The Popularity of Bells

Evidence of the affection with which Church bells are held by the public reached us from an unexpected source last week. The B.B.C. have a Listeners' Research Department which makes exhaustive enquiries as to the tastes and desires of the public in regard to their wireless programme. Subject of a special enquiry was the Christmas Day broadcast, and the following, ascertained from that cross-section of the public so frequently referred to as the 'Man in the Street,' is indeed a high compliment to bells.

Of the listening community who replied to the questionnaire, the King's speech was placed first with 58 per cent.; second was the Christmas bells, with 30 per cent.; and then followed 1 p.m. News, 21; Kentucky Minstrels, 15; Carols, 11; 8 a.m. News, 10; B.B.C. Symphony at 11 a.m., 3 per cent. It might well be argued that circumstances are special on Christmas Day, but the high percentage of listeners who enjoyed the ringing broadcasts denotes that the music of the bells still commands the

attention of the public.

In the light of these figures it might be assumed that the recording of bells will be more frequent. The time has arrived when a closer understanding should be reached between the officials of the different Regions of the B.B.C. and the Central Council of Church Bellringers. A statement was made at the Norwich Council meeting of preliminary negotiations and discussions in one Region. At the present time selection seems rather an haphazard affair, although the B.B.C. on their part have precautionary tests of the recordings. According to information which reached this office two towers were selected last Christmas: East Hagbourne, North Berks, for the overseas listeners, and Allesley Parish Church, Warwickshire, which was heard on the Midland Regional on Christmas Eve and Christmas Day. Both these towers contributed to the programme what might be called typical village bells and did well.

Ringers take a legitimate pride when their own bells are broadcast; in the case of the writer's own tower meticulous care was observed to ensure good striking. What the Exercise is anxious about is that the standard of ringing is good and that the towers selected are musical rings. The vast network of information available to the Central Council would readily be placed at the disposal of the B.B.C. if an appropriate liaison was established. The Exercise is proud of the bells of these isles; the people of this land have been accustomed to

Church bells and, as the B.B.C. questionnaire shows, they are still listened to with affection.

In the ranks of radio listeners are to be found hundreds of ringers, as letters to the Editor have indicated. We would specially ask conductors when they have given a recording or are to appear in a programme to let the Editor know as early as possible. We are only too anxious to give publicity to such occasions; they should be recorded in 'The Ringing World,' and readers should be given an opportunity of listening-in to these broadcasts, which are almost of 100 per cent. interest to the Exercise. To the technical ear of the ringer there are a number of finer points about such broadcasts which would be missed by the average listener. There is not a broadcast of bells which does not bring back memories to some ringer, and among many peal ringers the knowledge of bells is unique. If discussions take place between the Council and the B.B.C. on ringing generally, we trust that this question of advanced publicity of bells will be raised. Some of the best broadcasts of bells have been incorporated in the overseas programme, and to our knowledge there are many of our readers who desire information as to wavelengths of such events.

Lastly, ringers as a body are grateful to the B.B.C. for the outstanding honour conferred on the Exercise when Bow bells were selected for the interval signal. While perhaps to the Cockney these bells have a special appeal, nevertheless the country has grown accustomed to the rhythmic beauty of this recording. It is the sincere hope that such a sound signal which is traditionally English will be maintained. Many have found courage and inspiration in the hallowed message of Bow bells apart from the legendary association with Dick Whittington.

'The Ringing World' was founded in the year 1911 by John Sparkes Goldsmith, who remained its proprietor and editor until his death in 1942. At the meeting of the Oxford Diocesan Guild at Slough on February 22nd a memorial tablet will be unveiled to Mr. W. H. Fussell. We understand the tablet has been beautifully executed.

As we were going to press we received a notification of the death at Saffron Wa'den on February 7th of Mr. Ernest A. Pitstow, aged 86.

Six of the band who rang the peal of Bob Major at Carrickfergus, Northern Ireland, on January 25th were from Holywood.

A half-century as a ringer at Knowle, Warwickshire, has been completed by William H. Smith. He rang the treble to a peal in honour of his record.

Corrections.—Regarding the peal of Stedman Cinques at Saffron Walden, the ringer of the seventh was Frank B. Lufkin and not Frank A. Lufkin. The church is dedicated to St. Mary the Virgin.

A helpful book for the young ringer is 'Elementary Change Ringing,' by the Rev. F. F. Rigby. The publishers are the S.P.C.K., Northumberland Avenue, London, W.C.2. Price 3s. 6d.

A pleasant surprise awaited the ringers of Adlington, Lancs, on the completion of their peal of Stedman Triples on January 25th. The Vicar came into the ringing chamber, and after congratulating the band, invited them to tea at the Vicarage.

The peal of Grandsire Triples at Edmonton on January 26th was rung by a local band in appreciation of the work done by Mr and Mrs. Thomas, who taught all the ringers except the 5th and 6th to handle and ring a bell. It was a farewell peal to Dennis H. Langdon, who is joining the Forces, and a welcome home to W. Douglas Smith.

ringers with clear instructions as to what to do.

Watch the company Mr. F. Dunkerley has at Moorside, Lancs. They have rung their first together of Double Norwich and have Cambridge as their next objective, which they hope to complete this summer.

News has reached Wollaston, Worcs., of the death in Canada of Mr. Charles Frederick White, a former member of the local band. In his memory 720 London Surprise Minor was rung by J. Bass 1, R. Matthews 2, F. Handley 3, S. G. Thompson 4, H. V. Cooper (conductor) 5, C. Richards 6.

A noble effort comes from Weedon Bec, Northants, where five of the company rang their first peal of Doubles, and the conductor, Mr. Eric Nobles, called his first of Doubles in four methods.

The whole of the post-war girls' band at Burnham. Bucks, has now rung one or more peals of 5,000 changes, with Miss Gwen Murkitt completing the list on Saturday, February 8th, by ringing the treble to a tripless peal of Grandsire Triples. Moral: Train some more.

According to the copy received, the peal of Doubles at Duston, Northants, on February 3rd, was not rung for any Association. We hope the ringers are not outside the pale!

It was not intentional that three of the four districts in the Guildford Guild held their annual meetings last Saturday. Protests have been lodged.

PETERBOROUGH DIOCESAN GUILD

Although this Guild in its present form only dates back to 1924, it is a continuation of the Raunds, Wellingborough and District Society, which was formed at Raunds on July 5th, 1883, by the Vicar of Raunds, the Rev. Hugh Bryan, who became the first secretary. By the end of that year 63 members were on the books. The society grew steadily and change ringing and some peal ringing became well established.

On his retirement in 1892, the Rev. Hugh Bryan was presented with an inscribed copy of North's 'Bells of Northamptonshire.' About this book from a firm of dealers in second-hand books and presented it to the Guild to be in the hands of the Guild secretary and loaned to members.

In 1895 the title of the society was changed o 'The Central Northamptonshire Association,' and that year at the annual meeting a discussion took place on the advisability of forming a Diocesan Association, but it was thought that matters were not ripe for this at the time. This society was split into three at the time. The districts in 1905.

GOLD MEDALS FOR 100 PEALS.
One rule of he early days was that 'all members who ring 100 peals for the association shall receive a gold medal.' From the reports, those who received these medals were Messrs. J. B. Houghton, J. Garrett, W. Perkins, A. Y. Tyler, W. V. Newman, T. R. Hensher, W. Hensher, J. B. Martin, A. H. Martin, F. Wilford, F. W. Sawfoot, D. J. Nichols and E. J. Chapman. In 1914 this was discontinued and a new rule passed that a certificate, which bore a photograph of Peterborough Cathedral, be awarded to all members GOLD MEDALS FOR 100 PEALS. borough Cathedral, be awarded to all members ringing their first peal on a working bell. This is still in force.

By 1923 there were five districts, and as the outcome of a meeting at Wellingborough,

addressed by the Bishop of Peterborough, it was decided to form a Diocesan Guild for the whole of the diocese which covers the counties of Northamptonshire and Rutland. This was formed at Wellingborough on January 5th, 1924, with the addition of Oundle and District Society and also the Peterborough and District Society.

The chief officers elected were the president, the Dean of Peterborough, Master, Mr. F. Wilford, and general secretary, Mr. D. J. Nichols. Mr. Nichols had done most of the routine work and the organising which made the formation of the Guild possible. There were now 81 towers in union, seven branches and over 600 members. In 1925 Daventry Branch was formed, and in 1930 the Towcester and District Society joined as the Towcester

and District Society joined as the Towcester Branch of the Guild.

Early in 1926, Mr. Nichols, who had been in poor health for some time, had to resign his office. Mr. R. G. B.ack, the Kettering Branch secretary, was elected to succeed him. He still holds the office, combined with that of guild treasurer, and is the only official of the Guild to have held office continuously since its formation. Mr. Nichols died in 1928 at the early age of 48. He had rung about 130 peals, all of them for the local association or guild. He was the leader of Kettering band for He was the leader of Kettering band for several years and conducted peals by the local band in all the standard methods, and Cambridge, Superlative and London Surprise

Rutland Branch was formed in 1933, the membership of the Guild in that year being membership of the Guild in that year being 98 honorary and 843 ringing members. Mr. Wilford resigned the Mastership in 1935 and the Rev. E. S. Powell was elected to the office. Mr. Wilford died in 1936. He had been a representative on the Central Council for over 30 years and attended every meeting until prevented by his illness, from which he did

not recover.

The Guild weathered the war years well, The Guild weathered the war years well, and were ably guided during this difficult time by the Rev. E. S. Powell, the Master. The latter recently resigned the living of Staverton, and on retirement has left the diocese. In 1944 there were 145 members in H.M. Forces, which is a high percentage. In 1945, 112 new members were elected, mostly young people of both sexes.

The late Mr. A. H. Martin, of Higham Ferrers who died in 1941, was believed to be the last ringing member who had attended the

The general secretaries since 1883 were the Rev. H. Bryan to 1892. Mr. E. J. Dennes 1892 to 1902. Mr. T R. Hensher 1902 to 1906. Mr. F. Wifford 1906 to 1920 Mr. D. J. Nicho's 1920 to 1926. Mr. F. G. Black 1926 to present

The Belfry Repairs Fund was formed in 1917 from collections at services, and in 1933, when the Guild was ten years old, the sum of £279 had been collected and grants had been made of £126 to various towers for restorations and augmentations. The Belfry Restoration Fund is still flourishing and at the end of last year was worth over £209.

PEALS IN NORTHANTS.

The earliest known peals in Northants are the two peals of Grandsire Triples rung at Kettering in 1729 and 1731 and which are recorded on the ancient peal boards still in that tower. The first peal of Major was a peal of Bob Major at St. Peter's, Northampton, by the College Youths in 1739, and was conducted by Benjamin Annable, who rang the seventh. This peal is No. 45 in the College Youths records.

OXFORD UNIVERSITY SOCIETY

75th ANNIVERSARY CELEBRATED.

The 75th anniversary of the foundation of the Oxford University Society of Change Ringers was celebrated in Oxford during the first week-end of February. The ringing pro gramme was a full one, though there were no gramme was a full one, though there were no tower-bell peals. A proposed attempt for Stedman Cinques by the society at Christ Church had to be cancelled owing to several last-minute withdrawals. Handbell peal attempts began on the afternoon of Friday, January 31st, but unfortunately met with no success. On Sunday afternoon, however, the society rang the first peal of Winchester Bob Major on handbells.

Official proceedings commenced on the morning of Saturday, February 1st, with ringing at St. Ebbe's (8) from 9.45 to 10.45. The society's est. LDDE's (8) from 9.45 to 10.45. The society's festival service, conducted by the president of the society (the Rev. C. E. Wigg), then followed at the University Church of St. Mary the Virgin. The preacher was the Lord Bishop of Oxford. His useful and inspiring address was based on the text, 'I have a message from God unto thee' (Judges iii. 20), and omce again the reminder was given that ab once again the reminder was given that absence from divine service was a negation of the message ringers were called to deliver.

Ringing in the afternoon took place at the Cathedra! (12), St. Giles' (8) and at Magdalen (10), and following an informal tea in the New Room, Magdalen, this part of the day's proceedings ended with an enjoyable hour's ring on the magnificent heavy eight at Merton.

THE DINNER

Sixty-six persons sat down to dinner at the Randolph Hotel, where the society was pleased to welcome as the guest of honour Mr. E. H. Lewis, president of the Central Council. The Lewis, president of the Central Council. The other guests were Miss M. R. Cross and Messrs. W. F. Judge, V. J. Bennett and W. C. Porter, of the Oxford Society, and the visitors were Messrs. R. F. B. Speed, P. K. Williamson, O. W. Woolley and Dr. F. S. Poole, representing the Cambridge University Guild, Miss B. Podger and Mr. G. T. Beynon from the Bristol University Society, Messrs. P. M. J. Gray and D. Layton from the London University Society, Mrs. C. E. Wigg and Mr. P. A. Corby. Before the dinner a photograph of all present was taken, and immediately afterwards three leads of Oxford Treble Bob Maximus were rung by resident members of the society. resident members of the society.

After the loyal toast, the toast of the society was proposed by Dr. J. E. Spice, who noted with pleasure the presence of two other past masters, Messrs. H. Miles and A. E. F. Trotman. In sketching the history of the society since its foundation in 1872, Dr. Spice naturally had most to say of the period 1939-45 when he had been in residence. bad been in residence, a period chiefly re-markable for the achievements of the society on handbells, and for the growth of the society to its present scale—a growth encouraged by the enthusiasm of lady members.

In replying to the toast, the present Master, Miss B. Spice, briefly reviewed the events of the past year. Notable inceptions had been the short tour held at Rochester in August, 1946, and the farming-cum-ringing fortnight enjoyed by present members at Honeybourne.
Worcs., in the late summer. The present
academic year had brought an unprecedented flow of recruits—as witnessed by the fact that 40 of those present at the dinner were resident members of the society-and, in addition to the hard work spent in teaching them, time bad been found in the Michaelmas term for the ringing of nine peals, a record number for one term.

THE GUESTS.

The President then welcomed the guests and visitors. He regretted the absence of several old members, notably of Canon Coleridge, from whom a telegram of good wishes was read, and of the Rev. F. Llewellyn Edwards, both of whom had played a large part in the early life of the society. The good wishes of other

old members were also conveyed to the

gathering.

Mr. Lewis, responding to this welcome, expressed the pleasure of all the visitors at being able to be present. He recounted various amusing incidents which had taken place in joint peal attempts of the C.U.G. and O.U.S., and drew several morals from his stories in connection with good handling and striking

The toast of 'The Oxford Society' was next proposed by Mr. A. E. F. Trotman. He re-called with gratitude the invaluable help which the City ringers had always given to the society, making special reference to the period 1932-3 when he had been Master. Mr V. J. Bennett, secretary of the Oxford Society, suit-

ably replied.

Miss K. Higgins then briefly toasted 'Kindred Societies.' She hoped the younger University Societies would be able to look back on their lives with equal pride when they were 75 years old. In his reply, Mr. D. Layton expressed the sincere gratitude of the new University Societies to the O.U.S.C.R. for its hospitality on these occasions, and for the help and encouragement it had given, not only in providing new opportunities for ringing, but also in enlarging the friendship among ringers 'ENGAGED COUPLES.'

The last toast was in a somewhat lighter vein, being that of the engaged couples, three and a half of whom were present. Mr. J. H. P. Slade (a present member) turned his ready wit to great advantage and obviously enjoyed his descriptions of Cambridge turning to Oxford and Oxford to the North. Miss M. D. Telford expressed the thanks of those concerned for the good wishes which had been given, and concluded by saying that she had always been brought up to 'follow the Master'

Before going on to a short general meeting, some reminiscences of the very early life of the society were given by Dr. F. S. Poole, whose father was one of the foundation members, and who had left an interesting record of the earliest touches rung by him and his

contemporaries.
TOUR FROM SHREWSBURY.

The main business of the meeting was the alteration in the proposed date and place of the tour. This is now arranged for the first week in August, immediately preceding the U.A.C.R. tour, and it is hoped to be held at Shrewsbury.

Sunday rightly began with a Corporate Communion for the society, ce'ebrated by the Rev. Blake Wood in the Eastern Crypt of the

University Church at 8 a.m.

Visitors were then welcomed by the Oxford Society to the usual Sunday ringing at Christ Society to the usua: Sunday ringing at Chirst Church, All Saints' and St. Giles', and some also joined the University Society at St. Mary Magdalene's, St. Cross' and St. Thomas-the-Martyr's. The bells of New College were rung for evensong, and finally the glorious six of St. Mary's heralded the opening service of the Mission to the University he'd during the week.

Thus concluded a most enjoyable week-end. and a fitting commemoration of the Oxford University Society of Change Ringers, 75 years

MAKE HISTORY AT BLOXHAM.

When the Banbury and District Branch met at Bloxham on January 25th it was the first time, according to present records, that a meeting had been held at this beautiful parish church with its celebrated spire, one of three in line across the countryside. The local say-ing about it is: Bloxham for length, Adder-bury for strength, King's Sutton for beauty. (King's Sutton is in Northants, but it doesn't give Bloxham many points.)

The ring of eight in the tower (tenor 27 cwt.) have not been rung together until recently for some 20 years. Permission has been given for some 20 years. Fermission has been given to the time being for the whole to be rung for short touches. The front six have been rung regularly each Sunday, and for practice when required by the local band during the 20 years. Sixty members attended the meeting; thanks to the efforts of the Vicar (the Rev. B. R. Buchanan) in trying to do all that is possible in order that the whole ring may be used, the members were able to ring Triples and Major. members were able to ring Triples and Major. The service was conducted by the Vicar and the address given by the Rev. Sholto Douglas. Tea was prepared by the local ringers and

The secretary was instructed to convey the best thanks and appreciation of the members of the branch to Mr. L. J. Thanks were expressed to the Vicar and to all who contributed to make the meeting so happy and enjoyable. Rounds to Major again completed the day there, other members going on to Adderbury, making good use of the fine ring of eight in that tower.

ROYAL CUMBERLAND YOUTHS

PLANNING BICENTENARY CELEBRATIONS.

The main feature at the annual meeting of the Society of Royal Cumberland Youths, held on February 1st in accordance with tradition at St. Martin-in-the-Fields, was plans for the appropriate celebration of the bicentenary of the society. There is to be a dinner on July 12th and it is also hoped to hold a commemorative service. tive service.

Preceding the business part of the programme, the bells were available from 3 to 5 p.m., during which time the capacity of the ringing chamber was taxed to the utmost, as at one period over 90 people were counted A number of young members had their first pull on twelve bells, and throughout the afternoon the range of methods rung extended from rounds to Cambridge Maximus. Apart from members of the society present, a goodly number of visitors were welcomed in the tower, among the foremost of whom was Mr. George

Fearn, of Birmingham.

Tea was provided in the crypt, which, like the ringing chamber, was scarcely big enough to accommodate the large gathering in comfort, although all those who had notified their intention of being present were supplied with food and drink. In all 68 persons cut of 70 who said they would be present turned up.

The meeting was held in the Vestry Hall,

a beautifully panelled chamber overlooking the church on the north side. The Rev. K. W. H. Pelstead presided and called upon the meeting at the outset to stand in silence in memory of Mr. Rupert Richardson, Major J. H. B. Hesse and other ringers who had died since the last annual meeting

NEW MEMBERS RECORD.

Mr. G. W. Steere (hon. secretary) presented the balance sheet, which showed a balance of \$48.8s. 4d., against £36.11s. 9d. at the be-£48 8s. 4d. against ginning of the year.

The annual report stated that the year could be considered a period of steady progress. Thirty-six new members had been elected, a number not approached during the last halfcentury, as on only two occasions had the figure reached 30. Mr. Frank C. W. Knight was in no small measure responsible for the large increase.

Eleven peals had been rung at High Wycombe, Beckenham, Milton-next-Gravesend. Bexley, Kingston-on-Thames, Calne (Wilts), Guildford (2) and Burnham (2), and one on handbells. The peal at Burnham was in memory of Brian O'Neill and Peter A. Blamey, two members of the society.

peal of Stedman Cinques rung on Dec. 1st, 1945, at St. Martin-in-the-Fields to commemorate the termination of the war has been duly recorded in the belfry, and the tablet hangs side by side with a similar record of the 1919 peal which marked the end of the 1914-18 war. In this respect thanks were due to Mr. C. J. Matthews, who secured the services of a capable artist to do the work.

The report and accounts were adopted and Mr. C. J. Matthews was thanked for his kind offices in arranging for printing the report. Apologies for absence were received from Messrs. N. Harding (Slough), J. Millhouse and K. Mayer (Lincoln). New members elected were Miss Gwen Murkett, Miss Betty Hill. Miss Betty Frost, Miss Betty Hewitson, Mrs. O. Barnett. Miss Mary Jaycock. Messrs. Clifford Barnett, Miss Betty Hewitson, Mrs. O. Barnett, Miss Mary Jaycock, Messrs. Clifford Vessey, Edwin J. Upton, Charles R. Chambers, William Picthall, Robert G. Rayfie'd. Walter Lemon, Frank Hopgood and Eric Dodds. Meetings to be arranged for 1947 were: Burnham, March 29th; Prittlewell, June 14th: and Ansley, September 27th.

At the election of officers, Mr. A. H. Pulling.

At the election of officers, Mr. A. H. Pulling be changed annually, and as the Cumberlands were a national society, the Mastership should not be necessarily tied with Sunday ringing at St. Martin in the Frields. With this end in view he proposed Mr. E. A. Barnett as Master. Mr. Barnett, while thanking his proposer for the honour, declined, stating he could not undertake the Mastership, as he was not in a position to attend regularly at St. Martin's.

There were several who spoke against this proposition, and it was argued it would be most disloyal to Mr. Cross, who had held the post for so long and so successfully, to make a change just at the moment when the society was about to celebrate its 200th anniversary.

Mr Cross was the only nominee and his re-election was carried with acclamation.

Other officers elected were: Treasurer and secretary, Mr. G. W. Steere; senior steward, Mr. T. Bevan; junior steward, Mr. F. Hawthorne; trustees, Messrs, C. J. Matthews and Ralph Winterton.

THE BICENTENARY.

With regard to the suggested dinner to com-memorate the 200th anniversary, it was decided July 12th as the prescribed date. The venue would be the Old Bell Restaurant, E.C.1, and the number would be limited to 100. official announcement will be made shortly on this subject, but it was stressed that all applications for tickets would be treated in strict order of receipt, and that a remittance should accompany all applications for tickets.

In connection with the dinner, it is hoped to arrange a special service at St. Martin-in-

the-Fields.

A dinner committee of the officers of the society, augmented by the inclusion of Mrs. E. E. Davis and Messrs. Frank C. W. Knight

and James E. Bailey, was appointed.

In the absence of Dr. Perry (churchwarden),
unable to attend through illness, the society
were welcomed to St. Martin's by Mr. Ambler.

A very hearty vote of thanks was accorded to the Rev. Felstead for presiding, also to the Church Council for use of the bells and Vestry Hall, and Mr. G. Radley voiced the appreciation of the members for the work done by the

CORRESPONDENTS' VIEWS AND COMMENTS

Vancouver Ringer's Distinction

Dear Sir,—I am writing this thanking you for giving us in Vancouver, B.C., so much space and notice in the front page, etc., of 'The Ringing World.' But in the issue of December 20th, 1946, there is a mistake about my ringing a peal at Macclesfield and other places in England. Those peals should be credited to Mr. Andy B. Lomas, who is now ringing at Christ Church Cathedral in Victoria, V.T., B.C. I, of course, rang at the Coronation of King George V. here at Vancouver, being the first peal ever rung in Canada.

I have never rung a peal in England. I

I have never rung a peal in England. I learned on the bells I installed here; perhaps I have the distinction of installing a peal in a I have the distinction of installing a peal in a tower, learning to ring on them and ringing on them the first peal in the country. Whilst visiting in England in 1912 I raug at Old Windsor, some of the ringers I remember being J. L. McDonald, the late J. H. B. Hesse A. H. Pulling and other well-known peal ringers. But I could not call it a peal, as there was an awful mix up about half-way; in fact, there were several rounds of good firing and I was astonished later to see it recorded as a peal in 'The Ringing World' on my arrival back here.

Our peal we rang here on July 1st, 1911, was, Our peal we rang nere on July 1st, 1911, was, I can honestly say, perfect as to being a true peal, not a bell being out of place and the striking good throughout. Some 85 or 90 years ago a peal was rung in the tower of Christ Church, Philadelphia, Penn., U.S.A., and recorded in that tower as rung by nine men, the tance men having to give up and was relieved. tenor man having to give up and was relieved by another. Therefore, I think we in Vancouver can say we have rung the first peal of Grandsire Triples rung by eight men on the American continent.—Yours very truly,

YOUNGEST GIRL RINGER

Dear Sir, —As Mr. George Gilbert appears to be keeping a record of the achievements of the youngsters in the Exercise, may I remind him that he has omitted one from his list? If he will look up the issue of 'The Ringing World,' dated November 1st, 1946, on page 511 he will read of Margaret Beamish having rung the 2nd to a peal of Grandsire Trip'es at Chilvers Coton on October 12th at the age of 11 years. True, at first glance, the footnote was rather misleading, but that was made quite clear in Be fry Gossip the following week. Margaret was 11 on June 24th, 1946, following

week. Margaret was 11 on June 24th. 1946, and so was 114 when she rang the peal.

On December 28th last she was in a peal attempt for Cambridge Major, ringing the 2nd.

Unfortunately, the attempt broke down after an hour's good ringing, but through no fault of hers. However, she achieved a peal of Cambridge Major on January 27th at Chilvers Coton, ringing the treble in faultless style.—Sincerely yours.

A. H. BEAMISH.

Sincerely yours, A.

BFLLS RUNG BACKWARDS

Dear Sir,—Regarding bells ringing backwards. This was always the ancient form of declaration of war, and I hope they remembered it in 1940.

There are two well-known literary re-

ferences :-

(a) 'Ronnie Dundee':—
'The bells they ring backwards.'
(b) Sir Walter Scott in 'Last Minstrel':—
'The livelong night in Branksome rang

The castle be'l with backward clang

The castle bell with backs.

Sent back a louder peal.'

But how Sir Walter's men managed to ring one bell backwards still beats me.—Faithfully F. A. CLUETT.

London Vergers

A WILTSHIRE RINGER'S EXPERIENCE. Sir,-I feel I would like to express my views concerning the above as referred to by Mr. Appleton in the last issue of 'The Ringing World.' Doubtless, he and his friend were disappointed for not being permitted to visit the belfry at their first verbal request to a

But why blame the verger?
To avoid a similar disappointment in future, Mr. Appleton would do better if he followed the procedure I have during the past few years, in which I have raised and taught a new band of ringers at our church, either tor ringing or inspecting some notable real.
I make my plans beforehand, then write to

the incumbents requesting permission for the visit. I always enclose a stamped and addressed envelope for a reply. I do the latter because some of us ringers are better off financially than some clergy whose stipends have not been increased with the cost of living. I do not approve of them paying even the cost of a postage stamp to provide us with the pleasures

postage stamp to provide us with the pleasures of an outing. During last year I sent out 14 such applications and received favourable replies from them all.

During May I took the band to London after having requested permission to visit Messrs. Mears and Stainbank's foundry. I received a favourable reply from Mr. Hughes, who provided us with a most interesting hour. This was on a Saturday, and he was the only This was on a Saturday, and he was the only member of the staff we saw there. We were very much impressed, as it did appear to us that he had turned up specifically to oblige us. This is only one instance of the fruits of making the arrangements beforehand.

Regarding the places we visited on the same trip where we had no intentions of first visit ing and did not make the arrangements. We went on to St. Paul's and enjoyed a good look round. Suddenly I met a verger, and after some conversation I asked him if we could see the bells. He was very polite and told me that we could not. He added that I should have written to the Dean beforchand. I accepted this and informed the band, but this verger was not satisfied, probably because I had mentioned to him previously that we had travelled a hundred miles that day to London. He took me to the Dean's verger, who again told me that such visits were at the discretion of the Dean only, but under the circumstances he took it upon himself to grant the request. The first verger we met took us up the

famous Wren's stairway to the ringing chamber, then on to the bell chamber, from which place we had a good view of the famous dome, also an interesting talk on its structure. Then one to the clock, Great Peter and the clock bells. Returning again to the nave, the verger expressed his regrets that he could not show us the crypt. Another hour well spent. Could anvone wish for more courtesy than this?

Next we visited St. Martin's-in-the-Fields, where a congregation had assembled for a

service which was about to commence. I asked the verger there about seeing the bells, but he informed me that during the service he was to remain present, but would gladly take us up the tower afterwards, but being as we being as we up the tower afterwards, but being as we were strangers to him, he would not allow us to ascend without him. I commend him for such a decision. Time did not permit us to accent his kind offer.

I have no desire to question what is required of these vergers at their work. As a ringer, it is not my business. I look upon them as paid servants, and as such they have a duty to perform. Providing they satisfy their em-ployers. I see no reason why ringers should

rebuke them for not doing certain favours.

I have always found them obliging and but our chief interest, or that of a (Continued in next column.)

Ringers' Names on Bells

Dear Sir,-I have read with interest about we have one at Aldourne, Wiltshire, and as it is of an earlier date than those already mentioned, I thought it would be of further interest to some of your readers.

When the six were augmented to eight in 1778, the bell founder, Robert Wells, gave the treble and two of the ringers gave the second with the following inscription: 'Jos: Pizzie. Will'm Gwyn. Music and ringing we like so we'll and for that reason we gave this bell.'

These two ringers also rang in a peal of Grandsire Triples 19 years later, this being recorded on an old peal board, 1797.—Your truly,

Dear Sir,-I was the instigator of having the old bad going eight bells, also bad tone, recast into a spendid peal of eight bells at Bishop Ryder's Church, Birmingham, in 1923. The following inscription was cast on the tenor

On August 18th, 1917, I conducted a peal of Stedman Triples on the old bells in 2 hours and 56 minutes at this church. On January 28th, 1924, I conducted a peal of Stedman Triples on the new bells in 2 hours and 57 minutes at this church.—Yours faithfully, JAMFS GEORGE. JAMES GEORGE.

DORCHESTER BRANCH'S GOOD REPORT.

The annual meeting of the Dorchester Branch was held at Dorchester on January 18th, and was attended by over 80 members and friends. The hells of St. Peter's (8) and St. George's, Fordington (6) were available from 3 p.m. onwards, and good use was made of both towers. of both towers.

The Guild service was conducted by the branch chairman (Canon A. W. Markby), and the address given by the Ven. J. C. Shute.

The general meeting followed the tea in St.

Peter's Institute, when it was stated that the branch membership had increased to 169, of whom 139 were ringing members. The meeting was honoured by the attendance of the Master of the Guild, the Rev. C. C. Cox, who congratulated the branch on its enthusiasm.

The secretary, in her annual report, mentioned with regret the passing of the Rev. R. H. Gundry, a former Master of the Guild. One tower (Wyke Regis) had been reopened and already a peal of Bob Major had been rung there, and it was hoped that the new of six at Martinstown would be ready early in the summer.

The Ven. J. C. Chute stated that he hoped soon to have the bells of Puddlehinton in ring-

ing order Re-elections were as follows: Chairman, Canon A. W. Markby; vice-chairman, Canon D. F. S'emeck; Ringing Master, Mr. F. Precey.

Mrs. Godley, the hon, secretary and treasurer, and the surery of the continue in office Mrs. I. F. not wishing to continue in office, Mr J. H. Hayne was elected to the post, and Mr. F. V. Twenty-one new ringing members, five associate members and honorary member were elected.

It was suggested that meetings be held at the following towers during 1947: Wyke Regis, Buckland Newton, Martinstown, Charminster. and West Lulworth, final arrangements to be made by the secretary.

Votes of thanks were expressed to all who had helped in any way to make the service and meeting so helpful and enjoyable.

MR. R. HASTED RETIRES FROM MASTERSHIP OF FARNHAM DISTRICT.

For nearly 20 years Ringing Master of the Farnham District, Mr. R. Hasted, captain of the Farnham tower, has retired. At the annual meeting of the district on January 25th a copper beech walking stick bearing an inscribed silver band and a testimonial, which stated that the gift was made 'in gratitude and affection' by ringing members of the branch, was presented to him.

Mr. W. A. Dollimore, in making the presentation, said they wished him many years of continued interest in bell ringing and hoped that with the aid of that stick he would walk round to all the churches in the district to see how they were behaving.

Mr. A. J. Stedman presided at the meeting, attended by 80 ringers. The annual report, presented by Mr. C. W. Denyer, stated that the standard of ringing at the five meetings held was somewhat disappointing. He appealed for extra effort to ensure ringing for all services on Sundays, the first duty of ringers.

The condition of certain bells and bell frames in the area was rather worrying. Some work was necessary at Bagshot and at Ash, and attention was necessary to ensure that the bells were kept going. The bells at Hawley were in a poor state, but there was little prospect of repairs there at the moment.

There were two candidates for Ringing Master-Mr. C. W. Denyer and Mr. W. H. Viggers. The former was elected by ballot. Other officers elected were: Hon, secretary and treasurer. Mr. G. S. G. Joyce; to Gui'd Executive, Mr. P. Eldridge and Mr. W. H. Viggers (ringing), Mr. W. A. Dollimore (honorary). It was decided to support the nomination of the following Guild officers: Mr. A. Harman (Master), Mr. G. L. Grover (hon. secretary), Mr. J. Corbett (hon. treasurer) and Mr. R. Hasted (auditor).

Meetings during the year will be at Crondall, Hawley, Bentley, Bagshot and Ash.

The Gur'd service was conducted by the Rector (the Rev. G N. Selby-Lowndes). District members attended from Ash. Aldershot. Bentley, Seale, Farnham, Frensham, Yorktown, Farnborough and Bagshot. and visitors from Leaftherhead, Croydon, Thames Ditton, Kingston, Guildford (Cathedral and S. Nicolas'), Alton, Pirbright, Godalming, St. Martin's-in-the-Fields, London, and Clandon.

When the society held its first meeting of 1947 at Pudsey on February 1st an announcement was made that Canon C. C. Marshell's health showed continued improvement after The secretary was asked to send him the society's best wishes for his recovery.

The president was in the chair and members were present from Armley, Bat'ev. Bradford Cathedral, Bramley, Calverley, Drigh'ington, Guiseley, Headingley St. Chad. Idle, Pudsey and Shipley. Anologies for absence were received from Canon C. C. Marshall, Messrs P. J. Johnson and F. Hutchinson.

Three new members were elected, viz., Miss Norma Bickerdike, Miss Mary Shearsmith, of Pudsey, and Mr. Donald Marshall, of Bradford Cathedral.

A vote of thanks to the Vicar, churchwardens and local company was proposed by W. H. Senior and seconded by Miss L. Bowling, this was supported by Mr. John McGlenn, who said that although the weather conditions were cold, the welcome to Pudsey was as warm as ever. Mr. W. Barton acknowledged the thanks.

The next meeting is due to be held at Birstall on February 22nd.

A DRAMATIC TERMINATION. The annual meeting was held at Eastwood on February 1st, and ringers from Nottingham, Daybrook, Sutton-in-Ashfield, Greasley, Derby and members of the local band rang from 2.30 p.m., including rounds for the learners, followed by Grandsire, Stedman, Kent and Plain Bob, also Double Norwich, until 5 p.m.

After an excellent tea, arranged by Mr. J. Johnson, of Eastwood, the meeting was held. The Rev. Robert Leaney kindly acted as chairman, and gave a warm welcome to all present.

The election of officers was the chief item. A summary of the past year's ringing in the diocese was reviewed by Mr. T. Groombridge, jun., who gave some good advice and encouragement. The past year's performances, he said, had been praiseworthy, five scoring their first peal, while 39 scored their first in the method, a figure which he hoped would be improved upon in 1947. improved upon in 1947.

Mr. Groombridge also added that while fivebell methods were recognised for peals, he did not care to see these practised where eight and ten belis were available, as it pointed more or

Ringing on handbells followed the talk, while the rest of the members indulged in further ringing in the tower until about 8.30 p.m.

The bells were lowered in a most unusual fashion. A few rounds were followed by a loud noise from above, which startled the man on the tenor and caused him to make straight

The rope then lashed around the electric tearing the wiring and bulb away from the sockets and putting the tower in darkness. The 'Houseling' and the 'Passing Bells'

BY ERNEST MORRIS.

In the Middle Ages, when a man fe'll grievously sick, the priest with bell, book and candle proceeded to the sick bed, lest he should die 'unhousell'd, disappointed, unanneal'd.' The 'houseling' bell, which is sometimes mentioned in the Edwardian Inventories, was a handbell carried in procession and rung when the Eucharist was borne to the sick person, that all might be warned of its approach and pay reverence, and might pray person, that all might be warned of its approach and pay reverence, and might pray for the sick and dying person. In 1305 Archbishop Winchelsey issued a statute which, broadly speaking, remained in force until the Reformation, ordering parishes to provide certain vestments, chalces, etc., and among various items we find 'a bell to ring when the Body of Christ is carried to the sick.' In an Inventory of 1488 at St. Christopher-le-Stock, London, there is mentioned a 'cloth of gold . . that serveth to bere over the Sacrament, with iiij bellis longyng thereto.' The parish of St. Michael, Cornhill, in 1469 purchased 'a little bell that ryngeth afore the sacrament.' Among the jewels belonging to 'owre Lady Churche' at Sandwich in 1483 was 'a bell of sylver to be boryn with the Sacrament of IX ounces j quarter.' This bell was sometimes called the 'Houselling-bell' as at Great Gonerby, Lincs, in 1566, or a 'bossell-bell' as at Ilkeston.

Its use is referred to and condemned by Cranmer in his Visitation Articles (1549):—
'Item. That going to the sick with the Sacrament the minister have not with him either Light or Bells.' These handbells were also used in processions on the Rogation days, and notices of them as used for that purpose and notices of them as used for that purpose and similar are occasionally met with: at Addington, Surrey, in 1552 they possessed 'a Procession bell' and at Wattenbury were 'ij procession bells.' The Injunctions of Archbishop Grindal in 1571, whilst directing 'perambulation to be used by the people for viewing the bounds of their parish in the days of Rogation commonly called cross-week or Gangdaya,' prohibit the wearing of the surplice by the minister, or the carrying of banners or handbells.

Hon. Sec., 136, Newton Road, Spark-

hill, Birmingham, 11.

OXFORD GUILD.—North Bucks Branch.—Quarterly meeting, Twyford, Saturday, March 1st. 2.30. Service 3.30. Names for tea by Feb. 22nd.—R. H. Howson, 19, Greenfield Road, Newport Pagnell,

GLOUCESTER AND BRISTOL ASSN.—South Forest Branch.— Ruardean, Mar. 8th, 3.15. Dedication of memorial to Wm. Bishop by the Bishop of Gloucester, 4.15. Names for tea by March 3rd to Oliver Thomas, 11, Victoria Road, Lydney.

PRELIMINARY NOTICE.—Two new treble bells, at the Parish Church, Mildenhall, will be dedicated by the Bishop of the diocese on Mar. 22nd. Fuller details later .- P. Fordham.

PRELIMINARY NOTICE. - The two new treble bells at Allesley Parish Church, Warwickshire, will be dedicated by the Rt. Rev. the Lord Bishop of Coventry on Saturday, March 22nd.

Naogeorgus in his 'Popish Kingdome' (1570, refers to the custom thus:

'Saint John before the bread doth go, and

poynting towards him Doth shew the same to the Lambe that

takes away our sinne.

takes away our sinne.
On whome two clad in Angels shape, do sundrie flowers fling,
A number great of Sacring belies with pleasant sounde doe ringe.'
An inscription sometimes found on bells, as in Dorset and Somerset:—
'I sound to bid the sick repent
In hope and life when breath is spent.'
may be regarded as having reference to this period of man's career. Then comes the next stage in the sick man's pilgrimage on earth, the tolling of one of the church bells called the 'Passing Bell,' or sometimes the 'Soul Bell.'

'Toll the bell a solemn toll; Slow and solemn let it be

Slow and solemn let it be;
Cry for the departing soul,
"Misere Domine."

The ringing of the passing-bell, which is peculiar to England, is one of the earliest recorded uses to which the church bell was put in this country. The Venerable Bede, in relating the circumstances of the death of St.
Hilda of Stranaeshalch (Whitby) in the year 680 says:-

'This nun on a sudden heard the wellknown sound of a bell in the air, which used to awake and call them to prayers when any one of them was taken out of this world.'

this world.'

Among the many objections of the Brownists, it is laid to the charge of the Church of England that though we deny the doctrine of Purgatory and teach the contrary, yet how well our practice suits with it may be considered in our ringing of hallowed bells for the soul. 'We call them,' says Bishop Hall, 'soul-bells, for that they signify the departure of the soul.' The word 'passing' as here used signifies clearly the same as 'departing,' i.e., passing from life to death. So that even from the name we may gather that it was the intention in tolling a passing-bell to pray for from the name we may gather that it was the intention in tolling a passing-bell to pray for the person dying, and who was not dead. The following clause in the 'Advertisements for due Order' in the 7th year of Queen Elizabeth is much to our purpose:—
'Item. that when anye Christian bodie is in passing, that the bell be tolled, and that the Curate be speciallic called for to comforte the sicke person; and after the time

forte the sicke person; and after the time of his passinge to ringe no more but one shorte peale and one before the burial, and another short peall before the burialle.

WINCHESTER & PORTSMOUTH GUILD

Despite the cold weather on January 25th, 100 ringers sat down to tea at the annual meeting of the Basingstoke District at Basing-

stoke.

Canon A. W. Chute, who conducted the Guild service at St. Michael's Church, presided, and the secretary reported a year of steady progress. Ninety-five members paid their subscriptions and those from one or two towers were too late for inclusion in 1946 accounts. With those members in the Forces the membership was well over 100.

Branch officers elected were: Chairman, Canon A. W. Chute; hon, secretary and treasurer, Mr. J. Chesterman; executive committee, Messrs. C. J. Munday and W. C'ift; Ringing Master, Mr. C. Ostler; hon, auditor, Mr. R. C. Flew. Eighteen new members were elected.

elected.

A hearty we'come home was given to those from H.M. Forces, and it was resolved to place on record those who had paid the surreme sacrifice from the district, viz., Dona'd Baham and John Goldsmith (Wootton St. Lawrence), Ernest Hearman (Vatelev). Ronald Kingham and Donald Nach (Basinestobe).

Both St. Michael's and A'll Saints' towers were visited during the afternoon and evening.
