

The Ringing World' was founded in the year 1911 by John Sparkes Goldsmith, who remained its proprietor and editor untll his death in 1942

## CHESTER

THE selection for the Central Council meeting on Whit Tuesday is a happy choice. Chester holds a unique place among the Cathedral cities of our land, as there are few which retain so many of the trappings of an ancient county town. Its walls are intact with its four gateways, although they were reconstructed during the 18th century. The Cathedral is within the city walls and contains a range of styles from Norman to late Perpendicular, all built of local red sandstone.

Last December we recalled salient features of the Cathedral bells, when we reviewed the booklet the Master of the Guild (Mr. J. W. Clarke) had written on the bells of the City of Chester. The bells were overhauled by Messrs. Mears and Stainbank in 1927, and ten years later, to mark the jubilee of the Chester Diocesan Guild, two more bells were added to make the present ring of ten, which has a tenor of 29 cwt . in C.

With such an atmosphere as Chester possesses we feel sure that the Council meeting will be enjoyable. But it is an important one in the life of the Council, as in a sense it marks the end of one chapter and the start of another by the retirement of the hon. secretary, Mr. G. W. Fletcher. Last year the rules were revised and an important addition was the creation of a new class of mem-bership-in life membership. This is probably the highest honour the Council can confer and it was designed for past and present holders of the office of president, hon. secretary and hon. librarian, and those who by merit have deserved this distinction. By the adoption of this rule Messrs. E. H. Lewis, G. W. Fletcher, W. H. J. Hooton and E. Alex. Young are automatically life members. It would indeed be a fitting compliment to Mrs. Fletcher, who has been so closely associated with Mr. Fletcher, if this privilege was conferred upon her. It is true that Mrs. Fletcher is an elected member of the Council as representative of the Ladies' Guild; nevertheless, she is well qualified as one - by reason of their services to the art of ringing merit the conferment on them of the honour.'

Those who have followed the annual meetings of Guilds and Associations will have noted a number of changes in
their representation. There are ten vacancies for honorary members, and the members of the Council when it comes to a ballot would be wise to pay particular heed to this question. It is not a matter of what a man has done for the Exercise, but what is the contribution he can make towards its furtherance. If his past services have been meritorious, then life membership is the appropriate reward. But what we want to emphasise is that honorary membership is not just a comfortable arm chair to enable one to 'hob-nob' with fellow-members, but an appointment that calls forth a willingness and ability to work for the Council in one particular sphere or another. We feel certain that with the many prominent men in the Exercise a ballot will be necessary.

It is somewhat singular that although the Central Council has appointed committees to deal with practically every problem within their purview, only once during the year with most of them do they come alive. Their reports are invariably interesting when presented, but, unfortunately, with perhaps two exceptions, they create the impression among the rank and file of the Exercise that they are moribund. With some committees, such as Peal Analysis and Records, their work is largely statistical and interim reports are out of the question. The Editor feels, however, that it would be of advantage if convenors of these committees would take advantage of the columns of 'The Ringing World ' and indicate not only what they are doing, but be prepared to comment on matters within their province.

Critics of the Central Council, perhaps with a degree of uncharitableness, have deplored that while the Central Council meetings invariably convey a sense of vitality, the interval between sessions conveys an impression that nothing is taking place. We know this is not true and that there are members who are weekly engaged on direct business of the Council. The remedy as we see it is more publicity, either directly or indirectly, as our president has done by the medium of after-dinner speeches. With travel costs so high it is impossible for the Council to hold more than one session a year. We do, however, emphasise the point we made last week of the desirability of a second meeting of the Standing Committee a year. Constant publicity is the life-blood of any organisation.

## TWELVE BELL PEAL

Mrs. E. K. Fletcher.
Editor: T. W. White.

## LATE NEWS

The Cumberland's peal attempt for the Festival of Britain at St. Martin's-in-the-Fields, on Sturday, was stopped by the police after ten tinutes ringing. There was a May Day celebration in Trafalgar Square proceeding at the same time and police feared the sound of bells would make speeches inaudible and make the crowd restless.

Congratulations to the Copt Oak, Leicestershire, band on a new record of a peal of Minor in 105 methods. The band desire to express their thanks to Messrs. J. Bray, G. E. Feirn and C. K. Lewis for figures and advice and to Mr. Ernest Bowley and Mr. A. E. Rowley, who have so often made up the band when short for practices.

Among the 500 guests at the Lord Mayor of Birmingham's Ball were Mr. and Mrs. Albert Walker and Mr. and Mrs. George E. Fearn.
A Sunday service band to score the first peal of Minor in their own tower is that of Tucknall, Derbyshire.

A footnote intended for the letter 'Suffolk Punches' was, in our last issue, placed under the letter 'Use of Bells for Broadcasting.' The error is regretted.

A quarter peal has been rung at Little Baddow. Essex, the average age of the band being 15 years 2 months. The band would be pleased to hear of a quarter scored by a younger band.

We do not know what St. Paul's Cathedral ringers think of the description in the 'Daily Telegraph ' on their ringing at the Festival of Britain service. 'Jangling beauty' is hardly applicable.

The peal at Newton-le-Willows, Lancashire, is believed to be the first peal on the bells by the Sunday service band. They enquire whether anyone with memories of past generations knows of a previous peal here by such a band.

Guildford Cathedral band visited Olney. Bucks, on April 21st, the birthplace of one of their esteemed members and tower-keeper, Mr. W. J. Robinson. A peal of Stedman Triples was satisfactorily brought round. The band was afterwards entertained to tea by Mr. Robinson.

## GOSSIP

 Guid. He stated Hawherst kad Sistrict Guild. He started ringing at Rye, Sussex, in 1899 and has about 100 peals to his credit, most of which he conducted, Mr. Billenness was out of ringing for some years but returned to the art in 1949.Mr. C. E. Brown has 'circled' Blankney. (Lincolnshire) tower and Mr. J. K. Wagstati, St. Peter's, Nottingham.
After a lapse of over 40 years, another peal has been rung at Brandeston, Suffolk. Mr. W. Wightman, who took part in the former peal, was, owing to indisposition, unable to stand in this time. The band all wish him a speedy recovery.

Bath ringers were impressed by the way in which 12-years-old James Fitzgerald rang the treble to his first quarter peal. Grandsire Triples, at St. Michael's, while in Bath for a cycling week-end with his cousin, both from Newport. Mon.

We are pleased to state that the paragraph that appeared in our issue of April 27th, that Mr. Albert Gilbert of Royston, Herts, is suffering from heart trouble, is incorrect. Mr. Gilbert, who has been ringing since 1904, is still a service ringer and on March 26th participated in a quarter peal of Grandsire Triples.

Princess Elizabeth visited Chester on April 27th in connection with the passing-out parade at the Officers' Cadet School at Eaton Hall and in the afternoon visited the Cathedral. After ringing to welcome her, the ringers assembled in the Chapter House, where the Princess spore to Mr. Percy Swindley, the captain of the band, and asked him questions concerning the ringin of the bells. The bells were again rung on her departure. Fifteen ringers, including five ladies, were present. It will be remembered that the ringers at the Cathedral met Their Majesties the King and Queen in 1946.

## HEMEL HEMPSTEAD BELLS RESTORED

WDNESDAY afternoon, April 11th, saw the fulfilment and the consumation of the 800th anniversary of the beautiful Norman church of St. Mary's, Hemel Hempstead, when the restored bells were rededicated by the Lord Bishop of St. Albans.

The service began with the propessional entrance, via the West door, of the Bishop of St. Albans, together with the Bishop of Bedford (the Rt. Rev. C. T. T. Wood), the clergy from the various churches in the district and the choir. Clergy attended from Berkhamsted. Northchurch, Apsley, Great Gaddesden, Bovingdon, Bourne End, Boxmoor, St. Paul's, with the local Congregational and Methodist ministers. The Mayor and Town Clerk were also present.

The Lord Chancellor was represented by Brigadier Watkins and the bellfounders (Messrs. Gillett and Johnston) by Mr. M. Howard and Mr. Stephenson.

At the rededication the rope, representing the proper ropes, was handed to Mr. H. Gates, the local captain. The immediate rounds were rung by :-W. C. Hughes, Joyce Lewis, A. W. Dix, Anne Stockdale, L. Baines, P. Holness, D. Latchford and W. Ayre. Following the dedication, the Bishop took as the text for his sermon, ' O praise God in His Holiness,' words in Latin and English on two of the bells, one of which is preReformation.

At the close of the service 84 Grandsire Triples were rung by the game band except for H. Gates instead of Anne Stockdale. Other touches were rung before the tea which followed in St. Mary's Hall, when the Bishop commented on the beauty of the church and hoped that the people would continue to do their utmost for its maintenance.

Councillor Selden (chairman of the Restoration Committee) explained that the restoration had not been only of the bells, but that the fabric of the tower had been saved from further damage by restorative work.
The bells, a ring of eight (tenor 19 d cwt.), dating from 1400(?) to 1767, have been eighth turned, tuned and completely rehung in an iron frame on massive steel girders concreted into the walls, thus making a sound contribution to the preservation of this ancient building.

The 'go' is excellent, the tone has been improved, the sound in the ringing chamber is much more balanced and there is a better circle. The bells themselves have been moved round one, the tenor now being where the seventh was.

After the tea and speeches, the ringers returned to the tower to enjoy further ringing from rounds to London Surprise. Towers represented, in addition to Hemel Hempstead,

## CAMBRIDGE UNIVERSITY GUILD

At the annual meeting of Cambridge University Guild held on April 25 th at the Dean's Room. Clare, the following officers were elected for the coming year:-

President, the Rev. A. C. Blyth: Master, Mr. W. J. Ridgman; secretary, Mr. R.D. Edge ; treasurer, the Rev. C. F. D. Moule: auditor, Mr. M. R. D. Harford: librarian. Mr. A. R. Guy.

Mr. E. J. Lindley was authorised to act as treasurer for the fund for printing the revised 'Guild History.'
were:-Apsley, Berkhamsted, Tring, Stoke Poges, Linslade, Kings Langley, Abbots Langley, St. Albans, Watford, Luton, Sawston, London, St. Ives, St. Neots and others. Everyone expressed satisfaction at the work which had been done.

## A GOLDEN GOLDEN WEDDING

ON Saint George's Day, Mr. and Mrs. F. J. Golden, of Northrepps, Norfolk, celobrated their golden wedding. Members of the Norwich Diocesan Association rang a peal in seven methods, the first of its kind on the bells, in honour of the event, conducted by his nephew, Nolan Golden.

Although no ringer, Mr. Golden has been connected with the Church all his life and has a lively interest in bells. He recalls many stories of the village ringers of his youth. of whom his elder brother was one. His speciality was collecting the key of the tower from the clerk's house, raising the bells, lowering them, returning the key and to work all in the space of ten minutes, a feat which was rewarded with two gallons of beer.

When the treble stock of the old five was broken in 1924, when Mr. Cyril Pooley was teaching one of the numerous young bands at the tower, Mr. Golden rehung the bell. complete with all new fittings. and the practices continued. Then, when the 17th century oak frame was replaced by a new steel one, the wood found a resting place in his builder's yard, but not for long, for Mrs. Golden suggested that \& table should be made of it and presented to the Church. This has been done and our photograph shows Mr. Golden, at the age of 80, finishing the tablc, whose legs are shaped like bells with an inscription on the 'sound-bows.'

## FESTIVAL OF BRITAIN REPORT

We have received from Mr . E . H. Lewis president of the Central Council, the following statement regarding the report of the Festival of Britain Committee:-
The Standing Committee agree generally with the report of the Festival Committee and the recommendations with the following exceptions :-
They are doubtful whether, at the present times, it would be possible to instal a memorial ring of bells and in any case are not willing that the Councit should undertake any financial responsibility.
They do not favour the proposal to select and name a special method for the Festival.

## VETERANS WHO RANG PEALS IN THL LAST CENTURY

Mr. Charles Ball (85), of 16, Lambridge Street, Bath. rang his first peal (Grandsire Triples) at Twerton, Bath, in 1888, for the Bath and Keynsham Association. On his birthday, April 28th, 1892, he conducted a peal of Bob Triples which was one of the first peals for the Bath and Wells Diocesan Association; A peal he remembers with affection was a 'Charles" peal of Grandsire Triples which he conducted at St. Stephen's, Bristol, in 1895.
With reference to 'Surrey First Pealers,' that appeared on page 267, Mr. Newnham, of Alresford, writes that Mr. William R. Crockford rang his first peal, Grandsire Triples, at Ashtead, on September 28th. 1895. Mr. Newnham's first peal was Union Triples at Ashtead on April 2nd. 1895. Both these peals were conducted by George Chantler.

ST. ALEANS, HERTS. - On April 22nd, 1,259 Grandsire Caters: B. C. Johnson 1. Miss O. Martin 2. A. Dale 3. C. F. Sayer 4. H. G. Mason 5, D. G. Clift 6. R. W. Darvill 7. W. J. Southan 8. G. W. Debenham 9. F. J. Bailey 10.

## THE LEICESTER DIOCESAN GUILD

# THE BUSIEST RINGING GUILD' - COPT OAK'S FINE ACHIEVEMENT - 42 METHODS AT A DISTRICT MEETING 

A LARGE company attended the Leicester April 28th and made good use of the bells of Belgrave (6), Cathedral and St. Margaret's (12) and All Saints' (6). The service at St. George's was attended by a large congregation; the Vicar conducted the service and the sermon was preached by the Provost of Leicester. Mr E. C. Turner, one of the Guild's vice-presidents read the lesson and the choir was augmented by members of the Guild. The usual collection was taken for the Bell Repair Fund
Tea in the nearby St. George's Hall having been suitably dealt with. the Provost was thanked by the president Mr. H. J. Poole, for his continued interest in the Guild

The chair was taken by the president and he was supported by Archdeacon Lyons. of Loughborough, the Vicar and organist of St. George's the Guild hon. treasurer and secretary, the vice presidents and members of the general committee.
In his opening remarks the president thanked the Archdeacon for his great interest and help in Guild matters. Thanks were also accorded the Vicar and organist of St. George's.

## COPT OAK'S PROGRESS

Continuing, the president very heartily congratulated the Copt Oak band who, he announced, had succeeded in ringing a peal in 105 Minor methods. This was a very great achievement when two years ago. no peal in seven Surorise Minor methods had been rung for the Guild. The result was only accomplished after very hard work by the band. who had met for practice as many as four times a week. The multi-method peals had progressed from nine methods by stages until success with 105 methods was the result. The band intended to extend further the number of methods rung in one neal.

Mr . Beniston. the conductor of the peal, in replving, assured the meeting that a high standard of ringing was obtained throughout the peal. The deal was one of the finest Minor peals in which he had taken part.

Archdeacon Lyons whe brought with him the rood wishes of the Rishop, said as a result of bis experiences while living in Longhborough he was develoning a keenness and enthusiasm for bells and he honed that during the Festival of Britain the sound of bells would be heard throughout the country and that thev would be ringing for St. George and Merry England
The president having welcomed the visitors Mrs. Beamish and party from the Coventry Diocesan Guild. Miss Thompson (Ladies' (vuild) Mr. Freebrey (Derby Association)-and others the lengthy apenda was tackled.

FORTY-TWO CONDUCTORS
The hon. peal secretary. Mr. Shirley Burton, gave his renort for 1950. The neals rung thourh less in number. had maintained a high standard on all numbers from Doubles to Maximus. A healthy sign was the number of young composers and conductors. There had been 24 first peals and there had been 42 different conductors. The total number of peals rung during 1950 was 193 , of which 55 were on handhells. This numher was 74 less than the previous year. Louphborough district peals of Spliced Minor had. in 1950, been increased in number of methods rung and had reached 80 in one peal. The Cathedral band. conducted by the president. had. for the first time. rung four peals of Sirnnise Maximus, namely. Rutland, Bristol and Soliced Maximus in three and four methods. On handbells Spliced Plain Maximus in four methods and Yorkshíre Royal had been runc.
Among individual performances. A. Cattell had apain rung two tower hells to a peal while Miss M. J. Whitehead had, at the age of seven years, rung her first pcal: 268 had rung their
first in the method, 10 conductors called their first peal and 26 called their first in the method Among persunal 'milestones' passed were:1,250 th peal, E. Morris; 500th, A. Ballard; 300 th. S. Burton; 200th, Jill Poole and P. J
Staniforth: 150th, H. B. Bowley and W. A Staniforth; 150 th, H. B. Bowley and W. A
Wood; 100th, J. R. Smith; while eight had reached 50 .
Mr. H. J. Jenny, as one of the auditors, certified the accounts as being correct and satisfactory.
The hon treasurer, Mr. A. E. Rowley, then presented his report. The total income of the Guild was, excluding the Bell Repair Fund, $£ 130$ 7s. 6d. This amount, with $£ 69 \mathrm{~s}$. 5d. transferred from reserve, balanced the expenditure of $£ 13616 \mathrm{~s}$. 11 d ., which sum included printing the 1948-49 report.
The Bell Repair Fund had, from collections and donations, been augmented by $£ 28 \mathrm{ls}$. 1d. during the year. Grants during 1950 had been made to Saxby, South Wigston, Thurnby, Wal tham and Sapcote; 45 guineas had been granted to these towers. Despite these grants which. with previous grants in other years, totalled 100 guineas. the fund now had a balance of $£ 1478 \mathrm{~s}$. I1d. The cash at bank and in hand was, at the end of $1950, £ 2734 \mathrm{~s}$. 10 d . The adontion of the report was prooosed by Mr. H . Over and seconded by Mr. H. Broughton. The hon. treasurer was thanked for his work and the hon. secretary was congratulated on keeping his expenses so low
Whitwick, on July 21st. was selected as the place for the next general quarterly meeting.
STEADY PROGRESS IN ALL DISTRICTS
The hon. general secretary, Mr. W. A. Wood, in giving his report for 1950. said all districts reported steady progress during 1950 . The usual number of meetings had been held and a higher average attendance indicated that interest was being maintained. In one of the smaller districts, the average attendance at the monthly meeting was slightly higher than 50 per cent of the membership; this was in a some what sparsely populated part of the county.
Several ioint meetings were held, with good results. Outings were becoming a regular feature and the social side of the Guild was being developed with happy results. A large variety of methods were being rung at monthly district meetings. the record being held by the Loughborough district, with 42 methods being rung at one meeting.
The Festival dinner was again held at the Bull's Head at Shelthorpe. near Loughborough. It was well attended and everyone thoroughly enjoyed themselves.
A successful Youth Rally, well supported by the younger members, had been held during the autumn. One of its results should be to encourage team spirit among those members who attended.
The general committee had spent much time during the year in the work of rule revision This revision was necessary before a new edition of the rules could be printed. The cost of nrinting the report increased yearly and a single copy will cost-within a few pence-the whole of one adult subscription. It is vitally necessary that all members should pay up regularly. Means must be found to reduce the number of arrears.

During 1950, 67 new resident and 23 nonresident members had been elected. These additions had been cancelled out by lapsed memberships. The present membership was nearly 800 resident members and the number of non-residents brought the total to 1,350 . The ringing memhers equalled almost exactly the number of bells in the towers used for meetings and if the total of 1.000 ringing members was to be reached, this proportion must be improved

Sales of certificates were increasing and many more new members were asking for them.
The election of 41 new ringing members, from 20 towers, and two honorary members, together with three non-resident members was confirmed.

## OFFICERS RE-ELECTED

There being no other nominations, all general officers were re-elected. They are:President, Mr. H. J. Poole; vice presidents, Mr P. L. Taylor and Mr. E. C. Turner; hon general secretary, Mr. W. A. Wood; hon treasurer, Mr. A. E. Rowley; hon peal secretary, Mr. Shirley Burton.
Mr. H. J. Poole, in returning thanks, said he had had the very great honour of being president for five years of the most enthusiastic Guild in the country and, although he appreciated the support he had had and the confidence shown in him, he thought the office of president should, next year, be passed on.
Mr . P. L. Taylor returned thanks for himself and for Mr. E. C. Turner. Mr. Taylor said he had travelled much but he had found the Leicester Diocesan to be the busiest ringing Guild.
A proposal from the Hinckley District that the Guild annual meeting should be changed from the first Saturday in May to Easter Monday was, after some discussion, rejocted by the meeting, the voting against the proposal being overwhelming.
The re-drafted rules, after a long discussion, were finally approved and it was agreed that they be printed.
It was announced that the Festival dinner and social for 1951 would be held at Market Harborough on October 27th. It is hoped that all districts will organise bus parties to make the occasion one to remember
The president, having read a letter from the Central Council on the subject of Festival of Britain ringing, asked all to make a special effort and pointed out that the meeting to-day had been arranged specially to avoid May Sth, the Festival of Britain peal-ringing day.
The grant of 20 guineas to St , Mary de Castro, Leicester, and 10 guineas to Swepstone, for their respective bell repairs, was announced.
A social evening followed.

## KENT COUNTY ASSOCIATION <br> Lewisham District

Forty-five ringers and friends, representatives of eleven towers, attended the uuarterly meeting of the Lewisham District, held at Eltham, on April 21st.
A short ringing session in the afternoon preceded the service, conducted by the Vicar, the Rev. D. A. Hodges, who extended a warm welcome to Eltham as a prelude to a very interesting address. The presence of the organist, Mr. A. C. Osman, was much appreciated. A short touch on handbells, contributed by Mr. and Mrs. F. I. Hairs and Mr. and Mrs. C. A. Barnett, was substituted for one of the customary hymns.
After a tasty and substantial meal, prepared and served by wives and friends of the local band, the business meeting was held, with the Vicar presiding. Six members were elected and one tower election was ratified.
Mr. A. S. Richards (West Wickham) read a report of proceedings at the Easter committee meeting. Arising from this report. the wish was expressed that the Association badge, now available in response to reiterated requests, would meet a ready sale. Questions and replies concerning the suggested rearrangement of Districts of the Association led to deprecation of the proposals as they affected the Lewisham Districtwas even now too small rather than too large.
Shoreham was chosen for the summer meeting to be held on July 28th. A warm welcome back to the District was extended to Mr. A. Purdom, of Bromley.

Votes of thanks were cordially accorded the Vicar of Eltham, the organist, the caterers and the local ringers.

## CLERICAL GUILD RINGING WEEK

## DEDICATION

## An Excursion Into Somerset

W
ELLS had been chosen as the centre for the Clerical Guild's ringing week this year and the members looked forward to visiting more of the magnificent Somerset churches in a district not covered two years ago when Taunton was the venue. Ringing was commenced without delay on Monday afternoon, by which time more than half the party had arrived. Such is our enthusiasm that the Liverpool member had started his journey before midnight-Norwich, please note. The sixbell towers of Dinder and Croscombe were first visited to 'get our eye in ' somewhat. At the latter place, we were very kindly entertained to tea by the Rector, and it was there that one of the youngest members was heard to ask one of the oldest (a renowned hachelor) if he were a family man (collapse of oldest member). We returned for dinner, at which meal some ate so heartily that they had difficulty in negotiating the steps up to St. Cuthbert's belfry where ringing took place afterwards on the very fine eight. And so ended a good first day with the party now complete (Norwich arriving during dinner).
The annual Corporate Communion was held in the Cathedral on the Tuesday morning and. after a hasty breakfast, we left in cars for the first eight-bell tower, Wedmore, one member being, I fear, unshaven, because of the failure of his much advertised electric razor-a part valiant attempts were made to get the tenor up right, but without success. Rumour had it that on only two occasions since the bells were recast in 1914 had it gone up properly.
One car afterwards played truant and took the opportunity to slip up the Gorge before going on to the next tower-Churchill. Apart from the beautiful scenery this had the added advantage of arriving at Churchill to find the bells already raised. A picnic lunch was eaten and advantage taken of trying the 'rough' cider at the local but it didn't come up to expectations. We were told that it would make us get the tenor of Wrington up in one pullthat is if we could stagger as far. Unfortunately. it still took three of us to do this, hut the ringing on this glorious ten was certainly the high spot of the day's proceedings. The only thing that marred the opening touch of Grandsire Caters was that one member of the band was ringing Stedman-it didn't seem to work that way. Thence to Blagdon where one of our members was born. We all wondered whether he dare face the populace again, but they seemed to have forgiven him. We had the pleasure of meeting his mother and also the niece of another member. We were again very kindly entertained to tea by the Rector after ringing.

At Ubley (6) London Minor iust wouldn't go. Perhaps it was the thought of the excellent dinner which awaited us when we'd finished at this tower. At least, after the meal. at Westbury a good course was accomplished. But then. listening to the Budget on a car radio. removed all thoughts of ringing from some of the hearers when it was announced that petrol would go up to 3 s . $6 d$ a gallon. Thus ended the second day - a day amongst the lovely Mendip hills with a glorious run over the top from Ubley to Wells.

BELLS FOR WIFE'S HOMECOMING
All were shaven next morning. thanks to a Heath Robinson affair which enabled the much vaunted razor to be used. Our first call was at Shepton Mallet (8) where our ringing was kept well in order by the sight of the Ten Commandments on the wall facing the back bells. At the next tower. Leigh-on-Mendip. we found that the bells could be rung on special occasions, which included bringing one's wife home. Perhaps it was the thought of this that caused the ringing to be rather poor! However, this was made up for by our Norwich member cleaning
the gutters by removing the grass he found growing there! At Kilmersdon (6) we learned that one of the inscriptions on the bells ran:

I shall be here if I am treated just
When they are mouldering in the dust.'
-a solemn thought. This did not prevent two members enlivening the proceedings with a duet on the piano at the Jolliffe Arms where our sandwiches were eaten. We then had the pleasure or ringing for an important local wedding at Mells (8). The importance of the occasion, combined with the excellent 'go' of the bells produced one of the best touches of Stedman rung during the week. Superlative was also accomplished for the first time here. The ringing at this tower was thoroughly enjoyed.
Thence back to Kilmersdon for tea at the Vicarage, again very kindly provided by the incumbent. Our disappointment at not meeting Mr. J. Dyke at Chilcompton after tea was partially mitigated by the excellent singing (1) of the Norwich and Southampton members who found a copy of a setting of the evening canticles. True, the treble and alto were missing, but the tenor and bass sounded fine. We also rang from the ground floor for about the first time here, which proved very popular after having climbed thousands of stairs (or so it seemed) that day.

## CHEWTON MENDIP

Our last tower before returning to Wells was Chewton Mendip-a beautiful church with wonderful bells (the finest eight in England, according to one member). Ringing here was a great treat. We returned safely to dinner despite the driver of the smallest car causing fear and trembling in the hearts of his party by what they regarded as excessive speed down Wells hill, but it was nothing of the sort, of course. By the kindness of the Vicar, the annual meeting, after dinner, took place at St. Cuthbert's Vicarage. The chief points of interest were the election of the officers, as fol-lows:-President, Canon C. C. Cox, vicepresident, Canon R. F. Wilkinson, secretary, Prebendary E. V. Cox; committee. K. W. H. Felstead and A. G. G. Thurlow. It was decided to try to have next year's week in Suffolk.

On the last day we actually had a spare hour before commencing ringing for the day at the Cathedral. Perhaps it was awe at the thought of ringing on the heaviest ten in England which caused our efforts here to be not so good. From ten, to six at Pilton where. after ringing, we ate our sandwiches at the Vicarage and a very large teapot was kept replenished for us by the Vicar's wife, to whom we were very grateful. We left for West Pennard (6) where it was noted that one member still kept his tongue out as an aid to concentration when ringing. We had excerpts on a new Compton electronic organ here.
On our way to Sireet, the next tower, we passed through Glastonbury and again a car (the same one) played truant so that its occupants could climb the Tor. What a wonderful view from the top! Again we found the advantage of this, for the bells were ringing merrily when we arrived, and since we were asked to leave them up. this tower was very popular. Also very popular were the two Glastonbury towers. where we rang after tea. since the bells were already up there, thanks to the Bristol University ringers who had visited them an hour previously and who had learned that we were coming. Then back once more to Wells for dinner and so to our last tower-Wookey. The most important events here were an almost perfect course of London Minor and the president's loss of his sally through it lodging on a beam which ran across the belfry-the bell 'stood ' of its own accord ! On the morrow all departed on their respective ways after a most enjoyable gathering. Our thanks are due to all the incumbents for the use of their bells and for their kind hospitality throughout the tour

## BURES, SUFFOLK

One of the largest gatherings of ringers witnessed in the Eastern Counties assembled on April 28th for the dedication of the two new trebles added to the grand old six at St. Mary's Parish Church, Bures, Suffolk
Besides over 150 ringers who were present at the service and tea, many others paid a visit in the evening
The new bells are installed as a memorial to Dr. Thomas Wood, of Bures, who died recently, soon after having given support to the project A Bachelor of Music and a much-travelled man. Dr. Wood was in much demand at the Australia Those gathered to honour his memorial came from many walks of life, with Mr. Maurice Brown, representing the B.B.C. Mr. and Mrs. Hewitt, of Australia House, and many others from various musical productions, etc., with which he had been connccted.
The service opened with the hymn. 'Praise, my soul, the King of Heaven,' followed by specially chosen prayers. The Rev. C. P. Newell, of Ipswich, clerical secretary of Suffolk Guild, read the lesson from Ephesians iv., vv. 1-16. Then was sung Psalm No. 150.
The eight ringers then led the procession to the ringing chamber where Archdeacon Norton, taking the ropes from Mr . Michael Howard, dedicated the new bells. The opening band who rang rounds, were:-C. Bower 1, A. A. Fitch 2, D. Mills 3, C. W. Pipe 4, Mrs. L. Mills 5. A. Cansdale 6, L. D. Mills 7, E. P. Duffield 8 .

The choir rendered the carol. 'Ding. Dong, Merrily on High,' followed by the address from the Archdeacon, and then a closing hymn, 'Hark, on high, the joyful music.' A selected band rang an excellent touch of Stedman as the congregation left the church.

Over 350 ringers, friends and parishioners sat down to tea, a most bountiful spread provided by the local company and friends. Mr. Cecil Pipe, in a short speech, mentioned the work of Leslie Mills, by dint of whose hard work the project had heen envisaged and carried out. Mr. E. P. Duffield paid tribute to the late Dr. Thomas Wood and to the local ringers for providing such a good tea free of charge for so vast a number of people.

Mr. Michael Howard, representing the founders (Messrs. Gillett and Johnston) thanked one and all for the compliments paid to their work and Mr. Lestie Mills, in his customary manner, added his thanks to everyone.
Praise was loud for the excellent splicing and ' go '; afterwards Mr. Mills did a fine job in ensuring that everyone desirous was able to have a ring.
The new trebles are an excellent example of the founders' art and weight 5 cwt .1 qr . and 5 cwt .2 qr .26 lb .: respectively.
They are inscribed as follows:-Treble: ' I ring well : to bring good cheer : in Festival Year : Thomas Wood's bell.' 2nd: 'Ta the memory of Thomas Wood. of Parsonage Hall, who was friend to one and all.'
Mr. Leslie D. Mills writes expressing the thanks of Bures' ringers to the bell-founders and bell-hangers and to those who sent their good wishes and helped in any way to make the dedication the success it was.

## BODLEY'S BELL

We have received from Mr. Frederick Sharpe a booklet he has written regarding Bodley's Bell, which was provided in 1604 for announcing the opening and closing of the famous Oxford Library.
The bell was cast by William Yare in 1609 and is very thin and much chipped at the lip. The strike note is approximately $F$ sharp and its hum note is almost a flat seventh below the strike note, a style of tuning known to campanologists as 'Old Standard.'
Mr. Sharpe comments that the bell is a - maiden' casting, although a poor specimen of such. The approximate weight is two cwt.

## LETTERS TO THE EDITOR

## BLISTERS

Dear Sir,-The question of blisters arose when I was Vicar of Moulton, 1926-1937. My churchwarden and bis wife used to spend their holidays hiking; I used to do the same. I asked them "What about blisters?' They replied: 'Methylated spirits does the trick. Rub the feet with the spirit, it toughens the skin. I would suggest ' Blisters ' tries this, but advise him to put his pipe out while anointing his hands.
My own remedy was two pairs of socks, which suggests help for 'Blisters.' When I was training my lady handbell ringers, the strenuous rehearsals raised blisters on their hands. Their remedy was a thin pair of gloves which gave them great comfort. I would suggest to - Blisters ' a thin pair of gloves. Possibly he might get laughed at but that is a mere detail. I have heard of a man who was laughed at and lived to be over 80 .
Try methylated or thin gloves. He then may ring 200 more peals in comparative comfort.Yours sincerely
J. M. TURNER

Moulton, Northampton

## NAMING OF PEALS

Dear Sir,-Whilst agreeing in the main with Mr . Amos that a little more discretion might be employed in the naming of new methods. I do think the difficulty of finding titles should be borne in mind.
I believe. some time ago, there were generally strong feelings that methods should be named geographically, in other words, to link them in some way with the districts in which they were first rung rather than an association of personalities or (doubtfu) qualities. Duke of Norfolk Treble Bob Premier and Superlative
To-day, now that place names are established. the influx of peal ringing in new methods has made it increasingly difficult to carry out this idea and many districts have been almost too well combed for names. In fact, many hamlets that cannot boast a hell between them have been honoured in an effort to make the method ' local.' In some cases overlapping has ensued

This doubling-up on place names is well illustrated in the case of Alhanian Surprise. named after St. Albans. Hertfordshire, and not as some suppose, the Slav country. It was first rung by the Abbey Society, Dennis Bayles. the composer, being at that time a member and a 'local.'

Unfortunately, the naming was made unusually difficult, for this city has already sponsored three other methods. The old St. Albans Delight. the rather newer St. Albans Surprise (I think I'm right) and Verulam Surprise after the Roman town. Incidentally, the district overcomes the national flavour of the later method by pronouncing it Orlbanian:-A1banian. a citizen of St. Albans.
I regret I can offer no solution to these problems. Saints' names. as suggested by Mr. Amos, are certainly an idea. but after they are exhausted-what next? Perhaps H. G. Cashmore. Op. 100.-Yours sincerely.

PATRICIA HOLMES.
Northwood, Middlesex.

## LARGEST TOWN WITHOUT BELLS

Dear Sir.-Apropos the statement on page 235 of 'The Ringing World' re largest town without a ring of bells. According to figures published by the Automobile Association, Bognor has 25.330 and Clacton 22,230 . If this list were not confined to England only, the following might be of interest :-
Aberdeen 187751. Airdrie 30.248. Ayr 44.018 Cambuslang 26.478. Clydebank 36.010, Dumbarton 24.259 (Bognor larger), Dumfries 26.563 Dunfermline 44.904 . Greenock 79.377 , Kilmarnock 42.281, Kirkaldy 47.897. Motherwell
69.940. Perth 39.478 . Rutherglen 25.836. Stirling 28.691-14 all larger than Bognor
R. St. C. WILSON

Portobello, Midlothian.

## SPLICED SURPRISE

## Peal Withdrawn

Dear Sir,-I would like to withdraw the peal of three Spliced Surprise Major rung at Colman's Hatch, Sussex, on Saturday, March 31st, 1951. Also I tender my sincere apologies to the rest of the band.
This is a great disappointment for a struggling band after having rung a good peal to find out the composition, supplied by a ringer of repute. to be false.
In my opinion, Spliced Surprise Major is a doubtful quantity and should be brought to the notice of the Central Council and some hard and fast rules made. It makes me wonder how many peals of Spliced Surprise have been rung false and not withdrawn.
After all it is still possible for a conductor of the highest integrity to ring a composition which has been proved true, to still ring a false peal and, in my opinion, this is not a very satisfactory state of affairs. This will probably stir up a hornet's nest, but it will give people a chance to air their views and perhaps some satisfactory result will be obtained.-Yours sincerely
Rotherfield
W. ROGERS.

## THE STORY OF A BROADCAST

On Sunday, April 29th, at 7.45 p.m. a service was broadcast from Christ Church, Ebbw Vale. We were told that we should be broadcasting the ringing for approximately one minute at the start and, after great discussion. we decided to ring three plain courses of Grandsire Triples in succession, ending in rounds. As we estimated that we should come into rounds at $7.46 \mathrm{p} . \mathrm{m}$. We timed our courses carefully-they took exactly three minutes two seconds eachand we arranged to 'go next ' at 7.46.54 seconds.
The B.B.C. apparatus was in the vestry almost under the tower. Strangely enough, the microphone which picked up the ringing was in the recording van on the front seat, the van being under the tower. We rigged up an electric bell in the ringing chamber with the bellpush by the engineer's apparatus, and it was my job to see that the bell was rung just before 7.46 .54 so that 'go next' could be called.
At about $7.30 \mathrm{p} . \mathrm{m}$. the engineer rang up the B.B.C. and adjusted his stopwatch so that we had the exact time and I told him about the bellpush before the panic really started. He told me to ring it myself. Nervously I saw the seconds had pass 7.46 (was it really 7.46??) and saw it glide round the dial. Then before I could stop him, the engineer pressed the button at 7.46 .30 , thinking I had forgotten I The bells left rounds 24 seconds early and as I stood and watched the engineers checking and testing. the bells fairly whipped through those three courses. Here is the Welsh Home Service . : we are taking you over to Ebbw Vale : came through the portable set as the back change rolled up in the last lead. The bells came over the air in the first whole pull of rounds.

The engineer of course knew he had made a mistake, but did not appreciate the enormity of it until we explained to him after. He seemed rather bewildered by the extreme complexity of our art. Incidentally he stated he had not broadcast bells before a service since the opening of our bells was broadcast in 1937. (He is from the Cardiff branch of the B.B.C.)
So, dear reader. if you think we can only ring rounds at Ebbw Vale. now you know better ! FIRST RESERVE.

## AN 85th BIRTHDAY

Mr. Walter H. L. Buckingham, of Lancaster Road. St. Albans, celebrated his 85 th birthday on April 22 nd and was paid a surprise visit by Messrs. H. V. Frost. T. J. Southam and W. Ayre, who rang handbelis with him. including touches of Grandsire from the Original and a course of Plain Bob. Mr. Buckingham can still recite the calling of a peal but has difficulty in hearing the bells. Quarter peals in his honour were arranged at the Abbey and St . Peter's.

LORD MAYOR RINGS PEAL
A handbell peal in a Lord Mayor's Parlour with the Lord Mayor himself taking part. is an event of more than passing interest. On Sunday afternoon, April 22nd, members of St. Martin's Guild, Birmingham, by kind invitation of the Lord Mayor, Alderman A. Paddon Smith. J.P., Master of the Guild, met in the Parlour and rang 5,019 Stedman Cinques in three hours and six minutes.
After the peal, light refreshments were provided by the Lord Mayor, who was in his usual happy reminiscent mood. It was an historic occasion and a notable event in the long history of the Guild. and everyone present was delighted to feel that the Lord Niayor should be able to take part in this peal during his very busy and exacting term of office. He is as keenly interested as ever in ringing, especially in good Stedman Cinques., and the band at the Bull Ring is awaiting with pleasurable anticipation his return to Sunday service ringing, a duty he has performed for 50 years.
It is just 30 years since Alderman Paddorr Smith rang his last handbell peal, and the band on that occasion was Percy $O$. Laflin (conductor) 1-2, George F. Swann 3-4, James E. Groves 5-6, J. Frank Smallwood 7-8. A. Paddon Smith 9-10. Morris J. Morris 11-12. The strength of the handhell band at that time was such that the umpiring of peals was taken in rotation. and the umpires for the 1921 peal were Alhert Walker and Thomas Russam

## NORWICH DIOCFSAN ASSOCIATION

## East Norfolk Branch

Thirty-nine members attended the East Norfolk branch meeting at Loddon on April 21st. Visitors included Mr. J. Parker, father of Mrs. G. W. Fletcher, who despite his 85 years, rang a course of Superlative.

The Vicar (the Rev. J. N. Stevens) conducted the service and nresided at the business meeting which followed tea. New members elected were:-Mr. Maurice G. Ling (Great Yarmouth) and ratification of helfry elections of Robert W. Marioram and Michael J. Gould (South Walsham). The next meeting will bo held at Ranworth on June 2nd.

Votes of thanks were passed to the Vicar and organist and to Mr. H. H. Barrett and the ladies who oreanised the tea. Touches in various methods were rung including one by an all-ladies' band.

## DEDICATION

## ST. MARK'S. EXETER

Exeter has now another ring of eight at the Church of St. Mark's. the bells being dedicated and blessed by the Bishon of Crediton (the Rt. Rev. W. F. Surtees) on Adril 28th.
St. Mark's is a comparatively new parish. the church being dedicated in 1937 and had a ring of six taken from the disused St. John's Church in Fore Strect Hill. These six bells have been recast into five by Messrs. John Taylor and Co. Another bell was the gift of the late Mrs. Vincent Thomnson and two trebles donated by Miss M. L. Symonds.
The work of recasting and rehanging has cost £1,700 and the bells are of a pleasantly mellow and tuneful tone.
At the service conducted by the Vicar the Rev. C. J. Poulton) the Bishod of Crediton dedicated and blessed the new neal. The churchwardens first presented the ropes to the Bishop who, on giving his charge as to their sacred use, handed them to the Vicar. Rounds were then rung by the St. Mark's ringers, who had been practicing in various towers in the city and neighhourhood. Clergy present included Preb. E. V. Cox (president, Guild of Devonshire Ringers)

The Rev. C. J. Poulton presided at the public tea, when coneratulatnry speeches were made by the Bishoo of Croditon and Preb. Cox

St. Mark's hand rane after the service and later bands from the citv and county rang short touches on the new bells

ALDERSHOT, HANTS. - On April 10th. 1.260 Doubles ( 720 Bob Doubles and 540 Grandsire): $G$. Annear 1, J. Wells (cond.) 2, R. Corke 3, P. Sher-
woond 4, C. Beadle 5, A. Annear 6. Average age of band is years.

Alverstoke, hants. - On April 29th, 1.260 Grandsire Triples: H. Reynolds 1, F. G. Barron 2 , E. Jurd 3. G. Verrill 4, B. Stirland 5, A. Noble
H. A. Nobes (cond.) 7. J. Jurd (firat quarter) 8 .

APSLEE END, HERTS. - On St. George's Day. 1,440 Surprise Minor ( 720 York and 720 Bourne): Keith Good 1, E. J. Upton 2. A. V. Good 3, W. J. Puddefoot 4. T. G. Morton 5 , W. C. Hughes (cond.) 6.
A birthday comsliment to the treble ringer
ARELEY KINGS, WORCS.-On April 18th, 1,260 Doubles ( 360 Reverse Canterbury and 900 Grandsire):
J. H. Hick 1, T. Clease 2, E. C. Lucas 3, A. W. Glazzard $4, G$. L. Bowen (first Quarter as cond.) $5, \mathrm{G}$. Lewis 6.
BATH, SOMERSET.-At St. Michael's on April 22nd, 1,260 Grandsire Triples: lames Fitzgerald (first 4. D. G. Clarke 5, R. W. Perry 6, B. O. Fry 4. D. G. Clarke 5 , R. W
(cond.) 7. G. J. Hawkins 8.

BATLEY, YORKS. - On April 29th. 1.280 Kent Treble Bob Major: W. H. Senior 1, A. G. Wood 2,
T. W. Strangeway (cond.) 3, G. W. Steel 4, D Alkins (first quarter) 5. H. Marsden 6. E. Spencer 7.
BERRINGTON, SHROPSHIRE, - On April 22nd, 1,260 Grandsire Doubles: Mrs. P. J. L. Purslow 1,
Miss E. M. Duppa 2, P. J. L. Purslow (cond.) 3, W. H. Downes 4 , A. G. Owen $5, W$. H. Lloyd 6 .
Rung half-mufiled as a tribute to the late Sir G. H. Rung half-muffled as a tribute to the late Sir G. H.
Holcroft, Bt., who restored the tower and rehung the six bells in 1930.
BETCHWORTH, SURREY. On April 22nd, 1,260 Grandsire Triples: Mrs. S. C. Cannon 1, C. S. Hoad 2. Rev. K. G. Hoare ${ }^{\text {Hoplins (first quarter 'inside ') } 5 \text {, T. Arrow 6, A. P. }}$ Hopkins (first quarter 'inside ') 5, T. Arrow 6, A. P.
Cannon (cond.) 7, A. Stovell 8. A compliment to Mr. W. B. Judd on completing 50 years as a ringer at this church.
BICESTER, OXON. On April 29th. 1,260 Grand-
Tre Triples: Miss J. Chase 1, H. Hatfeld 2, E. J. Ladd 3. C. Stockley 4, W. Baggett 5, C. H. Kinch 6 E. J. Smith (cond.) 7, H. Clifton 8 .

BLACKBURN, LANCS.-At the Cathedral on April 26th, 1.260 Stedman Triples: H. Anderion 1, B. A. Tomlinson 5, F. Heyes 6, T. Wilson (cond.) 7 . J Skeats 8
BLEWBURY, BERKS.-On April 29rh, 1.260 Grandire Triples: G. Walker 1, C. Gregory 2, J. Grace 3
I. Gardner
4, F. James 5, C. Corderoy (cond.) 6, C. 1. Gardner 4, F. James ${ }^{5}$,
Aldridge 7. C. Corderoy 8 .

## OBITUARY

## MR. THOMAS BUTLER

We deeply regret to record the death of Mr. Thomas Butler, sen., of Ellesmere, Shropshire who passed peacefully away at the
Wrekin Hospital, Welington, on April 12 th, aged 71, after 13 weeks' illness.
Mr. Butler, who was a member of the Shropshire Association, Chester Guild and other guilds and associations, learned to ring at St. Mary's, Ellesmere, over 50 years ago. This tower then possessed a 'stoney' Sunday service band but, after he returned from serving with the R.G.A. in France and Belgium during the First War, Mr, Butler was ultimately successful in introducing change-ringing in spite of the formidable and continuous opposition from some of the members of this well-established local band. Needless to say, success by his self-taught band was not gained without considerable 'spade-work, many sacrifices and disappointments and Mr . Butler, therefore, was very proud when on June 20th, 1925, an entirely local band rang, at the third attempt, a peal of Stedman Triples on the bells, this being the first peal there by a local band since 1730 . Even for several years after this change-ringing for Sunday services was not allowed, but he was always a regular service ringer.

A joiner by trade, he was one of the finest craftsmen in the district. He was also, to the end, a keen card and draughts player and had taken part in many international games of the latter by correspondence with American and other experts.

His last peal was one of his favourite method, Stedman Triples, at Ormskirk, Lancashire, on October 7th, 1944, and was rung for the birth of his only grandson. Shortly after this, $\mathbf{M r}$. Butler, who had previously enjoyed good health, was compelled to give up peal-ringing on account of heart trouble. He still climbed regularly to his belovej belfry, however and worked hard with beginners. On December 1st last, he took part in some tower-bell ringing there. also a quarter peal of Grandsire Doubles 'in hand, specially arranged on the eve of and for his birthday, while on January 9th, a few days before he succumbed to the 'flu' and became seriously ill, he attended the annual bellringers ${ }^{\circ}$ and charisters' supper and took part in some handbell ringing.

He leaves a widow, son, daughter, three grandchildren and many other relatives and friends to mourn their loss.

On April 16th his remains were conveyed to the Parish Church he had served so well and there the funeral service was conducted by the Rev. G. Stanley Lloyd. One of his favourite hymns, 'The day Thou gavest,' was sung and . as the cortege left the church for Ellesmere Cemetery, I know that my Redeemer liveth was played by the organist. Mr. Hobbs. Four fellow ringers acted as bearers, viz. Messrs. A. Haynes, J. Howard, A. Whitehead and W. Sleigh. Among the many mourners was Mr.
W. Higginson, sen. A plain course of Grandsire Doubles was rung on handbells over the open grave by A. Haynes 1-2, T. R. Butler 3-4, J. Howard 5-6 the same handbells being used as when Mr. Butler took part in his "birthday" quarter peal of Grandsire Doubles last December. The funeral arrangements were carried out by his former employers. Messrs. Griffiths. One of the many floral tributes was a wreath in the shape of a bell from the Parish Church ringers. In the evening and on the following Sunday morning the bells were rung half-muffled.
His 50th peal. rung at Chester in April. 1937. was the 100 th for his son, Mr. T. R. Butler, of Liverpool, who also took part in each of his 53 peals, the list of which is as follows:Grandsire Doubles 1, Stedman Doubles 2, Grandsire Triples 4, Stedman Triples 38 (conducted 4), Plain Bob Major 2. Kent Treble Bob Major 4, Total 53 (conducted 4). The four peals he conducted were different compositions of Stedman Triples, all rung at Pulford, Cheshire.

## THICKY WAY IN DEVON

## Ringers on Tour

A temporary improvement in the weather marked the commencement of a motor coach tour of South Devon made by about 30 ringers and friends in Exeter and East Devon districts. The ringers included round and call change men as well as 'scientifikers,' a description often applied in country places to members of the Devon Guild. There was also an enthusiast from Dorset who drove his own car.

Stoke-in-Teignhead ( 6 bells, tenor 12 cwt .) was reached after negotiating the intricacies of narrow and winding lanes. The church, most of which dates from the 14 th century, has a fine oak chancel screen, well restored and an outstanding feature. The parish is proud of its association with the Graeme family of soldiers, whose records go back to the 5th century. Three Graemes were heroes in the wars of the present century, Part of an inscription on a memorial tells how, in the past.

One by one they fell around
As the archers laid them low,
Grimly dying, still unconquered,
With their faces to the foe.'
The second stop was at Combe-in-Teignhead ( $6,10 \mathrm{cwt}$.), where the church has a Norman font, 15 th century screen and a captivating series of ancient and modern bench ends. Among the carvings on these are representations of a fox carrying off a goose, a dog chasing a fox, and numerous saints with their emblems. One figure, rarely seen, is, apparently St. Genes, or St. Genest, wearing a jester's cap and top boots and carrying a bauble. He was an actor and, according to tradition, was taking part in a burlesque of Christianity before the Roman Emperor Diocletian, when he suddenly proclaimed himself to be a Christian. He was ordered to go on acting in another play but resolutely declined and was beheaded. One of the ringers had rung here and at Stoke-in-Teignhead half a century ago; at all the subsequent towers in 1910 .

Denbury (5, 8 cwt .) the next call (after a brief appearance at the annual meeting of the Devon Guild in Newton Abbot), ranks as one of the oldest settlements in Devon. The church dates from the 14 th century but there was probably an older structure. It had, until about 100 years ago, a 16 th century chancel screen.

Henceforth the weather worsened and the natural beauties for which the route taken is famous were shrouded in mist. However,

Broadhempston was reached through a maze of by-ways and the church ( $6,13 \mathrm{cwt}$.) approached by a pathway arched by part of a public house. Most of the church originated in the 15th century. There is a chancel screen with notable tracery, a font is 600 years old and the bench ends have good modern carving.

The party nearly went astray during the next few miles to Staverton ( $6,23 \mathrm{cwt}$.), but 'thicky " way was defined by natives with great courtesy and amazing wealth of dialect. The church proved, despite some restoration flaws, to be the most impressive visited during the tour. It is larger than any of the others, has a scratch dial one side of the doorway, a magnificent 50 feet wide chancel screen with gallery (which so many other screen do not now possess), two small side screens and two or three interesting memorials.

## ROAD TO ZOO

The party had tea at Totnes and all rose from the tables in the evident belief that, despite the old adage, they could have gratefully eaten a bit more. However, 'Forward' was the order and none too soon for darkness had set in and that is not a desirable accompaniment for travelling by road. Faulty map-reading caused the road to Paignton and its Zoo to be taken but, after a couple of miles, a veteran Devonian, who really knows the topography of the county, spotted a fork leading to Berry Pomeroy and the coach was halted and reversed, to go through Totnes again for the correct route on the other side of the Dart. The destination was Cornworthy ( $6,12 \mathrm{cwt}$.) passing Ashprington (5, now unringable) and having an appalling number of narrow, crooked lanes to negotiate with, at some places, a tributary of the Dart running alongside in considerable flood.

Cornworthy has a Norman font, 15 th century chancel screen and a gorgeous tomb for members of the Harris family-Sir Thomas (a distinguished lawyer in Shakespeare's time) and Elizabeth, his wife. The church itself is medirval and has box pews, curious metal pilasters, an ornate brass chandelier, seats in window recesses and a fine canopy crowned by a trumpeting angel. Formerly the canopy was over the pulpit, but the latter has been moved to a position near the screen and its old place is filled by a heating stove. The parish had one Vicar for the remarkable period of 71 years. He was Charles Barter, who died in 1846.
S. EARLE.

## MR. WILLIAM PYATT

The Surrey Association have lost a promising young ringer by the death of Mr. Victor Pyatt (20), who rang at Horley and Barstow, until his illness about 12 months ago. He retained his interest in ringing and the Horley and Barstow ringers often took handbells to the hospital when he was well enough. He died on April 20th at Horley Hospital.

## MR. CHARLES FREDERICK GOOD

The Kent County Association has lost a staunch supporter, and Charing a faithful captain, by the death of Charles Frederick Good. Born at Charing in 1891 Fred learned to ring on the village bells about 1908 . He became an enthusiastic member and when his work took him to Rickmansworth he joined the local company. In 1913 he emigrated to Canada, returning from there in 1915 with the Canadian Engineers.
In 1919 he was back in Charing where, ever since, he worked hard to maintain a Sunday service band. Fred had no inclination for peal-ringing-he rang but nine peals- but he recorded many quarter peals and 720 's rung for Sunday services and special occasions. He taught many boys and girls to ring and by sheer hard work and push a band has been maintained at Charing, where Fred will be sadly missed.

He was cremated at the Kent County Crematorium at Charing, his ashes being scattered in the lovely gardens where, as head gardener, he had laboured to make those gardens beautiful.
