SECRETARIAL POSTS.

The difficulties of the Western Branch of the Worcestershire Association in securing a successor to their secretary, who finds it necessary to give up the reins of office, is no new thing in ringing organisations, although in this case the 'disease' seems to have appeared in an aggravated form. Those who will readily accept honorary secretarial office are very rarely, if ever, to be found; rather is it necessary to bring heavy pressure to bear to fill these posts when occasion arises. To follow a man of exceptional ability and enthusiasm is, of course, always a difficult task, and it is probably the fear of comparative failure of achievement that, in such cases, influences many men in rejecting election. That may be the reason why the Worcestershire district referred to has not been able to find a member ready to step into the shoes of Mr. G. E. Large. And yet there is every inducement to a new secretary. He would have an excellent start; the branch is in an efficient and flourishing condition, and has gathered a momentum which should carry a new official with it if he is prepared to do the work. It might be different if the branch had fallen to low water mark and needed an extraordinary effort of initiative and energy to get it going. It does seem surprising that, even in face of a possibility of being left without a secretary, a branch of twenty-six towers with some 200 members cannot produce one member ready to shoulder the work and responsibility of such an office.

But the Worcestershire Association is not the only one in which there is, from time to time, difficulty in finding officers for the executive posts. Many secretaries, and other officers for that matter, carry on from year to year simply from loyalty to their association, and, because they are ready to do this, sometimes against their private inclinations, members find it easier to press them to continue than to persuade someone else to take up the office. But this is not to say that the best interests of an association would be served by pitchforking into the duties an individual without any sort of qualifications. There have been instances where this kind of action has had rather dire results. The things most needed in a secretary are intelligence, tact and a reasonable approach to the contract of t conducting business affairs. There can be no association that has not, in every district, some few members qualified for such work, and they ought to consider it a duty, if not a privilege, to undertake it when necessity arises. Personal reluctance to assume responsibility ought not always to be allowed to stand in the way. The more ringers know about the methods of running their own ringing organisation, the better it must be for their asso-(Continued on page 758.)

ciation. and while criticism is seldom heard of the way in which affairs are handled — the criticisms, if any, usually come from the secretaries upon the apathetic attitude of members—a good deal more might be done for the good of ringing if a greater number of ringers had a more intimate knowledge of association work. It is easy to let the 'willing horses' carry on, but it shows a lack of appreciation of responsibility when no one can be found to shoulder a job that means giving up a little time and thought, but which, in the end, often provides a great deal of pleasure and the making of many friends.

KENT RINGERS IN DEVON.

On Saturday, October 15th, a quarter-peal of Grandsire Triples was rung at the Parish Church, Honiton Clyst, Devon, by F. W. Budgen 1, A. C. Selley 2, D. M. Sharp (conductor) 3, E. H. Oxenham 4, A. Lovering 5, G. V. Murphy 6, H. Pook 7, V. N. Burrow 8. One half of the band were from Crayford and Brasted, Kent, and it was rung previous to a visit to Exeter Cathedral for practice.

BELL DEDICATIONS.

To the Editor. Dear Sir,—In answer to the letter from my friend, Mr. Williams, in your issue of the 11th inst., I am still on the surface, but certainly am of opinion that he is the one 'out of his depth.' Any criticism of am of opinion that he is the one 'out of his depth.' Any criticism of the Winchester Guild or of himself was the very last of my thoughts, so I am sure he will read this in the same friendly spirit in which he has written. If he reads the last paragraph of my account of St. Paul's bells opening again, he will see that I purposely refrained from mentioning where the opening took place, and there appears no reflection in any shape or form upon the Guild, of which he is the able Master, or upon any of its officers, for what I was speaking about is not the fault of any guild or association, but depicts events in the 'up-to-date' age we are now in. There are plenty of chances afforded to the learners nowadays, but surely not on such a great and important occasion, when a large congregation would expect to hear good ringing.

hear good ringing.

Mr. Williams seems to hint that I am speaking disparagingly of the Mr. Williams seems to hint that I am speaking disparagingly of the Guild. Nothing of the kind; also he infers that I am unmindful of the kindly manner in which I have always been received. I need hardly assure you that that is distinctly not the case. Surely any reasonable criticism is not a debatable matter in such a case. Some

reasonance crucism is not a departable matter in such a case. Some of the rising generation have, I know, openly declared their intention of 'showing the old 'uns how things should be done'!

For a long time past I have consulted some of the older and prominent members of the Exercise, and the general opinion is that, minent members of the Exercise, and the general opinion is that, with a few splendid exceptions, the high standard of correct and accurate 'striking' has not been maintained in recent years. Surely

accurate 'striking' has not been maintained in recent years. Surely there was no harm in making a comparison between what an 'opening' should be like and the reverse?

I have, for well over half a century, been delighted to number Mr. Williams amongst my very best and staunchest of friends, and surely he remembers that I am still an official in a large and well-known association. The magnificent service held at the opening of Winchester Cathedral bells, together with the stately procession of every branch concerned in the work, the Bishop, the Dean and Chapter choir Mayor town councillors representatives of ringing. every branch concerned in the work, the Bishop, the Dean and Chapter, choir, Mayor, town councillors, representatives of ringing, the bell founders and all others, was certainly by far the most impressive, dignified and most stately I ever remember! With the exception of the ringing during the service by the Cathedral band, neither I nor anyone else could have said one word in praise of the remainder, for good ringing was conspicuous by its absence. Why spoil a grand occasion? Even Mr. Williams remains silent on this important point. My only chject in mentioning it was simply an endeavour to avoid a repetition in the future, and any fair-minded person would surely think the same. Certainly by all means give every member a chance of ringing, but only when capable of doing so, then receive them all heartily. I was grateful to Mr. Williams for so kindly inviting me to take part, but I could not see the slightest chance of a successful touch, so respectfully declined. Was I right or wrong in doing so? If wrong, well then, 'let 'em all come'!

My account of St. Paul's opening was correct in every detail, and so becomes interesting ringing history.

F. E. DAWE.

A BOURNEMOUTH CEREMONY, INTERESTING PEALS RECORDED.

so becomes interesting ringing history.

The first anniversary of the rededication of the ring of eight bells at

The first anniversary of the rededication of the ring of eight bells at St. Peter's Church, Bournemouth, after their complete restoration in 1937 by Messrs. Taylor and Co., was marked on Sunday, November 20th, by the dedication of two peal tablets during evensong.

The ceremony was performed by the Vicar (Canon Hedley Burrows), who afterwards addressed the congregation, taking for his text the inscription he placed on the 'Peace Bell'—No. 5—'Peace from Him, Which was, Which is and Which is to come.' Special prayers were offered prior to the dedication, which was concluded with the singing of one of the hymns used at the rededication of the peal a year ago.

of one of the hymns used at the rededication of the peal a year ago. The first tablet recorded the first peal rung in Bournemouth—5,040 Grandsire Triples—in three hours on December 26th, 1891. Of the hand which rang this peal, Messrs. George Preston and James G. Bennett were present. The late Mr. John W. Whiting, of Fareham, conducted Holt's Ten-Part peal on that occasion. The second tablet recorded the first peal on the restored bells, rung by the local company on May 28th of this year. Ringing took place both before and after evensong in methods up to Double Norwich Major.

ALDERSHOT LADY RINGER BEREAVED.

A popular lady member of the Aldershot company, Miss Betty Stewart has been bereaved by the death of her father, Mr. C. J. Stewart, who passed away on November 12th and was buried on November 16th

At the meeting of the Farnham District of the Guildford Diocesan Guild and the Southern District of the Ladies' Guild at Yorktown on Saturday, a vote of sympathy was passed with Mrs. Stewart, Miss Stewart and the family, and on Sunday evening a quarter-peal of Stedman Triples was rung at Aldershot Parish Church in memory of Mrs. Stewart who for many years had lived within a county of the International Control of the In Mr. Stewart, who for many years had lived within sound of the bells. At the request of the family the bells were rung open: Miss B. Stewart 1, W. H. Viggers 2, Miss E. Southby 3, W. G. Challen 4, W. Denyer 5, E. J. Bragg 6, C. W. Denyer (conductor) 7, R. Whitford 8.

PEAL NOTES.

SUNDAY PEALS.

Sunday peal ringing is not a very general practice, and it is somewhat noteworthy that we record this week four six-bell peals rung on November 13th.

November 13th.

The North-Western District supplied half the band for the quarterly peal of the Southern District of the Surrey Association on November 5th at Redhill. Mrs. C. H. Kippin rang her first true peal of Kent Treble Bob Major, her previous peals in this method having been the unfortunate variation of F. Robinson's composition, which, after it had been rung many times, turned out to be false.

The quarterly peal for the Western Branch of the Worcestershire Association was an almost 'local' peal of Grandsire Doubles, at Ripple, only the treble man coming from outside the home tower. Ripple is an isolated spot, and it is encouraging to know that a band for change ringing, even if it is only Doubles, can be mustered here. The heaviest ring of six in Sussex is at Goring-by-Sea, where the tenor is reputed to be 17½ cwt. They were cast in 1837. A peal of Minor was rung on them on November 12th, the only previous peal there having been rung in 1891.

Minor was rung on them on November 12th, the only previous peal there having been rung in 1891.

A peal of Grandsire Triples, specially arranged as a wedding compliment to Mr. T. Whitehouse and Miss L. Pearsall, was rung on November 12th at Oldswinford, Worcestershire, where Mr. Whitehouse is a member of the local band.

Mr. William Wilkinson rang his fiftieth peal on November 12th when he took part in a peal of Bob Major at Pinchbeck, Lincs.

There were 108 changes of method in the seven extents in 14 methods rung at Stisted, Essex, on November 13th. That is quite enough to make it a busy job. It averages a switch over in less than every 50 changes. 50 changes.

CELEBRATIONS. The centenary of St. Peter's Church, Glasbury-on-Wye, has been celebrated. When the church was built in 1838 six bells were placed in the tower, and the 'one hundred years' was celebrated by a peal of Grandsire Doubles on these same bells, rung, at the request of the Vicar (the Rev. R. W. Lockyer) before the centenary service on Sunday Naymber 13th

vicar (the Rev. R. W. Lockyer) before the centenary service on Sunday, November 13th.

Mr. Charles Ollier, aged 75, and Frank Reynolds, aged 19, jointly celebrated their birthdays on November 12th, when they took part in a peal of Double Norwich Court Bob Major at Gorton Unitarian

The appointment of Canon D. M. Jones as Archdeacon of Carmarthen was celebrated at St. Elli's Church, Llanelly, on November 10th, by a peal of Grandsire Doubles. Miss R. O. Roberts rang her first peal at the first attempt and is to be congratulated on her success. The peal was also a birthday compliment to Mr. E. Parmenter, who took

part.

Mr. J. E. Bailey paid for his first Surprise peal as conductor with some sore hands. Ringing the 18½ cwt. tenor at Dartford on Nov. 14th to Cambridge, the tail of the rope became untucked after 20 minutes. Instead of stopping to put matters right, he went on, with dire results to his hands. He won't do it again, we think.

Mr. F. J. Cullum, calling a peal of Cambridge from the treble at Erith, Kent, on Saturday, finished the interesting feat of conducting a peal from every bell in the tower.

The first peal on the bells at Kewstoke, Somerset, was rung on November 12th. It consisted of 42 six-scores of Grandsire Doubles and was the first peal in the method by four of the band.

A half-muffled peal of Grandsire Doubles in commemoration of

A half-muffled peal of Grandsire Doubles in commemoration of Armistice Day was rung at Neath, Glamorganshire, on November 12th. Raymond Grant and Fred Symons, who rang treble and tenor re-

Raymond Grant and Fred Symons, who rang treble and tenor respectively, have been ringing for only nine months, and the former is not yet 17 years old. This was their first attempt for a peal.

After several unsuccessful previous attempts, Mr. Harry Boyce rang the second to a peal and thus completed the circle of the tower.

Messrs, W. J. Gear and W. Lewis rang their first peal of Grandsire Doubles, and the conductor 'bagged' what has been, up to now, a very 'elusive' tower.

So, one way or another, all the band had records, and they are hoping that the day is not far distant when Triples will be the order, by the addition of two more bells.

At St. Albans Abbey, where four trebles were added to celebrate

by the addition of two more bells.

At St. Albans Abbey, where four trebles were added to celebrate the jubilee of the Hertford County Association, the first peal of Stedman Caters on the bells was rung on Saturday by members of the Cathedral Society. With the great old beams fixed in the ringing chamber in all sorts of inconvenient places (for the ringers), the belfry is not an easy place to ring in, but two of the band rang their first peal and four their first of Stedman Caters.

The golden wedding of Mr. and Mrs. James Parker, of Enfield was celebrated on Saturday with a peal of Stedman Cinques at St. Maryle-Bow Church, Cheapside, London. It was conducted by their daughter, Mrs. E. K. Fletcher.

On the same day other of Mr. Parker's old friends rang a peal of Bob Major at Warnham, Sussex, in honour of the auspicious event. Mr. and Mrs. Parker are both natives of Sussex and were married at the little village of Storrington on November 19th, 1888.

the little village of Storrington on November 19th, 1888.

Painswick Surprise Major was added to the methods rung by the Norwich Diocesan Association on Saturday, when a peal was rung at Pulham. Only Mr. Nolan Golden, out of the band, had previously rung a peal in the method.

(Continued on next page.)

DORSET VILLAGERS' GOOD PERFORMANCE.

(Continued from previous page.)

No fewer than 21 methods of Doubles, rung in complete extents, were put into a peal at Evershot, Dorset, on Nov. 12th. It is believed to be the greatest number ever included in a peal of Doubles, and it was rung, at the first attempt, by an entirely local band, as a compliment to one of their members, Mr. William Ruttley, on completion of 50 years' unbroken service as a ringer at Evershot Church.

Evershot has a population of less than 300, but there are ten ringers. Seven years ago only stoney was rung there, and the success which

Seven years ago only stoney was rung there, and the success which has since been achieved in change ringing is due to Mr. W. Shute, who acted as voluntary instructor and travelled many miles every

week to do so.

This peal in 21 methods is a real achievement, and the band would once more like to thank Mr. Shute for what he did for them, and is still doing among other bands, for the promotion of the art and the betterment of the Exercise.

Mr. Andrew Thompson, hon. secretary of the North Staffordshire Association, took part in a peal of Stedman Caters at Manchester Cathedral on Saturday, and has now rung peals of Stedman from

Cathedral on Saturday, and has now rung peals of Stedman from Doubles to Cinques.

The peal of Grandsire Triples at Salehurst, Sussex, on November 5th, was rung for the ringing jubilee of Mr. Archibald Stevenson, who began ringing on November 5th, 1888, when he was given a lesson on the 2nd bell. He rang this same bell to his first peal and his first as conductor, and has now called his jubilee peal from it.

The Sunday service ringers at Leek, Staffordshire, rang a peal of Stedman Caters on November 10th.

Thirty-two Surprise Minor methods were spliced into seven extents.

Thirty-two Surprise Minor methods were spliced into seven extents at Folkingham, Lines, on Nov. 12th, and conducted by Mr. Horace Day. It is the greatest number of Surprise methods in seven 720's rung in Lincolnshire and for the Lincoln Diocesan Guild.

rung in Lincolnshire and for the Lincoln Diocesan Guild.

Mr. Arthur G. Bason, who rang the tenor to the peal of Kent Treble
Bob Minor at Marham on Nov. 12th, has now rung/ peals in this
method from Minor to Maximus.

Peals are in these days few and far between at Sheffield Cathedral,
but we recorded a peal of Stedman Cinques rung there on Saturday
week, conducted by Mr. John Thorpe, who has now twice completed
the circle in this tower.

Peals of Oxford Treble Bob Maximus are few and for between but

Peals of Oxford Treble Bob Maximus are few and far between, but last Saturday members of the Norwich Diocesan Association rang one at Great Yarmouth, the first by all the band and on the bells. The peal was a birthday compliment to Mr. Arthur G. King, his father and his daughter. The birthdays of all three were celebrated during the week-end.

The peal ran to 5,376 changes and was the longest on the bells. It was Mr. J. G. W. Harwood's fiftieth peal.

LEICESTERSHIRE'S KING'S NORTON.

THE FIRST PEAL OF MAJOR ON THE BELLS.

Leicestershire, like Worcestershire, has a King's Norton. Its bells, however, seem to have been sadly neglected, and although there has been at least eight there for the better part of two centuries, it was not until November 6th that, as recorded last week, a peal of Major was rung on them.

Previous to the attempt, the Whitehead party made a special journey to King's Norton to make the acquaintance of the new Rector, the Rev. W. R. Davis, who has come from Canada, and who was inducted the previous week; also to seek his permission to use the bells. Mr. Davies said he would be delighted, but first of all he would have to seek information from an architect, living in the parish, to make certain that the bells were safe to ring. When the day arrived for the attempt, viewed by many as being a 'mad idea,' some hiked, some biked and the rest went by 'mobile. It was not pleasant to hear from one of the local ringers that the whole frame housing the bells 'walked about' immediately ringing began. Undaunted by this, however, the bells were pulled up in peal, but this was not concluded without the treble rope 'casting wheel.'

A start was made one hour late, and Arthur Debenham (or 'stouthearted Arthur' as he is known to his ringing friends) turned the tenor in beautifully, putting the whole of his 14 stone of muscle and brawn into the effort, which terminated with the bells coming into rounds at 1.45 p.m. Three cheers for Arthur, for it must have required

rounds at 1.45 p.m. Three cheers for Arthur, for it must have required a big heart to do it.

Lunch was very acceptable and was kindly provided by Mrs. Davis, to whom one of the party, on behalf of the whole band, expressed

The next move was to Gaulby, a stone's throw away, for a peal of Minor, which unfortunately was unsuccessful, owing to the poor condition of the ropes and the blisters from the Norton peal.

dition of the ropes and the blisters from the Norton peal.

Tea was taken at the Old Manor House, now occupied by Mr. E. Norrish, to whom further thanks were recorded, and the day was finally wound up, after service ringing, by touches on handbells. All journeyed home in a happy mood, including the hikers, content with scoring the first peal of Major on Leicestershire's maiden peal of bells.

According to North. in his 'Church Bells of Leicestershire,' King's Norton once had a peal of ten bells. William Fortrey rebuilt the church at Galby and erected a ring of six bells in 1741. He gave the ten bells to King's Norton some time later, but the ring had to be reduced to eight owing to the strain on the tower. The King's Norton peal contains one bell of the date 1641, the others, cast by the Eayres, of St. Neots, are dated between 1760 and 1764. Fortrey also gave two new bells to St. Margaret's, Leicester, in 1738, and his name is mentioned in connection with other bells in the county.

BELFRY GOSSIP.

Over 80 years of age, Mr. Dalton, one of the ringers at Chiswick Parish Church, has just retired after 60 years' service in that capacity. Good wishes will be extended to Mr. John Austin, of Gloucester, who was 75 last Saturday.

To-day is the anniversary of one of the great performances of the early days of ringing. On November 25th, 1737, the Eastern Scholars rang a 15,120 of Bob Major at West Ham, in 8 hours 40 minutes.

Ringers at Wye, Kent, have the opportunity of celebrating an interesting anniversary next Wednesday, for exactly 200 years ago that day a 5,040 of Grandsire Triples was rung in their tower 'by ye men of this town.'

It was not, however, the first peal that had been rung there. Two

men of this town.'

It was not, however, the first peal that had been rung there. Two and a half years earlier a peal of Grandsire had been rung there by 'ye first set of men that ever rang it in the county without the assistance of Londoners or others.'

A band from St. Martin's, Birmingham, went to Manchester last Saturday and brought away a peal of Stedman Ciuques from the Town Hall. Some of them got lost on the way home. But that is another

There will be a College Youths' practice at St. Andrew's, Holborn,

HOBART ASSOCIATION.

REHANGING OF BELLS DISCUSSED.

At the annual meeting of the Holy Trinity Association, Hobart, Tasmania, all the officers were re-elected except that Mr. P. Broughton replaces Mr. S. Taylor as hon. treasurer. The latter has, unfortunately, had to undergo an operation, and will be out of ringing for some weeks.

some weeks.

The active membership of the association in Hobart is 16, and in England, of course, there are nine life ringing members. The local members include several promising young ringers.

The officials of the association re-elected are: Patron, the Lord Bishop of Tasmania; president, Ven. Archdeacon Blackwood (who was in England last year); Ringing Master, Mr. J. W. Quarmby; Deputy Ringing Master, Mr. S. Smith; hon. secretary, Mr. A. R. Wilson.

At the meeting the question of providing a new bell frame, for the centenary of the bells in 1946, was discussed. Afterwards Mr. Wilson gave an address on 'Brotherhood among ringers.'

Archdeacon Blackwood presided, and the churchwardens were represented by Mr. M. Crawford. The bell inkstand which the English tourists presented to the hon. secretary on the occasion of their visit four years ago, occupied a conspicuous place in the ringing chamber.

four years ago, occupied a conspicuous place in the ringing chamber. It will be remembered that on the occasion of their reunion on October 15th, at Surfleet, members of the Holy Trinity Association rang the first handbell peal for the society.

BRAY BELLS AND THE NEW SILENCER.

To the Editor.

To the Editor.

Dear Sir,—In your last issue my name was mentioned in relation to the above. My chief reason for writing is regarding the weight of the tenor (shown last week as 25 cwt. in D). As I rang this bell to a peal of Minor (four 720's of Treble Bob and three 720's of Plain) on August 3rd, 1929, I ascertained the weight of this bell as given by the foundry. The bells went to the foundry in 1914, and the local ringers asked specially for the tenor weight and key. This information, which is still held by Bray captain (Mr. F. J. Russell), was returned by the foundry as 263 cwt. in B. Her lip measurement does not give true weight, as she is rather long in the waist, similar to the tenor of the old eight that were in St. John's Parish Church, Croydon. I might agree that the new type of silencer used on November 5th of this year would take more than 1\frac{3}{4} cwt. off in the course of a peal, as far as exertion by the ringer is concerned. I can certainly testify to the effectiveness of these silencers, having used them at Launton, by permission of Mr. F. Sharpe (the inventor), some 18 months back, but as there is naturally secrecy about them until such time as they are patented, I can say but very little. In any case they could well be used in cases where there are objections to ringing, as volume can be brought down practically to 'nil.'

Whether the Central Council would recognise a peal rung with these adapted must remain to be seen, but for my own part (with all due respect to my friends who took part in the Bray peal). I should not

whether the Central Counter would recognise a pear rung with all due respect to my friends who took part in the Bray peal), I should not attempt a peal in which they were to be used until I was sure it would be recognised. With Mr. F. Sharpe's permission, I should like to say more on this. The only thing that grieved me was that a noble bell like Bray teor should have to be 'muzzled,' for I went noble bell like Bray tenor snown nave over specially to Bray to listen to her beauty.

GEORGE GILBERT.

PERFECT STRIKING.

To the Editor.

Dear Sir,—A year ago there was some discussion in your columns as to what should be regarded as 'perfect' striking.

At the opening of Parliament recently I was close to the tower of St. Margaret's, Westminster, and I heard a touch of Stedman Triples rung from start to finish with the most faultless rhythm imaginable. A record of it could well have served as a standard example of perfect striking.

F. LL. EDWARDS.

LEADING CONDUCTORS-46.

HORACE M. DAY.

Among the men who are leaders of six-bell ringing, Mr. Horace M. Day, of Market Deeping, Lincolnshire, can be reckoned in the fore-front. In conducting peals of Minor he has shown himself eminently capable and he has been one of the pioneers of multi-method peals in Lincolnshire, where the practice has spread among a number of bands. Born at Tallington, Lincolnshire, on September 4th, 1881, Mr. Day moved to Market Deeping in 1896 and there he learned his ringing. Ever since the war he has been captain of the tower. His first peal was in five Minor methods at Edenham in February, 1914. During the war he spent sixteen

the war he spent sixteen months at Bristol and rang months at Bristol and rang with the band at St. Stephen's Church. His second peal was 5,019 Stedman Caters at Christ Church, Bristol, the first peal in that city after the Armistice in 1918.

Returning to his home in Lincolnshire, Mr. Day rang his first peal as conductor at Market Deeping on July 1st. 1920. when

on July 1st, 1920, when he called seven Minor methods. Since then he has conducted peals of Minor from each bell in each of the towers in the three Deepings - Market Deeping, Deeping St.

James and Deeping St.

He conducted the only 10,080 of Minor that has been rung in Lincolnshire, took part in the only peal of Double Norwich Royal in the county, and the only peal of Primrose Sur-

only peal of Primrose Surprise Major yet rung. His great forte, however, is Minor, and in this department he excels as a conductor. He has helped a goodly number of ringers through their first peal and he has called a great number of peals in multi-methods, including 32 Surprise methods, which is the largest number that has been included in a peal. Mr. Day has not got a full record of all his peals, but, omitting a number of which he is not certain, rung for the Peterborough Diocesan Guild, he has compiled a total of 241, of which he has conducted 176. His peals of Triples, Major, Caters and Royal number only about 30. Royal number only about 30.

Mr. Day has been Ringing Master of the Southern Branch of the Lincoln Diocesan Guild since 1925.

KING AND QUEEN VISIT BELFRY.

HER MAJESTY INSPECTS COMMEMORATIVE BELL. The King and Queen, who spent the week-end with the Queen's brother, the Hon. David Bowes-Lyon, at St. Paul's, Walden Bury, attended morning service on Sunday at St. Paul's Church, where Her Majesty was christened.

Afterwards the King and Queen went up to the ringing chamber, and Her Majesty afterwards went on up into the beliry to see the new 'Elizabeth' bell.

new 'Elizabeth' bell.

Mr. Ernest East, one of the ringers, accompanied the Queen and explained how the bell is rung.

The new treble bell, installed by Messrs. Taylor and Co., was added to the old five to make a ring of six to commemorate the Coronation of their Majesties. A Latin inscription round the shoulder records the purpose of the bell; and the royal ciphers GR and ER, in between which is an ornamental cross, appear on the waist. The bell was dedicated on Sunday, October 30th.

MESSRS. TAYLOR & CO.'s CALENDAR.

Messrs. John Taylor and Co. wish to remind those who have not yet returned their 'calendar cards' that calendars cannot be sent unless

returned their 'calendar cards' that calendars cannot be sent unless notification is received that one is desired.

The card is enclosed with the idea of ascertaining the number of calendars required to be printed, and Messrs. Taylor would be grateful for the co-operation of those wishing to receive a calendar for 1939 by sending a notification not later than December 1st next. This will save the disappointment which each year is caused in numerous instances to those who, whilst wishing to receive a calendar, yet by oversight omit to return their card.

WORCESTERSHIRE ASSOCIATION.

A SECRETARIAL DIFFICULTY.

Western Branch Unable to Find Successor to Mr. Large.

The insuperable difficulty of finding a successor to the retiring secretary was the only disturbing feature in an otherwise highly successful tary was the only disturbing feature in an otherwise highly successful meeting at Upton-on-Severn on November 12th, when the Western Branch of the Worcestershire and Districts Association held its annual meeting there. In spite of rain and wintry conditions, over 60 ringers attended, 18 towers of the branch being represented as well as members from the Northern and Southern Branches. Visitors included the Revs. I. J. Richards (Mon.) and H. Benson (Quinton, Stratfordon-Avon), Mr. William Dyer and friends (Cheltenham), Mr. A. Jones (hon. secretary of the Ledbury District, Hereford Guild). The bells of the Parish Church, which recently were rehung by Mears and Stainbank, found their tongues at 3 p.m. and were kept going until 4.15, when a short service (partly choral) was held in church (a modern building, little over half a century old), and an interesting address delivered by the Rector, the Rev. S. F. Lloyd, who is an hon. member of the association.

In his address the Rector referred to the words in St. Matthew:

In his address the Rector referred to the words in St. Matthew: 'He sent his servants to call them,' and said he would like to adapt those words to ringers. When they rang the bells their voices went out to all houses in the parish, even more so than his voice did in church. He asked them to take as their personal motto, 'Doing it as His servant,' as they were just as much God's servants as others in the church.

in the church.

Tea was ably served in the Working Men's Club at 5 o'clock by a band of ladies, who have an affinity with ringers and ringing, after which the business meeting was held, with the Rev. G. W. Webb (clerical secretary) in the chair. Supporting him were Messrs. S. T. Holt (Master), J. D. Johnson (general secretary), R. G. Knowles (vice-president), C. Camm (Branch Ringing Master) and G. E. Large (branch secretary). It was reported that the quarterly peal had been rung at Ripple the previous Saturday, a peal of Grandsire Doubles by the local band.

Mr. C. Camm was again re-elected Branch Binging Master be

Mr. C. Camm was again re-elected Branch Ringing Master, he having held this position for many years.—Mr. Camm thanked the members for again electing him, and said he hoped to see more enthusiasm in the branch than of late.

NO SUCCESSOR FOR SECRETARY.

Mr. G. E. All those who had been approached had said they had

of the year. All those who had been approached had said they had not the necessary leisure time.

Mr. Holt and Mr. Johnson told the meeting that Mr. Large had very good reasons for giving up the secretaryship, and the former asked Mr. E. F. Cubberley (Kempsey), who was present, if he would reconsider his refusal to take the job on. Mr. Cubberley said he regretted he could not change his mind, as, though he had given the matter careful thought, his work presented him from accepting.

Many members were then called upon to ascertain their 'ayes' or 'noes,' but no one could see their way clear to say 'Yes.' Much time was spent on this vexed matter and many resolutions framed (some conflicting with the rules) until it looked as if the meeting would still be there at that time next year. The situation was saved by Mr. Johnson (general secretary), who advised them to re-elect Mr. Large, if he was agreeable, so that it would give them a respite in which to find a successor. He (Mr. Johnson) thought no one should be asked to take on the work haphazardly, as it required careful thought, and he would like to see someone take it on for a number of years, which did not necessarily mean for life. did not necessarily mean for life.

Mr. Large said he did not wish to have the books again ofter the

Mr. Large said he did not wish to have the books again efter the auditors had had them, but as no one could be found to take on the job he would continue in office until the next meeting (some time in February or March), when he would then definitely resign.

Mr. Johnson remarked that if by that time no successor had been found to Mr. Large, he himself would take over the books and arrange one meeting, but only one. Accordingly the retiring secretary was re-elected with thanks and for the time being the difficulty of a successor performed. successor postponed.

Hallow was proposed as the place for the next meeting, subject to the consent of the Vicar there.—Thirteen new members were enrolled, nine of these from Shelsley Beauchamp, a tower which is now affiliated for the first time.

The secretary reported that he expected an increase by the end of the year of over 30 new members (applause). In the last four years their branch had each year showed an increase, approximately 66 new members having been accepted. This, he said, proved they were on the right side, and he hoped all in the room would do something to

the right side, and he hoped all in the room would do sollething to keep these members and to render any assistance required.

GUILDFORD AND LADIES GUILDS.

SUCCESSFUL JOINT MEETING AT YORKTOWN.

It has become a frequent custom for the Southern District of the Ladies' Guild to arrange a meeting jointly with the Farnham District of the Guildford Diocesan Guild and with happy results. Last Saturday a combined meeting was held at Yorktown and brought together a gathering of some 50 ringers, of which Aldershot, as usual, supplied a strong contingent. Yorktown has a comparatively modern but beautiful church, and the bells have recently been rehung. Ringing took place during the afternoon and evening, and although the methods did not reach any flights of fancy, some good, solid practice was put in.

Service was conducted by the Vicar (the Rev. F. W. T. Waithman) and the address given by the Rev. L. B. Towner (curate). Miss Maries, at the organ, and the choirboys led the singing.

at the organ, and the choirboys led the singing.

Tea in the Church Room was a happy affair, in which the choirboys joined, and conversation, at any rate in one corner, touched politics as well as ringing. The Vicar presided over the gathering, and among those present, in addition to the representatives of the towers, and the members of the Ladies' Guild, all of whom, by the way, were members also of the Guildford Guild, were Miss Middleton (a life member), the Rev. Towner, the hon. treasurer of the Guildford Guild (Mr. J. Corbett), the hon. secretary (Mr. G. L. Grover), Mr. J. S. Goldsmith (vice-president), Mr. W. F. J. Cope (Guildford District secretary), Mr. R. Hasted (Farnham District Ringing Master), Mr. C. W. Denyer (district secretary), Miss H. F. Mills (Southern District secretary of the Ladies' Guild) and Mr. R. Whittington (Cranleigh).

Mr. Goldsmith welcomed to their first meeting new members of the Hawley and Seale bands, and said how pleased they all were to have miss Middleton among them again. Miss Middleton was a warm supporter of the old Winchester Guild, and on the formation of the Guildford Diocesan Guild became one of the first life members. Mr. Goldsmith went on to thank the Vicar, the curate, Miss Maries, the choir, Mr. Ewens and the local ringers, and the ladies who had served tea, each for their part in making the meeting a success.—Mr. Ewens

tea, each for their part in making the meeting a success.—Mr. Ewens and Mr. W. Gillians replied.

Mr. W. Gillians and his son and daughter, Mr. R. Gillians and Miss K. Gillians (Seale) and Mr. R. Wake (Bagshot) were elected ringing members of the Guild, and Mr. A. J. Harding (Yorktown) an

honorary member. The general hon, secretary reminded the members of the annual dinner of the Guild, to be held on January 14th, and pointed out the importance of the event receiving the support of every tower if it

was to be made a success. The retiring officers of the district were renominated, with Mr. Ewens as an additional name for the committee, after Mr. F. Nye had urged that some of the younger men should take a share in the management of the Guild.

At the close of the meeting the Vicar replied to the vote of thanks to himself, and said how pleased he was to welcome the Guild to

Yorktown again.

In the afternoon the Vicar dedicated in the belfry a peal board recording a peal of Grandsire Triples rung on April 20th.

Mrs Cope presided at the business meeting of the Ladies' Guild,

held after that of the Guildford Guild and when the men had been 'cleared out.' Miss Middleton, of Camberley, was elected an honorary member and Miss K. Gillians, of Seale, a ringing member.

It was decided to hold a meeting in the Basingstoke District in

February.

Apologies for absence were received from Mrs. Bruce (vice-president), Mrs. Hazelden, Mrs. Steedman and Miss Stewart.

CURATE AND CHURCHWARDEN'S DAUGHTER MARRIED.

At St. Andrew's Church, Cobham, Surrey, on November 14th, on the occasion of the wedding of the Rev. B. A. Whitehead (curate of the parish and priest in charge of St. John's Church) and Miss Margaret Spencer, daughter of Mr. A. C. Spencer (churchwarden) and Mrs. Spencer, of Fairview, Cobham, 720 each of Oxford and Kent Treble Bob Minor was rung by A. Winch (Leatherhead) 1, A. Roberts 2, A. H. Smith (Leatherhead) (conductor) 3, J. Mills 4, G. Shotter 5, E. Matthews 6.

WORCESTERSHIRE ASSOCIATION.

(Continued from previous page.)

their bells recast and rehung, and further subscriptions would be

welcome.

Before the collection for the Belfry Repairs Fund, which realised £1, a discussion took place on this fund, and it was decided that whatever the other two branches did, the Western Branch would stick to its original rule made at Hallow on November 7th, 1931, 'That all collections made at these meetings be given to the Belfry Repairs Fund.'

A comprehensive vote of thanks to the Rector, to their chairman, the organist and choirboys, brought the meeting to a close, after which the bells were again made use of until a late hour. Hanley Castle (St. Mary) six bells had been kindly placed at members' disposal and several made the short journey there to wind up a successful

LLANDAFF AND MONMOUTH DIOCESAN ASSOCIATION

QUARTERLY MEETING IN THE WELSH HILLS.

QUARTERLY MEETING IN THE WELSH HILLS.

Merthyr Tydfil, situated well up in the Welsh hills, at the top end
of the Taff Valley, was the scene on Saturday of a good muster of
ringers who attended the quarterly meeting of the Llandaff and Monmouth Diocesan Association. The bells, a lovely ring of eight, with
a tenor a ton, erected 42 years ago by Taylor and Co., are, perhaps,
one of very few installed under similar circumstances. The late Sir
William Thomas Lewis influenced seven other old Merthyr boys to
give a bell each, contributing the tenor bell himself. Those who
had never visited Merthyr before were delighted with the fine tone
and the easy running of the bells.

and the easy running of the bells.

Service was taken by two of the assistant clergy in the unavoidable absence of the Vicar (Canon Pugh), who was away in residence for a month at Llandaff Cathedral.

month at Llandaff Cathedral.

A sumptuous tea was afterwards served in the Church Hall, which had been very kindly provided by the Church authorities and ladies. The business meeting which followed was presided over by the Rev. J. D. Llewellyn Jones (curate). Various reports were dealt with and several new members elected. The very best thanks, ably proposed by the Master, Mr. E. Stitch, were accorded to all who had contributed to make the meeting such a success. The bells were afterwards rung in various methods, including Double Norwich and Cambridge Major. It was pleasing to see such a number of young ringers present, among them several of the young band from Ebbw Vale, who took part in the ringing of Grandsire Triples. It was a most pleasant meeting and an enjoyable afternoon and evening.

The rext meeting of the association is to be held at Ebbw Vale.

RINGING IN FRONT OF CHANCEL STEPS.

BARNSLEY SOCIETY AT CROFTON.

The November meeting of the Barnsley and District Society was held at Crofton, members being present from Arksey, Adwick-le-Street, Burgwallis, Cawthorne, Earlsheaton, Felkirk, Sandal, South Kirkby, Wath and the local company and one out-radius member from Ashford, Kent. The bells are a beautiful peal of six, with tenor 15 cwt. 1 qr. 21 lb. in F. Three of the bells are old, the other three having been added in 1915 and the copes fall in a good circle in front of been added in 1915, and the ropes fall in a good circle in front of the chancel steps, thus doing away with stair climbing. Ringing commenced at 3 p.m. and continued until 5 p.m., when tea was served in the new Parochial Hall, 17 being present.

The business meeting followed, under the chairmanship of Mr. W.

Moxon, of Sandal (vice-president).

One new member, Mr. F. Vallance, of Burgwallis, was elected.

Ecclesfield was chosen for the next meeting, to be held on December

10th.

After the usual votes of thanks to the Vicar and churchwardens for the use of the bells, to the local company for the arrangements made and to the ladies for providing such a good tea, further ringing followed in a great variety of Minor methods and also Grandsire and Stedman Doubles. The bells were lowered in peal to bring to a close a very good meeting.

HALIFAX AND DISTRICT ASSOCIATION.

NEW MILL WIN CONTEST AT SHELLEY.

The quarterly meeting and six-bell contest of the Halifax and District Association was held at Shelley on Saturday, November 5th. Four teams entered the contest, to ring 600 changes, with a plain course for practice. The draw for the order of ringing was as follows: (1) Friezland: (2) Meltham; (3) New Mill; (4) Liversedge. Liversedge rang Plain Bob and the others rang Oxford.

Tea, to which about 30 sat down, was served in the Gardeners Arms. The meeting which followed the ringing was held in the Mothers' Union Room, the president (Mr. Earnshaw) being in the chair, supported by the Vicar of Shelley (the Rev. — Broadbent).

It was decided that, subject to permission being granted, the next committee meeting be held at Kirkburton on March 11th.

The judge, Mr. A. Hoyle, of Shelley, gave his decision as follows: Friezland. 110 faults: Meltham, 80 faults; New Mill, 77 faults; Liversedge, 222 faults. New Mill were, therefore, declared winners, and the cup was presented to the conductor (Mr. H. Biltcliffe) by the Vicar of Shelley. The quarterly meeting and six-bell contest of the Halifax and District

CHESTER DIOCESAN GUILD.

CREWE BRANCH TRY SANDBACH'S RESTORED BELLS.

A most enjoyable meeting of the Crewe Branch of the Chester Diocesan Guild was held on November 19th at Sandbach, where the peal of eight bells has recently been retuned and put in a new steel frame by Messrs. Taylor and Co., of Loughborough. The cost of this work has been defrayed by a local lady, Mrs. Poole, of Sandbach, in memory of her husband.

Ringing during the day ranged from Grandsire Triples to Cambridge

Tea was kindly given by Archdeacon Armitstead, Rector of Sandbach, and there were 42 members present, representing 17 towers.

A hearty vote of thanks was accorded to the Archdeacon for his hospitality and for the use of the bells.

DONINGTON RINGER'S LONG RECORD.

DEATH OF MR. HERBERT WOODS.

It is with great regret we record the death of Mr. Herbert Woods, of Donington, Lincolnshire, at the age of 73 years. He passed away at his residence on Tuesday, November 15th, after only a few months'

The interment took place in Donington Cemetery on Saturday, the funeral service being conducted by the Vicar (the Rev. G. A. Elson). As a last token of respect Mr. Rupert Richardson (Ringing Master of the Lincoln Diocesan Guild) and Mrs. Richardson (Surfleet), Mr. George Ladd (Pinchbeck) and Mr. Cyril Burrell (Gosberton) rang a course of Grandsire Triples on handbells at the graveside. Six of deceased's fellow-ringers acted as bearers and in the evening they rang the tower hells last muffled the tower bells half-muffled.

THE LATE MR. WOODS AND HIS RINGING FAMILY. In this picture, with the Vicar of Donington, is the late Mr. Herbert Woods, with his four ringing sons and grandson.

Mr. Woods had had a long association with Donington Church, having been a bellringer there for nearly 50 years, during most of which time he had been captain of the band. He was also a chorister in his early days, and in September of this year he completed 37 years as verger and cemetery keeper. He was also one of the oldest members of the Lincoln Diocesan Guild.

On November 21st, 1937, he created something of a record, as he, together with four of his sons and a grandson, rang a quarter-peal on the six hells

the six bells.

KENT COUNTY ASSOCIATION.

ROCHESTER DISTRICT ON THE UP-GRADE.

The annual meeting of the Rochester District of the Kent County Association was held at Rochester. About 80 members attended and the meeting was in all respects a complete success.

Ringing on the Cathedral bells took place for an hour in the after-

Ringing on the Cathedral bells took place for an hour in the afternoon, and evensong was attended by most of the ringers. Tea was served at the City Cafe, the cost being borne by the association.

The business meeting was presided over by the Dean of Rochester, Bishop Blackie, who extended a very hearty welcome to the ringers to the city of Rochester, which, he felt, was the home of the District. He emphasised his admiration of the spirit of comradeship and good feeling which usually existed among the ringers, and he said it gave him very much pleasure to be with such a happy and genial gathering of churchworkers. He also expressed his great pleasure in seeing so of churchworkers. He also expressed his great pleasure in seeing so many young ringers and ladies at the meeting, and made amusing references to his earlier association with the ringers when ringing by the ladies was regarded with a certain apprehension.

The district representatives, Messrs. W. Spice and E. A. G. Allen, were re-elected, as was also the district secretary, Mr. George H. Spice. The secretary read his annual report of the activities of the District since the last annual meeting and other matters of interest to the members. It was gratifying to note that the district continued to flourish and that the membership was on the up-grade. Of the total of 182 members of the Rochester District, 26 were under 16 years of age and eight were non-paying members over the age of 65. It was age and eight were non-paying members over the age of 65. It was noted that there was also an increase in the number of peals rung during the past twelve months, but it was emphasised that the time had arrived when the six-bell towers should contribute a bigger share to the total and that they should make a special effort in this direction during the coming year.

Gillingham was decided upon as the place for the first meeting of the new year, to be held in January.

Ringing on the Cathedral and St. Margaret's by

Ringing on the Cathedral and St. Margaret's bells was afterwards

EAST DERBYSHIRE & NOTTS ASSOCIATION

SUCCESSFUL FIRST DINNER.

The first dinner promoted by the East Derbyshire and Nottinghamshire Association was held on Saturday, November 5th, at Alfreton. The bells of the Parish Church were available during the afternoon and at 5 o'clock, a well-attended service was conducted by the Rev. L. H. de Cas, Vicar of Alfreton. The address was given by the Rev. T. H. Evans, Rector of South Normanton, and the lessons read by Mr. J. W. England, hon. secretary of the association.

Mr. J. W. England, hon, secretary of the association.

A company, numbering 74 ringers and friends, gathered in the evening at the King Alfred Hotel for dinner. The vice-president (Mr. John Hobbs) occupied the chair, supported by the president (Mr. Wilson Dobb), the Revs. L. H. de Čas, T. H. Evans and H. W. Schofield (Selston), Mr. Tom Clarke (Ringing Master), Messrs. E. A. Ashman, A. Elliott, H. Doughty, T. Jennings (members of Executive) and Mr. J. W. England. There were also present Mr. W. E. White (hon, treasurer of the Midland Counties Association), Miss I. Thompson (hon, secretary of the District Ladies' Guild), Mr. R. Walker (churchwarden, South Normanton) and Mr. W. Ainsworth (churchwarden, Tibshelf). Apologies for absence were received from the Lord Bishop of Derby, Bishop Neville Talbot (St. Mary's, Nottingham), the Revs. R. F. Wilkinson, Canon Paget, the Rev. D. G. Smith, R.D., Messrs, W. F. Croft, C. Harrison, A. Brown, J. Swinfield, James Rawson, W. P. Deane, Sydney Palmer, R. Richardson and E. H. Lewis (president, Central Council).

Following the loyal toast, Mr. Tom Clarke proposed 'The Church and State,' and made reference to the great national figures who had made an indelible impression on this country.

had made an indelible impression on this country.

In reply, the Rev. L. H. de Cas expressed his personal gratification and that of the town of Alfreton at the association's visit to that place. The association, he said, was engaged in valuable work, and he wished it continued activity and prosperity. It was a pleasing sign that ladies were taking a part in this work, and possibly their asthetic tastes would have a chastening effect on the appearance of some ringing chambers (laughter). Bellringing should induce a tremendous feeling of loyalty to the Church and promote fellowship. As to the State, whatever mistakes democracy had made, and, possibly, one was that of 'muddling through,' they would never make the mistake of exchanging their own freedom for what other dictator powers considered a 'greater state of efficiency.'

Mr. E. A. Ashman, toasting 'The Association,' said he had been

powers considered a 'greater state of efficiency.'

Mr. E. A. Ashman, toasting 'The Association,' said he had been ringing for about 50 years, and in his early days it took about an hour to ring 120 changes of Grandsire Doubles, each change being called by the ringer who was leading and repeated several times. He attributed the progress made to the work of the associations. Better belfry conditions all round prevailed to-day.

At this juncture a splendid course of Grandsire Triples on handbells was rung by Miss I. Thompson and Messrs. Clarke, Salter and Bradley.

THE ASSOCIATION'S AIMS.

Mr. J. W. England replied to the toast and reminded the company that last year they celebrated the jubilee of the association. The hope was then expressed that they would have an annual dinner and convivial reunion. The success or otherwise of that evening's gatherconvivial reunion. The success or otherwise of that evening's gainering would determine the future policy. Such gatherings would undoubtedly increase the bond of fellowship in the association. Although over 50 years old, the association was very young in comparison with some. He reminded the company that bellringing in its early days some. He reminded the company that bellringing in its early days was indulged in more as a pastime for the sons of the wealthy than an act of service. While a small minority still practised the art merely as a hobby, the object of the majority, and the object of ringing associations, was to produce the best in their power to the glory of God. The aims of the association were efficiency and loyalty to the Church. That evening, he reminded the gathering, they had with them Mr. H. Draycott, of Tibshelf, who the following day, November 6th, would complete 50 years' service as ringer in one church; also Mr. J. Swain, who had rung for 49 years. If the association could retain the interest of such members for so long and in conscientious service, then its work was worth while (applause). He appealed for 100 per cent. membership and pointed out that where ringing was regular and efficient, the ringers were invariably members of an association. They must, he said, do their utmost to prevent the substitution of mechanical means for beautiful bells. He had heard of ringers being described as a nuisance. Ringers could be a nuisance, but so could some clergy (laughter). He concluded by appealing for closer co-operation between clergy and ringers. closer co-operation between clergy and ringers.

Mr. Wilson Dobb submitted 'The Visitors and Kindred Societies,' and particularly welcomed Miss Thompson and Mr. W. E. White, the genial treasurer of the Midland Counties Association.—Mr. R. Walker responded.

The musical programme was well sustained by Mr. J. Wright (bass), Mr. W. Haig (tenor) and Mr. A. E. Coupe (humorist), while Mr. A. Lane was the accompanist.

The Chairman, in his concluding remarks, stressed the importance of striking, and said 'every ringer is a soloist.' He asked every ringer at all times to remember this.

The singing of the National Anthem concluded the enjoyable

NOTICES.

LANCASHIRE ASSOCIATION.—Blackburn Branch.
—The next meeting will be held at Nelson on Saturday,
Nov. 26th. Bells (8) available from 3 p.m. Meeting
6.30 p.m. Members and non-members cordially invited.

CHANGE OF ADDRESS.—The address of Mr. G. H. Williams is 105, Earlsbury Gardens, Birchfields, Birmingham, 20.

ANOTHER FINE OCTAVE FOR DEVON.

TWELVE TEAMS OF RINGERS AT TAWSTOCK OPENING.

Due to the enterprise of the Vicar of Tawstock, the Rev. Sir A.

Bouchier Wrey, Bt., the old six bells in the Parish Church have been retuned, quarter-turned and rehung with new iron headstocks and ball bearings. Two new treble bells to complete the octave have been returned and the complete the octave have been reduced by the comple

ball bearings. Two new treble bells to complete the octave have been added and the complete peal has been hung in a new iron frame. The tenor turns the scale at 16 cwt. 3 qr. 20 lb.

The dedication of the bells took place on Saturday, November 19th, the ceremony being performed by the Rural Dean of Barnstaple (the Rev. H. P. T. Scott).

In view of heavy rain and the remote position of the church, the number who attended the service was surprising. Some twelve complete teams of ringers were present, and each team was allowed 20 minutes' ringing, including rising and falling in peal. The turns for ringing were decided by ballot.

Messrs J. Taylor and Co., Loughborough, have been responsible for the complete work and they have provided a delightful peal. Mr. J. P. Fidler represented them at the service of dedication.

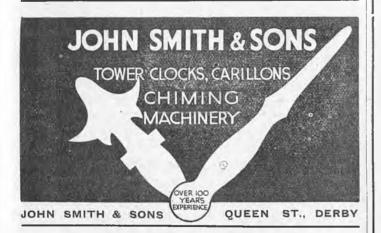

ARMISTICE COMMEMORATION.

With the bells half-muffled in memory of the fallen, a quarter-peal of Doubles (four extents of Plain Bob and six and a half of Grandsire) was rung for evensong on November 13th at Pytchley, Northants: S. Sargent 1, G. Brown 2, C. Brown 3, R. Coleman 4, S. Munton (conductor) 5.

(conductor) 5.

The Sunday service band at Ross-on-Wye, Herefordshire, rang a quarter-peal of Grandsire Triples for the special service of remembrance on November 13th: A. G. Hazelden 1, W. T. Poston (conductor) 2, K. C. Bridges 3, A. H. Wheelwright 4, J. D. Morris 5, H. H. Winney 6, J. J. Webb 7, R. Taylor 8. First quarter-peal by ringers of 1 and 3.

For the Armistice service at Chiddingfold, Surrey, on November 13th, 504 Grandsire Triples was rung by E. Worsdell 1, M. Smither 2, G. Arrowsmith 3, A. J. Bartlett (conductor) 4, R. Carpenter 5, A. Brown 6, R. Hagley 7, G. Johnson 8. First attempt for ringers of 1 and 6.

Obtainable only post free from Rev. E. S. POWELL, Staverton Vicarage, near Daventry,

DON'T SCRUB YOUR HANDS!

Cleanse and preserve your skin this simple way

To many people, the problem of getting the hands really clean without harming the skin is a serious one. Grease and grime, which become deeply ingrained into the pores of the skin, are extremely difficult to remove, and ordinary washing with soap or even scrubbing will fail to remove them completely. Housewives, particularly, who complain that their hands get ruined by the nature of their work, will find the preparation called DERMAFOAM a real "godsend." DERMAFOAM smoothes away dirt and grease without effort. It gets right down into the pores and removes every particle of grime, leaving skin beautifully supple and healthy.

Men, too-when you've finished that dirty job on the car, DERMA-FOAM will quickly banish all grease and oil from your hands. It acts almost magically-working under and around the nails and into every minute crease, removing all trace of dirt in a flash.

Engineers, Painters, Car Mechanics, Printers - everyone - will welcome DERMAFOAM, the modern method of cleansing and protecting the hands.

Sold in 6d. and 1/- Tubes

Ask for Huxley's Dermafoam at your Chemists and, if unable to obtain, write to
