeting of the Canterbury District was held at Upper Deal on Saturday by the kind permission of the Rector, Rev. E. D. Bowser. Ringing commenced soon after three o'clock and continued until 4.30 p.m., when a service was held in the church, the Rector officiating and giving a very appropriate address. Mr. J. P. Cobbold stepped into the breach caused by the absence of an organist, and presided at the instrument. Tea was held at the Magnet Inn at 5.15 p.m. It was hoped that the Rector would be present at the tea and meeting, but unfortunately he was prevented from attending. Twenty-five members were present, representing the following towers: Canterbury Cathedral and St. Alphage, Dover, Slurry, Wickhambreaux, Wingham, Littlebourne, St. Nicholas-at-Wade, Whitstable and Deal.

Mr. J. Sharp was unanimously elected to the chair for the business meeting, at which three new members were elected, viz., Mr. H. Hopkins, of Whitstable, and Messrs. W. Hunt and F. Lewing, of Upper Deal.

Suggestions were invited for the next by-meeting. Two towers were proposed, Wingham and Chilham, and each secured ten votes. Eventually the chairman was persuaded to give his casting vote, which went in favour of Chilham, the proposed date being Saturday, December 6th.

A somewhat lengthy discussion arose as to the advisability and benefits to young ringers of awarding some sort of 'proficiency' badge by the county in recognition of advancement made in change ringing.

Eventually the chairman pointed out that in any case that meeting could take no definite steps. It must be left to the Central Committee to deal with, and the only thing they could do was to instruct the representatives to bring the question before the committee in November.

The meeting closed with a hearty vote of thanks to the Rector for the use of the bells and for the service and address, and to Mr. Cobbold for the music.

During the afternoon and evening the following methods were rung: Kent and Oxford Treble Bob, Cambridge Surprise, Plain Bob, Double Oxford and Stedman.

THE LONGEST PEAL OF MINOR IN Lincs.**DEDICATION OF PEAL BOARD AT WEST DEEPING.**

On Wednesday, October 8th, a peal tablet was dedicated in the belfry of St. Andrew's Church, West Deeping, recording the longest length of Minor rung in the county of Lincolnshire. The tablet, which records the 10,080 changes rung in 14 methods in 6 hrs. 19 mins. on Saturday, August 13th, 1927, by members of the Lincoln Diocesan Guild, was dedicated by the Rev. G. Dudley, Rector of West Deeping, immediately before the commencement of the harvest thanksgiving evensong. The Rector proceeded to the belfry accompanied by the choir and ringers, and offered the dedicatory prayers. The address at the service which followed was given by Canon Jarvis, of All Saints' Church, Lincoln, and he expressed great pleasure in being able to take part in this unique service of thanksgiving. In the course of his address, the Canon referred to the tablet which had previously been dedicated, and said he understood it was a tablet recording a very worthy performance. Furthermore, it was pleasing to know that five of the ringers who took part in this peal were present at that service of praise and thanksgiving. Owing to her missionary work in Leeds, Miss Kathleen Judson was unable to be present. She had the distinction of being the first lady ringer to accomplish a peal of this length.

At the conclusion of the service, 360 Cambridge Surprise was brought round by the following who took part in the peal, with the exception of the treble ringer, who kindly made up the band: Mrs. P. Humphrey 1, C. T. H. Bradley 2, A. Riggall 3, J. J. Judson 4, W. Tilley 5, H. M. Day (conductor) 6. Further ringing continued, there being a good attendance of ringers from the local towers.

C. T. H. B.

ELY DIOCESAN ASSOCIATION.**CHANGE OF DISTRICT SECRETARY.**

A district meeting of the Archdeaconry of Ely Branch was held at Ickleton on Saturday, October 18th, when the fine peal of eight bells was placed at the disposal of members by the courtesy of the Vicar (Rev. A. E. Penney). Although the event was favoured with fine weather, the attendance was very poor, members and friends from the following towers being present: Cambridge, Trumpington, Melbourn, Saffron Walden, Dry Drayton, Hitchin, and the local band.

A short service, conducted by the Vicar, who gave an interesting address, was held in the church.

Tea and the business meeting took place at the residence of Mr. P. Webb, captain of the local ringers, who kindly provided an excellent tea at short notice, owing to the local caterers dropping out at the last moment. Provision had been made for thirty or more, but only twelve sat down, with the Vicar in the chair.

A letter was read from Mr. F. Warrington, district secretary and Ringing Master, expressing his desire to retire from office, owing to inability to attend to the business of the association. The resignation was accepted with regret, and Miss Kitty Willers, the enthusiastic and popular lady ringer of Trumpington, accepted the invitation to stand, and was unanimously elected to serve until the annual meeting.

It was decided to suspend the office of Ringing Master for the present.

The Central Council's circular on the subject of inter-relationship with affiliated Guilds, and the inclusion of a covering rule, was read and discussed. It was felt that the matter should be left for decision at the annual meeting.

A hearty vote of thanks to the Vicar for the use of the bells and taking the service, and to Mr. and Mrs. Webb and family for so kindly providing tea, and the use of their room for the meeting, concluded the business.

During the afternoon and evening, touches in the standard methods were rung, one or two beginners scoring their 'first in the method.' The next meeting will be held at Fen Ditton in November.

VETERAN RINGER DIES AT HORSHAM.

It is with regret that we announce the death of Mr. Stephen Knight, who at the ripe age of 80 passed away on October 4th at Horsham. A well-known member of the Hertford County Association, he had years ago taken part in a number of peals in that district. Since his retirement he had lived for some years in Horsham, his former home. Always keen and active, he was up to the last found in his place if it was possible for him to get there.

His genial reminiscences of his peal ringing days with the late Rev. F. E. Robinson, J. W. Washbrook, Nathan Pittsow and others of the old school were always interesting, and his death severs another link with the past.

He was buried in Horsham Cemetery, and at the graveside were members of the local company and visitors from neighbouring towers, who after the interment rang several touches at the Parish Church with the bells half-muffled.

BIRKENHEAD.—At St. Mary's Church, on Monday, September 8th, 720 Cambridge Surprise Minor in 23 mins.: Miss M. Cooke 1, Miss E. M. Cooke (first 720 of Surprise) 2, J. Cooke (conductor) 3, J. Leslie 4, W. J. Battle 5, G. R. Edwards 6.

MIDLAND COUNTIES ASSOCIATION. PEAK DISTRICT MEETING AT BUXTON.

The first meeting of the M.C.A. to be held at Buxton was a monthly meeting of the Peak District, which took place at the Church of St. Peter, Fairfield, and which turned out to be a very successful and enjoyable function. Between 30 and 40 ringers were present from Bakewell, Baslow, Burbage, Darley Dale, Dore, Eyam, Fairfield, Norton-on-the-Moors and Tideswell, and the bells, a nice ring of six (tenor 12 cwt.) were kept going all the afternoon and evening in all the standard methods from Cambridge Surprise downwards.

A substantial tea was served at 5 p.m. in the Church Room, presided over by Mrs. Williams, wife of the Vicar (the Rev. H. S. Williams), who welcomed the M.C.A. to Fairfield in a very pleasing speech, and regretted the absence of the Vicar, who was away for the week-end.

A short business meeting followed, presided over by the Rev. W. P. Wright, of Eyam, who expressed the warm thanks of those present for the kindly welcome and excellent arrangements made for them.

The Hon. Secretary extended a warm welcome to the ringers of Fairfield and several of Burbage who had recently joined the society, expressed the hope that they all, and especially the younger ones, would make full use of the monthly meetings, and assured them that every help would be extended to them. A welcome was also extended to two visitors from the North Stafford district (Messrs. J. Walley and W. P. Dean), who, incidentally, gave much kindly help during the day to a number who were struggling with Cambridge Minor.

Mr. Dean, in reply, mentioned several joint meetings in prospect in their area, and invited the attendance of any who cared to come.

Two new members were elected—Messrs. Rex Wilson (Fairfield) and S. Kirk (Burbage)—and it was decided to hold the next meeting at Matlock, if possible on November 22nd next. It might be borne in mind by those interested that Double Norwich is still the method selected for special attention.

A kindly invitation was then received through Mr. R. Ashmore to make use of the bells of Christ Church, Burbage, on the other side of Buxton, and a number of those present availed themselves of the offer, finding a pretty little ring of six (tenor 10½ cwt.) and a nice belfry, where a number of courses, mostly of Cambridge, were brought round. Tunes and changes were also indulged in on the musical set of handbells brought from Bakewell by Mr. Wallace, and a most successful meeting closed about 8 p.m.

CHESTERFIELD DISTRICT.

The meeting of the Chesterfield District, which was held at Staveley on October 18th, was fairly well attended, members being present from Ecclesfield, Worksop, Warsop, South Normanton, Kilmars, Chesterfield, Cresswell, North Wingfield. Between 20 and 30 members sat down to tea, after which a short business meeting was held, the Rector being voted to the chair and being supported by Sir Josiah Court and Mr. Churchwarden Kilbridge.

It was decided to hold the next meeting at North Wingfield on December 20th. This will be the annual meeting of the district.

The bells were afterwards kept going in various methods until 8.30.

DEATH OF MR. HARRY WRIGHT.

PASSING OF A GREAT YARMOUTH RINGER.

It is with regret that we have to announce the death of Mr. Harry Wright, of Great Yarmouth, which took place on Monday, October 6th. He was a member of the Norwich Diocesan Association, joining as a probationer in 1892 in the old school of the St. Nicholas' Society at Great Yarmouth, which recalls the names of William Blyth, Robert Christian, Matthew Long, James Matthews, William Secrett and Arthur Webber, all of whom have passed over.

Deceased was a very steady and capable ringer in the methods that he knew, and had rung 25 peals for the Norwich Diocesan Association, also a few peals with other associations. His first peal was one of Plain Bob, and his last one of Stedman Caters (rung in London), his occupation sometimes taking him from home for several months at a time.

The interment took place on Saturday, October 11th, amid many manifestations of regret and respect. The St. Nicholas' Society was represented by Mr. Denison Hayward, the veteran of the company, who happily is still on the active list and, we hope, will continue for many years to come.

Mr. Wright was a man of very genial disposition, and will be greatly missed by his large circle of friends.

WEDDING BELLS.

On Wednesday evening, October 22nd, 1,440 Bob Minor (two 720's called differently) was rung at St. Andrew's Church, Halstead, Essex: Ed. Pritchett (longest length in the method) 1, P. Braizer 2, G. Snowden 3, A. Root 4, W. Coppin 5, J. Root (conductor) 7, with the 6 and tenor covering, all the band being local men. It was rung as a wedding peal to the Rev. E. F. Harmer (late curate of the parish), who was married at the Church of the Epiphany, Santal Pagarnas, North India.

KENT COUNTY ASSOCIATION.

COMMITTEEMAN RETIRES AFTER 40 YEARS' SERVICE.

The annual meeting of the Rochester District was held at Rochester Cathedral on Saturday, when ringers attended from Chatham, Frindsbury, Rainham, Newington, Sittingbourne, Tunstall, Borden, Lynsted, Queenborough, Gravesend, Milton-next-Gravesend, Beckenham, Gillingham, together with the local band. The bells were available from three o'clock, and until four o'clock were rung in various methods, when the assembled company attended evensong in the Cathedral, the organist and choir being present.

At the close of the service the ringers were entertained to tea by the association at the City Cafe, the Dean of Rochester, Dr. Talbot, presiding, supported by the Vicar of Gillingham (Rev. Webb), Mr. F. M. Mitchell (general secretary), and the district representatives (Mr. Haigh and Mr. W. Spice, sen.), about fifty sitting down to enjoy the splendid spread.

At the business meeting, which followed, the Dean expressed his pleasure in meeting the bellringers again, and more particularly because during the last few days he had discovered the fact that one of their number had during his lifetime been honoured by a memorial recording his services to his fellow-ringers. The Dean said this was usually done after one had died, but he was sure that Mr. Mitchell richly deserved all that had been done.

At the election of officers for the ensuing year, Mr. Haigh, upon being proposed for a further period of office as district representative, asked to be relieved. He had served now for forty years, and considered a change would be beneficial.

Mr. Spice, sen., was re-elected, and Mr. Belsey was chosen to fill Mr. Haigh's place. Mr. S. Shellock was re-elected as district secretary.

A very hearty vote of thanks was recorded to Mr. Haigh for his very long services on the general committee of the association.

The district secretary's report and the balance sheet both showed that progress is being made, the membership having increased by about twenty practising members and one honorary member, while the number of peals rung also shows an upward movement.

Three new honorary members were also elected during the evening, together with two practising members.

A vote of thanks was accorded to the Dean for the use of the bells and for presiding at the meeting. The tower was then again visited, and touches in the various methods were enjoyed.

LANCASHIRE ASSOCIATION.

MANCHESTER BRANCH.

The quarterly meeting of the Manchester Branch was held at Prestwich on Saturday, October 18th. Ringing during the afternoon was followed by service, conducted by Canon Cooper, who gave an excellent address. Tea was served at the Tower Cafe, when the members sat down to a splendid repast, kindly arranged by the local band.

After further ringing, the business meeting was held in the Institute, the branch president being in the chair. Pendleton was selected for the next meeting on Saturday, November 15th, Manchester Town Hall for December, and the Cathedral for the annual branch meeting in January.

Three new members were elected, Messrs. Thos. Welsby from Worsley, and Kenneth Hey and Harold Simpson from Prestwich.

A discussion took place re the late Mr. J. W. Washbrook's grave, and it was decided to leave it over till the meeting at the Cathedral.

Votes of thanks were passed to the Rector, Canon Cooper, for the use of the bells and to the local ringers for having everything ready and making everybody comfortable.

Further ringing then took place. Although the attendance was small, this was compensated by everyone having good practice in various methods.

WHO CAN TRUMP THIS?

To the Editor.

Dear Sir,—Some time ago Mr. Edwin Barnett, sen., of Crayford, rang his 200th peal on Crayford bells, which must be a record.

I should be interested to know who has rung the least number of peals in 100 different towers, as on Saturday last I completed my 100th tower with my 160th peal.

Perhaps an enquiry through 'The Ringing World' will help to satisfy my curiosity.—Yours truly,

HARRY PARKES.

FOR THE WANT OF OIL A PEAL WAS LOST.

At St. Piran's Church, at Perranarworthal, Cornwall, on Friday, October 24th, a quarter-peal of Grandisle Doubles (1,260 changes) in 42 mins.: Cyril Laxon (aged twelve, first quarter-peal) 1, Miss E. J. C. Angwin 2, Miss L. Willoughby 3, W. E. Minors 4, W. H. Sleemau (conductor) 5, A. S. Roberts 6.

The band started for a peal, but owing to the bad 'go' of the third bell, it was decided to bring them round. It was a great pity that the young and promising treble ringer could not have scored his first peal at the first attempt. All the bells wanted a little oil, but the tower key could not be found.
