PAYING THE FOOTING

IN my early ringing days I longed for the time to come when I should be called upon to rise and set a bell in full view of a large company of ringers on practice night. As a general rule schoolboys were not considered strong enough to undertake ringing, and would be entrants of any age were often subjected to long waits before a vacancy arose—a state of affairs which discouraged many who desired to become ringers.

Having accomplished the test of pulling up a bell and making a gentle set, I was asked when I proposed to 'pay my footing,' which was certainly something new to me. On the walls were notices saying that a fine of one penny would be imposed if more than five minutes late for any ringing, a like amount if entering the ringing chamber with your hat on, and sixpence if you overturn a bell, but nothing about paying footing of any kind. The next day I asked dad about it, and was told to 'leave it to me,' so whether he paid my footing or not I never knew.

This 'pay your footing' scheme seems to have originated some 180 years ago, when so many people wanted to learn ringing that a scale of fees had to be imposed to stem the rush of recruits. It is sad to think that in these days ringers are fewer in numbers and many bells are silent through various causes.

Footing scales seem to have varied considerably from time to time, and some of them appear to be excessive compared with wages and prices operating close on two centuries ago. One scale starts with 1s. on setting a bell, 1s. 6d. when ringing with six, with 2s. 6d. on ringing with eight. The next step is the privilege of ringing for service, for which 3s. 6d. would be charged, followed by 5s. when appointed a service ringer with a salary. Then comes 2s. 6d. on ringing for a wedding, and a similar amount for the first funeral. Provision was also made for the first ring of five, which cost 2s., and when the first 500 changes were recorded this privilege meant 5s. Even the first half-peal was costly, and 10s. had to be found, but the final footing was even more when the first full peal was rung, because 15s. became due.

These scales seemed to have varied considerably in different parts of the country, and in some cases the

charges for footing were not printed or written but just decided among the older ringers of the band. Paid ringers were often allocated a certain bell on appointment, and were not allowed to change until prospects of promotion came their way. These and many other hole-in-corner rules could be made or altered according to varying circumstances, and this resulted in keeping away from the tower those who had a keen desire to become ringers.

To pay one's footing means paying money on doing anything for the first time, and I wonder what the present-day ringer would say or think if he or she were called upon to pay any one of these items in the scale!

I like to look back on some old ringing customs which history has given us, not for the purpose of finding fault with certain bands whose conduct caused all ringers to be branded alike, and of which we are too often reminded, but to try and realise more fully how great has been the work of our Guilds, Associations and Societies since their inception. Such a custom as paying one's footing and probably not knowing where the money went, is one of the undesirable systems which prevailed at a certain period—now relics of the past.

I often look at a certificate at home which is dated September 18th, 1900, the date I was made a member of the College Youths. Four well-known names appear on the certificate, viz., E. P. O'Meara, W. T. Cockerill, J. R. Sharman and W. H. Pasmore, all well-known ringing friends. I had to qualify for membership by ringing a quarter peal, a half peal and a full peal before this certificate was presented to me in my home tower without payment for footing, postage or anything else—a fine incentive to push forward with ringing after years of gradual but thorough training for which I am still thankful.

The total amount of money chargeable to a ringer under the scale quoted above is £2 10s., which is a considerable sum to pay for becoming a ringer of full standing in local circles, and undoubtedly it often fulfilled its object of keeping many prospective ringers away from the tower when ringing was popular in town and village because of its regularity and various customs.

Prior to the peal at Whitnash, Leamington Spa, on October 4th, Mr. F. W. Hauley, who despite his 93 years is an active ringer, was present to send the band on their way, and rang the treble to 120 Grandsire Doubles. The peal was a birthday compliment to him.

The peal of Cambridge Surprise at Bushey on October 2nd was Mr. F. W. Brinklow's 300th peal of Surprise.

Organised by Mr. Addicott and Mr. Maycock, sen., the ringers of St. Margaret's, Whitnash, Leamington Spa, had a very pleasant ringing outing on September 20th, visiting Sherborne, Wellesbourne and Kineton.

Sir Gerard D'Erlanger, chairman of B.O.A.C., welcomed over 300 dancers to a barn dance in his huge 14th century barn, organised by ringers of Great Chart, Kent. A feature of the evening was the tunes rung by the handbell ringers of Wye.

The peal at Birstall, Yorks, on September 25th was arranged on the 87th birthday of Mr. 'Bill' Clark, who has been ringing at Birstall for 60 years and still enjoys ringing at his church. The band were pleased to see him still in good health, and wish him many more years of ringing.

A half-muffled quarter peal was rung at St. Alphege's, Canterbury, in memory of the Rt. Rev. G. K. Bell, the late Bishop of Chichester, who was interred at the Cathedral two days previously. It was afterwards found to be false owing to a miscalling. Special credit must go to Mark Roche—a member of the King's School Society—who covered extremely well, having only learnt to ring changes a week previously. Two other members of the same Society took part.

BELFRY

GOSSIP

The many ringers who attended the funeral at Hinton-on-the-Green of Mr. John Thomas greatly appreciated the very kind hospitality of Mr. and Mrs. Ralph Harris, who provided refreshments for the visitors. Mr. Harris is a ringer and churchwarden at Hinton.

Mrs. E. H. Simpson, who recently broke her leg, is, we learn, making a speedy recovery.

The ringer of the third bell in the peal of Grandsire Triples at Wigston Magna, Leics, on September 13th was Thos. Edward Harrold, not Mrs. as printed.

During a peal attempt at High Halden, Kent, recently, a certain rather portly gentleman's trousers showed an alarming tendency to slip down. As there were ladies present, the attempt came to an unusual and untimely end.

Sudden indisposition prevented Mrs. Daphne Cloke from standing in the peal attempt she had arranged at Hughenden, Bucks. The band would like to send their best wishes to Daphne for a speedy return to peal ringing.

The peal at East Grinstead was originally planned as a 21st birthday compliment to Miss Patricia M. Howard, a local ringer, but owing to the death of Dr. G. K. A. Bell, former Bishop of Chichester and president of the Sussex County Association, the bells were rung half-muffled to his memory.

While in Canada on holiday, where he is remaining until November 13th, Mr. Peter Crook, of Bolton, met an old Ipswich ringer, Mr. William C. Gillingham, who claimed that he was many years ago a ringer in Ipswich and that he had rung peals on six to 12 bells. He said his favourite method was Double Norwich Court Bob Major. Can any Ipswich veterans identify him?

MR. JOHN THOMAS: A MEMOIR OF AFFECTION

RINGERS throughout the country will have heard with regret of the death of Mr. John Thomas which occurred suddenly at Painswick, Gloucestershire, on September 20th.

The whole of Mr. Thomas' life was centred on bells and ringing. In his work as a bell-hanger for Messrs. Mears and Stainbank he had been all over the country, and during his long life he had helped many struggling rural bands when working in their district. He was born at Bristol on August 22nd, 1882, and so had just passed his 76th birthday. He was twice married, and by his first marriage he has a surviving daughter, son-in-law, and a grandson. His widow, Mrs. Amy Thomas, is very well known in many parts of the country.

John Thomas learned to ring in Bristol and must have been an enthusiast right from the start. In his later years he would often recall how his elder brother had said he would never make a ringer, but suddenly he saw the light of day and was able to ring. There were many good ringers in Bristol in those days, and an enthusiastic lad had every opportunity to know what good ringing was like, although there, as in most other places, the old hands were not willing to accept a youngster until he was proficient, however keen he might be.

His first peal was Stedman Triples on the back eight at St. Stephen's on Boxing Day, 1899, conducted by G. T. Daltry. Some 55 years later, on June 18th, 1955, he returned to this tower to call a peal of Stedman Caters—his 1,000th peal. In all, he rang 1,061 peals, his last being at Great Comberton on August 23rd, 1958, a peal in seven Minor methods, which he conducted.

A WONDERFUL EAR

It is possible to mention only a few of the many outstanding performances of a ringer as gifted as Mr. Thomas. He had a wonderful ear and was a wizard on handbells. A great deal of his ringing and conducting was done by ear alone. He was one of the few ringers able to ring two tower bells or four handbells. He never seemed to notice if a bell was odd-struck—he would have it in its place from the moment he pulled off in rounds.

His first Surprise peal, Superlative, was rung at All Saints', Bristol, on September 11th, 1901, and his first peal as conductor, seven extents of Bob Minor, at St. Luke's, Bristol, on February 7th, 1902. His first handbell peal, which was also the first handbell peal in Bristol, was Grandire Caters rung in St. Stephen's tower on May 1st, 1902.

At Christ Church, Swindon, on September 23rd, 1902, he first called Holt's Original. At the time of his death he had called this masterpiece 49 times on tower bells and 49 times on handbells. He had looked forward to the 50 times each, and no doubt if he had achieved that pinnacle his active mind would have set him some other campanological target—such was the man.

On September 14th, 1903, Mr. Thomas took part in an historic peal—Stedman Caters at Exeter Cathedral—when the tenor was rung single-handed by William Pye, the only man to do so. This was rung as part of a week's peal-ringing with the famous Pye band.

At All Saints', Bristol, a peal of London Surprise Major was rung on December 29th, 1903, being the first in the method by all the band. This was an outstanding performance which has but rarely been achieved. The conductor was F. G. May (a relative of Peter May, the cricketer), who afterwards emigrated to Africa. In those days Mr. Thomas did a great deal of ringing with Mr. May, as he did with the late William A. Cave, J. A. Burford and many other noted Bristol men.

On March 2nd, 1904, Mr. Thomas rang his first handbell peal as conductor—Holt's Original; and for his 100th peal he called Thurstan's One-part on May 20th, 1905, at Long Ashton.

IN LONDON

In 1910 he left his native Bristol for the Metropolis to join the staff of Messrs. Mears and Stainbank, with whom he worked until his retirement after the second World War. As a first-class ringer he was immediately accepted into London ringing circles—an achievement in those days which speaks for itself. He lived at Edmonton and rang a great deal with Mr. James Parker. On October 31st, 1911, he took part in a peal of Stedman Cinques at Cornhill for the Ancient Society of College Youths, conducted by Richard F. Deal. He took part in 12,160 Bristol at Knebworth, Herts, on April 8th, 1912, conducted by G. N. Price. He was also in the first 'name' peal on 12—Stedman Cinques by the 'Johns,' conducted by John H. Cheesman (who also became a 1,000-pealer later). He rang a handbell peal of Stedman Cinques in Shoreditch belfry on November 13th, 1914, conducted by William Pye.

St. Clement Danes'

In the presence of the Queen and the Duke of Edinburgh, St. Clement Danes' Church, the R.A.F. church, will be rededicated next Sunday.

The bells will be rung by a band associated with the R.A.F., consisting of E. A. Barnett, Air Ministry; A. W. Coles, ex-R.N.A.S. and R.A.F., North Mymms; Tom Cullingworth, ex-flight sgt., Maidstone; E. P. Duffield, ex-World War I second lieutenant, R.A.F., Colchester; F. I. Hairs, ex-mechanic, R.N.A.S., Titchfield, Hants; Wing-Comdr. J. S. Mason, R.A.F., North Coates; I. H. Oram, ex-junior technician, Lee; F. C. Price, ex-flying-officer, R.A.F., Hillingdon; J. G. A. Prior, ex-sgt. navigator, R.A.F.V.R., Balham; and H. C. Spencer, ex-R.F.C. pilot, King's Teignton, Devon.

His ringing career was interrupted by his war service, during which both his arms were broken. On February 8th, 1919, he called Holt's Original at Wiveliscombe, Somerset, to which the footnote reads: 'This peal was arranged for J. Thomas, R.A.E., who was in hospital at Taunton.'

Perhaps the performance of which he was most proud was the peal of Cambridge Maximus at St. Paul's on February 7th, 1925. He often spoke of the superb way in which Alfred B. Peck rang the tenor and Herbert Langdon the 11th, and one may be sure that as far as the light end was concerned John Thomas gave a good account of himself on the third.

In all these years Mr. Thomas continued his many journeys to different parts of the country in connection with his work, ringing a few peals when he could, although probably not as many as such a talented ringer would have done if he had worked in one place. So it was that by the time war broke out in 1939 he had rung 455 peals at the age of 57.

WAR-TIME HANDBELLS

It was at this time he really came into his own. During the dark days of the war he and Mrs. Thomas were ringing the occasional handbell peal, often joined by Mr. and Mrs. Fletcher who still lived at Enfield at that time. One of these war-time peals was Holt's Original, rung silent at the Whitechapel Foundry on November 8th, 1941, by Ernest C. S. Turner, Wilfred Williams, John Thomas and Donald G. Clift.

In 1943 the war-time ban on ringing was lifted, and Mr. and Mrs. Thomas started to

teach a new band at Edmonton. At this point, as far as peal ringing was concerned, the flood-gates really opened. First the name Albert J. Wallman appears in Mr. Thomas' peal book, quickly followed by Eric A. Dench, Victor R. Woodards, Dennis H. Langdon, Philip J. Coward and various others. These names were to appear in the columns of 'The Ringing World' week after week as yet more ringing milestones were passed. By the time Mr. Thomas moved away from Edmonton in December, 1946, his peal total had reached 688. In his quiet, modest way he was always proud of the wonderful achievements of his Edmonton youngsters, and not least when, with the assistance of Mr. C. W. Roberts, they rang Plain Bob 14-in on August 27th, 1944.

AMBITION ACHIEVED

For the last nearly 12 years of his life he lived at Hinton-on-the-Green, where in 1937 he had married his second wife. The visitors who came to Hinton during that time were many and various, but no ringer could ever fail to be welcome at No. 29, whether he was an expert or someone who had only started ringing the week before. Many peals were rung, both on handbells and at Hinton and other churches in the district. One of Mr. Thomas' ambitions was to ring peals in all the towers round Bredon Hill, and he was able to achieve this with his last peal.

Mr. Thomas took a full part in the life of the village, and especially the parish church where, under two different rectors, he and Mrs. Thomas were punctilious in their attendance. He was on the Parochial Church Council and, ever of a retiring disposition, he sought no praise for the work he did. Whenever there was a little job to be done—and he was very clever with his hands—he was there to do it. He had taken great interest in the family service each Sunday morning which was started a few weeks ago. Through the influence of Mr. Thomas the bells were rung regularly for this service, although the custom at Hinton has for years been to ring in the evenings only. Jack would have been thrilled to know that the morning after his death the eight bells were rung for this service. (Are there many villages of less than 200 population where such a thing would be possible?)

A great sorrow to Mr. Thomas was the untimely death in a flying accident in September, 1954, of Eric A. Dench, one of his Edmonton youngsters who had shown great promise as a ringer and conductor and had taken part in a great deal of first-class handbell ringing with Mr. and Mrs. Thomas. Eric had kept closely in touch with his old instructor and was a frequent visitor to Hinton whenever his duties would allow. On October 7th, 1954, Mr. Thomas called a half-muffled peal of Stedman Triples at Edmonton on the day of his funeral.

Amongst the peals Mr. Thomas rang in his later years was another 'John' peal—Cambridge Maximus at Croydon on April 21st, 1956. His 500th peal as conductor was a 7-method peal of Minor at Elmley Castle on September 1st, 1956. Altogether he called 515 peals including, very appropriately, his last. As recently as April 20th this year he rang a peal of 4-Spliced Surprise Major—no mean achievement for a man of over 75. He may well have been—with the exception of the late George Williams—the oldest man to ring a peal of Spliced.

So a great ringing career has come to an end. We shall all be the better for knowing Jack Thomas, a quiet, unassuming, friendly man with a dry turn of phrase, who never did a bad turn to anyone. Our great sympathy goes to his widow and his other loved ones, but we thank God for his life, and we know he rest in peace.

MR. J. THOMAS — Continued

THE FUNERAL

The impressive and unforgettable funeral service took place in St. Peter's Church, Hinton-on-the-Green, conducted by the Rector (Rev. W. B. Chapman), assisted by the Rev. H. T. Heal, Vicar of Painswick, who read the lesson, the Rev. J. T. Hearne, Vicar of Childswyckham, and the Rev. A. Webb, vice-president of the Worcestershire and Districts Association, who led the prayers.

There was a representative congregation and ringers had turned up in large numbers. It would not be possible to mention everyone by name, but in addition to the widow and the many family mourners there were many village people from Hinton. Mr. Fred Leaker, from St. Mary Redcliffe, Bristol, who was at school with Jack, and Mr. Herbert W. Knight, of Wrington, who had known him since 1906, were present, together with Mr. A. A. Hughes, of Messrs. Mears and Stainbank, who had known him throughout his long years of service with the firm. Mr. George Golding, steeplekeeper at Painswick, Mr. J. T. Lock, secretary of the Middlesex County Association, of which Mr. Thomas had been Master during the latter part of his time in London, were present, as well as Mr. A. W. Coles and Mr. Alick Cutler, also representing the Middlesex Association. Mr. W. B. Cartwright, Master of the Worcestershire and Districts Association, sent a message but was unfortunately unable to be present.

The coffin had rested in church the previous night, and as the choir and clergy, followed by the family mourners, filed into their places, a solemn hush descended upon the full church. 'Jesu, lover of my soul,' the 23rd Psalm and 'Hark, my soul, it is the Lord' were sung fervently. The Rector spoke of the life-work of Mr. Thomas amongst bells and bell-ringing, and referred to his great devotion and service to Hinton Church. He offered comfort and consolation to the loved ones left behind, and ended his moving address with the quotation:

'So to Him he passed, but still unbroken,
Age to age lasts on that goodly line,
Whose true lives, more than all words spoken
Are earth's best witness to the grace Divine.'

As the singing of Nunc Dimittis concluded, the bearers, E. T. Newbury (Gloucester and Bristol Association), W. Newman (District secretary, Worcestershire and Districts), A. T. Brazier (Ringing Master, Worcestershire and Districts) and S. T. Holt (committee, Worcestershire and Districts) took up their stations. Slowly the procession moved from the church to the graveside where, almost in the shadow of the church, the Rev. F. C. Champion, former Rector of Hinton and known to readers of 'The Ringing World' for his occasional letters, recited the solemn words of committal. Over the open grave a course of Grandsire Triples was rung by Vivien Barnes 1-2, David Marshall 3-4, Joseph D. Johnson 5-6, Philip A. Corby 7-8.

The congregation dispersed to view the wealth of beautiful floral tributes which were lining the churchyard path. Wreaths had been sent by local bands at Cheltenham, Cirencester, Terrington St. John, Hampton and Studley, as well as Hinton P.C.C., the Middlesex and Worcestershire Associations, the Whitechapel Bell Foundry and very many others.

The whole-pull and stand was rung by the local ringers and other local friends. This was followed by a peal of Double Norwich Court Bob Major by a representative band, all of whom knew Jack intimately, including two of his brothers-in-law and a nephew. The composition was Jack's stock peal of Double Norwich to which he referred as 'Jimmy Hunt's peal.' It was a fitting finale to the day's solemn events.

CHESTER DIOCESAN GUILD

Barthomley's 50th Anniversary

A pleasant afternoon and evening was spent at Barthomley, Crewe, on September 27th, when ringers from the towers in the Crewe Branch celebrated the 50th anniversary of the rehanging of the existing six bells in a new frame, with the addition of two new ones, thus making a ring of eight bells.

A peal tablet hangs in the Barthomley tower, recording the 5,040 Grandsire Triples rung on September 26th, 1908, by ringers from Barthomley, Crewe and Alsager, all of whom have now passed on, the last one being Mr. Arthur Allman, of Barthomley, who died in March of this year. A note of interest is that Mr. Eric Allman, of Barthomley, and Mr. R. D. Langford, of Crewe, both of whom were present on Saturday, are sons of two of the ringers who took part in the peal 50 years ago.

Ringing commenced at 3 p.m. with touches of Grandsire, Stedman, Bob Major, Kent Treble Bob, Cambridge, Little Bob, and rounds for the learners. Tea was provided by the Barthomley ringers at the White Lion Hotel, and was greatly appreciated by all present.

Mr. R. D. Langford, in a short speech, said that in 1908 he had just commenced to learn change-ringing. He spoke of the ringers of that time, and the great interest it created in ringing circles when Barthomley decided to increase the ring of bells from six to eight, rehanging them in a new frame. Further ringing took place after tea, bringing to an end a most enjoyable celebration.

LETTERS TO THE EDITOR

HAMPSHIRE'S UNRINGABLE BELLS

Dear Sir,—Close on 70 years have elapsed since the bells at St. Mary's, Sydmonton, were last rung; the six bells, by Mears and Stainbank, were hung when the church was first built by the Kingsmill family in 1869. Very little ringing was done on them mainly due to the situation of the church, which is an isolated hamlet with a few cottages, two farms and the big house in whose grounds the church stands.

The writer's first connection with these bells began some ten years ago when, after obtaining permission from the Vicar, who is also Vicar of Ecchinswell, he and a friend were allowed to inspect the bells, and despite the fact that the birds had been in residence for some 60 years, leaving bells and frame literally covered, it was our firm conviction that the bells could be rung.

On our next visit we were armed with ropes and spanners, but the Vicar absolutely refused permission to ring on the grounds that the bells were unsafe. The late Col. Kingsmill was then approached with no better results, and he confirmed the Vicar's words that the bells were unsafe. It seemed that Sydmonton bells were to remain unringable until the tower fell down, but after a further ten years a change of vicar took place. Following our success in ringing the bells of Hurstbourne Priors for the first time after 45 years of silence, it was decided to approach the new Vicar of Ecchinswell with a view to a further inspection.

However, it seemed that we were once again doomed to disappointment, as the Vicar felt as his predecessor that it would not be wise to ring the bells; but after some further correspondence he thought it would be in everybody's interests to get in touch with the present Col. Kingsmill and hear his views. The Colonel was most interested, and the following Saturday found three of us at Sydmonton complete with spanners, ropes and oil, where we were met by the Colonel.

Since our last visit somebody had removed the debris of years and the birds had been wired out, and we had little difficulty in fixing ropes, oiling and pulling each of the bells up singly, the 'go' being far better than had been expected. There was still some doubt about the safety of the frame and supporting beams, and a further appointment was arranged when the church architect and a representative of the bell-hangers would be present.

On June 28th, in company with a successful peal band who had just rung a peal at Kingsclere, the full six were rung for the first time in living memory, and Mr. Hughes, of Mears and Stainbank, and the church architect gave them the O.K. for ringing. There is considerable movement of the frame, but other than this and the third tending to slip wheel the bells go reasonably well and are undoubtedly one of the prettiest sixes in Hampshire.

A peal attempt was arranged for October 5th, but owing to a breakdown of one of the cars bringing three of the ringers, it had to be postponed until a later date. Ringing, however, took place by visiting ringers who had come to listen, and arrangements are already under way for the forming of a local band to man the bells of the two churches of Ecchinswell and Sydmonton.

It is hoped to hold a meeting here in January, when visiting ringers wishing to try the bells will be welcome: a notice will appear in 'The Ringing World.'—Yours sincerely,

GEOFFREY K. DODD.

Woolton Hill, Hants.

DOUBLES RINGING

Dear Sir,—I find in 'The Ringing World' during the past year or so many articles criticising Doubles and the different Doubles methods. There seems to be a circle of ringers who constantly make scapegoats out of those who ring Doubles methods.

From the short time I have spent in the Exercise I find myself constantly confronted by the fact that there is much more Doubles ringing on a Sunday compared with the number of 5- and 6-bell towers in existence than Triples and Major, and there are less 5- and 6-bell towers silent or partly silent than 8-, 10- or 12-bell towers on Sundays.

If this be a feather in the cap of Doubles ringers then it is instantly pulled out by such articles as appeared on page 611 of the 'R.W.' on September 19th. I took part in the peal of Doubles at Kislisbury and I have no complaints to make of a fine 21-methods peal.

It was an excellently-struck peal and was enjoyed by all, even though for some of us it meant no tea and a 20-mile cycle ride after nine hours' work in a factory.

Therefore, let us have less 'nosey-parker' and 'idle-critical' letters by this circle of ringers, and let them pull their weight half as much as everyone in that peal did.—Yours faithfully,

TERRY M. HAINES.

Maulton, Northants.

THE VISITOR'S THANKS

Dear Sir,—I should like, through the medium of 'The Ringing World,' to express my grateful thanks to the band of ringers who rang for morning service at St. Giles-in-the-Fields on Sunday, October 5th.

Many times have I visited London, including a week's stay in Westminster, walking many miles to various churches only to find that practice nights were not in accordance with the church notices.

I was, indeed, very thankful to meet with such cordiality in recording my first ring in London, and very sorry at not being able to stay and ring a 'quarter.'—Yours faithfully,

F. BRUNT.

Thrybergh, Yorks.

HESTON'S CHALLENGE

Dear Sir,—From time to time we read in 'The Ringing World' about the shortage of Sunday service ringers in some towers.

We at St. Leonard's, Heston, are rather fortunate in this respect. On Sunday, September 28th, for harvest thanksgiving services we rang two quarter peals, one morning and one for evening service, with two entirely different bands, both attached to our tower.

It would be interesting to hear if any other tower can call on two separate Triples bands attached to their own tower.—Yours sincerely,

W. W. WEBB.

Heston, Middlesex.

OBITUARY

MR. HENRY DEW

Ringers in Chester, Bishop's Stortford and Malvern Link, Worcestershire, will regret to learn of the death on September 29th of Mr. Henry Dew, aged 84 years.

His first ringing activities were with the Chester Diocesan Guild at St. Mary's-without-the-Walls, Chester, in 1893, when he was associated with the late Mr. H. W. Wilde.

Mr. Dew was then with Messrs. Douglas, Minshull and Muspratt, architects, and in 1911 he left to join the New River Company in London, on whose staff he served until his retirement in 1941.

After staying a short time in London, he went to live at Bishop's Stortford, Herts, and for many years was Master of the ringers at St. Michael's Church. Towards the end of the last war he moved to Malvern Link and became associated with St. Matthias' and the Priory Church.

An enthusiastic ringer, he always succeeded in attracting a goodly number of young ringers.

MR. JOHN L. MORRIS

Dear Sir,—May I add my tribute to John Morris. As Frank Knight says in his appreciation, one wonders why such a sincere, modest and understanding person as John has to be taken from us. I shall always remember with gratitude his help and encouragement during my stay in the London area, particularly the Saturday afternoon tours and my first attempt to conduct a peal.—Yours sincerely,

JOHN R. KETERINGHAM.

Lincoln.

HERTS COUNTY ASSOCIATION

St. Albans District

The September meeting of the St. Albans District was held at Harpenden on September 20th, with a very good attendance of 34. Ringing commenced soon after 3 p.m. and continued until the service at 4.30 which was taken by the Rector (Rev. P. Bradshaw), with Mrs. J. Dodds at the organ.

The local band prepared and served tea in the Rector's Room. A business meeting followed, with Mr. A. Day, of Harpenden, in the chair. Four new members were elected, three being from the local tower. The Secretary said he hoped to arrange the October meeting at St. Stephen's, St. Albans.

Methods rung ranged from rounds to Bristol. Visitors from Surrey and Birmingham were present.

M. A. C.

Northern District

The weather was not at all suitable for a meeting at Great Wymondley on October 4th. There was torrential rain and a thunderstorm, so attendance was poor.

The bells were soon ringing in defiance of the storm, and the second method to be called up was London Surprise. An ample tea was enjoyed at the Green Man. The next meeting will be at Royston, from 5.30 to 8.30 p.m. only.

Further ringing followed; methods included London, York and the special method, Burnaby Delight.

KENT COUNTY ASSOCIATION**Ashford District Annual**

The stormy weather cleared sufficiently to enable some 45 ringers and friends to meet at Folkestone for the annual meeting of the Ashford District on October 4th.

The Vicar (Rev. D. F. Hough) gave a thoughtful address on the fellowship of ringers at the service, which was a more than ordinarily happy one. Mr. J. Willis read the lesson and Mr. W. Chandler, captain of the Cheriton ringers, was organist.

Tea in the Church Hall was generously given by the local band and served by their ladies.

At the business meeting, under the chairmanship of Mr. Willis, the secretary reported that so far 130 members had subscribed from 20 towers. The average attendance at the eight meetings was 35. Sixteen peals had been rung, two of which were conducted by local ringers for the first time as conductors. He reported with pleasure on the industry with which ringers at Great Chart had set about the task of raising £1,300, needed to restore their bells. The report and balance sheet were adopted.

Mr. C. T. Hillis and Mr. J. R. Cooper were re-elected as secretary and Ringing Master respectively, and Mr. A. Berry, of Folkestone, and Mr. J. Batchelor, of Little Chart, are the District representatives. Three new members joined the Association.

The secretary bleated about the question of notification for teas, but as none of the offenders appeared to be present it was agreed to take a leaf out of the Canterbury District's book and adopt a firmer line in future. The chairman dealt gently but firmly with one or two 'non sequiturs,' and on a motion from Mr. Cullingworth a vote of thanks was passed to those who had helped to make the meeting such a happy one, especially Mr. Whittaker, secretary of the Folkestone band, who had made all the arrangements.

LEEDS & DISTRICT SOCIETY

Thornor bells, visited by the Leeds and District Society for their September meeting, were found not particularly easy to handle, but a variety of Minor methods was rung throughout the afternoon and evening. It was pleasing to note the progress being made in method ringing by some of the younger members, most of whom were schoolgirls. An excellent tea was provided by Mr. and Mrs. E. Hartley in their own home, and the secretary had some scathing remarks to make to those who had 'forgotten' to order their tea. The business meeting was held in the churchyard, where the midges saw to it that there was no prolonged discussion.

The next meeting will be held on October 25th, but the place has not yet been decided upon.

GUILD of DEVONSHIRE RINGERS**East Devon Branch**

A quarterly meeting was held at Hemyock on September 20th, and about 30 ringers and friends attended. The service which was held in the parish church was conducted by the president, the Rev. Preb. E. V. Cox.

At the business meeting Mr. G. C. Woodley took the chair. Ten new members were elected and certificates were presented by the president to nine members, six coming from Hemyock. It was proposed to hold the next quarterly meeting at Feniton with ringing after at Buckerell.

The bells were rung before and after the service, the methods rung being Grandsire, Stedman and Plain Bob Doubles, Plain Bob, Minor and Kent and Oxford Treble Bob Minor.

**ELY DIOCESAN ASSOCIATION
DINNER**

The Ely Diocesan Association's dinner this year was held at Huntingdon on September 27th. In the afternoon three peals were attempted, two being successful—a peal in 21 Doubles methods at Litlington and Stedman Triples scored at St. Neots, the peal being rung as a compliment to G. C. Galley, a resident member who was ordained deacon at Norwich Cathedral the Sunday previous, and also to Mr. and Mrs. S. Hawksford, of St. Neots, who celebrated their diamond wedding on September 20th. In the third attempt, Surprise Minor at Godmanchester was unsuccessful.

All Saints' bells were in use before members made their way to the All Saints' Hall, where the dinner was held. The Hunts District president was chairman and the guests were the Mayor and Mayoress of Huntingdon (Cdr. and Mrs. F. W. Saunders), the Vicar of St. Neots (Canon L. Galley) and the Vicar of Godmanchester (Rev. R. W. Edwards).

The chairman (Rev. J. M. E. Bagley) proposed the loyal toast, and then welcomed everybody to the dinner. The Mayor proposed 'The Ely Diocesan Association,' to which Mr. H. S. Peacock replied. Mr. F. W. Lack proposed 'The Church' and the Rev. R. W. Edwards replied.

The evening finished up with selections on handbells.

YORKSHIRE ASSOCIATION**Eastern District At Hedon**

When the autumn meeting of the Eastern District was held at Hedon on October 6th, Mr. A. E. Sellers (vice-president), who presided at the business meeting, referred to the passing of Mr. A. H. Fox, who was for some years a vice-president of the Association. He spoke of Mr. Fox's work for ringing and of his being organist at Kirk Ella for 51 years. The company of over 40 stood for a few moments to his memory.

The secretary (Mr. H. S. Morley) read a letter from Mrs. Fox on behalf of her daughter and herself, thanking the secretary for his letter of sympathy.

Mr. C. C. Brown, of Cottingham, was elected a member. An invitation to hold the next meeting at Goole on December 20th was unanimously accepted. Votes of thanks were passed to the Vicar who conducted the service, those responsible for the tea, and the local company. In his reply the Vicar assured the District that they were always welcome, and hoped they would come again soon. Mr. Hunter also replied.

No fewer than 14 towers were represented. Hedon Church is known locally as the 'King of Holderness,' and good use was made of the handy ring of eight until 8 p.m.

**SILVER WEDDING
CELEBRATIONS**

Our report of the peal at Leatherhead on September 6th in honour of the silver wedding anniversaries of Mr. A. H. Winch (September 2nd) and Mr. A. R. Pink (September 7th) is belated owing to the original having been lost in transmission. On September 2nd, 1933, Mr. Pink conducted the peal for Mr. Winch's wedding, in which stood Mr. Albert Harman and Mr. Arthur Smith. It added to the enjoyment to have them ringing in the celebration peal 25 years after, when the same composition of Mr. George H. Cross was used.

A dinner was held after the peal, which was attended by the band and also by Mrs. Winch and Mrs. Pink, together with 'the reserves'—Miss Pat Smea and Mr. George Marriner. Altogether it was a successful and memorable day.

TRURO DIOCESAN GUILD**Ringing Festival At Callington**

The bells of St. Mary's Church, Callington, Cornwall, were rung on September 27th for the half-yearly festival of the South East Branch of the Guild.

The ringing session was opened by St. Mary's ringers, who were followed by teams from Calstock, Lezant, Landulph, Menheniot and Kenwyn, Truro. During an interval a service was conducted by the Rev. H. E. Southgate (Saltash) and the lesson was read by the Rev. C. H. York (Lezant). Mr. Henry Chapple was the organist.

Tea was provided by the ladies of St. Mary's Church. Among those present were Mr. A. Carveth (president), the Ringing Master, Mr. W. H. Southard (vice-president) and Mr. James Phillip, of London.

Arrangements were made by Mr. H. J. Clark (assistant Ringing Master), who has been the Branch secretary for 30 years.

**BATH AND WELLS DIOCESAN
ASSOCIATION****Taunton Deanery Meeting**

Ringers from many towers in the district travelled to Fitzhead for the Taunton Deanery autumn meeting on September 20th. The Association service was conducted by the Rev. Mr. Chamberlain, who also presided at the business meeting held in the Tithe Barn, after the ringers had enjoyed a tea prepared by the local ladies.

At the meeting two new members were elected—Miss Ruth Chick, of Rockwell Green, and Mrs. S. G. Williams, of Sampford Arundel. Mrs. Williams informed the meeting that the new treble bell which was being installed in Sampford Arundel tower was being dedicated on Thursday, December 11th, and that on the following Saturday (December 13th) there would be an open ringing day to which all ringers would be welcomed.

The members present agreed that the secretary should send a greetings telegram to the Master on the occasion of his wedding at Exford. After the usual vote of thanks, the ringers returned to the tower to continue ringing until 9 p.m. Visitors were present from places as far afield as Bampton, Bridgwater and Guildford (Surrey).

ESSEX ASSOCIATION**Orsett's Young Ringers**

On September 13th, in brilliant sunshine, the South Western Division met at Orsett for the first time for over 30 years. There has been very little ringing here since before the war owing to the bad 'go' of the bells; however, earlier in the year they were rehung by Messrs. Mears and Stainbank, and are now a most handy six. Between 40 and 50 ringers attended the service and afterwards sat down to tea in the Church Hall. Canon Stafford Morris welcomed us to his church, and said he hoped to have the pleasure of entertaining the Association again.

Ten young people are now learning to ring at Orsett, and on September 27th Mr. and Mrs. Fred Blatch took them on their first outing. They visited four 6-bell towers in mid-Essex (North Weald, Matching, Moreton and Fyfield). As some wit said: 'Matching were more than a match for us'; but everyone certainly enjoyed both the tea and the ringing at Fyfield. None of our young people had ever rung away from their home tower before, and to see them handling bells very different to those on which they had learnt spoke well for the instruction they had received.

MANCHESTER UNIVERSITY TOUR

HAVING left its webbed feet behind, a select group met for the Manchester University Guild tour at Oxford Youth Hostel on Sunday, July 6th, when the member of the Railwaymen's Guild was heard stoutly defending his employers against two-on-a-tandem who had boarded a non-stop express to London in the hope that it would stop at Oxford.

On Monday we left the city of dreaming spires for the well-known ten at Appleton. After we had rung up the back six very badly, the twins arrived on the all-male tandem (having cycled through most of the night) and we graduated to Bristol and Grandsire Caters. A hot, sunny ride brought us to Buckland (8, 14 cwt.), where just after the Guild's visit in 1955 the seventh became cracked. ('Cause' and 'Effect'?) Stedman just would not come round, but the lady tandemist came round to her partner's viewpoint as to the correct route, resignedly remarking: 'He's always right—that's the trouble!' However, Stedman and Superlative did come round on the lovely eight at Farrington. After the inevitable photograph-taking, we perspired to Lechlade to ring (?) T.B. Minor. At Inglesham Y.H. we awaited a late meal of shredded carrots, dumplings and suet pudding.

The next day Cambridge and Bristol were rung on the finely-toned eight at Highworth, and at Stratton St. Margaret's a successful 'first touch' of Yorkshire, but not of 4-Spliced, Surprise. Following the traditional picnic lunch, we were joined by local ringers at Christ Church, Swindon, for Bristol, Grandsire Caters and Cambridge Royal. Two short touches at St. Mark's, and away we hurried to Chiseldon for our first courses of York and London on this 14½ cwt. six. During supper at Marlborough hostel, the 'mixed' tandem arrived after suffering three punctures in Swindon—at least, that was the explanation offered for not seeing the young couple for four hours!

On Wednesday morning, Margaret assured us that she woke up and heard herself talking in her sleep. The irrepressible tower-grabbers, having snatched the new six at Mildenhall the previous evening, were unsuccessful at Presnute, and rejoined the party in some well-struck Cambridge at St. Mary's, Marlborough. After repairing a puncture outside Savernake A.A. box, the twins waited half-an-hour in vain for a passing cyclist from whom they could borrow a pump connector. On deciding to push the tandem, a garage was found, not 200 yards away! London on the 13 cwt. eight at Hungerford was followed by Grandsire and Stedman Caters and K.T.B. Royal on the fine 22 cwt. ten at Newbury. Seven hot miles away Kingsclere's 17 cwt. six awaited us: both tandems had breakdowns, and Jim heroically ran a shuttle service to and from Newbury with 'spares.'

CHAOS AT HURSTBOURNE-PRIORS

On Thursday we left Hannington hostel for the 10½ cwt. octave at Overton, to ring, amongst other things, Overton (or Capel) T.B. Minor. The lovely church at Laverstoke (6, 11 cwt.) followed. After a picnic lunch at Whitchurch, we also enjoyed London and Bristol. At the next tower, Hurstbourne-Priors, we never even finished the first lead—in spite of five attempts. (The 18 cwt. six were considered unpealable, until a well-known 'heavy-going tenor' specialist disproved it three months earlier.) We were glad to get to Winchester and the hostel—the old mill astride the river—in whose water the men had to wash.

Tandem trouble on Friday meant 'Minor only' at Twyford, and the hot sun perhaps contributed to the indifferent striking of Plain Bob and D.N.C.B. Caters on the light ten at North Stoneham. 'Fred,' who had followed us unflinchingly, now took charge as navigator to and in Southampton. After a circuitous journey, he 'led us properly up the path'—to St. Michael's Church, instead of to our picnic

lunch venue. Well-fed, we returned to discover that we could not obtain the keys to the tower and so, disappointed, we found the other ten (21½ cwt.) at St. Mary's. The last tower of the day was the light eight at Bitterne Park. A 12 miles' ride, timed to coincide perfectly with the So'ton rush-hour, ensued to the gas-lit hostel at Gosport.

We crossed by ferry under a threatening sky to Portsmouth to meet Mr. York-Bramble, who after a brief tour of the Cathedral, joined us for Cambridge Royal and a disastrous course of Double Norwich Caters. A late start at Portsea left little time for lunch before reaching Havant, where we were met by local ringers and the Vicar. A good touch of 'Spliced' preceded a fast nine miles to our second cathedral—Chichester. Refreshments in a café (whose female clientele attracted much attention from one of our members, to the embarrassment of his brother) were needed for the ride to Arundel hostel.

On Sunday, our 'free' day, some went in the pouring rain for service ringing at Arundel, and others to Lymminster, where they were allowed to ring a peal in the afternoon.

BRIGHTON'S OCTOGENARIAN

The old church at Shoreham was our first call on Monday, and after the customary lunch we turned about for the 25 cwt. ten at St. Peter's, Brighton, for Caters. At the sister ten at St. Nicholas', we were met by that fine octogenarian, Mr. H. C. Stalham, who showed us that age is no deterrent to ringing Superlatively!

Tuesday found us at Lewes, and later at Seaford, where Carol's voracious appetite for cube sugar earned her the title, of 'Sugar Lump Fairy'; she acquired another one at Eastbourne (fortunately unprintable) in a clash with the 'enfants terribles.' At St. Mary's, the clapper of the seventh had come out and we had to ring the front six, with and without the tenor covering. Christ Church was found with difficulty, 20 minutes late. Night was spent at the palatial hostel at Alfriston.

Wednesday dawned, and we journeyed inland to Hailsham and Mayfield. A non-readdressed letter resulted in our arriving at Rotherfield unaware that the seventh's shaft had broken: however, a repeat performance of Minor on 1234568 was given. A hearty ringers' tea well fortified us for the 12-mile hop into Kent at Goudhurst and the haunted hostel of Twissenden Manor.

A CASUALTY

Nine miles, hot sunshine, coffee and a shockingly bad rise on the 22½ cwt. eight at Bidden—no wonder Margaret's tyre was again flat when we left for our picnic lunch! At Ashford, a local girls' school choir was soon dispersed and the bells going to Bristol. Chilham, on a beautiful day, provided us with our last eight of the tour for Yorkshire and London S. Major. When leaving the village, George suddenly and inexplicably flew off the handlebars and landed bicycle uppermost. A local doctor prescribed a night's rest in hospital. In the subsequent upset and delay, the next tower had to be missed, so Neil dashed off to Chartham to explain our non-arrival and tender our apologies to the rector, who (at his own insistence) came to Chilham to see what help he could give, and (at our insistence) to join us for tea. The sound of five bells caused an unexpected call at Thanington on 'Open Night' before we ended our 10-day pilgrimage, appropriately, at Canterbury Cathedral, with Bristol, Grandsire Caters and Cambridge Royal.

The next morning we went our various ways with many memories of the tour, each wishing to thank our many hosts, the incumbents and local ringers. We thank, too, Barrie Hendry, for successfully mastering the ringers, and our tour secretaries, Carol Eustace and Margaret Ross, for doing the 'reeling, writhing and arithmetic.'

YORKSHIRE ASSOCIATION

Annual Meeting In Six-Bell Towers

A BREAK in tradition was made for the autumn meeting of the Association held on September 20th, when for the first time in many years, only 6-bell towers figured in the ringing programme. Boroughbridge was the venue proper, and good use was made of the musical rings at the neighbouring towers of Aldborough and Kirby Hill. The venture proved to be an outstanding success, and attracted a record post-war attendance for an autumn meeting.

The statutory meeting of the committee was held during the afternoon when, in the unavoidable absence of the president, Mr. V. Bottomley was elected to the chair. The service took place in St. James' Church, Boroughbridge, conducted by the Rev. C. A. Atherley, Vicar of Aldborough. An excellent tea followed at the Windmill Café, which also served as the venue for the business meeting at 6.15 p.m., by which time the president (Ven. C. O. Ellison) had arrived and took the chair, supported by the general secretary (Mr. L. W. G. Morris), the hon. treasurer (Mr. G. Benfield) and the hon. peal secretary (Mr. W. E. Critchley).

In greeting all present, the president expressed regret that other engagements had unfortunately prevented him from attending earlier. Apologies for absence were received from Messrs. H. S. Morley, J. J. L. Gilbert, R. Sutton, L. M. Woodhead, W. Barton and T. W. Strangeway.

A hearty vote of thanks to the incumbents of all three parishes was unanimously accorded on the motion of Mr. J. Ewbank, seconded by Mr. John Seager, and a similar vote of thanks to the respective local companies, and in particular to Mr. E. Hudson, on the motion of the general secretary, seconded by Mr. J. Gibson. In acknowledgment, Mr. Hudson said he would pass on the votes of thanks to all concerned, adding that he was amply repaid himself in seeing so many present.

It was unanimously decided to accept the committee's recommendation that the next meeting be held at Doncaster on January 17th, 1959. The president outlined arrangements for the Snowdon dinner to be held in Leeds, and appealed to members to ensure its success.

Mr. N. Chaddock gave a detailed summary of the survey he had conducted into the state of Sunday service ringing in Yorkshire. As anticipated, this showed that there was a tremendous leeway to make up, there being many towers without a regular band, and still many more with depleted bands. Copies of the findings had been circulated to all the District secretaries to enable them or the Districts concerned to take any appropriate action they might be able to. Mr. H. Walker moved and Mr. S. H. Steel seconded that a copy of the findings be sent to the appropriate Central Council committee for its use. This was carried unanimously, coupled with a vote of thanks to Mr. Chaddock for the zeal with which he had tackled so extensive an undertaking.

Mr. G. Benfield rose to say that very considerable expense must naturally be involved, and he therefore moved that Mr. Chaddock be reimbursed out-of-pocket expenses in connection with the survey. This was carried unanimously.

New members elected were Miss Iris Lemare (York Minster), Lawrence Sheard (Batley), Patricia Walker (Rotherham), Janet Meek, Jean Pemberton and Patricia Hartley (Harthill, Sheffield).

The president announced to the meeting that their hon. treasurer (Mr. Benfield) was leaving during the next week for a month's visit to the U.S.A., and felt sure all would join in wishing him well in every way. Mr. Benfield expressed his thanks for so very kind a send-off, and said that he was looking forward to the trip very much.

Further ringing was afterwards enjoyed at all the three towers.

OUTINGS

WORTH, SUSSEX

Organised by Mr. Jim Laker, Worth ringers had an outing on September 28th, when experience was gained by the band on bells to which they were unaccustomed.

At Hartfield (6, 12½ cwt.) some good ringing on very pleasant bells was enjoyed. At Uckfield (8, 12 cwt.) they did better on the back six than on the full eight, in spite of the encouragement of two local ringers. Brede tower (6, 14 cwt.) was difficult to find and the bells difficult to manage. Tenterden bells (8, 30 cwt.) were perhaps a little difficult to handle, but the party were told they did better than some bands. Charing (6, 13½ cwt.) also proved to be difficult to handle, but at Bearstead (6, 11 cwt.) a well-struck course of Kent T.B. Minor was rung.

WALTHAM ABBEY

At an early hour on September 6th the Waltham Abbey ringers, together with friends from neighbouring towers, set out on their second annual outing, which was to take place in Suffolk and North Essex.

Clare was reached in good time and the bells soon put to good use. Most people managed to fit in a visit to a nearby café for refreshment between the touches. Then on to Sudbury (All Saints) where, after the necessary clapper-turning had been done, the bells were rung to a variety of methods, including Cambridge. An excellent lunch at the Four Swans Hotel was thoroughly enjoyed.

For the first ring of the afternoon it was our privilege to visit Lavenham, where the church and famous bells were greatly admired. Stoke-by-Nayland was next on the programme. It was noticed that the younger members of the party were first up this tower, due to the long climb to the ringing chamber. Yorkshire, Double Norwich and Stedman were amongst the methods rung. An ample tea was served at a nearby inn. The last tower of the day was Coggeshall, where ringing terminated with another course of Yorkshire.

Sincere thanks are extended to the incumbents and ringers who welcomed the party at the various towers. M. C. A.

SOMERTON, SOMERSET

Sunshine all day and a full moon at night was the good fortune of Somerton ringers and friends for their outing on September 27th. Beautiful Devon scenery, a glimpse of a rough sea and red cliffs, good food laid on at Exeter, Sidmouth and Ilminster, and what more could anyone want?

The ringing, if not first-class, was sometimes at least second-class, and there were few complaints about the bells, though most of them were lighter than we were accustomed to.

Our welcome by the Vicar at Rockwell Green was much appreciated, and the light six there enjoyed to the full. Uffculme's eight (tenor 21 cwt, 3 qr. 20 lb.), also easy to handle, gave an opportunity for Grandsire Triples and Bob Major. The eight at St. Mark's, Exeter, also sounded well, but time was short and we had to hurry on to Littleham, where we were a little delayed owing to an altercation with opposing traffic in a narrow street.

Branscombe set us a problem, as its lanes were too narrow for our coach; however, two taxis were hired for the ringers, while non-ringers amused themselves a little longer in Sidmouth. The bells, rung from the centre of the church, went very well, and we should have liked to have stayed there longer.

Shute Church in the moonlight, and decorated for harvest festival, was a joy to behold; and in spite of the rather difficult little treble, some passable ringing was achieved.

Many thanks all round to vicars and tower captains for the use of their bells, and we hope they will come and visit us at Somerton one day. A. R.
